CERTAIN CONVENTIONS, USE OF FINANCIAL, INDUSTRY AND MARKET DATA AND CURRENCY OF PRESENTATION

Certain Conventions

In this Shelf Prospectus, unless otherwise specified or the context otherwise indicates or implies the terms, all references to “we”, “us”, “our”, “CreditAccess Grameen Limited” and “our Company” are to CreditAccess Grameen Limited, references to “you”, “offeree”, “purchaser”, “subscriber”, “recipient”, “investors” and “potential investor” are to the prospective investors in this Issue. Unless stated otherwise, all references to page numbers in this Shelf Prospectus are to the page numbers of this Shelf Prospectus.

All references in this Shelf Prospectus to “India” are to the Republic of India and its territories and possessions. All references to the “Government” or “State Government” are to Government of India, Central or State, as applicable.

Presentation of Financial Information

Our Company’s financial year commences on April 1 of the immediately preceding calendar year and ends on March 31 of that particular calendar year, so all references to a particular financial year or fiscal are to the 12-month period commencing on April 1 of the immediately preceding calendar year and ending on March 31 of that particular calendar year. Unless the context requires otherwise, all references to a year in this Shelf Prospectus are to a calendar year and references to a Fiscal/Fiscal Year are to the year ended on March 31 of that calendar year.

Our Company’s standalone and consolidated audited financial statements for the years ended March 31, 2022, March 31, 2021 and March 31, 2020 form the basis of preparation of the Reformatted Financial Information which is included in this Shelf Prospectus and is referred to hereinafter as the “**Reformatted Financial Information**” in the section titled “*Financial Information*” on page 198.

For the purposes of disclosure in this Shelf Prospectus, we have prepared and presented our reformatted Ind AS financial information for the latest Fiscals (in this case, for Fiscal 2022, 2021 and 2020). Accordingly, Our Company’s audited financial statements for the fiscal year ended March 31, 2022, have been prepared in accordance with IndAS and have been audited by Joint Statutory Auditors Deloitte Haskins & Sells and PKF Sridhar & Santhanam LLP, for the fiscal year ended March 31, 2021 have been prepared in accordance with IndAS and have been audited by Deloitte Haskins & Sells, and for the fiscal year ended March 31, 2020 have been prepared in accordance with IndAS and have been audited by S.R. Batliboi & Co. LLP.

Our reformatted consolidated statement of profit and loss for the year ended March 31, 2020 consolidates the operations of MMFL for the period beginning from March 18, 2020 to March 31, 2020. Since the effect of consolidation of operations of MMFL was for a very limited period i.e. for the period from March 18, 2020 to March 31, 2020 unlike for financial years ended March 31, 2021 and March 31, 2022 wherein the operations for full financial year have been consolidated, our consolidated financial/ operational information for financial year ended March 31, 2020 wherever included in this section is not directly comparable to our consolidated financial/ operational information for other financial years.

The Unaudited Interim Financial Results of our Company for the quarter and half year ended September 30, 2022 have been prepared in accordance with recognition and measurement principles laid down in the aforesaid Ind AS 34 “Interim Financial Reporting” prescribed under Section 133 of the Companies Act, 2013, as amended, read with relevant rules issued there-under and other accounting principles generally accepted in India and Regulation 33 and 52 of the SEBI Listing Regulations. For further details see “*Financial Information*” on page 198.

Unless stated otherwise or unless the context requires otherwise, the financial data as at and for the year ended March 31, 2022, March 31, 2021 and March 31 2020 used in this Shelf Prospectus is derived from our Reformatted Consolidated Financial Information and the financial data for the quarter and half year ended September 30, 2022 used in this Shelf Prospectus is derived from Unaudited Interim Consolidated Financial Results.

Further, Unaudited Interim Financial Results for quarter and half year ended September 30, 2022 is not indicative of full year results and are not comparable with annual financial information.

Unless stated otherwise, macroeconomic and industry data used throughout this Shelf Prospectus has been obtained from publications prepared by providers of industry information, government sources and multilateral institutions. Such publications generally state that the information contained therein has been obtained from sources believed to be reliable

but that their accuracy and completeness are not guaranteed and their reliability cannot be assured. Although the Issuer believes that industry data used in this Shelf Prospectus is reliable, such data has not been independently verified. Further, the extent to which the market and industry data presented in this Shelf Prospectus is meaningful depends on the readers' familiarity with and understanding of methodologies used in compiling such data.

Currency and Unit of Presentation

In this Shelf Prospectus, all references to 'Rupees'/'₹'/'INR'/'Rs.' are to Indian Rupees, the official currency of the Republic of India.

Except where stated otherwise in this Shelf Prospectus, all figures have been expressed in 'in crores'. All references to 'million/million/mn.' Refer to one million, which is equivalent to 'ten lakhs' or 'ten lacs', the word 'lakhs/lacs/lac' means 'one hundred thousand' and 'Crore' means 'ten million' and 'billion/bn./billions' means 'one hundred crores'.

Certain figures contained in this Shelf Prospectus, including financial information, have been subject to rounding adjustments. Unless set out otherwise, all figures in decimals, including percentage figures, have been rounded off to two decimal points. In certain instances, (i) the sum or percentage change of such numbers may not conform exactly to the total figure given; and (ii) the sum of the numbers in a column or row in certain tables may not conform exactly to the total figure given for that column or row. Further, any figures sourced from third party industry sources may be rounded off to other than two decimal points to conform to their respective sources.

Industry and Market Data

Any industry and market data used in this Shelf Prospectus consists of estimates based on data reports compiled by Government bodies, professional organizations and analysts, data from other external sources including ICRA, MFIN and CRIF, available in the public domain and knowledge of the markets in which we compete. These publications generally state that the information contained therein has been obtained from publicly available documents from various sources believed to be reliable, but it has not been independently verified by us, its accuracy and completeness is not guaranteed and its reliability cannot be assured. Although we believe that the industry and market data used in this Shelf Prospectus is reliable, such data has not been independently verified by us. The data used in these sources may have been reclassified by us for purposes of presentation. Data from these sources may also not be comparable. The extent to which the industry and market data presented in this Shelf Prospectus is meaningful depends on the reader's familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which we conduct our business and methodologies and assumptions may vary widely among different market and industry sources.

Given that we have compiled, extracted and reproduced data from external sources, including third parties, trade, industry or general publications, we accept responsibility for accurately reproducing such data. However, neither we nor the Lead Manager have independently verified this data, and neither we nor the Lead Manager make any representation regarding the accuracy of such data. Further, while we believe our internal estimates to be reasonable, such estimates have not been verified by any independent sources and neither we nor the Lead Manager can assure potential investors as to their accuracy.

FORWARD LOOKING STATEMENTS

Certain statements contained in this Shelf Prospectus that are not statements of historical fact constitute “forward-looking statements”. Investors can generally identify forward-looking statements by terminology such as “aim”, “anticipate”, “believe”, “continue”, “could”, “estimate”, “expect”, “intend”, “may”, “objective”, “plan”, “potential”, “project”, “pursue”, “shall”, “seek”, “should”, “will”, “would”, or other words or phrases of similar import. Similarly, statements that describe our strategies, objectives, plans or goals are also forward-looking statements. All statements regarding our expected financial conditions, results of operations, cashflows, business plans and prospects are forward-looking statements. These forward-looking statements include statements as to our business strategy, revenue and profitability, new business and other matters discussed in this Shelf Prospectus that are not historical facts. All forward-looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Important factors that could cause actual results, including our financial conditions, results of operations and cashflows to differ from our expectations include, but are not limited to, the following:

- Our geographical presence is majorly concentrated in Karnataka, Maharashtra and Tamil Nadu which may have an adverse effect on our business, results of operations, financial condition and cash flows.
- The unsecured microfinance loans are susceptible to various operational and credit risks which may result in increased levels of NPAs, thereby adversely affecting our business and financial condition.
- An increase in our portfolio of non-performing assets and/ or our provisions may materially and adversely affect our business, results of operations and cashflows.
- Volatility in interest rates could have a material adverse effect on our net interest income, net interest margin and our financial performance.
- We are involved in certain legal and other proceedings which, if determined against us, could have a material adverse impact on our financial condition.
- Downgrade of our credit ratings may increase our borrowing costs and constrain our access to capital and debt markets and, as a result, may adversely affect our net interest margin and our results of operations and cashflows; Certain conditions and restrictions in terms of our financing arrangements, could restrict our ability to conduct our business and operations in the manner we desire.
- We are subject to certain conditions and restrictions in terms of our financing arrangements, which could restrict our ability to conduct our business and operations in the manner we desire. In addition, on certain occasions in the past, we have been unable to comply with certain financial covenants in our financing documents.
- There can be no assurance that we will be able to access capital as and when we need it for growth.

For further discussion of factors that could cause our actual results to differ, see “*Risk Factors*” on page 17.

All forward-looking statements are subject to risks, uncertainties and assumptions about our Company that could cause actual results and valuations to differ materially from those contemplated by the relevant statement. Additional factors that could cause actual results, performance or achievements to differ materially include, but are not limited to, those discussed under the sections titled “*Industry Overview*”, “*Our Business*” and “*Legal and Other Information*” on pages 87, 131 and 445. The forward-looking statements contained in this Shelf Prospectus are based on the beliefs of management, as well as the assumptions made by and information currently available to management. Although our Company believes that the expectations reflected in such forward-looking statements are reasonable at this time, it cannot assure investors that such expectations will prove to be correct or will hold good at all times. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements. If any of these risks and uncertainties materialise, or if any of our Company’s underlying assumptions prove to be incorrect, our Company’s actual results of operations, cashflows, or financial condition could differ materially from that described herein as anticipated, believed, estimated or expected. All subsequent forward-looking statements attributable to our Company are expressly qualified in their entirety by reference to these cautionary statements.

Neither our Company, its Directors, its KMPs and officers, nor any of their respective affiliates or associates or the Lead Manager have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI NCS Regulations, our Company and Lead Manager will ensure that investors in India are informed of material developments until the time of the grant of listing and trading permission by the Stock Exchanges.

SECTION II – RISK FACTORS

An investment in NCDs involves a certain degree of risk. You should carefully consider all the information contained in this Shelf Prospectus, including the chapters “Our Business” and “Financial Statements” on pages 131 and 198, respectively, before making an investment decision. The risk factors set forth below do not purport to be complete or comprehensive in terms of all the risk factors that may arise in connection with our business or any decision to purchase, own or dispose off the NCDs. Additional risks and uncertainties, which are currently unknown or now deemed immaterial, if materialises, may in the future have a material adverse effect on our business, financial condition and results of operations and cash flows. The market prices of the NCDs could decline due to such risks and you may lose all or part of your investment.

If any one of the following stated risks or other risks that are not currently known or are now deemed immaterial actually occurs, the Company’s business, financial conditions and results of operations and cash flows could suffer and, therefore, the trading price of the Company’s NCDs could decline and/or the Company’s ability to meet its obligations in respect of the NCDs could be affected and you may lose all or part of your interest and/or redemption amounts. More than one risk factor may have simultaneous affect with regard to the NCDs such that the effect of a particular risk factor may not be predictable. In addition, more than one risk factor may have a compounding effect which may not be predictable. No prediction can be made as to the effect that any combination of risk factors may have on the value of the NCDs and/or the Company’s ability to meet its obligations in respect of the NCDs.

The financial and other related implications of the risks described in this section, have been disclosed to the extent quantifiable as on the date of this Shelf Prospectus. This Shelf Prospectus also contains forward-looking statements that involve risks and uncertainties. Our results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including events described below and elsewhere in the Shelf Prospectus.

This Shelf Prospectus contains forward looking statements that involve risk and uncertainties. Our Company’s actual results could differ materially from those anticipated in these forward looking statements as a result of several factors, including the considerations described below and elsewhere in this Shelf Prospectus. Certain information in this section includes extracts from the RBI bulletin August 2022, Volume LXXVI Number 8, ICRA Industry Reports, MFIN Report and CRIF Report. Neither our Company, the Lead Manager, the Debenture Trustee, nor any other person connected with the Issue has independently verified such industry and third-party information. For more information, please see “Industry Overview” on page 87.

Our reformatted consolidated statement of profit and loss for the year ended March 31, 2020 consolidates the operations of MMFL for the period beginning from March 18, 2020 to March 31, 2020. Since the effect of consolidation of operations of MMFL was for a very limited period i.e. for the period from March 18, 2020 to March 31, 2020 unlike for financial years ended March 31, 2021 and March 31, 2022 wherein the operations for full financial year have been consolidated, our consolidated financial/ operational information for financial year ended March 31, 2020 wherever included in this section is not directly comparable to our consolidated financial/ operational information for other financial years.

Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial or other implication of any of the risks described in this section. Unless otherwise stated or unless context requires otherwise, the financial information used in this section is derived from and should be read in conjunction with the Reformatted Consolidated Financial Information and the Unaudited Interim Consolidated Financial Results as included in this Shelf Prospectus.

In this section any reference to “We” or “us” or “Our” refers to CA Grameen and its subsidiaries on a consolidated basis. Further MMFL refers to Madhura Micro Finance Limited, together with its subsidiary.

INTERNAL RISK FACTORS

Risks Relating to our Business.

- 1. While we have presence in over 14 states and 1 union territory, our operations are majorly concentrated in Karnataka, Maharashtra and Tamil Nadu. Any adverse developments in these states could have an adverse effect on our business, results of operations, financial condition and cash flows.***

As of September 30, 2022, we conducted our operations through 1,684 branches in India, of which 308 branches were located in Karnataka, 294 branches were located in Maharashtra and 378 branches were located in Tamil Nadu. As of September 30, 2022, 35.24% of our Gross AUM originated in Karnataka, 21.10% of our Gross AUM originated

in Maharashtra and 20.92% of our Gross AUM originated in Tamil Nadu. In the event of a regional slowdown in the economic activity in these states or a sustained adverse impact of COVID-19 or sudden rise in the cases of COVID-19 in these states, or any other developments including political unrest, disruption or sustained economic downturn that make our products in these states less beneficial, we may experience an adverse impact on our financial condition, cash flows and results of operations, which are largely dependent on the performance and other prevailing conditions affecting the economies of these states. The market for our products or general business conditions in these states may perform differently from, and be subject to, market and regulatory developments that are different from the requirements in other states of India.

There can be no assurance that the demand for our products will grow or will not decrease in the future in these states. Further, in the past, there have been instances of irregularities in the functioning of certain NBFCs in the southern states of India, specifically, Andhra Pradesh. While NBFC-MFIs are currently regulated by the RBI, the respective state government of these states may pass laws which could impact the business of NBFC-MFIs. There can be no assurance that any such actions taken by the state governments in Karnataka, Maharashtra or Tamil Nadu will not impact our business, cash flows, financial condition and results of operations.

2. *Microfinance loans are unsecured and are susceptible to various operational and credit risks which may result in increased levels of NPAs, thereby adversely affecting our business, results of operation, cash flows and financial condition.*

The focus customer segment for our micro-loan is women with an annual household income of ₹3,00,000 or less as per the new microfinance regulations announced by RBI in March 2022. Our customers typically have limited sources of income, savings and credit histories and as a result, are usually adversely affected by declining economic conditions. Further, our JLG Customers do not provide any collateral or security for their borrowings as the RBI has mandated that loans given by NBFC-MFIs should be collateral free to be eligible for classification as “Qualifying Assets”. Such customers generally do not have a high level of financial resilience, and, as a result, they can be adversely affected by declining economic conditions and natural calamities such as floods or droughts. Furthermore, as there is typically limited financial information available about our focus customer segment and many of our customers do not have any credit history supported by tax returns, bank or credit card statements, statements of loan exposures from players operating in the unorganized segments or other related documents, it is difficult to consistently carry out credit risk analyses on our customers.

Further, we rely primarily on non-traditional guarantee mechanisms rather than any tangible assets such as collateral. Our loans typically involve a joint liability mechanism whereby borrowers form an informal joint liability group (“JLG”) (typically comprising between five to ten members) and provide joint and several guarantees for loans obtained by each member of the group. There can however be no assurance that such joint liability arrangements will ensure repayment by the other members of the JLG in the event of default by any one of them. Such joint liability arrangements are likely to fail if there is no meaningful personal relationship or bond among members of such group, if inadequate risk management procedures have been employed to verify the group members and their ability to repay such loans, or as a result of adverse external factors such as natural calamities or forced migration. Further, while we have our own due diligence and credit analysis procedures, there can be no assurance that we will be able to ensure low delinquency rates. As a result, our customers potentially present a higher risk of loss in case of a credit default compared to that of borrowers in other asset-backed financing products. In addition, the microfinance business is susceptible to various political and social risks, including any adverse publicity or litigation relating to the microfinance sector (such as the public interest litigation filed against all MFIs in Maharashtra which has been adjourned indefinitely (as described in “*Outstanding Litigations*” on page 445), public criticism of the microfinance sector, the introduction of a stringent regulatory regime, and/ or religious beliefs relating to loans and interest payments, which adversely affect repayment by our customers and may have an adverse effect on our business prospects and future financial performance.

Due to the underlying profile of our customers, we may, in the future, experience increased levels of non-performing assets and related provisions and write-offs, which would materially and adversely impact our business and results of operations. We cannot assure you that our risk management policies will continue to be sufficient or that additional risk management policies for individual borrowers will not be required. Failure to maintain sufficient credit assessment and risk management policies could adversely affect our credit portfolio, which could have a material and adverse effect on our business, results of operations, cash flows and financial condition.

3. **An increase in our portfolio of non-performing assets and/ or our provisions may materially and adversely affect our business and results of operations.**

Our management of credit risk involves having appropriate credit policies, underwriting standards, approval processes, loan portfolio monitoring, collection and remedial management, provisioning policies and an overall architecture for managing credit risk. If the credit quality of our customers, the growth of our loan portfolio or our provisioning levels deteriorate, it could have an adverse effect on our business, results of operations, cash flows and financial condition. Further, our credit monitoring and risk management policies and procedures may not be accurate, properly designed, or appropriately implemented or complied with by our customers, and we could suffer material credit losses. In addition, even if our policies and procedures are accurate and appropriate, we may not be able to anticipate future economic or financial developments or downturns, which could lead to an increase in our NPAs.

We recognise impairment of financial instruments on our statement of profit and loss based on ECL (Expected Credit Loss) methodology in accordance with Ind AS (for further details of our provisioning policies, see “*Financial Information*” on page 198). In addition to the required provision under our ECL model, we also consider our management overlay and macroeconomic factors as applicable for loan losses and risks inherent in the loan portfolio when deciding on the appropriate level of impairment allowance, which are recognized under impairment on financial instruments. For example, there was a sharp increase in our impairment allowance as on March 31, 2021 as they included additional impairment allowance taken on account of impact of COVID-19 on asset quality. This impacted our profitability for the period (for details, see “*Financial Information*” on page 198). The determination of an appropriate level of loan losses and provisions involves a degree of subjectivity and requires that we make estimates of current credit risks, all of which may be subject to material changes. Any incorrect estimation of risks may result in our provisions not being adequate to cover any further increase in the amount of NPAs or any further deterioration in our NPA portfolio.

The following table sets forth the classification of our gross loan portfolio as of the dates indicated herein below.

On Standalone basis:

(₹ in crores)

Asset Classification	As of / for the Year ended March 31,

Note: Loans include group lending loans and individual loans.

A number of factors outside of our control affect our ability to limit and reduce NPAs. These factors include developments in the Indian and global economy, domestic or global turmoil, competition, changes in customer behavior and demographic patterns, various central and state government decisions (including farm loan waivers or any), changes in interest rates and exchange rates and changes in regulations, including with respect to regulations requiring us to lend to certain sectors identified by the RBI, or the Government of India. These factors, coupled with other factors such as volatility in commodity markets, decrease in agriculture productivity and decline in business and consumer confidence, could impact our customers and in turn impact their ability to fulfil their obligations under the loans we extended to them. In addition, the expansion of our business may cause our NPAs to increase and the overall quality of our loan portfolio to deteriorate. If our NPAs increase, we will be required to increase our provisions, which would result in our net profit being less than it otherwise would be and could materially adversely affect our financial condition, cash flows and results of operations. Our Gross Stage 3 Assets Ratio has increased in the last three years and our Gross Stage 3 Assets Ratio as on March 31, 2020, March 31, 2021 and March 31, 2022 were 1.52%, 4.45%, and 3.65%, respectively on a consolidated basis and 1.73% as on September 30, 2022 on a standalone basis.

4. **The past performance and growth of our business is not indicative of our future performance and growth. If we are unable to manage our growth effectively, our financial, accounting, administrative, operational and technology infrastructure, as well as our business and reputation could be adversely affected.**

Our business has experienced rapid organic and inorganic growth over the past few years. Our network of branches in India has expanded from 1,393 branches servicing 40.55 lakh customers as of March 31, 2020 to 1,635 branches

servicing approximately 38.24 lakh customers, as of March 31, 2022 (on a consolidated basis) and 1,684 branches servicing approximately 37.98 lakh customers, as of September 30, 2022 (on a consolidated basis).

As part of our growth strategy, we expect the contiguous expansion of our geographic footprint and network of branches to continue, which may further constrain our capital and human resources, and make asset quality management increasingly important. As we move to newer geographies, we may not be able to maintain the level of our NPAs or the quality of our portfolio. We will need to continue to enhance and improve our financial, accounting, information technology, administrative/ risk management and operational infrastructure and internal capabilities in order to manage the future growth of our business effectively. For example, our current core banking application software is a centralized core banking solution that has been purchased from an information technology company. There can be no assurance that the network infrastructure required for communication with the centralized system can be expanded in scale to meet any increase in the volume of our transactions. We may also not be able to implement the necessary improvements in a timely manner, or at all, and we may encounter deficiencies in existing systems and controls. Further, we may be unable to develop adequate infrastructure or devote sufficient financial resources or develop and attract talent to manage our growth.

If we are unable to manage our future expansion successfully, our ability to provide products and services to our customers would be adversely affected, and, as a result, our reputation could be damaged, and our business and results of operations could be materially and adversely impacted.

Notwithstanding the expansion of our business and customer base, there is no guarantee that we will be able to effectively manage or continue the rate of growth and financial performance. Our consolidated disbursements across our financing products for the half year ended September 30, 2022 and financial years ended March 31, 2022 and 2021 were ₹6,520.60 crore, ₹15,446.33 crore and ₹11,011.21 crore respectively. Our consolidated net interest income (representing interest income plus income from direct assignment of outstanding loans reduced by finance costs) for the half year ended September 30, 2022 and the financial years ended March 31, 2022 and 2021 was ₹977.70 crore, ₹1,653.18 crore and ₹1,483.89 crore respectively. Net interest income has been calculated as follows: Interest on loans plus interest on securitization (re-recognized on balance sheet) plus Interest on deposits with banks and financial institutions plus gain on derecognition of loans designated at FVTOCI minus finance costs). Our consolidated profit after tax for the half year ended September 30, 2022 and financial years ended March 31, 2022, 2021 and 2020 were ₹315.71 crore, ₹357.10 crore, ₹131.40 crore and ₹335.49 crores respectively. Our consolidated net worth as of March 31, 2022, was ₹4,076.05 crore. However, our past growth is not indicative of our future performance or potential growth.

We have reported 22% growth in our Gross AUM from ₹13,586.87 crore as of March 31, 2021 to ₹16,599.35 crore as of March 31, 2022 and ₹16,539.11 crore as of September 30, 2022. While we were profitable during the Fiscal 2022 and will continue to endeavour to grow our profitability going forward, no assurance can be given that our growth will continue at a similar rate or that we will be able to manage our rapid growth. If we are unable to implement or sustain our growth strategy effectively it could adversely affect our business, results of operations, cash flows and financial condition.

Our ability to sustain our rate of growth also depends, to a large extent, upon our ability to recruit trained and efficient personnel, retain key managerial personnel, maintain effective risk management policies, continue to offer products, which are relevant to our target base of clients, develop managerial experience to address emerging challenges and ensure a high standard of client service. We will need to recruit new employees, who will have to be trained and integrated into our operations. We will also have to train existing employees to adhere properly to internal controls and risk management procedures. Failure to train our employees properly may result in an increase in employee attrition rate, a need to hire additional employees, erosion in the quality of customer service, a diversion of the management's resources, an increase in our exposure to high-risk credit and an increase in costs for us.

Our growth has placed and will continue to place significant demands on our operational, credit, financial and other internal risk controls, including:

- developing and improving our products and delivery channels;
- recruiting, training and retaining sufficient skilled personnel;
- upgrading, expanding to digital platforms;
- upgrading our technology stack to support the expanding scale of business;
- complying with regulatory requirements; and
- maintaining high levels of customer satisfaction.

If we are not successful in implementing or executing these operational measures and risk controls, we may not be able to expand our business as we have in the past, and our growth rate may decline. We may not be able to manage our new operations effectively or efficiently, which would mean that our operations would suffer, and our performance and financial results as a whole would be materially and adversely affected.

5. *Our business is particularly vulnerable to interest rate risk, and volatility in interest rates could have a material adverse effect on our net interest income, net interest margin and our financial performance.*

Our results of operations depend to a large extent on the level of our net interest income as our primary revenue source is interest income. Net interest income is the difference between our revenue from operations and our finance costs. The differential between the interest rates that we charge on interest-earning assets (i.e. our portfolio loans) and the interest rates that we pay on interest-bearing liabilities, and the volume of such assets and liabilities, tend to have a significant impact on our results of operations. During the year ended March 31, 2022, interest on loans (interest on loans plus income from securitization (re-recognised on balance sheet)) represented 92.12% of our total income. Changes in market interest rates affect the interest rates we charge on our interest-earning assets differently from the interest rates we pay on our interest-bearing liabilities. Interest rates are highly sensitive, and fluctuations thereof are dependent upon many factors which are beyond our control, including the monetary policies of the RBI, de-regulation of the financial services sector in India, domestic as well as international economic and political conditions, inflation and other factors. Interest rates in India have been volatile in the past. An increase in interest rates could result in an increase in interest expense in a higher proportion compared to interest income if we are not able to increase the rates charged on our portfolio loans and advances or if the volume of our interest-bearing liabilities is larger or growing faster than the volume of our interest-earning assets. Further, such increase in interest rates could impact our ability to raise low cost funds as compared to some of our competitors which may have access to lower cost deposits. For example: RBI has recently on May 5, 2022 hiked repo rate by 40 basis points in its monetary policy, followed by another 50 basis points hike in repo rate on June 8, 2022, followed by a subsequent hike by another 50 basis points in repo rate on September 30, 2022 increasing the repo rate to 5.90% . The sharp increase in interest rate tends to impact our cost of funds and profitability of our Company. The differences between repricing maturities of rate sensitive liabilities and rate sensitive assets, called repricing gaps, exposes our business to interest rate risk. Our business is also exposed to interest rate risk in the form of non-uniform movement in different interest rate benchmarks that are used for pricing of our assets and liabilities.

An increase in inflation and consequent changes in bank rates, repo rates and reverse repo rates by the RBI have led to an increase in interest rates on loans provided by banks and financial institutions and consequently, interest rates in India have been volatile in recent financial periods. There can be no assurance that we will be able to adequately manage our interest rate risk in the future, which could have an adverse effect on our net interest income and net interest margins, which could in turn have a material adverse effect on our business, results of operations, cash flows and financial condition.

As the repricing maturities of our liabilities and assets are spread over different time periods, we are exposed to interest rate risk in the form of non-parallel movement in yield curves. Further, in a declining interest rate environment, if our cost of funds does not decline simultaneously or to the same extent as the yield on our interest-earning assets, it could lead to a reduction in our net interest income (representing our revenue from operations as reduced by our finance costs) and net interest margin. The quantum of the changes in interest rates for our assets and liabilities may also be different, leading to a decrease in the interest margin.

We operate a defined benefit gratuity plan in respect of certain eligible employees. The investments of the superannuation funds are made in government securities, financial institutions and other financial products. If interest rates were to fall, our liabilities under defined benefit gratuity plan will increase, which would impact our profits and financial performance.

Moreover, changes in interest rates could affect our fixed income portfolio and treasury income.

There can be no assurance that we would be able to adequately manage our interest rate risks. If we are unable to effectively manage our interest rate risks, it could have an adverse effect on our net interest income, net interest margin, thereby impacting our business prospects, financial condition and results of operations.

6. *Our Company's growth will depend on our Company's continued ability to access funds at competitive rates which is dependent on a number of factors including our Company's ability to maintain its credit ratings. Any downgrade of our credit ratings may increase our borrowing costs and constrain our access to capital and debt markets and, as a result, may adversely affect our net interest margin and our results of operations and cashflows.*

The cost and availability of funds is dependent, among other factors, on our short-term and long-term credit ratings. Credit ratings reflect a rating agency's opinion of our financial strength, operating performance, industry position, and ability to meet our obligations. Any future performance issues for our Company or the industry may result in a downgrade of our credit ratings, which may in turn lead to an increase in our borrowing costs and constrain our access to capital and debt markets and, as a result, may adversely affect our net interest income and net interest margin.

As on the date of this Shelf Prospectus, various rating agencies had rated our company's long-term credit ratings as: "CRISIL: A+/Positive, ICRA: A+/Positive and Ind-Ra: AA-/Stable" and our short term credit ratings as: ICRA: A1+. For details of our credit ratings, see "Our Business" on page 131.

The NCDs proposed to be issued pursuant to this Issue have been rated IND AA-/Stable by India Ratings & Research Private Limited for an amount of up to 1,500 crores by way of its letter dated August 04, 2022 and further revalidated vide letter dated September 8, 2022. For rating letter and rationale, including the risk and key drivers mentioned therein, please see "Annexure A" and "Annexure B" of this Shelf Prospectus.

Any downgrade of our credit ratings would increase borrowing costs and constraint our access to capital and debt markets and, as a result, would negatively affect our net interest margin and our business. In addition, downgrades of our credit ratings could increase the possibility of additional terms and conditions being added to any additional financing or refinancing arrangements in the future. There is a possibility of increase in forced sale of our NCDs by the investors resulting in sharp decline in their market price. Any such adverse development could adversely affect our business, financial condition, cash flows and results of operations and cashflows.

We also face certain restrictions on our ability to raise money from international markets, which may further constrain our ability to raise funds at attractive rates. While our borrowing costs have been competitive in the past due to our ability to raise debt products, credit rating and our asset portfolio, we may not be able to offer competitive interest rates for loans to our customers if we are unable to access funds at an effective cost that is comparable to or lower than our competitors. This may adversely impact our business and results of operations and cashflows.

7. Our Statutory Auditors and previous statutory auditors have highlighted certain emphasis of matters to their audit reports relating to our audited financial statements, which may affect our future financial results.

The auditor's report on the audited standalone and consolidated financial statements issued by respective statutory auditors for the Fiscal 2021 and 2020 included the following Emphasis of Matter. However, the auditor's opinion was unmodified:

Financial Year		Emphasis of Matter	Steps taken by the Company

The Company had created an additional overlay of about ₹ 103 crore for uncertainty over the potential macro-economic impact of the pandemic.
	Consolidated	The auditors have drawn attention to Note No. 42 of the Consolidated Financial Statements which states the continuing impact of COVID-19 related uncertainty on expected credit losses.	The Company had created an additional overlay of about ₹ 112 crore for uncertainty over the potential macro-economic impact of the pandemic.

For further details, in relation to the emphasis of matter, etc. kindly see “Financial Information” on page 198. There can be no assurance that our statutory auditors will not include further matters of emphasis or other similar comments in the audit reports to our audited financial statements in the future, or that such remarks or matters of emphasis will not affect our financial results in future fiscal periods. Investors should consider the matters of emphasis and remark in evaluating our financial condition, results of operations and cash flows. Any such matter of emphasis or remark in the auditors’ report on our financial statements in the future may also adversely affect the trading price of the NCDs.

8. We are subject to certain conditions and restrictions in terms of our financing arrangements, which could restrict our ability to conduct our business and operations in the manner we desire. In addition, on certain occasions in the past, we have been unable to comply with certain financial covenants in our financing documents.

As of September 30, 2022, we had consolidated total borrowings aggregating to ₹12,308.16 crore. Incurring indebtedness is a direct consequence of the nature of our business, and having large outstanding borrowings portfolio may have significant implications on our business and results of operations and cashflows, including, *inter alia*:

- low availability of cash flow for working capital, capital expenditures and other general corporate requirements;
- fluctuations in market interest rates may affect the cost of our borrowings, as our indebtedness is at variable interest rates;
- affecting our ability to obtain additional financing in the future at reasonable terms;
- triggering provisions of cross-default across multiple financing arrangements;
- adverse and onerous implications (including limitations to the use of funds in the relevant facility) in the event of inability to comply with financial and other covenants specified in the financing agreements;
- the right to recall loans by our lenders; and
- reduction in the ability to respond to changing business, regulatory and economic conditions.

Some of the financing arrangements entered into by us also include conditions that require us to obtain the respective lender's consent prior to carrying out certain activities. These covenants vary depending on the requirements of the financial institution extending the loan, and may be, *inter alia*, in relation to: (i) permitting any change in the management or constitution documents of the Company; (ii) creating any further charge, lien or encumbrance over the assets and properties of the Company; (iii) effecting any changes to the shareholding of the Company to the effect that it changes the management control of the Company; (iv) making any investments by way of deposits, loans, advances or investments in share capital or otherwise, in any concern or providing any credit or giving any guarantee, indemnity or similar assurance other than in normal course of business; (v) revaluing its assets; (vi) paying any commission to its promoters, directors, managers or other persons for furnishing guarantees, counter guarantees or indemnities; (vii) inducting on its Board a person whose name appears in the list of wilful defaulters (in accordance with the extant guidelines issued by the RBI); (viii) buy back, cancel, retire, reduce, redeem, re-purchase, purchase or otherwise acquire any of its share capital now or hereafter outstanding, or set aside any funds for the foregoing purposes, issue any further share capital whether on a preferential basis or otherwise or change its capital structure in any manner whatsoever that may result in change in promoter or the promoter losing control, (viii) approaching capital markets for mobilizing additional sources, either in the form of debt or equity; (ix) implement any scheme of expansion, modernization, diversification or acquire fixed assets other than those shown in the cash flow statement.

Further, under certain financing arrangements, we are required to maintain specific credit ratings and other financial ratios, which may restrict or delay certain actions or initiatives that we may propose to take in the ordinary course of business.

We have, on certain occasions, been unable to comply with such financial covenants. In particular, primarily as a result of the Government of India's demonetization measures and its consequent effect on our customers (who primarily repay their loans by way of cash), we were unable to comply with certain ratios in various financing agreements (including documents for issuance of non-convertible debentures) as regards the maintenance of PAR levels for over 30 days. While we duly informed the relevant lenders about such non-compliance (and the reasons thereof) and requested for their waivers and the relevant lenders have not declared a default on this account, we cannot assure you that that they will not do so in the future or such instances of non-compliance would not recur in future.

Failure to observe the covenants under our financing arrangements or failure to obtain necessary waivers may lead to the termination of our credit facilities, acceleration of amounts due under such facilities, trigger cross-default provisions and the enforcement of security provided. There can be no assurance that we would be able to persuade our lenders to grant extensions or refrain from exercising such rights which may adversely affect our operations and cash flows. During any period in which we are in default, we may be unable to raise, or face difficulties raising, further financing or generate sufficient cash to fund our liquidity requirements.

Any default or delay in repayment of our borrowing would trigger payment to some or all of the other borrowing obtained by our Company, which would have a material adverse effect on the liquidity position, cash flows, business and results of operation of our Company. There have been instance of delay in repayment of borrowings in Fiscal 2020 pending our application to banks and lenders to grant moratorium only principal repayments due from March 30, 2020 and onwards in light of the RBI circular dated March 27, 2020 on Covid-19 Regulatory package. The

request for moratorium was approved by most banks / financial institutions subsequently and repayment was made good in respect of those banks who had not granted the moratorium.

Our lenders also have the ability to recall or accelerate all or part of the amounts owed by us, subject to the terms of the financing arrangement. Such recalls may be contingent on happening of an event beyond our control and there can be no assurance that we will be able to persuade our lenders to give us extensions or to refrain from exercising such recalls. A recall notice may also lead to an event of default under an existing financing arrangement. There can be no assurance that we will be able to repay our loans in full, or at all, at the receipt of a recall or acceleration notice, or otherwise. Our inability to comply with the conditions prescribed under the financing arrangements, or repay the loans as per the repayment schedule, may have an adverse impact on our credit rating, business operations and future financial performance. Further, if we are unable to service our existing debt, our ability to raise debt in the future will be adversely affected, which will have a significant adverse effect on our results of operations, cashflows, financial condition and our business.

9. *There can be no assurance that we will be able to access capital as and when we need it for growth.*

Our liquidity and profitability are, in large part, dependent upon our timely access to capital and costs associated with raising capital. Our funding requirements have historically been met from a combination of term loans, direct assignment or securitization of our portfolio to banks and financial institutions, proceeds from issuance of non-convertible debentures, external commercial borrowings, subordinated debt as well as equity contributions. Any change in the RBI regulations on priority sector lending, or our inability to maintain relationships with such banks and financing institutions could adversely affect our business, results of operations, cashflows and financial condition. Our business depends and will continue to depend on our ability to access diversified low-cost funding sources. As a financial services company, we face certain additional regulatory restrictions on our ability to obtain financing from banks. For further information, see “Regulations and Policies” on page 184.

If we are unable to access the necessary amounts of additional capital, for meeting our incremental capital requirement, it may adversely impact our ability to grow our overall business and may even require us to curtail or withdraw from some of our current business operations. If we are unable to access funds at an effective cost that is comparable to or lower than our competitors, we may not be able to offer competitive interest rates for our loans to customers. Our ability to raise funds on acceptable terms and at competitive rates continues to depend on various factors, including the regulatory environment and policy initiatives in India, liquidity in the market, developments in the international markets affecting the Indian economy, investors' and/ or lenders' perception of demand for debt and equity securities of NBFCs and MFIs, and our current and future results of operations and financial condition. There can also be no assurance that we would be able to raise adequate additional capital in the future on terms favorable to us, or at all, and this may hamper and adversely impact our growth plans.

10. *We did not have adequate controls for managing our historical secretarial records and compliances as a result of which there have been certain inaccuracies and non-compliances with respect to certain provisions of the Companies Act, SEBI Listing Regulations, applicable FEMA regulations, regulatory filings and corporate actions taken by our Company. Consequently, we may be subject to regulatory actions and penalties for such non-compliance and our business, financial condition and reputation may be adversely affected.*

In the past, our controls and compliances for managing our secretarial records and compliances have been inadequate as a result of which there have been factual inaccuracies, non-compliances with certain provisions of the Companies Act, 1956, Companies Act, 2013, SEBI Listing Regulations and FEMA regulations, and delays and failures in making certain regulatory filings by our Company. This may subject us to regulatory actions and/ or penalties which may adversely affect our business, financial condition and reputation.

We have been unable to trace a number of documents, including the form filings, share transfer deeds, board resolutions maintained by our Company from incorporation up to the year 2007. We may be unable to obtain copies of these documents in the future to ascertain details of the relevant transactions.

Except as disclosed below, we maintain all other corporate records and regulatory filings at our Company:

- form filings and corresponding resolutions in relation to amendments made to the MoA of our Company for the period between 1991 and January 31, 2007; and
- form filings and corresponding resolutions in relation to the initial subscription of 20 Equity Shares, preferential allotment of 180 Equity Shares, 229,200 Equity Shares, 470,500 Equity Shares and 36,66,380 Equity Shares made

on June 12, 1991, June 28, 1991, December 27, 1996, February 16, 1997 and March 25, 2008, respectively.

We have been unable to trace these documents at the relevant registrar of companies and may be unable to obtain copies of these documents in the future to ascertain details of the relevant transactions. Accordingly, for a period commencing from incorporation until the year 2007, we are unable to confirm details of any corporate actions undertaken by our Company, including acquisitions of any business or undertakings, revaluation of assets, entry into any scheme of amalgamations, public offerings of debt securities, any instances of strikes, lock-outs or cost time/cost overruns and any default in repayment or rescheduling of borrowings from financial institutions or banks. Further, there have also been instances of our Company making only post-facto noting of a share transfer (as opposed to granting an in-principle approval), and typographical errors in our register of members and a form FC-TRS filing made in relation to a share transfer.

We are subject to regular scrutiny and supervision by various regulators, statutory bodies and self-regulatory organisations such as RBI, SEBI, Stock Exchanges and RoC. The requirements imposed by these regulators are designed to ensure the integrity of the financial markets and to protect investors' interests. Any non-compliance with regulatory guidelines and directions in past and future may result in regulatory actions, which includes issuance of administrative/warnings/deficiency letters, fines or sanctions imposed by these regulators and, in certain circumstances, could lead to revocation of certain of our licenses. While we attempt to comply with all regulatory provisions applicable to us, in the event we are not able to comply with the observations made by these regulators, we could be subject to supervisory actions, which may have a material adverse effect on our reputation, financial condition, cash flows and results of operations. In the past, there have been instances of factual inaccuracies, non-compliances or delayed compliances with certain provisions of the Companies Act, 1956, Companies Act, 2013, SEBI Listing Regulations and FEMA regulations, and delays and failures in making certain regulatory filings by our Company. For instance:

- i. In the past where we have not obtained unique identification numbers and/ or unique registration numbers for the allotment of the Equity Shares of our Company to non-resident shareholders.

We have made an allotment of compulsorily convertible cumulative preference shares in the past without having the necessary authorizations under our Memorandum of Association. We allotted 9,20,000 compulsorily convertible cumulative preference shares in 2008 at the face value of ₹100 per compulsorily convertible cumulative preference share, when our Memorandum of Association did not permit issuance of preference share capital. At the time of making this allotment in 2008, while our memorandum and articles empowered us to issue 1,80,00,000 Equity Shares, our Company allotted 9,20,000 compulsorily convertible cumulative preference shares without altering the capital clause of the then prevailing memorandum of association. While the compulsorily convertible cumulative preference shares were allotted without re-classifying the authorized share capital of our Company, subsequent to their issuance, the aggregate issued, subscribed and paid-up share capital of our Company was within the overall authorized share capital of ₹18,00,00,000.

We sought to address these non-compliances with the Companies Act, 1956 by making a compounding application dated January 20, 2018 with the Regional Director, South-East Region, Hyderabad, Ministry of Corporate Affairs ("**Regional Director**") and the relevant corporate filings were made with the RoC. On April 10, 2018, the Regional Director compounded the offences under Section 94 and Section 13(4) of the Companies Act, 1956 upon payment of a compounding fees of ₹5,000 each by the Company and two officers of the Company who were in default under the aforesaid provisions. However, we cannot assure you that the MCA or the Registrar of Companies will condone these irregularities or that the penalty imposed will not be material and that it will not have a material adverse effect on our reputation, business, financial condition or that we will pay such amounts in time or at all.

- ii. During the year 2009, we had issued 25,00,000 compulsorily convertible preference shares of face value of ₹10 each ("**CCPS**") to a non-resident entity. A total amount of ₹ 9,37,505 was payable as dividend on such CCPS upon conversion. However, instead of paying the dividend amount in cash, we allotted an aggregate of 28,409 extra Equity Shares on December 9, 2009 when the CCPS were converted to Equity Shares. Subsequently, we were intimated by the Registrar of Companies and the Regional Director of the Ministry of Corporate Affairs, Government of India ("**MCA**"), that the payment of dividend in the form of Equity Shares instead of cash was not in compliance with applicable provisions of the Companies Act, 1956. Subsequently, in October 2011, we filed compounding proceedings with the (erstwhile) Company Law Board ("**CLB**") to compound such non-compliance. The CLB, by an order dated October 26, 2017, compounded these violations upon payment of a penalty of ₹5,000 by our Company and ₹2,000 each by two of our erstwhile directors and our erstwhile company secretary.

Further, we also applied to the (erstwhile) Foreign Investment Promotion Board (“FIPB”) for post-facto approval of the allotment of 28,409 Equity Shares in lieu of dividends, which was granted by the FIPB, subject to compounding by the RBI. Subsequently, we made an application to the RBI to compound this allotment. In August 2012, the RBI compounded the allotment upon payment of a compounding fee of ₹100,000. In its order, the RBI also noted that there was delayed reporting of the allotment of Equity Shares.

We have subsequently addressed these irregularities by getting the relevant irregularities compounded by RBI or MCA or the Registrar of Companies, as applicable. While no legal proceedings or regulatory action has been initiated against our Company in relation to any provisions of the Companies Act, SEBI Listing Regulations, applicable FEMA regulations, regulatory filings and corporate actions taken by our Company as of the date of this Shelf Prospectus, we cannot assure you that no legal proceedings or regulatory actions will be initiated against our Company in the future in relation to such non-compliances.

11. Any failure or material weakness of our internal control systems could cause significant operational errors, which would materially and adversely affect our profitability and reputation.

We are responsible for establishing and maintaining adequate internal measures commensurate with the size and the complexity of our operations. Our internal or concurrent audit functions are equipped to make an independent and objective evaluation of the adequacy and effectiveness of internal controls on an ongoing basis to ensure that business personnel adhere to our policies, compliance requirements and internal circular guidelines. While we periodically test and update our internal control systems as necessary, we are exposed to operational risks arising from the potential inadequacy or failure of internal processes or systems, and our actions may not be sufficient to guarantee effective internal controls in all circumstances. Given our high volume of transactions, it is possible that errors may repeat or compound before they are discovered and rectified. Our management information systems and internal control procedures that are designed to monitor our operations and overall compliance may not identify every instance of non-compliance or every suspicious transaction. If internal control weaknesses are identified, our actions may not be sufficient to fully correct such internal control weakness. We face operational risks in our business which may result in deficiencies to arise in the credit sanction process, inaccurate financial reporting, fraud and failure of critical systems and processes which may result in losses. In addition, we carry out certain processes manually, which may increase the risk that human error, tampering or manipulation will result in losses that may be difficult to detect. As a result, we may suffer material losses. Such instances may also adversely affect our reputation, thereby adversely impacting our business, results of operations and financial condition.

12. We may face various risks associated with our large number of branches and widespread network of operations which may adversely affect our business, financial condition, results of operations and cashflows.

As of September 30, 2022, CA Grameen and MMFL have a consolidated presence across 14 states of Karnataka, Maharashtra, Tamil Nadu, Chhattisgarh, Madhya Pradesh, Odisha, Kerala, Goa, Gujarat, Rajasthan, Uttar Pradesh, Bihar, Jharkhand, West Bengal and one union territory of Puducherry through 1,684 branches, 19 regional offices and 10,826 loan officers.

As a consequence of our large network, we may be exposed to certain risks, including, amongst others:

- preserving our asset quality and managing our NPAs as our geographical presence increases and our customer profile changes;
- developing and improving our product delivery channels;
- upgrading, expanding and securing our technology platform;
- complying with regulatory requirements such as KYC and AML norms;
- maintaining high levels of customer satisfaction;
- difficulties arising from operating a larger and more complex organization;
- difficulties arising from coordinating and consolidating corporate and administrative functions;
- delay in the transfer of data amongst various locations;
- higher technology support costs to achieve last mile connectivity;
- operational risks including integration of internal controls and procedures;
- failure to efficiently and optimally allocate management, technology and other resources across our branch network;
- failure to manage third-party service providers in relation to any outsourced services;
- difficulties in the integration of new branches with our existing branch network;

- difficulties in supervising local operations from our centralized locations;
- difficulties in hiring and training skilled personnel in sufficient numbers to operate the new branches locally and management to supervise such operations from centralized locations;
- failure to maintain the level of customer service at all branches; and
- unforeseen legal, regulatory, property, local taxation, labor or other issues.

Any of the above reasons may result in our failure to manage our expansive presence, which may materially and adversely affect our brand, reputation, business, financial condition, results of operations and cash flows.

13. *The impact of the COVID-19 pandemic on our business, cashflows and operations is uncertain and cannot be predicted.*

In late 2019, the COVID-19 disease, commonly known as “novel coronavirus”, was first reported in Wuhan, China. On January 30, 2020, the World Health Organization declared the COVID-19 outbreak a “Public Health Emergency of International Concern” and on March 11, 2020 it was declared a pandemic. However, with the advent of vaccines, the pandemic is now brought in control and the number of cases are declining and expected to come down further in the coming months. We continue to monitor developments closely.

The COVID-19 first and second wave had significant impact on the macroeconomic environment, our business operations and cashflows. While there was nation-wide lockdown declared during the first wave, the second wave saw territory based lockdowns. Our business operations and cashflows were disrupted during the lockdown period, affecting our business growth, collection efficiency and asset quality. The third wave had minimal impact on the business of the Company. As on the date of this Shelf Prospectus the covid situation in the Company is well in control and the operations are in full swing. However, there can be no assurance that there will be no impact of COVID-19 or its consequences on our business, financial condition and results of operations generally or in our sector in particular.

14. *Competition from banks and financial institutions, as well as state-sponsored social programs, may adversely affect our profitability and position in the Indian microcredit lending industry.*

We face significant competition from other MFIs and banks in India (including SFBs). For details, see “*Our Business – Competition*” on page 157. Many of the institutions with which we compete may be larger in terms of business volume or may have greater assets, higher geographical penetration and better access to, and lower cost of, funding than we do. In certain areas, they may also have better brand recognition and larger customer bases than us. We anticipate that we may encounter greater competition as we continue expanding our operations in India, and this may adversely affect our business, results of operations and financial condition. We consider Bharat Financial Inclusion Ltd. (now merged with IndusInd Bank Limited), Satin Creditcare Network Limited, Annapurna Microfinance Private. Limited, Arohan Financial Services Limited, Spandana Sphoorty Financial Limited, L&T Finance Limited, Asirvad Microfinance Limited, Ujjivan Small Finance Bank Limited, Equitas Holdings Limited, Muthoot Microfin Limited, IIFL Samasta Finance Limited, Belstar Microfinance Limited as our key competitors.

We believe traditional commercial banks as well as regional rural and cooperative banks, have generally not directly targeted the lower income segments of the population for new customers. However, some banks do participate in microfinance by financing the loan programs of self-help groups often in partnership with NGOs, or through certain state-sponsored social programs. Further, most small finance banks which received approval from the RBI for the commencement of SFB operations are focused on low and middle- income individuals and micro, small and medium enterprises. Banks also indirectly participate in microfinance by giving loans and providing other sources of funding to other MFIs. In addition, of late, some commercial banks are also beginning to directly compete with for-profit MFIs for lower income segment customers in certain geographies.

15. *We are in the process of amalgamating, our Subsidiary, MMFL into our Company through a scheme of amalgamation filed with the National Company Law Tribunal, Bengaluru Bench (“Scheme”). While we have received the approval of our Board and shareholders for the Scheme, we cannot assure that we will receive other pending approvals for the Scheme in a timely manner or at all. Further, we may not be able to complete all the procedural formalities in relation to the Scheme in a timely manner which may have an adverse impact on our business operations.*

In March 2020, we acquired 76.08% of the share capital of Madura Micro Finance Limited (“MMFL”/ “Transferor Company”), an NBFC-MFI registered with RBI and headquartered in Chennai, India. Pursuant to resolutions passed on November 27, 2019, January 22, 2020 and October 23, 2020, our Board had approved the Scheme for the merger

of MMFL into our Company. Any merger involving our Company will require various regulatory approvals, including from the NCLT, the RBI, the Stock Exchanges and SEBI. As per the direction issued by National Company Law Tribunal, Bengaluru Bench (“NCLT Bengaluru”) dated February 25, 2022 and direction issued by National Company Law Tribunal, Chennai Bench (“NCLT Chennai”) dated March 29, 2022, meeting of the equity shareholders of our Company was convened on April 25, 2022 and meeting of the equity shareholders of MMFL was convened on May 04, 2022 whereby the Scheme has been approved by majority equity shareholders of our Company and MMFL respectively. NCLT Bengaluru and NCLT Chennai have dispensed the meetings of both secured and unsecured creditors of our Company and MMFL. As on the date of this Shelf Prospectus, the matter is pending before the NCLT Chennai and NCLT Bengaluru for their final approval. The NCLT, Chennai vide its Order dated October 12, 2022, has approved the Scheme of Amalgamation. However, due to technical difficulty, the NCLT, Bengaluru has not considered the matter on October 20, 2022. The next date of the hearing is scheduled on December 21, 2022. For further details in relation to the scheme, and the correspondence with regulatory authorities in relation to the Scheme, please see chapter titled “*History and Main Objects – Proposed Scheme of Amalgamation*” on page 162.

Pursuant to the Scheme, the assets, properties, debts, liabilities, duties, responsibilities and obligations of MMFL will be transferred and vested in our Company on a going concern basis with effect from April 1, 2020. Any failure on our part to receive all approvals for the Scheme, in a timely manner or at all, may have an adverse impact on our business.

Pursuant to the terms of the implementation agreement dated November 27, 2019, the tribunal had to pronounce its order sanctioning the scheme within 18 months from the date of completion of the purchase of the MMFL shares by our Company under the SPAs (extendable by six months as required by our Company), however the period of 18 months has lapsed, our Company has accordingly obtained waiver under the implementation agreement dated November 27, 2019. As part of the Scheme, we are required to undertake various procedural actions including (i) branches of MMFL to be rebranded as CA Grameen; (ii) system integration process, (iii) transfer of ownership in relation to all the approvals to the name of our Company, etc. While we have started integration process, we cannot assure that we will be able to complete all the procedural formalities in relation to the Scheme in a timely manner. Any such delay or failure in completing the procedural formalities in relation to the Scheme in a timely manner may have an adverse impact on our business operations and our ability to realize the anticipated benefits of the Scheme.

For details, please see ‘*History and Main Objects*’ on page 162.

16. *We depend on the accuracy and completeness of information about customers and counterparties for our credit assessment and risk management. Any misrepresentation, errors in or incompleteness of such information could adversely affect our business and financial performance.*

In deciding whether or not to extend credit or enter into other transactions with customers, we rely on information furnished to us by or on behalf of customers. We may also rely on certain representations from our customers as to the accuracy and completeness of that information. To ascertain the creditworthiness of potential borrowers, we may depend on credit information companies or credit bureaus, and our reliance on any misleading information may affect our judgement of credit worthiness of potential borrowers, which may affect our business, prospects, results of operations, and cashflows and financial condition. We may receive inaccurate or incomplete information as a result of negligence or fraudulent misrepresentation. Our risk management measures may not be adequate to prevent or deter such activities in all cases, which may adversely affect our business prospects, financial condition, results of operations and cashflows.

Moreover, the availability of accurate and comprehensive credit information of our focus customer segment in India is limited, which reduces our ability to accurately assess the credit risk associated with such lending. Difficulties in assessing credit risks associated with our day-to-day lending operations may lead to an increase in the level of our NPAs, which could materially and adversely affect our business prospects, financial condition and results of operations.

17. *We handle cash in a high volume of transactions occurring through a dispersed network of branches; as a result, we are exposed to operational risks, including fraud, petty theft and embezzlement, which could harm our results of operations and financial position. Further, our employees may be the target of violent crime, such as thefts and robberies, which may adversely affect our business, operations and our ability to recruit and retain employees.*

As we handle a large amount of cash through a high volume of transactions taking place across our branch network, we are exposed to the risk of fraud or other misconduct by employees or outsiders. This risk is further exacerbated by the high level of autonomy on the part of our loan officers and back-end managers, which our business model

requires. For instance, in the past, we have discovered a few cases of theft, robbery and cash embezzlement by either third parties or employees. Fraud and other misconduct can be difficult to detect and deter. For details relating to such criminal litigations, please see “*Outstanding Litigations*” on page 445. Given the high volume of transactions we process on a daily basis, certain instances of fraud and misconduct may go unnoticed or may only be discovered and successfully rectified after substantial delays. Even when we discover such instances of fraud or theft and pursue them to the full extent of the law or with our insurance carriers, there can be no assurance that we will recover any of the amounts involved in these cases. Our reputation could be adversely affected by fraud committed by employees, customers or outsiders, or by our perceived inability to properly manage fraud-related risks. We make a provision in our financial statements for 100.00% of the value of any fraud discovered by us. Further, to the extent that our employees are subject to violent attacks, theft or robbery in the course of their duties in certain areas where we have operations/branches, our ability to service such areas will be adversely affected and our employee recruiting and retention efforts may be curtailed, which would negatively impact our expansion and growth plans. In addition, if certain areas of India pose a significantly higher risk of crime or political strife and instability, our ability to service such areas will be adversely affected and our expansion and growth may be curtailed. In addition, our dependence upon automated systems to record and process transactions may further increase the risk that technical system flaws or employee tampering or manipulation of those systems will result in losses that are difficult to detect.

- 18. *We require various statutory and regulatory approvals, licenses, registrations and permissions to conduct our business and an inability to obtain or maintain such approvals, licenses, registrations and permissions in a timely manner, or at all, may adversely affect our operations.***

We require various approvals, licenses, registrations and permissions to operate our business, including a registration for our Company and our Subsidiary, MMFL, with the RBI as an NBFC-MFI as well as various other corporate actions. We are also required to comply with the prescribed requirements, including classification of NPAs and provisioning, KYC requirements, qualifying assets and other internal control mechanisms. For further information, please see section titled “*Regulations and Policies*” on page 184. In future, we will be required to maintain such permits and approvals and obtain new permits and approvals for any proposed expansion strategy or diversification into additional business lines or new financial products. There can be no assurance that the relevant authorities will issue any of such permits or approvals in a timely manner, or at all, and/ or on favourable terms and conditions. Our failure to comply with the terms and conditions of such permits or approvals and/ or to maintain or obtain the required permits or approvals may result in an interruption of our business operations and may have a material adverse effect on our business operations and future financial performance.

In the event that we are unable to comply with the requirements within the specified time limit, or at all, we may be subject to regulatory actions by the RBI, including the levy of fines or penalties and/ or the cancellation of our license to operate as an NBFC-MFI. Any levy of fines or penalties or the cancellation of our license to operate as an NBFC-MFI due to any breach of applicable norms may adversely affect our business, prospects, results of operations and financial condition. In addition, we require various registrations to operate our branches in the ordinary course of business. These registrations typically include those required to be obtained or maintained under applicable legislations governing shops and establishments, professional tax, labor related registrations and trade licenses of the particular state in which they operate. Some of these approvals may have expired in the ordinary course, and our Company has either applied, or is in the process of applying for renewals of them. If we fail to obtain or retain any of these approvals or licenses, or renewals thereof, in a timely manner, or at all, our business may be adversely affected. If we fail to comply, or a regulator claims that we have not complied, with any of these conditions, we may be liable to fines and/ or penalties, and our certificates of registration may be suspended or cancelled, and we would no longer be able to carry on such activities required for our business.

- 19. *We face the threat of fraud and cyber-attacks targeted at disrupting our services, such as hacking, phishing and Trojans, and/ or theft of sensitive internal data or customer information. This may cause damage to our reputation and adversely impact our business and financial results.***

Our systemic and operational controls may not be adequate to prevent adverse impact from frauds, errors, hacking and system failures. Further, our internet platforms are exposed to being hacked or compromised by third-parties, resulting in thefts and losses to our customers and us. Some of these cyber threats from third-parties include: (i) hacking – wherein attackers seek to hack into our website with the primary intention of causing reputational damage to us by disrupting services; (ii) data theft – wherein cyber criminals may attempt to intrude into our network with the intention of stealing our data or information; and (iii) advanced persistent threat – a network attack in which an unauthorized person gains access to our network and remains undetected for a long period of time with an intention to steal our data or information. While we have faced certain instances of infrastructure outages, in our knowledge there has been no substantial theft or loss of information, or financial loss pursuant to these cyber-attacks. The frequency

of such cyber threats may increase in the future with the increased digitization of our services and other external factors. For example, a substantial increase in cyber-attacks across industries in India has been noticed since the outbreak of COVID-19 in March, 2020. Not only are we exposed to such risks from our own actions or those of our employees, but from actions of our third-party service providers, whom we do not control. If we become the target of any of such cyber-attacks, it could materially and adversely affect our business, financial condition and results of operations.

Further, since we review and retain, in our ordinary course of business, sensitive personal data of our customers for diligence and KYC checks (including AADHAAR data), any security breaches in our systems could give rise to regulatory liability or litigation. In addition, any breakdown, breach or hacking of the information technology platforms of key resources used by us in our lending operations, including credit-bureaus, could adversely affect our operations and the quality of our portfolio.

In June 2017, the RBI issued master directions on information technology frameworks for NBFCs. These directions prescribe measures to be adopted by NBFCs to minimize cyber risk, including adoption of IT strategy policies (overseen by a strategy committee), information and cyber security protocols and policies, and reporting of cyber-security incidents and breaches to the RBI from time to time. Any cyber-security breach could also subject us to additional regulatory scrutiny and expose us to civil litigation and related financial liability.

20. *We depend on our brand recognition, and failure to maintain and enhance awareness of our brand would adversely affect our ability to retain and expand our customer base.*

We believe that any damage to our reputation could substantially impair our reputation and our ability to maintain or grow our business, or have a material adverse effect on our overall business, financial condition and results of operations. If we fail to maintain brand recognition with our target customers due to any issues with our product offerings, a deterioration in service quality, or otherwise, or if any premium in value attributed to our business or to the brands under which our services are provided declines, market perception and customer acceptance of our brands may also decline. Any negative news affecting us might also affect our reputation and brand value. In such an event, we may not be able to compete for customers effectively, and our business, financial condition and results of operations may be adversely affected.

In addition, we also face the risk of our brand name being misused for fraudulent purposes, which may adversely affect our reputation.

21. *If we are unable to protect our trademarks and tradenames, others may be able to use our trademarks and tradenames to compete more effectively. Also, we may breach third-party intellectual property rights.*

We have obtained registration of the following trademarks:

Particulars	Trademark
CreditAccess Grameen” (logo)	
Grameen Koota Financial Services (logo)	
GRAMEENKOOTA (word)	GrameenKoota
Grameen Koota Jagruti” (logo)	

We have also obtained registration for certain domains, including “grameenkoota.org”. Further, any unauthorized or inappropriate use of our brand, trademarks and domain names by others, in their corporate names or product brands or otherwise could harm our brand image, competitive advantages and business and dilute or harm our reputation and brand recognition. If a dispute arises with respect to any of our intellectual property rights or proprietary information, we will be required to produce evidence to defend or enforce our claims, and we may become party to litigation,

which may strain our resources and divert the attention of our management. We cannot assure you that any infringement claims that are material will not arise in the future or that we will be successful in defending any such claims when they arise.

Our efforts to protect our intellectual property or proprietary information and the measures we take to identify potential infringement of our intellectual property may not be adequate to detect or prevent infringement, misappropriation or unauthorized use. Any such misappropriation or duplication of our name, registered/ official addresses, corporate logos or other intellectual property or proprietary information may disrupt our business, distract management and employees, reduce revenues and increase expenses. In addition, we may also become subject to infringement claims. Even if claims against us are not meritorious, any legal, arbitral or administrative proceedings that we may be required to initiate or defend in this regard may be time-consuming, costly and harmful to our reputation, and there is no assurance that such proceedings will ultimately be determined in our favor. Furthermore, the application of laws governing intellectual property rights in India is continuously evolving and there may be instances of infringement or passing-off of our brand in Indian markets. Our failure to adequately protect our brand, trademarks and other related intellectual property rights may adversely affect our business, financial condition and results of operations.

We may be subject to claims by third-parties, both inside and outside India, if we breach their intellectual property rights by using slogans, names, trademarks or other such rights that are of a similar nature to the intellectual property these third-parties may have registered or are using. We might also be in breach of such third-party intellectual property rights due to accidental or purposeful actions by our employees where we may also be subjected to claims by such third-parties.

Any legal proceedings that result in a finding that we have breached third-parties' intellectual property rights, or any settlements concerning such claims, may require us to provide financial compensation to such third-parties or stop using the relevant intellectual property (including by way of temporary or permanent injunction) or make changes to our marketing strategies or to the brand names of our products, any of which may have a material adverse effect on our business, prospects, reputation, results of operations and financial condition.

22. *Our Promoter has invested in Sahayata Microfinance Private Limited, which has been involved in various financial irregularities and discrepancies in the past.*

Our Promoter presently holds 31.34% in the issued and paid-up equity share capital of Sahayata Microfinance Private Limited ("Sahayata"), a company incorporated in Udaipur, Rajasthan. Sahayata was registered as a non-deposit holding or accepting NBFC with the RBI on December 8, 1998. Around August 2011, various discrepancies and irregularities in the operation and management of Sahayata came to light, including *inter alia*: (a) accounting malpractices, such as reporting fake expenses, fake loans and fictitious transactions and cash generated from fake transactions used to fund delinquent accounts; (b) failure of internal controls, including booking of fictitious loans at head office level to prevent internal auditing of branch operations and branch reviews; (c) poor quality and lack of independence of internal audit; (d) lack of any review over expenditure incurred by Sahayata and verification in relation to purchase of fixed assets; (e) concealing of NPAs including forgery of supporting documents relied upon by the statutory auditors of Sahayata; and (f) poor post-sanction supervision of loans, lack of regular field-visits by independent internal auditors/ staff. In October 2013, the RBI directed Sahayata to surrender its NBFC registration and subsequently, its license was cancelled by an executive order in March 2014. Further, based on publicly available records, Sahayata has also been identified as a defaulter by various lenders for suit-filed accounts of ₹1 crore and above as on March 31, 2017. These lenders have also named the aforementioned directors of Sahayata in relation to the defaults.

Various steps had been taken by the management of Sahayata at the point of time when such matters came to light to address these issues including identification and suspension of members of the senior management who were involved in these activities and initiation of legal action against them. While CreditAccess India N.V ("CAI"), our Promoter, continues to hold 31.34% in the issued and paid-up equity share capital of Sahayata, in the recent past, except for a letter dated February 15, 2017 from Sahayata addressed to CAI's Indian counsel with the annual reports and other details of Sahayata as of March 31, 2015, CAI has not been able to communicate with, or obtain any information from Sahayata including in relation to receipt of audited financial statements and other shareholder records, and inquiries on initiation of winding-up proceedings of Sahayata by CAI and in connection with the Issue. CAI and its group companies, viz. MVH S.P.A and MicroVentures Investments SA SICAR have never been classified as a promoter or promoter group member of Sahayata. Further, the nominee director of CAI on the board of directors of Sahayata since 2009, being Paolo Brichetti, resigned from the board of directors of Sahayata on October 22, 2012. However, we cannot assure you that any action taken against Sahayata in relation to the

aforementioned issues may not have an impact on the shareholding of CAI in Sahayata, or the reputation of CAI.

23. *Some of our Directors are also directors on the board of directors of companies that are in the same line of business as our Company.*

Some of our directors, being Udaya Kumar Hebbar, Manoj Kumar, George Joseph are also directors on the board of directors of companies that are in the same line of business as our Company. We cannot assure you that our Directors will continue to act in our best interest or continue to support us which could materially and adversely affect our business, financial condition and results of operations.

24. *Our success depends, in large part, upon our management team and skilled personnel and on our ability to attract and retain such persons.*

We are highly dependent on the continued services of our management team, including our Managing Director and Chief Executive Officer. We are also dependent on our experienced members of our Board of Directors, Key Managerial Personnel and senior managerial personnel. Our future performance is dependent on the continued service of these persons. The RBI also mandates NBFCs to have in place supervisory standards to ensure that their directors have appropriate qualifications, technical expertise and a soundtrack record, and such requirements will make it more difficult for us to replace our directors if and when we have to. We may not be able to replace our Board of Directors with similarly experienced professionals, which could materially and adversely impact the quality of our management and leadership team.

Further, while certain of our other employment agreements contain non-compete clauses that extend beyond their term, there can be no assurances that we will effectively be able to enforce them or prevent key employees or members of our management team to join competing interests after expiry of employment with us. Further, we do not maintain any “key man” insurance. If one or more of these key personnel are unwilling or unable to continue in their present positions, we may not be able to replace them with persons of comparable skills and expertise.

We also face a continuing challenge to hire and assimilate skilled personnel. Competition for management and other skilled personnel is intense, and we may not be able to attract and retain the personnel we need in the future. The loss of key personnel or our inability to replace key personnel may restrict our ability to grow, to execute our strategy, to raise the profile of our brand, to raise funding, to make strategic decisions and to manage the overall running of our operations, which would have a material adverse impact on our results of operations and financial position.

25. *Our business is subject to seasonality, which may contribute to fluctuations in our results of operations and financial condition.*

Our business is subject to seasonality as we typically see higher borrowings by our customers during the third and fourth quarter of each financial year. We also typically have higher drawdowns under our facilities in the third and fourth quarter of each financial year. Accordingly, our results of operations in one quarter may not accurately reflect the trends for the entire fiscal and may not be comparable with our results of operations for other quarters.

26. *As an NBFC-MFI, our Company and MMFL are subject to periodic inspections by the RBI. Non-compliance with observations made by the RBI during these inspections could expose us to penalties and restrictions.*

As RBI-registered NBFC-MFIs, our Company and MMFL are subject to periodic inspections by the RBI to verify the correctness or completeness of our business and operations, internal controls, and any statement, information or particulars furnished to the RBI. We will continue to be subject to inspections by the RBI, in the course of which the RBI may report on divergences (if any) from regulatory requirements applicable to NBFCs. In recent inspection reports, the RBI has, among other things, identified major areas of non-compliance to statutory and regulatory guidelines including (a) non-compliance of corporate governance norms inter alia with respect to functioning of committees, periodicity of meetings, compliance with coverage and review functions ; (b) an annual review of frauds for the year ended March 2021 not being tabled before the Board; (c) non-compliance of fair practices code and grievance redressal mechanism by the Board; (d) policies for appointment and independence of chief risk officer were not in place by the Board; (e) regular review of outsourcing policies, strategies not ensured by the Board, audit policy does not include audit of outsourced activities, outsourcing agreements not in compliance with the regulations; (f) non evaluation of internal financial controls and risk management systems evidenced by audit committee during the year ended March 31, 2021; (g) audit notes and compliance of KYC policy not being placed before audit committee on quarterly basis; (h) declaration and undertaking of directors not being scrutinized/analyzed by NRC; (i) evaluation of every director’s performance not evidenced of being done by the NRC ; (j) due diligence process

for renewal of appointment of directors not evidenced to have been done by the NRC during the year ended March 31, 2021; (k) Managing director and CEO did not head the ALCO during the year ended March 31, 2021; (l) the Company has spent less to the extent of 1.81 crore for CSR activities and had transferred the unutilized amount to a bank account, which was actually applicable for an ongoing project; (m) Company is not having a Board approved policy for private placement of NCDs; (n) Company had exceeded the margin cap of 10% in two quarters viz June 2020 and September 2021; (o) Company was not filing and registering the record of mortgages in CERSAI in respect of applicable loans; (p) company has not adhered to the requirement of liquidity disclosure; (q) Note on treatment of investment portfolio for the purpose of ALM not forwarded to RBI.

Whilst we have responded to the RBI and addressed such observations, there can be no assurance that the RBI would not make similar or other observations, including divergences, in the future. If we are unable to resolve such deficiencies and other matters to the RBI's satisfaction, we could be exposed to penalties and restrictions, and our ability to conduct our business may be adversely affected.

Further, one of our Subsidiaries, MMFL, is also an RBI-registered NBFC-MFI, which is subject to periodic inspections by the RBI to verify the correctness or completeness of our business and operations, internal controls, and any statement, information or particulars furnished to the RBI. In the past, RBI has, among other things, identified deficiencies in MMFL's operations, including (a) divergence in reporting of CRAR, RWA, Tier I & Tier II capital; (b) lapses in loan appraisal processes and documentation; (c) manual identification of NPAs; (d) appointment of independent director on the board of directors after a lapse of 198 day (e) breaches of the regulatory margin caps on certain MFI loans; (f) high attrition levels; (g) the asset liability management policy of MMFL did not have provisions of forecasting and analysis of 'what if scenario' and preparation of contingency plans; (h) non-adherence to KYC/AML standards prescribed by RBI; (i) implementation of Fair Practices Code; (j) deficiencies in the credit policy in respect of MFI loans; (k) JLG registers not updated with details of meetings of certain groups; (l) scope of internal audit did not cover areas of outsources activities, specifically through business correspondent and co-lending model; and (m) delay in filing of returns. While MMFL has responded to the RBI, there can be no assurance that the RBI would not make similar or other observations in the future. The RBI has in the past identified deficiencies in the KYC and AML standards of MMFL, including lack of systems and softwares, to identify transactions inconsistent with risk categorization and reporting of suspicious transactions, including any transactions involving persons named in sanction lists, including the UNSCR list and the 1988 sanctions list. While MMFL has taken steps to address these issues, there can be no assurance that the RBI will not find further deficiencies in the KYC and AML standards of MMFL.

- 27. *We may not be able to detect money-laundering and other illegal or improper activities fully or on a timely basis. Our Subsidiary, MMFL in the past did not have adequate systems in place to verify customers against risk categorization and sanction/terrorist lists and has received notices from government authorities in this regard. Inability to timely detect any such activities could expose us to additional liability and harm our business or reputation.***

We are required to comply with applicable anti-money-laundering and anti-terrorism laws and other regulations in India. We, in the course of our operations, run the risk of failing to comply with the prescribed KYC procedures and the consequent risk of fraud and money laundering by dishonest customers despite putting in place systems and controls customary in India to prevent the occurrence of these risks. Although we believe that we have adequate internal policies, processes and controls in place to prevent and detect any anti-money-laundering activity and ensure KYC compliance, there can be no assurance that we will be able to fully control instances of any potential or attempted violation by other parties and may accordingly be subject to regulatory actions including imposition of fines and other penalties. We, in some of our activities and in pursuit of our business, run the risk of inadvertently offering our financial products and services ignoring customer suitability and appropriateness despite having a KYC and Anti-Money Laundering measures and associated processes in place. Such incidents may adversely affect our business and reputation.

Our Subsidiary, MMFL, has received a notice dated March 6, 2020 ("**March, 2020 Notice**") under Section 13 of the Prevention of Money Laundering Act, 2002, from the Financial Intelligence Unit of the Ministry of Finance ("**FIU**") wherein the FIU based on RBI inspection reports on MMFL issued in 2017 and 2018, alleged that MMFL (i) did not carry out risk assessments to mitigate money-laundering and terrorist financing risks; (ii) did not have internal mechanisms for detecting suspicious transactions; (iii) did not undertake screening of customers against watch lists, sanction lists, lists of persons identified under the Unlawful Activities (Prevention) Act, 1967; and (iv) did not observe adequate client due diligence. The March, 2020 Notice stated that MMFL should respond to it within 15 days of receipt, failing which it would be presumed that MMFL does not have submissions to make with respect to the contents of the March, 2020 Notice. Pursuant to failure of MMFL to respond to the March, 2020 Notice, on

August 28, 2020, FIU issued another show-cause notice to MMFL asking it to respond to the notice dated March 6, 2020 within a period of 15 days, or the matter would be decided *ex-parte*. MMFL submitted its response dated September 1, 2020 that it has complied with guidelines issued by the RBI, borrowers verification and stringent Know Your Customer (KYC) policy and had conducted checks of suspicious transaction identification, money laundering and terrorist financing. For more details, please see “*Outstanding Litigations*” on page 445. MMFL is yet to receive a response from FIU, and there can be no assurance that FIU will not impose a penalty or initiate enquiry or proceedings against MMFL. Further, MMFL has filed an application for condonation of delay in filing response to show cause notice of FIU, FIU has not yet condoned the delay in filing the said response. There can be no assurance that the delay will be condoned by FIU. In the event that a penalty is imposed on MMFL by FIU, it may adversely impact MMFL’s and our reputation and financial condition, which could in turn adversely impact our business and results of operation.

28. *The appointment of Ms. Tara Thiagarajan, MMFL’s Chairman and Managing Director for the period between 2013 and 2016, was undertaken without receipt of requisite approval from the Ministry of Corporate Affairs.*

MMFL had filed a delayed application in July, 2018 with the Ministry of Corporate Affairs (“MCA”) for the approval of appointment Tara Thiagarajan as its Chairman and Managing Director for the retrospective period between October 1, 2013 till September 30, 2016 (“2013 Appointment”). However, the MCA while rejecting MMFL’s application vide letter dated June 18, 2019, stated that as Tara Thiagarajan had been earlier appointed as the Chairman and Managing Director for the period February 26, 2012 to February 25, 2015 (“2012 Appointment”), the 2013 Appointment was in violation of Section 196 (2) of the Companies Act, 2013 (“Section 196 (2)”). MMFL has responded to the MCA vide letters dated July 15, 2019, November 26, 2019 and January 20, 2020, wherein it has submitted that the 2013 Appointment was not in violation of Section 196 (2) as MMFL cancelled the earlier 2012 Appointment and appointed Tara Thiagarajan in the 2013 Appointment with revised terms and conditions. MCA vide letter dated February 25, 2022 has passed an order for Adjudication. Thereafter, Registrar of Companies, Chennai has by way of adjudication order dated June 15, 2022 imposed a penalty of ₹ 2.58 lacs on our Company for the violation. Our Company has accordingly paid the penalty to compound such non-compliance. Our company has sent a letter to MCA to complete the compounding proceeding. The matter is currently pending with MCA, we await confirmation from the MCA pertaining to the final appointment of Tara Thiagarajan as its Chairman and Managing Director for the retrospective period between October 1, 2013 till September 30, 2016. We cannot assure you that MCA will not initiate any such action against our directors, or MMFL in case of any non-compliances in future.

In addition, erstwhile statutory auditors of MMFL have mentioned in their audit report that Ms. Tara Thiagarajan has received excess remuneration from October 2013 to September 2016, the matter is pending with MCA. While our Company has sought clarification from MCA, we have not initiated any proceedings with MCA. We cannot assure you that MCA will not initiate any such action against our director in relation to the excess remuneration.

29. *We are subject to macro-economic developments and other market factors, and our results of operations may fluctuate or decline from period to period.*

Our business is subject to a number of macro-economic factors that are outside of our control, including GDP growth, inflation, fiscal deficits, pandemics such as the COVID-19 pandemic, international and domestic, political and economic conditions, fiscal and monetary policies of governments and central banks, and changes in interest rates, which may adversely impact us from time to time. As a result of the volatility of these macro-economic factors, including interest rates; and provisions we make from period to period for NPAs and other assets, commitments and contingencies (such as for letters of credit and bank guarantees), our results of operations have varied from period to period in the past and may fluctuate or decline in the future due to these and other factors. Such fluctuations may also adversely affect our liquidity. These factors may also make period-to-period comparisons of our operating results less meaningful than they would be for a business that is not as significantly affected by such factors. Any adverse development in India or global macroeconomic conditions, on account of COVID-19 or otherwise, could have a material adverse effect on our business, financial condition, results of operations or prospects.

30. *One of our Subsidiaries, MMFL had allotted certain equity shares to shareholders in violation of Section 67(3) of Companies Act, 1956 and the Securities and Exchange Board of India (erstwhile SEBI (Disclosure and Investor Protection) Guidelines, 2000).*

One of our Subsidiaries, MMFL had, on July 4, 2006 and September 1, 2006 allotted certain equity shares to shareholders in violation of Section 67(3) of Companies Act, 1956 and the erstwhile SEBI (Disclosure and Investor Protection) Guidelines, 2000). SEBI has issued a press release dated November 30, 2015 and circular dated December 31, 2015, as amended by circular dated May 3, 2016, (together, the “SEBI Circulars”), in respect of the

applicability of Section 67(3) of the Companies Act, 1956, involving issuance of securities to more than 49 persons up to 200 persons. In order to remedy the said non-compliance, MMFL filed a compounding application before the Regional Director, Chennai (“**Regional Director**”) for contravention of provisions of the Companies Act on December 9, 2019. The Assistant Registrar of Companies, Chennai pursuant to its email dated May 28, 2020 directed MMFL to file the compounding application on behalf of the relevant directors/ officers in respect of the default in allocation in 2006.

MMFL is in the process of complying with the direction of the Registrar of Companies, Chennai. MMFL, pursuant to its response dated September 24, 2020, stated that the managing director at the time of the occurrence of the contravention, had passed away in 2007 and accordingly cannot file a compounding application. Subsequently, the Ministry of Corporate Affairs, pursuant to rejection note dated September 30, 2020, rejected the compounding application on the grounds that it was not the relevant form and directed MMFL to file the relevant form with the relevant authority. However, the settlement application filed with the SEBI was returned by the SEBI pursuant to its letter dated August 10, 2020 (“SEBI Letter”). In terms of the SEBI Letter, SEBI directed MMFL to refile the settlement application after having completed the exit offer process as laid down by SEBI in circular bearing reference no. CIR/CFD/DIL3/18/2015 dated December 31, 2015 amended by Circular dated May 3, 2016 on the issue of Shares to selected offerees in 2006, the board of directors of MMFL pursuant to a resolution passed by circulation on September 7, 2020 had approved providing exit to the current shareholders of MMFL as per the exit offer process as laid down by the SEBI Circulars and accordingly, Mr. M Narayanan, one of the promoters, had provided exit option to 57 identified shareholders and post which filed a compounding application with the SEBI for violation of Section 67 of the Companies Act, 2013. Thereafter, MMFL had filed application with the Regional Director, Ministry of Corporate Affairs, Southern Region, Chennai as well as SEBI. The application filed with Regional Director, Ministry of Corporate Affairs, Southern Region, Chennai has been rejected vide its order dated April 26, 2021 and MMFL vide its letter to the SEBI dated June 28, 2021, had withdrawn the Settlement Application stating that the proceedings before the Regional Director, Chennai for compounding of offence under the Companies Act, in relation to the same fact scenario have not yet been concluded and undertaken to re-submit a fresh voluntary settlement application to resolve the aforesaid issue, once the Compounding Proceedings have been completed by the Regional Director, Chennai. However, as on the current date, the matter is pending before the Regional Director, Chennai.

We cannot assure you that SEBI or the Registrar of Companies or any other statutory or regulatory body will compound or condone the said violation or not take any further steps in this regard.

31. *We may not be able to recover the expected value from the instruments collected from our customers and/ or the sale of collateral security, in the case of defaults in secured loan/facility.*

Our secured loans are typically secured by creating a charge over the assets of our borrowers. We also collect NACH authorization letters from our customers at the time of disbursement of certain loans. However, there can be no assurance that these instruments would be honored when they are submitted to the respective banks for clearance. There can also be no assurance that we would be able to successfully retrieve payments due to us. Further, there can be no assurance that we would be able to sell such assets provided as collateral at prices sufficient to cover the amounts under default. Failure to recover or delay in recovering the expected value from sale of collateral security could expose us to potential losses, which could affect our business prospects, financial condition and results of operations.

32. *Our Company is involved in legal and other proceedings. Any final judgment awarding material damages against us could have a material adverse impact on our future financial performance.*

We are currently involved in litigations (including civil or criminal, consumer and tax related proceedings). These proceedings are pending at different levels of adjudication before various forums including courts and tribunals. The majority of these cases arise in the normal course of business and we believe, based on the facts of the cases and consultation with counsel, that these cases generally do not involve the risk of a material adverse impact on our financial performance or stockholders’ equity. We estimate the probability of losses that may be incurred in connection with legal and regulatory proceedings as of the date on which our standalone financial statements are prepared. We recognize a provision when we have a present obligation as a result of a past event, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made.

We determine the amount of provision based on our estimate of the amount required to settle the obligation at the balance sheet date, supplemented by our experience in similar situations. We review provisions at each balance sheet

date and adjust them to reflect current estimates. In cases where the available information indicates that a loss is reasonably possible but the amount of such loss cannot be reasonably estimated, we make a disclosure to this effect in the standalone financial statements. When there is only a remote risk of loss, we do not recognize a provision nor do we include a disclosure in the standalone financial statements.

Such complaints, lawsuits and regulatory actions are costly to defend and can materially affect our financial condition, even if we are successful in defending them or effectively redress such complaints. If we are unsuccessful in defending these suits or regulatory actions or settling these complaints or disputes, we may have to pay significant damages or penalties. For details on litigations, please see ‘*Outstanding Litigations*’ on page 445. We are also exposed to the risk of adverse publicity as a result of such complaints. Accordingly, even if we are successful in defending or settling them, our reputation could be materially harmed. If any of the above scenarios were to occur, they could materially and adversely affect our business, results of operations, financial condition, cash flows, prospects and our reputation.

33. *There are outstanding legal proceedings involving our Subsidiary, MMFL and adverse outcomes in such proceedings may negatively affect our business and results of operations.*

There are outstanding legal proceedings involving our Subsidiary, MMFL. These proceedings, including certain civil and criminal cases involving our Subsidiary, MMFL, are pending at different levels of adjudication before various courts and tribunals. Further, there are actions taken by regulatory and statutory authorities against MMFL. For further information on the material legal proceedings that we, and our Subsidiaries are subject to, see “*Outstanding Litigations*” on page 445. We cannot assure you that the outcome of these legal proceedings will be favourable, and any adverse decision in any of these cases may impact our reputation, business and financial condition.

34. *Our insurance coverage may not be adequate to protect us against all potential losses, which may have a material adverse effect on our business, financial condition and results of operations.*

Our operations are subject to various risks inherent to the finance industry, as well as theft, robbery, acts of terrorism and other force majeure events. We currently maintain insurance policies including group personal accident insurance, group life insurance, group mediclaim, fidelity guarantee insurance against losses sustained as a result of fraud and/ or dishonest conduct, and directors’ and officers’ liability insurance covering liability pay-outs by our directors and key officers. In addition, we have a money insurance policy pertaining to cash in safes and in transit. Our insurance policies may not be sufficient to cover our economic loss. None of our insurance policies are assigned in favor of any third-party. We may not have identified every risk and further may not be insured against every risk, including operational risk that may occur and the occurrence of an event that causes losses in excess of the limits specified in our policies, or losses arising from events or risks not covered by insurance policies or due to the same being inadequate, could materially harm our financial condition and future results of operations. There can be no assurance that any claims filed will be honored fully or timely under our insurance policies. Also, our financial condition may be affected to the extent we suffer any loss or damage that is not covered by insurance or which exceeds our insurance coverage. In particular, we do not maintain any direct insurance coverage over our loan portfolio. In addition, we may not be able to renew certain of our insurance policies upon their expiration, either on commercially acceptable terms or at all.

35. *Our Company has resorted to some direct assignments and securitization transactions. Any deterioration in the performance of any pool of receivables assigned or securitized to banks and other institutions may adversely impact our financial performance.*

As part of our means of raising and/or managing our funds, we do assign or securitise a small portion of the receivables from our loan portfolio to banks and other institutions. Such assignment or securitisation transactions are conducted on the basis of our internal estimates of our funding requirements, which may vary from time to time. During Fiscal 2022, funds raised by way of direct assignment amounted to ₹1,120.30 crore. There was no securitization transaction executed during Fiscal 2022. Further, as at March 31, 2022, the sold portion of direct assignments outstanding amounted to ₹1,190.44 crore. There was no exposure to securitization transaction as at March 31, 2022.

For such transactions, in the event that a relevant bank or institution or NBFC does not realize the receivables due under loans that have been securitized/ assigned, the relevant bank or NBFC can enforce the underlying credit enhancements assured by us, it could have a material adverse effect on our results of operations, financial condition and/or cash flows. Further, any deterioration in the performance of any batch of receivables assigned to banks and NBFCs could adversely affect our credibility and therefore our ability to conduct further assignments and

securitizations. We may also be named as a party in legal proceedings initiated by an assignee in relation to the securitized assets. Should a substantial portion of our securitized/ assigned loans be put back to us, it could have an adverse effect on our financial condition and results of operations.

The commercial viability of assignment and securitization transactions has been significantly affected by changes and developments relating to regulation governing such transactions. Such changes include (a) prohibition on carrying out securitization/ assignment transactions at rates lower than the prescribed base rate of the bank; (b) prohibition on NBFCs such as our Company from offering credit enhancements in any form and liquidity facilities in the case of loan transfers through direct assignment of cash flows; and (c) minimum holding period or 'seasoning' and minimum retention requirements of assignment and securitization loans.

Any adverse changes in the policy and/or regulations in connection with securitisation of assets by NBFCs and/or new circulars and/or directions issued by the RBI in this regard, affecting NBFCs or the purchasers of assets, would affect the securitisation market in general and our ability to securitise and/or assign our assets.

36. *We rely on third-party service providers who may not perform their obligations satisfactorily or in compliance with law.*

We enter into arrangements with third-party vendors, separate employees and independent contractors to provide services that include, among others, telecommunications infrastructure services and software services including for core banking, e-KYC solutions, field-automation of loan transactions, and customer onboarding. We also enter into agreements with credit bureaus for availing credit assessment and other services. We cannot guarantee that there will be no disruptions in the provision of such services or that these third-parties will adhere to their contractual obligations. If there is a disruption in the third-party services, or if the third-party service providers discontinue their service agreements with us, our business, financial condition and results of operations will be adversely affected. In case of any dispute, we cannot assure you that the terms of such agreements will not be breached, and this may result in litigation or other costs. Further, certain of our agreements, including an agreement with a credit bureau, require us to indemnify our counterparties for certain losses, and limit contractual or other liabilities of our counterparties to fees or other amounts received by them from us for a certain period of time. If such indemnities are invoked, or if our counterparties limit their liabilities to an extent that our losses are not fully recovered, we may incur additional costs. Such additional costs, in addition to the cost of entering into agreements with third-parties in the same industry, may materially and adversely affect our business, financial condition and results of operations.

37. *We are subject to the risks associated with all our premises being leased.*

As of September 30, 2022, our Registered and Corporate Office, all our branches and regional offices operate from premises taken on leave and license basis, and some of our agreements have expired except one of our centralized training centres which has been acquired by the Company. and are expected to be renewed. Termination of or failure to renew lease agreements with a fixed term of lease for these premises on terms and conditions favorable to us or at all, may require us to shift the concerned branch offices to new premises, and we may incur substantial rent escalation and relocation costs as a result. This might adversely affect our business operations and make us incur additional expenses. We may also face the risk of being evicted in the event that our landlords allege a breach on our part of the terms of the lease agreements.

Further, certain lease agreements are not duly registered or adequately stamped. Failure to adequately stamp and register a document does not affect the validity of the underlying transaction but renders the document inadmissible in evidence (unless stamped prior to enforcement with payment of requisite penalties, which may be up to ten times the stamp duty payable, and other such fees that may be levied by the authorities). Further, documents which are insufficiently stamped are capable of being impounded by a public officer. Consequently, should any dispute arise in relation to our use of the relevant properties, we may be unable to, or may incur additional expenses to, enforce our rights in relation to such properties

38. *Our contingent liabilities could adversely affect our financial condition.*

As of March 31, 2022, (Consolidated)], we had the following contingent liabilities (as determined in accordance with IND AS-37) which have not been provided for:

(₹ in crores)	
Particulars	Amount
(a) Performance security provided by the Holding Company pursuant to service provider agreement	0.10
(b) Demand under Employee Provident Fund Act, 1952	0.25

Particulars	Amount
(c) Pertaining to Assessment Year 2017-18 (Financial year 2016-17)	2.62
The Assessing officer, Income tax , Bangalore, Through an order dated 28 th December 2019, has confirmed the demand of ₹ 2.62 Crores (net demand after adjusting of payment made is ₹ 1.16 Crore) From the company. The Company has preferred an appeal before Commissioner of Income Tax against said assessment order. The Company is of view that the said demand is not tenable and expects to succeed in its appeal.	
(d) In addition, the Group is involved in other legal proceedings and claims, which have arisen in the ordinary course of business. The management believes that the Ultimate outcome of these proceedings will not have a material adverse effect on the Company's financial position and result of operations.	

There can be no assurance that we will not incur similar or increased levels of contingent liabilities in the future. If the aforementioned contingent liabilities materialize, our profitability and cash flows may be adversely affected. See also "Financial Statements" on page 198 for Contingent Liabilities for March 31, 2022 (in accordance with IND AS-37).

39. *This Shelf Prospectus includes certain unaudited financial information, which has been subjected to limited review, in relation to our Company. Reliance on such information should, accordingly, be limited.*

This Shelf Prospectus includes unaudited financial information in relation to our Company and its Subsidiaries for the six months ended September 30, 2022 in respect of which the Auditors have issued their Limited Review Report dated October 21, 2022. As Unaudited Interim Financial Results prepared by our Company in accordance with Regulation 33 and 52 of the SEBI LODR Regulations have been subject only to a limited review and as described in Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information" Performed by the Independent Auditor of the Entity" issued by the ICAI, and not to an audit, any reliance by prospective investors on such Limited Review Financial Information for the six months ended September 30, 2022 should, accordingly, be limited. Additionally, in accordance with applicable law, our Company is required to publish its half yearly financial information with the stock exchanges.

Any financial results published in the future may not be consistent with past performance. Accordingly, prospective investors should rely on their independent examination of our financial position and results of operations, and should not place undue reliance on, or base their investment decision solely on the financial information included in this Shelf Prospectus.

40. *Incorrect actuarial valuations of retirement benefits carried out by independent actuaries and/ or changes in our defined benefit gratuity plan's liabilities and obligations could have a materially adverse effect on our financial condition.*

We operate a defined benefit gratuity plan for eligible employees. Under the defined benefit plans, there is an obligation to pay defined future benefits from the time of retirement. The calculation of the net obligation is based on valuations made by external actuaries who are qualified to do such valuations and estimations. These valuations rely on assumptions about a number of variables, including discount rate and mortality rates and salary increases. We rely on the valuations done by actuaries. Actuarial risk arises as estimated value of the defined benefit scheme liabilities may increase due to changes in actuarial assumptions. While the valuation is done by qualified actuaries with the assumptions validated based on best estimate and judgment, we cannot assure you that the valuation in future would be accurate.

In addition, the defined benefit gratuity plan is administered by a third party and funded with an insurance company in the form of qualifying insurance policy. Should the value of assets to liabilities in respect of the defined benefit scheme operated by us record a deficit, due to either a reduction in the value of the defined benefit gratuity plan's assets (depending on the performance of financial markets) and/ or an increase in the defined benefit gratuity plan's liabilities due to changes in legislation, mortality assumptions, discount rate assumptions, inflation, the expected rate of return on scheme assets, or other factors, this could result in us having to make increased contributions to reduce or satisfy the deficits which would divert resources from use in other areas of our business and reduce our capital resources.

41. *Our results of operations could be adversely affected as a result of any disputes with our employees.*

Our operations are personnel-driven, and we place a lot of emphasis on the effective training of our personnel in communication and service orientation skills. However, a failure to train and motivate our employees may lead to an increase in our employee attrition rates, erode the quality of customer service, divert management resources and impose significant costs on us which may have an adverse impact on our business and future financial performance. There is risk of employee attrition due competitive environment. The attrition rate in MFI industry is generally high. CA Grameen's standalone attrition rate for the financial year ended March 31, 2022 was 23.86%.

We employ 15,667 full-time employees on a consolidated basis as of March 31, 2022, and lay significant emphasis on our employees' overall welfare. However, there can be no assurance that there will not be any future disruptions in our operations due to any disputes with our employees, or that such disputes will not adversely affect our business and results of operations. We depend on our branch-level employees for sourcing, disbursements and collections and customer liaison, and significant attrition at any of our branches could adversely impact our operations.

Further, in the event of a labour dispute, protracted negotiations and strike action may impair our ability to carry on our day-to-day operations, which could materially and adversely affect our business, future financial performance and results of operations.

42. *Third party industry and industry-related statistical data in this Shelf Prospectus may be incomplete, out of date, incorrect or unreliable.*

Neither we, nor the Lead Manager have independently verified the third party and industry related data obtained from RBI bulletin August 2022, Volume LXXVI Number 8, ICRA Industry Reports, MFIN Report and CRIF Report Market Insights by CRIF and other industry sources referred in this Shelf Prospectus and therefore, while we believe them to be true, there can be no assurance that they are complete or reliable. Such data may also be produced on different bases from those used in the industry publications we have referenced. Therefore, discussions of matters relating to India, its economy and our industry in this Shelf Prospectus are subject to the caveat that the statistical and other data upon which such discussions are based may be incomplete or unreliable. Industry sources and publications are also prepared based on information as of specific dates and may no longer be current or reflect current trends. Industry sources and publications may also base their information on estimates, projections, forecasts and assumptions that may prove to be incorrect. While industry sources may take due care and caution while preparing their reports, they do not guarantee the accuracy, adequacy or completeness of the data or report and do not take responsibility for any errors or omissions or for the results obtained from using their data or report. Accordingly, investors should not place undue reliance on, or base their investment decision on this information. See “*Industry Overview*” on page 87.

43. *Our Executive Director and Key Managerial Personnel are interested in our Company by virtue of the shares and/ or ESOPs held by them.*

Our Executive Director and Key Managerial Personnel are interested in our Company, in addition to regular remuneration or benefits and reimbursement of expenses, to the extent of their shareholding or stock options held by them in our Company.

Our Executive Director and Key Managerial Personnel may also be deemed to be interested to the extent of dividend, if any payable to them and other distributions in respect of the equity shares and/ or equity shares held in the Company. For details of the shareholding of our Directors and Key Managerial Personnel, see “*Our Management*” on page 166.

44. *We have negative cash flows from operations in recent periods. There is no assurance that such negative cash flows from operations shall not recur in the future.*

We had negative cash flows for operating activities in the past on account of high growth in loans and advances i.e., disbursements as compared with collections for the year and may have negative cash flows in the future.

The following table sets forth our cash flow on a consolidated basis for the years indicated below:

Particulars	(₹ in crores)			
	For half year ended September 30, 2022	Fiscal 2022	Fiscal 2021	Fiscal 2020
Net cash (used in)/generated from operating activities (A)	(5.78)	(2,714.34)	(454.67)	(2,252.64)
Net cash (used in)/ generated from investing activities (B)	(279.37)	(32.96)	23.53	(607.64)
Net cash (used in)/ generated from financing activities (C)	(630.74)	1,967.76	2,146.36	2,914.71

(₹ in crores)

Particulars	For half year ended September 30, 2022	Fiscal 2022	Fiscal 2021	Fiscal 2020
Net (Decrease) / Increase in cash and cash equivalents (A + B + C)	(915.89)	(779.54)	1,715.22	54.43
Cash and cash equivalents as at the beginning of the year/period	1580.55	2,360.09	644.87	590.44*
Cash and cash equivalents as at the end of the year/period	664.66	1,580.55	2,360.09	644.87

*This includes (a) cash and cash equivalents as at the beginning of the year i.e., ₹ 573.73 crores and (b) ₹ 16.71 crore due to the business combination

We cannot assure you that our net cash flows will be positive in the future.

For disclosure of cash flows of our Company, for the years ended March 31, 2022, March 31, 2021 and March 31, 2020, as per Ind AS 107, please see “Financial Information” on page 198.

45. The microfinance industry in India faces unique risks due to the category of customers that it services, which are generally not associated with other forms of lending.

The focus customer segment for our microfinance business is low-income families across India with an annual household income of up to ₹3,00,000. Our customers generally have limited sources of income, savings and credit histories. In addition, although we are generally able to obtain credit reports from credit bureaus on our customers, to the extent that there is limited financial information available for our focus customer segment and customers do not have any credit history supported by tax returns, bank or credit card statements, statements of previous loan exposures or other related documents, it may be difficult to carry out credit risk analyses on them. As a result, such customers may pose a higher risk of default than customers with greater financial resources and more established credit histories and customers living in urban areas with better access to education, employment opportunities and social services.

Collections for our microfinance business are primarily in cash, exposing us to certain operational risks. Such cash collections expose us to the risk of theft, fraud, misappropriation or unauthorised transactions by employees responsible for dealing with such cash collections. These risks are exacerbated by the high levels of responsibility we delegate to our employees and the geographically dispersed nature of our network. While we have taken insurance policies, including coverage for cash in safes and in transit, and undertaken measures to detect and prevent unauthorized transactions, fraud or misappropriation, this may not be sufficient to prevent or deter such activities in all cases, which may adversely affect our operations and profitability. Further, we may be subject to regulatory or other proceedings in connection with any unauthorised transactions, fraud or misappropriation by our representatives and employees, which could adversely affect our goodwill. We may also be party to criminal proceedings and civil litigation related to our cash collections. Although we have introduced collection points at banks and with third-party fintech vendors, key safety lockers, accompanying personnel such as senior loan officer and assistant branch manager for physical transportation of cash and conducted period audits, we may be unable to avoid all operational risks. This may adversely affect our business, results of operations and cash flows.

In addition, political and social risks, such as the negative publicity surrounding the growth and profitability of the microfinance industry, public criticism of the microfinance industry, or religious beliefs and convictions regarding the extension of credit and repayment of interest may deter our customers from fulfilling their obligations to us. In addition, the microfinance sector may be susceptible to election cycles. For example, political pressure by incumbents to write off loans or the announcements of debt waiver schemes by state governments ahead of general elections may result in an accretion of NPAs across the microfinance industry. Due to the precarious circumstances of our customers and our non-traditional lending practices, we may, in the future, experience increased levels of NPAs and related provisions and write-offs that may adversely affect our business, financial condition and results of operations. We cannot assure you that our monitoring and risk management procedures will effectively predict and/or prevent such losses or that loan loss reserves will be sufficient to cover actual losses.

46. We have not entered into any definitive arrangements to utilise the net proceeds of the Issue towards the objects of this Issue.

We intend to use the Net Proceeds for the purposes described in “Objects of the Issue” on page 75. Our management will have broad discretion to use the Net Proceeds and you will be relying on the judgment of our management regarding the application of these Net Proceeds. Our funding requirements are based on current conditions and are

subject to change in light of changes in external circumstances or in our financial condition, business or strategy. Our management, in response to the competitive and dynamic nature of the industry, will have the discretion to revise its business plan from time to time. Any such change in our plans may require rescheduling of our current plans or discontinuing existing plans and an increase or decrease in the fund requirements for the objects, at the discretion of the management. Pending utilization for the purposes described above, we intend to temporarily invest the funds in interest bearing liquid instruments including deposits with banks and investments in liquid (not equity) mutual funds. Such investments would be in accordance with the investment policies approved by our Board from time to time.

47. *Our Company's business requires substantial capital and any disruption in the sources of its funding or an increase in its average cost of borrowings could have a material adverse effect on its liquidity and financial condition.*

Our liquidity and ongoing profitability are, to a large extent, dependent upon our timely access to, and the costs associated with, raising capital. Our funding requirements have historically been met through a combination of borrowings from a well-diversified base of domestic and global lenders. Our finance costs (on a standalone basis) were ₹446.90 crore, ₹ 788.13 crore, ₹ 740.07 crore and ₹ 571.03 crore for the half year ended September 30, 2022, Fiscals 2022, 2021 and 2020, respectively. Our business growth, liquidity and profitability depend and will continue to depend on our ability to access diversified, relatively stable and low-cost funding sources as well as our financial performance, capital adequacy levels, credit ratings and relationships with lenders. As a financial services company, we face certain additional regulatory restrictions on our ability to obtain financing. For example, recent regulatory developments have affected NBFCs' access to select funding sources and have affected costs of borrowings. NBFC industry is also facing a resources crunch after a credit event in September 2018 which has also increased the cost of borrowing for some players in the industry. Any adverse developments or changes in applicable laws and regulations, which limit our ability to raise funds through securitisation or direct assignment transactions or through private placements of non-convertible debentures can disrupt our sources of funding and as a consequence, could have a material adverse effect on our liquidity and financial condition.

Our Total Borrowings (on a standalone basis) was ₹10,066.26 crore as at September 30, 2022 out of which ₹ 5,692.39 crores were to mature in less than a year. In order to meet these debt obligations, we will either need to refinance, which may prove to be difficult in the event of volatility in the credit markets, or alternatively, raise additional retained earnings or generate sufficient operating cash flows to retire the debt. There can be no assurance that our business will generate sufficient cash to enable it to service its existing debt or to fund its other liquidity needs.

Our ability to borrow funds and refinance existing debt may also be affected by a variety of factors, including deterioration in our financial performance or profitability, regulatory policies impacting the ability of lenders to lend to certain sectors such as NBFCs, liquidity in the credit markets, the strength of the lenders from which we borrow, the amount of eligible collateral, credit rating downgrade and accounting changes that may impact calculations of covenants in our financing agreements. An event of default, a significant negative ratings action by a rating agency, an adverse action by a regulatory authority or a general deterioration in prevailing economic conditions that constricts the availability of credit may increase our cost of funds and make it difficult for us to access financing in a cost-effective manner. A disruption in sources of funds or increase in cost of funds as a result of any of these factors may have a material adverse effect on our liquidity and financial condition.

Pursuing our growth strategy and introducing new product offerings to our customers will have an impact on our long-term capital requirements. The market for such funds is competitive and our ability to obtain funds at competitive rates will depend on various factors. If we are unable to access funds at an effective cost that is comparable to or lower than our competitors, we may not be able to offer competitive interest rates for our loans. Our ability to raise funds on acceptable terms and at competitive rates continues to depend on various factors, including the regulatory environment and policy initiatives in India, liquidity in the market, developments in international markets affecting the Indian economy, investors' and/or lenders' perception of demand for debt and equity securities of NBFCs, and our current and future results of operations and financial condition. If we are unable to obtain adequate financing or financing on terms satisfactory to us or refinancing and in a timely manner, our ability to grow or support our business and to respond to business challenges could be limited and our business prospects, results of operations, cash flows and financial condition would be materially and adversely affected.

48. *We continue to be controlled by our Promoter and it will continue to have the ability to exercise significant control over us. We cannot assure you that exercise of control by our Promoter will always favour our best interest.*

Our Promoter holds 73.74% of our outstanding Equity Shares as on September 30, 2022. Our Promoter exercise

significant control over us, including being able to control the composition of our Board and determine matters requiring shareholder approval or approval of our Board. Our Promoter may take or block actions with respect to our business, which may conflict with our interests or the interests of our minority shareholders. By exercising their control, our Promoter could delay, defer or cause a change of our control or a change in our capital structure, delay, defer or cause a merger, consolidation, takeover or other business combination involving us, discourage or encourage a potential acquirer from making a tender offer or otherwise attempting to obtain control of us which may not favour our best interest.

49. *Our Company may be exposed to fluctuations in the market values of its investment and other asset portfolio.*

Financial market turmoil can adversely affect economic activity globally, including India. Deterioration in the credit and capital markets may result in volatility of our investment earnings and impairments to our investment and asset portfolio, including the assets in our Balance Sheet, which are maintained as a part of our liquidity management. Further, the value of our investments depends on several factors beyond our control, including the domestic and international economic and political scenario, inflationary expectations, unforeseen tail events like the COVID-19 pandemic and the RBI's monetary policies. Any decline in the value of the investments could negatively impact our financial condition.

50. *Our Company may face asset-liability mismatches which could affect its liquidity and consequently may adversely affect our Company's operations and profitability.*

Asset-liability mismatch represents a situation when financial terms of an institution's assets and liabilities do not match and is a key financial parameter indicative of an NBFC's performance. Our funding requirements are met through diverse funding sources such as i) term loans from banks, NBFCs, development financial institutions, ii) external commercial borrowings, iii) commercial papers, and iv) non-convertible debentures. The term loans from banks are predominantly co-terminus with the tenor of the loans given to our microfinance customers. The term loans from NBFCs and development financial institutions have tenor more than or equal to the tenor of the loans given to our customers. The external commercial borrowings and non-convertible debentures predominantly have tenor longer than the tenor of the loans given to our customers.

However, we may face potential variation in asset-liability mismatch and liquidity risk due to varying periods over which our assets and liabilities mature. If we are unable to obtain additional credit facilities or renew our existing credit facilities in a timely and cost-effective manner to meet our maturing liabilities, or at all, this may lead to gaps and mismatches between our assets and liabilities, which in turn may adversely affect our liquidity position, and in turn, our operations and financial performance.

51. *If we fail to identify, monitor and manage risks and effectively implement our risk management policies, it could have a material adverse effect on our business, financial condition, results of operations and cash flows.*

We have devoted resources to develop our risk management policies and procedures and aim to continue to do so in the future. Despite this, our policies and procedures to identify, monitor and manage risks of fraud, money laundering, any other credit, operational or other risks may not be fully effective. Further, some of our methods of managing risks are based upon the use of observed historical market behaviour. As a result, these methods may not accurately predict future risk exposures, which could be significantly greater than those indicated by the historical measures. To the extent any of the instruments and strategies we use to hedge or otherwise manage our exposure to market or credit risk are not effective, we may not be able to mitigate effectively our risk exposures in particular market environments or against particular types of risk. Our investment and interest rate risk are dependent upon our ability to properly identify, and mark-to market changes in the value of financial instruments caused by changes in market prices or rates. Our earnings are dependent upon the effectiveness of our management of changes in credit quality and risk concentrations, the accuracy of our valuation models and our critical accounting estimates and the adequacy of our allowances for loan losses. To the extent our assessments, assumptions or estimates prove inaccurate or not predictive of actual results, we could suffer higher than anticipated losses.

52. *Our Company has entered into related party transactions and may continue to enter into related party transactions which may involve conflict of interest.*

Our Company has entered into related party transactions, within the meaning of Ind AS 24 as issued by the Companies (Indian Accounting Standards) Rules, 2015. Such transactions, in future, may give rise to current or potential conflicts of interest with respect to dealings between our Company and such related parties. While our

Company believes that all related party transactions entered into are conducted on an arms' length basis and in the ordinary course of business, there can be no assurance that it could not have achieved more favourable terms if such transactions had not been entered into with related parties. Additionally, there can be no assurance that any dispute that may arise between our Company and related parties will be resolved in our Company's favour. For further details on related party transactions, please see the chapter "*Related Party Transactions*" on page 183.

53. *The consolidated financial information for financial year ended March 31, 2020, included in this Shelf Prospectus is not comparable with the consolidated financial information for other financial years.*

On March 18, 2020, we acquired 75.64% shareholding in MMFL, a leading rural focused NBFC-MFI headquartered in Chennai, India. Our shareholding in MMFL as of March 31, 2020 was 76.08%. As a result, our audited, consolidated statement of profit and loss for the year ended March 31, 2020 consolidates the operations of MMFL for the period from March 18, 2020 to March 31, 2020. Since the effect of consolidation of operations of MMFL was for very limited period i.e. for the period from March 18, 2020 to March 31, 2020 unlike for financial years ended March 31, 2021 and March 31, 2022 wherein the operations for full financial year have been consolidated, hence our consolidated financial information for financial year ended March 31, 2020 included in this Shelf Prospectus is not directly comparable to our consolidated financial information for other financial years.

54. *We may undertake acquisitions, strategic investments, restructuring in future. Any failure to complete such strategic decisions may adversely affect our reputation or growth prospects.*

We have undertaken merger with our subsidiary, MMFL and the process is ongoing. We may, depending on our management's view and market conditions, pursue additional strategic investments, undertake acquisitions and enter into joint ventures. We cannot assure you that we will be able to undertake such strategic investments, acquisitions (including by way of a merger, or share or asset acquisition) or joint ventures in the future, either on terms acceptable to us or at all. Moreover, we require regulatory approval for acquisitions, and we cannot guarantee that we will receive such approvals in a timely manner, or subject to any conditions, or at all. Any inability to identify suitable acquisition targets or investments or failure to complete such transactions may adversely affect our competitiveness or growth prospects.

Risks Relating to Regulations

55. *We operate in a highly regulated environment.*

We operate in a highly regulated environment in which we are regulated by the SEBI, RBI, the MCA, the Registrar of Companies and other domestic and international regulators. Accordingly, legal and regulatory risks are inherent and substantial in our businesses. As we operate under licenses or registrations obtained from appropriate regulators, we are subject to actions that may be taken by such regulators in the event of any non-compliance with any applicable policies, guidelines, circular, notifications and regulations issued by the relevant regulators.

Being regulated, we are subject to regular scrutiny and supervision by their respective regulators, such as regular inspections that may be conducted by the RBI. The requirements imposed by regulators are designed to ensure the integrity of the financial markets and to protect investors and depositors. Any non-compliance with regulatory guidelines and directions may result in substantial penalties and reputational impact, which may affect the price of our securities. Among other things, in the event of being found non-compliant, we could be fined or prohibited from engaging in certain business activities.

Any change to the existing legal or regulatory framework will require us to allocate additional resources, which may increase our regulatory compliance costs and direct management attention and consequently affect our business. For e.g., RBI has recently introduced the Master Direction - Reserve Bank of India (Regulatory Framework for Microfinance Loans) Directions, 2022 ("RBI MFI Master Directions"), pursuant to which RBI has *inter alia* increased the annual household income limit of borrowers up to ₹ 3,00,000, capped the loan repayment obligation of the household to 50% of the monthly household income, regulated the pricing of loans etc. The RBI MFI Directions will require us to put in place additional procedures and processes undertaking comprehensive data checks to determine annual household income for determination of maximum permissible limits and for other compliances under the RBI MFI Directions.

In addition, we are also exposed to the risk of us or any of our employees being non-compliant with insider trading rules or engaging in front running in securities markets. In the event of any such violations, regulators could take regulatory actions, including financial penalties against us and the concerned employees. This could have a

materially adverse financial and reputational impact on us.

56. *Our ability to raise foreign funds may be constrained by Indian law.*

As an Indian NBFC - MFI, we are subject to exchange controls that regulate borrowing in foreign currencies. Such regulatory restrictions could constrain our ability to obtain financing on competitive terms and refinance existing indebtedness.

We frequently raise funds through external commercial borrowings, there can be no assurance that any required regulatory approvals for borrowing in foreign currencies will be granted to us without onerous conditions, or at all. Limitations on foreign debt may have an adverse effect on our business growth, financial condition and results of operations.

57. *Changing laws, rules and regulations and legal uncertainties, including adverse application of tax laws and regulations, across the multiple jurisdictions we operate in may materially adversely affect our business and financial performance.*

Our business and financial performance could be materially adversely affected by changes in the laws, rules, regulations or directions applicable to us and our general and microfinance businesses, or the interpretations of such existing laws, rules and regulations, or the promulgation of new laws, rules and regulations, in India.

The governmental and regulatory bodies in India where we operate may notify new regulations and/or policies, which may require us to obtain approvals and licenses from the government and other regulatory bodies, or impose onerous requirements and conditions on our operations, in addition to those which we are undertaking currently. Any such changes and the related uncertainties with respect to the implementation of new regulations may have a material adverse effect on our business, financial condition and results of operations. See “*Regulations and Policies*” on page 184.

In addition, unfavorable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations including foreign investment laws governing our business, operations and investments in our Company by non-residents, could result in us being deemed to be in contravention of such laws and/or may require us to apply for additional approvals.

Tax and other levies imposed by the central and state governments in India that affect our tax liability include central and state taxes and other levies, income tax, turnover tax, goods and service tax, stamp duty and other special taxes and surcharges which are introduced on a temporary or permanent basis from time to time. The final determination of our tax liabilities involves the interpretation of local tax laws and related regulations in each jurisdiction as well as the significant use of estimates and assumptions regarding the scope of future operations and results achieved and the timing and nature of income earned and expenditures incurred. Moreover, the central and state tax scheme in India is extensive and subject to change from time to time. For instance:

- The General Anti Avoidance Rules (“GAAR”) came into effect from April 1, 2017. The tax consequences of the GAAR provisions being applied to an arrangement may result in a denial of tax benefit amongst other consequences. In the absence of any precedents on the subject, the application of these provisions is uncertain. GAAR provisions may have an adverse tax impact on us; and
- The Government of India has implemented a comprehensive national goods and services tax (“GST”) regime with effect from July 1, 2017 that combines taxes and levies by the Central and State Governments into a unified rate structure. Any future increases or amendments may affect the overall tax efficiency of companies operating in India and may result in significant additional taxes becoming payable. If the tax costs associated with certain transactions because of a particular tax risk materializing are greater than anticipated, it could affect the profitability of such transactions.

Further, as of September 30, 2022, on a consolidated basis including MMFL, we had a total of 16,018 full-time employees. Our full-time employees are employed by us and are entitled to statutory employment benefits, such as a defined benefit gratuity plan, among others.

We are subject to various labour laws and regulations governing our relationships with our employees including in relation to minimum wages, working hours, overtime, working conditions.

A change of law that requires us to increase the benefits to the employees from the benefits now being provided may create potentially liability for us. Such benefits could also include provisions which reduce the number of hours an employee may work for or increase in number of mandatory casual leaves, which all can affect the productivity of the employees.

A change of law that requires us to treat and extend benefits to our outsourced personnel, and personnel retained on a contractual basis, similar to our full-time employees may create potential liability for us. If we fail to comply with current and future health and safety and labour laws and regulations at all times, including obtaining relevant statutory and regulatory approvals, this could materially and adversely affect our business, future financial performance and results of operations.

58. *In order to support and grow our business, we must maintain a minimum capital to risk weighted assets ratio, and a lack of access to the capital markets may prevent us from maintaining an adequate ratio.*

As an NBFC-MFI, the RBI requires us to maintain a minimum capital to risk weighted assets ratio (“CRAR”) consisting of Tier I and Tier II capital of 15.00% of our aggregate risk weighted assets. Further, the total of our Tier II capital cannot exceed 100% of our Tier I capital at any point of time. Our ability to support and grow our business would become limited if the CRAR is low. While we may access the capital markets to offset any declines to our CRAR, we may be unable to access the markets at the appropriate time or the terms of any such financing may be unattractive due to various reasons attributable to changes in the general environment, including political, legal and economic conditions. Our standalone CRAR calculated on the basis of the RBI norms applicable to NBFC – MFI – was 26.54%, 31.75% and 23.60% as at March 31, 2022, 2021 and 2020 respectively, while its Tier I Capital as at March 31, 2022 was 25.87%.

As we continue to grow our loan portfolio and asset base, we will be required to raise additional Tier I and Tier II capital in order to continue to meet applicable CRAR with respect to our business. There can be no assurance that we will be able to raise adequate additional capital in the future on terms favourable to us, and this may adversely affect the growth of our business. In addition, any changes in the RBI or other government regulations in relation to securitizations and/ or assignments, by NBFCs in general or MFIs specifically could have an adverse impact on our assignment and securitization plans in the future. This may result in non-compliance with applicable capital requirements, which could have a material adverse effect on our business prospects, financial condition and results of operations.

If we are unable to meet any existing or new and revised requirements, our business, future financial performance and the price of our Equity Shares could be adversely affected.

59. *Any non-compliance with mandatory AML and KYC policy could expose us to additional liability and harm our business and reputation.*

In accordance with the requirements applicable to us, we are mandated to comply with applicable anti- money-laundering (“AML”), combatting terrorism financing and antiterrorism laws and other regulations in India. In the ordinary course of our operations, we run the risk of failing to comply with the prescribed Know Your Customer (“KYC”) procedures and detect fraud and money laundering by dishonest customers. For further details, see “Regulations and Policies” on page 184. While we have adopted policies and procedures aimed at collecting and maintaining all AML and KYC related information from our customers in order to detect and prevent the use of our business networks for illegal money-laundering activities, there may be instances where we may be used by other parties in attempts to engage in money- laundering and other illegal or improper activities.

Although we believe that we have adequate internal policies, processes and controls in place to prevent and detect AML activity and ensure KYC compliance, and have taken necessary corrective measures, there can be no assurance that we will be able to fully control instances of any potential or attempted violation by other parties and may accordingly be subject to regulatory actions including imposition of fines and other penalties by the relevant government agencies to whom we report. Our business and reputation could suffer if any such parties use or attempt to use us for money-laundering or illegal or improper purposes and such attempts are not detected or reported to the appropriate authorities in compliance with applicable regulatory requirements.

Risks Relating to India

60. *Financial difficulty and other problems in certain financial and other non-banking financial institutions in India*

could materially adversely affect our business.

We are exposed to the risks of the Indian financial system. The financial difficulties faced by certain Indian financial and non-banking financial institutions could materially and adversely affect our business because the commercial soundness of many financial institutions may be closely related as a result of credit, trading, clearing or other relationships. Such “systemic risk”, may materially adversely affect financial intermediaries, such as clearing agencies, banks, NBFCs, securities firms and exchanges with which we interact on a daily basis. Any such difficulties or instability of the Indian financial system in general could create an adverse market perception about Indian financial institutions and banks and materially adversely affect our business. Our transactions with these financial institutions and other non-banking financial institutions expose us to various risks in the event of default by a counterparty, which can be exacerbated during periods of market illiquidity.

61. *India's existing credit information infrastructure may cause increased risks of loan defaults.*

All of our business is located in India. India's existing credit information infrastructure may pose problems and difficulties in running a robust credit check on our borrowers. We may also face difficulties in the due diligence process relating to our customers or to any security or collateral we take in relation to our loans. We may not be able to run comprehensive searches relating to the security and there are no assurances that any searches we undertake will be accurate or reliable. Hence, our overall credit analysis could be less robust as compared to similar transactions in more developed economies. Any inability to undertake a comprehensive due diligence or credit check might result in an increase in our NPAs and we may have to increase our provisions correspondingly. Any of the foregoing may have a material adverse effect on our business, financial condition, results of operations and cash flows.

62. *Financial or geo-political instability in other countries may cause increased volatility in Indian financial markets.*

The Indian market and the Indian economy are influenced by economic, geo-political and market conditions in other countries, particularly emerging market countries in Asia. Although economic conditions are different in each country, investors' reactions to developments in one country can have adverse effects on the securities of companies in other countries, including India. A loss of investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Any worldwide financial or geo-political instability could also have a negative impact on the Indian economy. Such worldwide financial instability could arise out of, for example, current developments relating to Ukraine which have prompted many western countries to impose financial and other sanctions on Russia. Financial disruptions may occur again and could harm our business and our future financial performance.

Investors should be aware that there is a recent history of financial crises and boom-bust cycles in multiple markets in both emerging and developed economies which leads to risks for all financial institutions, including the Company. We remain subject to the indirect economic effect of any potential tightening in global credit conditions, some of which cannot be anticipated and the vast majority of which are not under our control. We also remain subject to counterparty risk arising from financial institutions that can fail or are otherwise unable to meet their obligations under their contractual commitment to us.

63. *If inflation were to rise in India, we might not be able to increase the prices of our services at a proportional rate in order to pass costs on to our customers and our profits might decline.*

Inflation rates could be volatile, and we may face high inflation in the future as India had witnessed in the past. Increased inflation can contribute to an increase in interest rates and increased costs to our business, including increased costs of transportation, salaries, and other expenses relevant to our business. Further, high inflation leading to higher interest rates may also lead to a slowdown in the economy and adversely impact credit growth. Consequently, we may also be affected and fall short of business growth and profitability.

High fluctuations in inflation rates may make it more difficult for us to accurately estimate or control our costs. Any increase in inflation in India can increase our operating expenses, which we may not be able to pass on to our customers, whether entirely or in part, and the same may adversely affect our business and financial condition. In particular, we might not be able to reduce our costs or pass the increase in costs on to our customers. In such case, our business, results of operations, cash flows and financial condition may be adversely affected.

While the Government of India through the RBI has previously initiated economic measures to combat high inflation rates, it is unclear whether these measures will remain in effect, and there can be no assurance that Indian inflation levels will not rise in the future.

As mentioned in “Risk Factor - Financial or geo-political instability in other countries may cause increased volatility in Indian financial markets” above, worldwide financial instability could also have impact on India. For example, the global crude prices have already jumped since the onset of war in Ukraine at end of February 2022 and if the crude prices do not cool down soon, India’s energy imports could lead to higher inflation in India.

64. Any adverse change in India's credit rating by an international rating agency could materially adversely affect our business and profitability.

India’s sovereign rating is Baa3 with a “negative” outlook (Moody’s), BBB-with a “stable” outlook (S&P) and BBB-with a “negative” outlook (Fitch). India’s sovereign rating could be downgraded due to various factors, including changes in tax or fiscal policy or a decline in India’s foreign exchange reserves, which are outside our Company’s control. Any adverse change in India’s credit ratings by international rating agencies may adversely impact the Indian economy and consequently our ability to raise additional financing in a timely manner or at all, as well as the interest rates and other commercial terms at which such additional financing is available. Any such adverse development could adversely affect our business, financial condition and results of operations.

65. Any volatility in exchange rates may lead to a decline in India's foreign exchange reserves and may affect liquidity and interest rates in the Indian economy, which could adversely impact us.

Foreign inflows into India have remained extremely volatile responding to concerns about the domestic macroeconomic landscape and changes in the global risk environment. The widening current account deficit has been attributed largely to the surge in gold and oil imports.

Further, increased volatility in foreign flows may also affect monetary policy decision making. For instance, a period of net capital outflows might force the RBI to keep monetary policy tighter than optimal to guard against any abnormal currency depreciation.

66. Terrorist attacks, civil unrest and other acts of violence or war involving India and other countries would negatively affect the Indian market where our shares trade and lead to a loss of confidence and impair travel, which could reduce our customers' appetite for our products and services.

Terrorist attacks, civil unrest and other acts of violence or war may negatively affect the Indian markets on which our Equity Shares are proposed to be listed and traded and could also materially adversely affect the global financial markets. In addition, any deterioration in relations between India and its neighbors might result in investor concern about stability in the region, which could materially adversely affect the price of our Equity Shares.

India has also witnessed civil disturbances in recent years and future civil unrest as well as other adverse social, economic and political events in India could have an adverse impact on us. Such incidents also create a greater perception that investment in Indian companies involves a higher degree of risk, which could have an adverse impact on our business and the price of our Equity Shares.

67. Companies operating in India are subject to a variety of taxes and surcharges.

Tax and other levies imposed by the central and state governments in India that affect our tax liability include central and state taxes and other levies, income tax, value added tax, turnover tax, service tax, stamp duty, tax on dividends and other special taxes and surcharges which are introduced on a temporary or permanent basis from time to time. Moreover, the central and state tax scheme in India is extensive and subject to change from time to time. The central or state government may in the future increase the corporate income tax it imposes. Any such future increases or amendments may affect the overall tax efficiency of companies operating in India and may result in significant additional taxes becoming payable. Additional tax exposure could adversely affect our business, cash flows and results of operations.

68. A decline in India's foreign exchange reserves may affect liquidity and interest rates in the Indian economy, which could adversely impact us.

A decline in India's foreign exchange reserves could affect the liquidity and result in higher interest rates in the Indian economy, which could adversely affect our business, future financial performance, results of operations and financial condition.

69. *There may be less information available about the companies listed on the Indian securities markets compared with information that would be available if we were listed on securities markets in certain other countries.*

There may be differences between the level of regulation and monitoring of the Indian securities markets and the activities of investors, brokers and other participants in India and that in the markets in the United States and certain other countries. SEBI is responsible for ensuring and improving disclosure and other regulatory standards for the Indian securities markets. SEBI has issued regulations and guidelines on disclosure requirements, insider trading and other matters. There may, however, be less publicly available information about companies listed on an Indian stock exchange compared with information that would be available if that company was listed on a securities market in certain other countries. As a result, investors may have access to less information about the business, results of operations, cash flows and financial conditions, and those of the competitors that are listed on BSE and NSE and other stock exchanges in India on an on-going basis than you may find in the case of companies subject to reporting requirements of other more developed countries.

70. *We are subject to regulatory, economic, social and political uncertainties and other factors beyond our control.*

We are incorporated in India and we conduct our corporate affairs and our business in India. Our Equity Shares are listed and traded on the BSE and the NSE. Consequently, our business, operations, financial performance and the market price of our Equity Shares will be affected by the following external risks, should any of them materialize:

- changes in exchange rates and controls;
- macroeconomic factors and central bank regulation, including in relation to interest rates movements which may in turn adversely impact our access to capital and increase our borrowing costs;
- decline in India's foreign exchange reserves which may affect liquidity in the Indian economy;
- political instability, resulting from a change in government or in economic and fiscal policies;
- civil unrest, acts of violence, regional conflicts or situations or war may adversely affect the financial markets;
- changes in government policies, including taxation policies, social and civil unrest and other political, social and economic developments in or affecting India; or
- natural calamities and force majeure events.

The Government of India has exercised and continues to exercise significant influence over many aspects of the Indian economy. Indian governments have generally pursued policies of economic liberalization and financial sector reforms, including by relaxing restrictions on the private sector. Nevertheless, the role of the Indian central and state governments in the Indian economy as producers, consumers and regulators has remained significant and we cannot assure you that such liberalization policies will continue. A significant change in India's policy of economic liberalization and deregulation or any social or political uncertainties could adversely affect business and economic conditions in India generally and our business and prospects.

India has in the past experienced community disturbances, strikes, riots, terror attacks, epidemics and natural disasters. India has also experienced natural calamities such as earthquakes, tsunamis, floods and drought in the past few years. There can be no assurance that we will not be affected by natural or man-made disasters in India or elsewhere in the future. These acts and occurrences and any increase in their frequency could have an adverse effect on the financial markets and the economy of India and of other countries, thereby resulting in a loss of business confidence and a suspension of our operations, which could have a material adverse effect on our business, financial condition, results of operations and prospects.

Risks relating to the Issue and NCDs.

71. *The NCD Holders may not be able to recover, on a timely basis or at all, the full value of the outstanding amounts and/or the interest accrued thereon in connection with the NCDs. Failure or delay in recovering the expected value from a sale or disposition of the assets charged as security in connection with the NCDs could expose the holders to a potential loss.*

Our ability to pay interest accrued on the NCDs and/or the principal amount outstanding from time to time in connection therewith would be subject to various factors, inter alia, including our financial condition, profitability and the general economic conditions in India and in the global financial markets. We cannot assure you that we would be able to repay the principal amount outstanding from time to time on the NCDs and/or the interest accrued thereon in a timely manner or at all. Although our Company will create appropriate security in favor of the Debenture Trustee for the NCD Holders on the assets adequate to ensure 100% security cover for the NCDs, and it will be the

duty of the Debenture Trustee to monitor that the security is maintained, however, the realisable value of the assets charged as security, when liquidated, may be lower than the outstanding principal and/or interest accrued thereon in connection with the NCDs and shall depend on the market scenario prevalent at the time of the enforcement of the security. A failure or delay in recovering the expected value from a sale or disposition of the assets charged as security in connection with the NCDs could expose you to a potential loss.

72. *There may be no active market for the NCDs on the platform of the Stock Exchanges. As a result, the liquidity and market prices of the NCDs may fail to develop and may accordingly be adversely affected.*

There can be no assurance that an active market for the NCDs will develop. If an active market for the NCDs fails to develop or be sustained, the liquidity and market prices of the NCDs may be adversely affected. The market price of the NCDs would depend on various factors, inter alia, including (i) the interest rate on similar securities available in the market and the general interest rate scenario in the country, (ii) the market price of our Equity Shares, (iii) the market for listed debt securities, (iv) general economic conditions, and (v) our financial performance, growth prospects and results of operations. The aforementioned factors may adversely affect the liquidity and market price of the NCDs, which may trade at a discount to the price at which you purchase the NCDs and/or be relatively illiquid.

73. *There may be a delay in making refund/ unblocking of funds to Applicants.*

We cannot assure you that the monies refundable to you, on account of (i) withdrawal of your Applications, (ii) our failure to receive minimum subscription in connection with the Base Issue, (iii) withdrawal of the Issue, or (iv) failure to obtain the final approval from the Stock Exchange for listing of the NCDs, will be refunded to you in a timely manner. We, however, shall refund / unblock such monies, with the interest due and payable thereon as prescribed under applicable statutory and/or regulatory provisions.

74. *In the event of bankruptcy, liquidation or winding-up, there may not be sufficient assets remaining to pay amounts due on the NCDs.*

The NCDs will be subordinated to certain liabilities preferred by law such as the claims of the Government on account of taxes, and certain liabilities incurred in the ordinary course of our business. In the event of bankruptcy, liquidation or winding-up, our Company's assets will be available to pay obligations on the NCDs only after all of those liabilities that rank senior to these NCDs have been paid as per Section 327 of the Companies Act, 2013. In the event of bankruptcy, liquidation or winding-up, there may not be sufficient assets remaining to pay amounts due on the NCDs.

75. *There is no assurance that the NCDs issued pursuant to the Issue will be listed on Stock Exchange in a timely manner, or at all.*

In accordance with Indian law and practice, permissions for listing and trading of the NCDs issued pursuant to the Issue will not be granted until after the NCDs have been issued and allotted. Approval for listing and trading will require all relevant documents to be submitted and carrying out of necessary procedures with the stock exchange. There could be a failure or delay in listing the NCDs on the Stock Exchange for reasons unforeseen. If permission to deal in and for an official quotation of the NCDs is not granted by the stock exchange, our Company will forthwith repay, with interest, all monies received from the Applicants in accordance with prevailing law in this context, and pursuant to this Prospectus. There is no assurance that the NCDs issued pursuant to the Issue will be listed on stock exchange in a timely manner, or at all.

76. *You may be subject to taxes arising on the sale of the NCDs.*

Sale of NCDs by any holder may give rise to tax liability, as discussed in section entitled "Statement of Possible Tax Benefits" on page 78.

77. *Legal investment considerations may restrict certain investment.*

The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) the NCDs are legal investments for it, (ii) the NCDs can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of the NCDs.

78. *The NCDs are subject to the risk of change in law.*

The terms and conditions of the NCDs are based on Indian law in effect as of the date of issue of the relevant NCDs. No assurance can be given as to the impact of any possible judicial decision or change to Indian law or administrative practice after the date of issue of the relevant NCDs and any such change could materially and adversely impact the value of any NCDs affected by it.

79. *The Issuer, being a listed NBFC company is not required to maintain a debenture redemption reserve (“DRR”).*

Our Equity Shares are listed on BSE and NSE. Pursuant to a Ministry of Corporate Affairs notification dated August 16, 2019 amending Section 71 of the Companies Act, 2013 and Rule 18 (7) of the Companies (Share Capital and Debentures) Rules, 2014, a listed company is not required to maintain DRR for debentures issued through a public issue. Hence, investors shall not have the benefit of reserve funds to cover the re-payment of the principal and interest on the NCDs.

The rating given by the Credit Rating Agency is valid as on the date of this Shelf Prospectus and shall remain valid until the ratings are revised or withdrawn. Ratings issued by India Ratings & Research will continue to be valid for the life of the instrument unless withdrawn or reviewed India Ratings & Research Private Limited, in terms of the rating agreement dated July 19, 2022. These ratings are not a recommendation to buy, sell or hold securities and investors should take their own decisions. These ratings are subjected to a periodic review during which they may be raised, affirmed, lowered, withdrawn, or placed on Rating Watch at any time on the basis of factors such as new information. The rating should be evaluated independently of any other rating. The Credit Rating Agency’s website will have the latest information on all its outstanding ratings. In case of any change in credit ratings till the listing of NCDs, our Company will inform the investors through public notices/ advertisements in all those newspapers in which pre issue advertisement has been given. In case of any change in credit ratings till the listing of NCDs, our Company will inform the investors through public notices/ advertisements in all those newspapers in which pre issue advertisement has been given. For the rating, rating rationale and press release for the above ratings, see Annexure A of this Shelf Prospectus.

Disclaimer Statement of India Ratings & Research Private Limited

In issuing and maintaining its ratings, India Ratings relies on factual information it receives from issuers and underwriters and from other sources India Ratings believes to be credible. India Ratings conducts a reasonable investigation of the factual information relied upon by it in accordance with its ratings methodology, and obtains reasonable verification of that information from independent sources to the extent such sources are available for a given security.

The manner of India Ratings factual investigation and the scope of the third-party verification it obtains will vary depending on the nature of the rated security and its issuer, the requirements and practices in India where the rated security is offered and sold, the availability and nature of relevant public information, access to the management of the issuer and its advisers, the availability of pre-existing third-party verifications such as audit reports, agreed-upon procedures letters, appraisals, actuarial reports, engineering reports, legal opinions and other reports provided by third parties, the availability of independent and competent third-party verification sources with respect to the particular security or in the particular jurisdiction of the issuer, and a variety of other factors.

Users of India Ratings’ ratings should understand that neither an enhanced factual investigation nor any third-party verification can ensure that all of the information India Ratings relies on in connection with a rating will be accurate and complete. Ultimately, the issuer and its advisers are responsible for the accuracy of the information they provide to India Ratings and to the market in offering documents and other reports. In issuing its ratings India Ratings must rely on the work of experts, including independent auditors with respect to financial statements and attorneys with respect to legal and tax matters. Further, ratings are inherently forward-looking and embody assumptions and predictions about future events that by their nature cannot be verified as facts. As a result, despite any verification of current facts, ratings can be affected by future events or conditions that were not anticipated at the time a rating was issued or affirmed.

India Ratings seeks to continuously improve its ratings criteria and methodologies, and periodically updates the descriptions on its website of its criteria and methodologies for securities of a given type. The criteria and methodology used to determine a rating action are those in effect at the time the rating action is taken, which for public ratings is the date of the related rating action commentary. Each rating action commentary provides information about the criteria and methodology used to arrive at the stated rating, which may differ from the general criteria and methodology for the applicable security type posted on the website at a given time. For this reason, you should always consult the applicable rating action commentary for the most accurate information on the basis of any given public rating.

Ratings are based on established criteria and methodologies that India Ratings is continuously evaluating and updating. Therefore, ratings are the collective work product of India Ratings and no individual, or group of individuals, is solely responsible for a rating. All India Ratings reports have shared authorship. Individuals identified in an India Ratings report were involved in, but are not solely responsible for, the opinions stated therein. The individuals are named for contact purposes only.

Ratings are not a recommendation or suggestion, directly or indirectly, to you or any other person, to buy, sell, make or hold any investment, loan or security or to undertake any investment strategy with respect to any investment, loan or security or any issuer. Ratings do not comment on the adequacy of market price, the suitability of any investment, loan or security for a particular investor (including without limitation, any accounting and/or regulatory treatment), or the tax-exempt nature or taxability of payments made in respect of any investment, loan or security. India Ratings is not your advisor, nor is India Ratings providing to you or any other party any financial advice, or any legal, auditing, accounting, appraisal, valuation or actuarial services. A rating should not be viewed as a replacement for such advice or services. Investors may find India Ratings' ratings to be important information, and India Ratings notes that you are responsible for communicating the contents of this letter, and any changes with respect to the rating, to investors.

It will be important that you promptly provide us with all information that may be material to the ratings so that our ratings continue to be appropriate. Ratings may be raised, lowered, withdrawn, or placed on Rating Watch due to changes in, additions to, accuracy of or the inadequacy of information or for any other reason India Ratings deems sufficient.

Nothing in this letter is intended to or should be construed as creating a fiduciary relationship between India Ratings and you or between India Ratings and any user of the ratings.

Impersonation

As a matter of abundant precaution, attention of the investors is specifically drawn to the provisions of sub-Section (1) of Section 38 of the Companies Act, 2013, relating to punishment for fictitious applications. Section 38(1) of the Companies Act, 2013 provides that:

“Any person who —

- (a) makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or*
- (b) makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or*
- (c) otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name,*

shall be liable for action under Section 447.”

The liability prescribed under Section 447 of the Companies Act 2013 for fraud involving an amount of at least ₹ 0.1 crores or 1.00% of the turnover of our Company, whichever is lower, includes imprisonment for a term which shall not be less than six months extending up to 10 years (provided that where the fraud involves public interest, such term shall not be less than three years) and fine of an amount not less than the amount involved in the fraud, extending up to three times of such amount. In case the fraud involves (i) an amount which is less than ₹ 0.1 crores or 1.00% of the turnover of our Company, whichever is lower; and (ii) does not involve public interest, then such fraud is punishable with an imprisonment for a term extending up to five years or a fine of an amount extending up to ₹ 0.5 crores or with both.

Recovery Expense Fund

Our Company will create a recovery expense fund in the manner as specified by SEBI in circular no. SEBI/HO/MIRSD/CRADT/CIR/P/2020/207 dated October 22, 2020 as amended from time to time and Regulation 11 of SEBI NCS Regulations with the Designated Stock Exchange and informed the Debenture Trustee regarding the creation of such fund. The Recovery expense fund may be utilised by Debenture Trustee, in the event of default by our Company under the terms of the Debenture Trust Deed, for taking appropriate legal action to enforce the security.

Underwriting

The Issue is not underwritten.

Arrangers to the Issue

There are no arrangers to the Issue.

Guarantor to the Issue

There are no guarantors to the Issue.

Minimum subscription

In terms of the SEBI NCS Regulations, for an issuer undertaking a public issue of debt securities the minimum subscription for public issue of debt securities shall be 75% of the Base Issue Size. If our Company does not receive the minimum subscription of 75% of Base Issue Size, prior to the Issue Closing Date the entire Application Amount shall be unblocked in the relevant ASBA Account(s) of the Applicants within 8 Working Days from the Issue Closing Date or such time as may be specified by SEBI. The Application Amount shall be transferred to the Public Issue Account from the respective ASBA Accounts, such Application Amount shall be refunded from the Refund Account to the relevant ASBA Accounts(s) of the Applicants. The refunded subscription amount shall be credited only to the account from which the relevant subscription amount was remitted. In the event, there is a delay by our Company in unblocking the aforesaid ASBA Account within the prescribed time limit our Company will become liable to refund the Application Amount along with interest at the rate of 15 (fifteen) percent per annum for the delayed period.

Under Section 39(3) of the Companies Act, 2013 and Rule 11(2) of the Companies (Prospectus and Allotment of Securities) Rules, 2014 if the stated minimum subscription amount is not received within the specified period, the application money received is to be credited only to the bank account from which the subscription amount was remitted. To the extent possible, where the required information for making such refunds is available with our Company and/or Registrar, refunds will be made to the account prescribed. However, where our Company and/or Registrar does not have the necessary information for making such refunds, our Company and/or Registrar will follow the guidelines prescribed

by SEBI in this regard included in the SEBI Operational Circular.

Our Company confirms that for the purpose of this Issue, summary of the project appraisal report will not be applicable.

Schedule of implementation of the project

Our Company confirms that for the purpose of this Issue, schedule of implementation of the project will not be applicable.

Monitoring of utilization of funds

There is no requirement for appointment of a monitoring agency in terms of the SEBI NCS Regulations. The Audit Committee of our Company shall monitor the utilisation of the proceeds of the Issue. Our Company will disclose in our Company's financial statements for the relevant financial year commencing from Fiscal 2023, the utilisation of the proceeds of the Issue under a separate head along with details, if any, in relation to all such proceeds of the Issue that have not been utilised thereby also indicating investments, if any, of such unutilized proceeds of the Issue. Our Company shall utilize the proceeds of the Issue only upon receipt of minimum subscription, i.e. 75% of base issue relating to each Tranche Issue, the execution of the documents for creation of security and the Debenture Trust Deed and receipt of final listing and trading approval from the Stock Exchanges. Our Company, within forty-five days from the end of every quarter, submit to the stock exchange, a statement indicating the utilization of issue proceeds of non-convertible securities, which shall be continued to be given till such time the issue proceeds have been fully utilised or the purpose for which these proceeds were raised has been achieved.

Interim use of proceeds

Our Management, in accordance with the policies formulated by it from time to time, will have the flexibility in deploying the proceeds received from the Issue. Pending utilization of the proceeds out of the Issue for the purposes described above, our Company intends to temporarily invest funds in high quality interest/ non- interest bearing liquid instruments including money market mutual funds, deposits with banks, current account of banks or temporarily deploy the funds in investment grade interest bearing securities as may be approved by our Board of Directors or a committee thereof. Such investment would be in accordance with the investment policies approved by the Board or any committee thereof from time to time.

Other Confirmations

In accordance with the SEBI NCS Regulations, our Company will not utilize the proceeds of the Issue for providing loans to or acquisition of shares of any person or company who is a part of the Promoter Group or Group Companies.

Proceeds from the Issue shall not be utilised towards full or part consideration for the purchase or any other acquisition, *inter alia* by way of a lease, of any immovable property. No part of the proceeds from the Issue will be paid by us as consideration to our Promoter, the Directors, Key Managerial Personnel, or companies promoted by our Promoter except in ordinary course of business.

No part of the proceeds from the Issue will be utilized for buying, trading or otherwise dealing in equity shares of any listed company. Further our Company undertakes that Issue proceeds from NCDs allotted to banks shall not be used for any purpose, which may be in contravention of the RBI guidelines including those relating to classification as capital market exposure or any other sectors that are prohibited under the RBI Regulations.

Our Company confirms that it will not use the proceeds from the Issue, directly or indirectly, for the purchase of any business or in the purchase of any interest in any business whereby our Company shall become entitled to an interest in either the capital or profit or losses or both in such business exceeding 50% thereof, the purchase or acquisition of any immovable property (direct or indirect) or acquisition of securities of any other body corporate.

The fund requirement as above is based on our current business plan and is subject to change in light of variations in external circumstances or costs, or in our financial condition, business or strategy. Our management, in response to the competitive and dynamic nature of the industry, will have the discretion to revise its business plan from time to time and consequently our funding requirements and deployment of funds may also change.

There is no contribution being made or intended to be made by the Directors as part of the Issue or separately in furtherance of the Objects of the Issue.

General Corporate Purposes

Our Company intends to deploy up to 25% of the amount raised and allotted in the Issue for general corporate purposes, including but not restricted to routine capital expenditure, renovations, strategic initiatives, meeting any expenditure in relation to our Company as well as meeting exigencies which our Company may face in the ordinary course of business, or any other purposes as may be approved by our Board of Directors or duly authorized committee thereof.

Variation in terms of contract or objects in this Shelf Prospectus

Our Company shall not, in terms of Section 27 of the Companies Act, 2013, at any time, vary the terms of the objects for which this Shelf Prospectus is issued, except as may be prescribed under the applicable laws and specifically under Section 27 of the Companies Act, 2013. Further, in accordance with the SEBI Listing Regulations, in case of any material deviation in the use of proceeds as compared to the objects of the issue, the same shall be indicated in the format as specified by SEBI from time to time.

Benefit / interest accruing to Promoter/Directors out of the object of the Issue

Neither our Promoter nor the Directors of our Company are interested in the Objects of this Issue.

Utilisation of Issue Proceeds

Our Board of Directors certifies that:

- (i) all monies received out of the Issue of the NCDs to the public shall be transferred to a separate bank account maintained with a scheduled bank, other than the bank account referred to in section 40(3) of the Companies Act 2013 and the SEBI NCS Regulations, and our Company will comply with the conditions as stated therein, and these monies will be transferred to Company's bank account after receipt of listing and trading approvals;

Management’s Responsibility

The preparation of this Statement as of the date of our certificate which is to be included in the Shelf Prospectus and relevant Tranche Prospectus(es) (the “**Offering Documents**”) is the responsibility of the management of the Company.

This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and presentation of the Statement, and applying an appropriate basis of preparation; and making estimates that are reasonable in the circumstances. The management is also responsible for identifying and ensuring that the Company complies with the laws and regulations applicable to its activities.

Our Responsibility

Our work has been carried out in accordance with Standards on Auditing, the ‘Guidance Note on Reports or Certificates for Special Purposes (Revised 2016)’ and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India.

Pursuant to the Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021, as amended (the “**SEBI NCS Regulations**”) and the Companies Act 2013 (“**Act**”), it is our responsibility to examine whether the Statement prepared by the Company, in all material respects, reflects the current position of possible tax benefits available to the debenture holders of the Company. For this purpose, we have read the Statement as given in Annexure I and evaluated with reference to the provisions of the IT Act to confirm that statements made are correct in all material respect.

We draw attention to the fact that the Statement includes certain inherent limitations that can influence the reliability of the information. The benefits discussed in the enclosed Annexure I are not exhaustive. Several of these benefits are dependent on the Investors fulfilling the conditions prescribed under the relevant tax laws. Therefore, the ability of Investors to derive the tax benefits is dependent on fulfilling such conditions.

The Statement is only intended to provide general information and is neither designed nor intended to be a substitute for the professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult their own tax consultant with respect to specific tax implications arising out of their participation. Neither are we suggesting nor advising the investor to invest money based on this Statement.

We do not express any opinion or provide any assurance as to whether:

- i) debenture holders of the Company will continue to obtain the benefits as per the Statement in future;
- ii) the conditions prescribed for availing the benefits as per the Statement have been/would be met with; or

iii) the revenue authorities/ courts will concur with the views expressed herein.

The contents of the enclosed statement are based on information, explanations and representations obtained from the Company and on the basis of our understanding of the business activities and operations of the Company. We have relied upon the information and documents of the Company being true, correct and complete and have not audited or tested them. Our view, under no circumstances, is to be considered as an audit opinion under any regulation or law. No assurance is given that the revenue authorities/ courts will concur with the views expressed herein.

Our views are based on existing provisions of law and its interpretation, which are subject to change from time to time. We do not assume any responsibility to update the views consequent to such changes.

In our opinion, the Statement of Tax Benefits prepared by the Company as set out in Annexure I materially covers all tax benefits available as at the date of our report to Debenture Holders, in accordance with provisions of the IT Act as amended.

Annexure- I

ANNEXURE TO THE STATEMENT OF SPECIAL TAX BENEFITS AVAILABLE TO CREDITACCESS GRAMEEN LIMITED ("THE COMPANY") AND THE COMPANY'S DEBENTUREHOLDERS

The following tax benefits will be available to the debenture holders as per the existing provisions of law. The tax benefits are given as per the prevailing tax laws on the provisions of the Income Tax Act, 1961, as on date, taking into account the amendments made by the Finance Act, 2022, and may vary from time to time in accordance with amendments to the law or enactments thereto. The Debenture Holder is advised to consider the tax implications in respect of subscription to the Debentures after consulting his tax advisor as alternate views are possible.

This Annexure intends to provide general information on the applicable provisions of the IT Act. It is not exhaustive or comprehensive and is not intended to be a substitute for professional advice. Several of these benefits are dependent on the Company or its Debenture Holders fulfilling the conditions prescribed under the relevant provisions of the Income-tax Act, 1961. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the Issue, particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation on the benefits, which an investor can avail. Neither are we suggesting nor advising the investor to invest money based on this Statement.

Implications under Income Tax Act, 1961

To Resident Debenture holders (resident as defined under Section 6 of the Income Tax Act, 1961)

A. In respect of Interest on Debentures (NCD)

1. Interest on NCD received by Debenture Holders would be subject to income tax at the normal rates of tax in accordance with and subject to the provisions of the Income Tax Act, 1961. Interest will be assessed to Income tax on receipt basis or mercantile basis (accrual basis) depending on the method of accounting regularly employed by the NCD holder under Section 145 of the Income Tax Act, 1961.
2. Income Tax is deductible at source on interest on debentures held by resident Indians as per the provisions of Section 193 of the Income Tax Act, 1961. However, no income tax is deductible under section 193 in the case of residents where such debentures are in dematerialized form and is listed on a recognized stock exchange. Accordingly, tax will not be withheld by the company from payment of interest on NCD held by a person resident in India.
3. As already mentioned, withholding tax is not applicable under section 193 of the Income Tax Act if the Debentures are held in dematerialized form. However, after the issue of debentures, if any debenture holder converts the NCD into physical form, withholding tax will be applicable. However, tax will be deducted at source at reduced rate or no tax will be deducted at source in the following cases:
 - a) When the Assessing Officer issues a certificate on an application by a Debenture Holder on satisfaction that the total income of the Debenture holder justifies no/lower deduction of tax at source as per the provisions of Section 197(1) of the I.T. Act; and that certificate is filed with the Company before the prescribed date of closure of books for payment of debenture interest;
 - b)
 - i. When the resident Debenture Holder with Permanent Account Number ('PAN') (not being a company or a firm) submits a declaration as per the provisions of Section 197A(1A) of the I.T. Act in the prescribed Form 15G verified in the prescribed manner to the effect that the tax on his estimated total income of the financial year in which such income is to be included in computing his total income will be NIL. However, under Section 197A(1B) of the I.T. Act, Form 15G cannot be submitted nor considered for exemption from tax deduction at source if the dividend income referred to in Section 194, interest on securities, interest, withdrawal from NSS and income from units of mutual fund or of Unit Trust of India as the case may be or the aggregate of the amounts of such incomes credited or paid or likely to be credited or paid during the financial year in which such income is to be included exceeds the maximum amount which is not chargeable to income tax.

- ii. Senior citizens, who are 60 or more years of age at any time during the financial year, enjoy the special privilege to submit a self-declaration in the prescribed Form 15H for non-deduction of tax at source in accordance with the provisions of Section 197A(1C) of the I.T. Act even if the aggregate income credited or paid or likely to be credited or paid exceeds the maximum amount not chargeable to tax, provided that the tax due on the estimated total income of the year concerned will be NIL.
- iii. In all other situations, tax would be deducted at source as per prevailing provisions of the I.T. Act. Form No.15G with PAN / Form No.15H with PAN / Certificate issued u/s 197(1) has to be filed with the Company before the prescribed date of closure of books for payment of debenture interest without any withholding tax.

B. In respect of Capital Gains

1. *Long-Term Capital Gains*

Under Section 2(29AA) read with section 2(42A) of the Income Tax Act, 1961, Listed Debentures held as Capital Asset as defined under section 2(14) of the Income Tax Act, 1961 is treated as long term capital asset if it is held for more than 12 Months. Debentures held as capital asset for a period of 12 Months or less will be treated as short term capital asset.

Long Term Capital Gain will be chargeable to tax under Section 112 of the Income Tax Act at the rate of 20% (plus applicable surcharge and education cess). However, in the case of listed debentures, as per first proviso to section 112(1) of the Income Tax Act, 1961, tax payable is only 10% (plus applicable surcharge and education cess). No indexation benefit is available for debentures. Hence, the tax payable on long term capital gains on transfer of NCD will be 10% (plus applicable surcharge and education cess) and the capital gains have to be computed without indexation.

In case of an individual or HUF, being a resident, where the total income as reduced by such long-term capital gains is below the maximum amount which is not chargeable to income-tax, then, such long-term capital gains shall be reduced by the amount by which the total income as so reduced falls short of the maximum amount which is not chargeable to income-tax and the tax on the balance of such long-term capital gains shall be computed at the rate mentioned above.

2. *Short-Term Capital Gains*

Listed Debentures held as capital asset under Section 2(14) of the Income Tax Act, 1961 for a period of not more than 12 months would be treated as Short term capital asset under Section 2(42A) of the Income Tax Act, 1961. Short Term Capital Gains on transfer of NCD will be taxed at the normal rates of tax in accordance with the provisions of the Income tax Act, 1961. The provisions relating to maximum amount not chargeable to tax would apply to short term capital gains.

3. *Capital Loss on transfer of Debentures*

As per Section 74 of the I.T. Act, short-term capital loss on transfer of debentures suffered during the year is allowed to be set-off against short-term as well as long-term capital gains of the said year. Balance loss, if any could be carried forward for eight years for claiming set-off against subsequent years' short term as well as long-term capital gains. Long-term capital loss on debentures suffered during the year is allowed to be set-off only against long-term capital gains. Balance loss, if any, could be carried forward for eight years for claiming set-off against subsequent year's long-term capital gains.

4. *Exemption available for Individuals and HUF for Long Term Capital gains U/s 54F of the Income Tax Act, 1961*

As per the provisions of Section 54F of the I.T. Act, any long-term capital gains on transfer of a long term capital asset arising to a Debenture Holder who is an individual or Hindu Undivided Family, is exempt from tax if the entire net sales consideration is utilized, within a period of one year before, or two years after the date of transfer, in purchase of a new residential house in India, or for construction of residential house in India within three years from the date of transfer subject to conditions. If part of such net sales consideration is invested within the prescribed period in a residential house, then such gains would be chargeable to tax on a proportionate basis. This exemption is available, subject to the conditions stated therein.

C. In respect of Business Income

In case the Debentures are held as stock in trade by the debenture holder, the income/loss from transfer of debentures would be taxed as Income from Business. Such income is to be computed in accordance with the Income Computation and Disclosure Standard VIII, which is notified by the Ministry of Finance, Government of India under Section 145(2) of the Income Tax Act, 1961. Where debentures are held as stock in trade and unpaid interest has accrued before acquisition of Debentures and is included in the price paid for the Debentures, subsequent receipt of interest is to be allocated between pre-acquisition and post-acquisition periods, the pre-acquisition portion of the interest is reduced from the actual cost and is to be treated as interest. In the case of Debentures held by Scheduled Bank and Public Financial Institutions, income is to be recognized in accordance with the guidelines issued by the Reserve Bank of India in this regard.

D. Debentures received as gift without consideration or inadequate consideration

As per section 56(2)(x) of the Income Tax Act, 1961, except in cases which are specifically exempted under this clause (such as gift received from relative as defined under the section), where the debentures are received without consideration where the aggregate market value of all gifts received exceeds Rs. 50,000/- the aggregate market value of the debentures shall be taxable as income in the hands of the recipient. Similarly, if debentures are received for inadequate consideration, the shortfall in the consideration will be treated as income of the recipient subject to the provisions contained in section 56(2)(x) of the Income Tax Act, 1961. There is no gift tax for the Donor of the Debentures.

Implications under Income Tax Act, 1961

To Non-Resident Debenture holders (as defined under Section 6 of the Income Tax Act, 1961)

1. A Non – Resident Indian has an option to be governed by Chapter XII – A of the I.T. Act, subject to the provisions contained therein which are given in brief as under:
 - a. As per Section 115E of the I.T. Act, interest income from debentures acquired or purchased with or subscribed to in convertible foreign exchange will be taxable at 20%, whereas, long term capital gains on transfer of such Debentures will be taxable at 10% of such capital gains without indexation of cost of acquisition. Short-term capital gains will be taxable at the normal rates of tax in accordance with and subject to the provisions contained therein.
 - b. As per Section 115G of the I.T. Act, it shall not be necessary for a non-resident Indian to file a return of income under Section 139(1) of the I.T. Act, if his total income consists only of investment income as defined under Section 115C and/or long term capital gains earned on transfer of such investment acquired out of convertible foreign exchange, and the tax has been deducted at source from such income under the provisions of Chapter XVII- B of the I.T. Act in accordance with and subject to the provisions contained therein.
 - c. As per Section 115H of the I.T. Act, where a non-resident Indian becomes a resident in India in any subsequent year, he may furnish to the Assessing Officer a declaration in writing along with return of income under Section 139 for the assessment year for which he is assessable as a resident, to the effect that the provisions of Chapter XII – A shall continue to apply to him in relation to the investment income (other than on shares in an Indian Company) derived from any foreign exchange assets in accordance with and subject to the provisions contained therein. On doing so, the provisions of Chapter XII – A shall continue to apply to him in relation to such income for that assessment year and for every subsequent assessment year until the transfer or conversion (otherwise than by transfer) into money of such assets.
 - d. As per Section 115D (1) of the I.T. Act, 1961, no deduction in respect of any expenditure or allowance shall be allowed under any provisions of the IT Act, 1961 in the computation of income of a non-resident Indian under Chapter XII – A of the I. T. Act, 1961.
 - e. In accordance with and subject to the provisions of Section 115I of the I. T. Act, 1961, a Non-Resident Indian may opt not to be governed by the provisions of Chapter XII – A of the I. T. Act.
 - f. Long Term capital gains on transfer of listed debentures would be subject to tax at the rate of 10% computed without indexation.

- g. Interest income and Short – term capital gains on the transfer of listed debentures, where debentures are held for a period of not more than 12 months preceding the date of transfer, would be taxed at the normal rates of tax in accordance with and subject to the provisions of the I.T. Act, 1961.
 - h. Where debentures are held as stock in trade, the income on transfer of debentures would be taxed as business income or loss in accordance with and subject to the provisions of the I. T. Act, 1961.
2. Under Section 195 of the I. T. Act, the applicable rate of tax deduction at source is 20% on investment income and 10% on any long-term capital gains as per Section 115E, and 30% for Short Term Capital Gains if the payee debenture Holder is a Non Resident Indian.
 3. As per Section 74 of the I. T. Act, short-term capital loss on transfer of debentures suffered during the year is allowed to be set-off against short-term as well as long-term capital gains of the said year. Balance loss, if any could be carried forward for eight years for claiming set-off against subsequent years' short-term as well as long term capital gains. Long-term capital loss on debentures suffered during the year is allowed to be set-off only against long-term capital gains. Balance loss, if any, could be carried forward for eight years for claiming set-off against subsequent year's long-term capital gains.
 4. The income tax deducted shall be increased by applicable surcharge and health and education cess.
 5. As per Section 90(2) of the I.T. Act read with the Circular No. 728 dated October 30, 1995 issued by the Central Board of Direct Taxes, in the case of a remittance to a country with which a Double Tax Avoidance Agreement (DTAA) is in force, the tax should be deducted at the rate provided in the Finance Act of the relevant year or at the rate provided in the DTAA, whichever is more beneficial to the assessee. However, submission of tax residency certificate (TRC), is a mandatory condition for availing benefits under any DTAA. If the tax residency certificate does not contain the prescribed particulars as per CBDT Notification 57/2013 dated August 1, 2013, a self-declaration in Form 10F would need to be provided by the assessee along with TRC.
 6. Alternatively, to avail non deduction or lower deduction of tax at source, as the case may be, the Debenture Holder should furnish a certificate under Section 195(2) and 195(3) of the I.T. Act, from the Assessing Officer before the prescribed date of closure of books for payment of debenture interest.
 7. In case the Debentures are held as stock in trade by the debenture holder, the income/loss from transfer of debentures would be taxed as Income from Business. Such income is to be computed in accordance with the Income Computation and Disclosure Standard VIII, which is notified by the Ministry of Finance, Government of India under Section 145(2) of the Income Tax Act, 1961. Where debentures are held as stock in trade and unpaid interest has accrued before acquisition of Debentures and is included in the price paid for the Debentures, subsequent receipt of interest is to be allocated between pre-acquisition and post-acquisition periods, the preacquisition portion of the interest is reduced from the actual cost and is to be treated as interest. In the case of Debentures held by Scheduled Bank, income is to be recognized in accordance with the guidelines issued by the Reserve Bank of India in this regard.
 8. As per section 56(2)(x) of the Income Tax Act, 1961, except in cases which are specifically exempted under this clause (such as gift received from relative as defined under the section), where the debentures are received without consideration where the aggregate market value of all gifts received exceeds Rs. 50,000/- the aggregate market value of the debentures shall be taxable as income in the hands of the recipient. Similarly, if debentures are received for inadequate consideration, the shortfall in the consideration will be treated as income of the recipient subject to the provisions contained in section 56(2)(x) of the Income Tax Act, 1961. There is no gift tax for the Donor of the Debentures.
 9. As per the provisions of Section 54F of the I.T. Act, any long-term capital gains on transfer of a long term capital asset arising to a Debenture Holder who is an individual or Hindu Undivided Family, is exempt from tax if the entire net sales consideration is utilized, within a period of one year before, or two years after the date of transfer, in purchase of a new residential house in India, or for construction of residential house in India within three years from the date of transfer subject to conditions. If part of such net sales consideration is invested within the prescribed period in a residential house, then such gains would be chargeable to tax on a proportionate basis. This exemption is available, subject to the conditions stated therein.

Implications under Income Tax Act, 1961

Overview of Global Economy:

Global growth prospects have turned gloomier over the month. Easing of supply chain pressures and the recent ebbing of commodity prices are providing some breather from record high inflation. In India, supply conditions are improving, with the recent monsoon pick-up, strong momentum in manufacturing and a rebound in services. The onset of festival season should boost consumer demand, including rural, also as sowing activity picks up. Robust central government capital outlays are supporting investment activity. Inflation has edged down, but its persistence at elevated levels warrants appropriate policy responses to anchor expectations going forward.

The pace of global growth has tapered off in recent months amidst volatile financial conditions and persisting uncertainty surrounding the geo-political situation. Heightened recession risks are shadowing aggressive and synchronized monetary tightening across jurisdictions. In its July 2022 update of the World Economic Outlook (WEO), the International Monetary Fund (IMF) revised down its global growth projection by 40 basis points (bps) for 2022 and by 70 bps for 2023 to 3.2 per cent and 2.9 per cent, respectively. In a downside scenario characterized by a drastic fall in energy imports from Russia, elevated and persistent inflation expectations and tighter financial markets conditions, global growth may fall further to about 2.6 per cent and 2.0 per cent in 2022 and 2023 respectively⁷ (Table 1).

The updated nowcasts of global GDP for Q2:2022 point to global growth momentum entering the contractionary zone. This is also reflected in the movement of high frequency indicators.

(Source: RBI bulletin August 2022, Volume LXXVI Number 8)

In spite of the moderation in commodity prices and supply chain pressures, the globalisation of inflation and its persistence remains the major fault line in the evolving global outlook. In July 2022, the IMF revised up its inflation projection by 0.9 percentage points for AEs to 6.6 per cent and by 0.8 percentage points for emerging market and developing economies (EMDEs) to 9.5 per cent (relative to projections in the April 2022 WEO), driven by food and energy prices as well as supply-demand imbalances.

Overview of the Indian economy:

The Indian economy has naturally been impacted by the global economic situation. We have been grappling with the problem of high inflation. Financial markets have remained uneasy despite intermittent corrections. Nevertheless, with strong and resilient fundamentals, India is expected to be amongst the fastest growing economies during 2022-23 according to the IMF, with signs of inflation moderating over the course of the year. Export of goods and services together with remittances are expected to keep the current account deficit within sustainable limits. The decline in external debt to GDP ratio, net international investment position to GDP ratio and debt service ratio during 2021-22 impart resilience against external shocks.

Domestic economic activity is exhibiting signs of broadening. The south-west monsoon rainfall and reservoir levels are above normal; kharif sowing is progressing well, although it is marginally below last year's level due to uneven rainfall distribution. On the demand side, indicators such as production of consumer durables, domestic air passenger traffic and sale of passenger vehicles suggest improvement in urban demand. Rural demand indicators, however, exhibited mixed signals – while two-wheeler sales increased, tractor sales contracted in June over a high base though.

For the year 2022, the International Monetary Fund (IMF) projects global growth at 3.2 per cent in 2022, lower than 6.1 per cent in 2021. India is projected to grow by 7.4 per cent in 2022. In spite of the pandemic and the war in Europe, India is going to contribute about 14 per cent of global growth. In fact, India is likely to be the **second most important** driver of global growth in 2022 after China.

Currently, India is the third largest economy in the world in terms of purchasing power parity (PPP) terms, with a share of 7 per cent of global GDP [after China (18 per cent) and the US (16 per cent)].

The OECD's 2021 calculations indicate that the Indian economy will overtake the US by 2048. This would make India the largest economy in the world after China.

Universe: Overall size

Overall position of the microfinance industry based on data sourced from **Equifax** on various category of lenders

including NBFC-MFIs, Banks, SFBs, NBFCs and other MFIs (including non- profit MFIs).

As on 31 March 2022, 12 Banks hold the largest share of portfolio in micro-credit with total loan outstanding of Rs 1,14,051 Cr, which is 40.0% of total micro-credit universe. NBFC-MFIs are second largest provider of micro- credit with a loan amount outstanding of Rs 1,00,407 Cr, accounting for 35.2% to total industry portfolio. SFBs have a total loan amount outstanding of Rs 48,314 Cr with total share of 16.9%. NBFCs account for another 6.9% and Other MFIs account for 1.0% of the universe. The table below captures the key portfolio and outreach number of the five-broad category of microfinance lenders.

Universe: Portfolio outstanding

The pie-chart shows the share of each peer group in the universe for loan amount outstanding as percentages.

The portfolio of NBFC-MFIs portfolio has increased by 24.7% and banks by 0.7%, SFBs portfolio by 17.4%, NBFCs portfolio has decreased by 9.1% and Other MFIs have increased by 9.5% (Based on loans originated after February 2017).

As shown in PAR trend graph, PAR>30 has shown a decreasing trend for NBFC-MFIs and NBFCs signifying recovery of portfolio health, whereas for Other MFIs it has stayed at the same level. For Banks and SFBs, the PAR levels have increased as compared to levels at the end of last FY.

NBFC-MFI Industry

This section is based on self-reported data of 55 NBFC-MFIs (MFIN Primary Members) up to state level. Analysis on NBFC-MFIs is based on data collected from 52 members for FY 21-22, that are registered with the Reserve Bank of India (RBI).

Data for the remaining Three Members pertain to previous quarters. Q2 FY 20-21 data of Adhikar has been used for aggregate analysis due to unavailability of Q3 FY 21-22 data. Similarly, data of Q3 FY 20-21 of Fino Finance and Q3 FY 21-22 of Sarala has been used, respectively.

Categorization of NBFC-MFI in the panel depends on the size of MFI in the current quarter. MFIs with GLP below Rs 100 Cr are categorized as small, between Rs 100 Cr to 500 Cr as medium and > Rs 500 Cr as large. As on 31 March 2022, there are 13 Small, 17 medium and 25 large NBFC-MFIs.

Analysis on funding received during FY 2021-22 is based on data received from 50 Members including 13 Small, 13 Medium and 24 Large institutions.

For Asset & Liability Management (ALM) analysis, self-reported data of 45 NBFC-MFIs have been used including 12 small, 11 medium and 22 large institutions.

Highlights

Some highlights of Q4FY22/ financial year 2022 are as under:

- As on 31 March 2022, 3.4 Cr clients* have loan outstanding from NBFC-MFIs, which is 8.3% higher than clients as on 31 March 2021.
- The aggregate GLP of MFIs is Rs 96,561 Cr as on 31 March 2022, including owned portfolio Rs 82,458 Cr and managed portfolio (off BS) of Rs 14,104 Cr. The owned portfolio of MFIN members is about 82.1% of the NBFC-MFI universe portfolio of Rs 1,00,407 Cr.
- On a YoY basis GLP has increased by 19.4% as compared to 31 March 2021 and by 12.5% in comparison to 31 December 2021.
- Loan amount of Rs 83,354 Cr was disbursed in FY 21-22 through 2.3 Cr accounts, including disbursement of Owned as well as Managed portfolio. This is 44.9% higher than the disbursements made in FY 20-21.

- Average loan amount disbursed per account during FY 21-22 was Rs 37,020 which is an increase of around 8.5% in comparison to last financial year.
- As on 31 March 2022, the borrowings O/s were Rs 76,325 Cr. Other Banks (apart from Top 5 banks) contributed 40.1% of borrowings O/s followed by 21.2% from Non-Bank entity, 19.3% from Top 5 Banks, 12.6% from AIFIs, 3.9% from other sources and 3.0% from External Commercial Borrowings (ECB).
- During FY 21-22, NBFC-MFIs received a total of Rs 47,931 Cr in debt funding, which is 18.1% higher than FY 20-21. Other Banks contributed 44.2% of the total Borrowing received followed by Top 5 Banks 22.4%, Non- Bank entities 15.9%, AIFIs 11.2%, Others 4.9% and ECB 1.4%.
- Total equity increased by 15.2% as compared to end of FY 20-21 and is at Rs 21,419 Cr as on 31 March 2022.
- Portfolio at Risk (PAR)>30 days as on 31 March 2022 has increased to 9.7% as compared to 9.2% as on 31 March 2021.
- MFIs have presence in 27 states and 5 union territories.
- In terms of regional distribution of portfolio (GLP), East and North-East accounts for 31% of the total NBFC- MFI portfolio, South 27%, West 16%, North 15% and Central contributes 11%.

ALM Analysis

Asset to Liability + Equity Gap Analysis (up to 12 months), Rs Crore

It is evident that all sizes of NBFC-MFIs continue to be well placed in terms of ALM across various buckets. The gap (=assets – (liability + equity)) reduces across buckets. The overall gap was 61.7% of total assets for <1 month, 20.7% for 1 to <3 months, around 14.4% for 3 to <6 months and 20.2% for 6 to <12 months buckets for the overall sample. The gap in <1 month bucket was 42.1% for small, 69.8% for medium and 61.6% for large MFIs which seems comfortable.

The gap for >12 months was negative across all categories mainly because of smaller value of portfolio maturing (39.6% of total on balance sheet portfolio) in comparison to amount of borrowing maturing (43.9% of total loan and interests repayable) in this bucket.

It is evident from the ALM analysis that **borrowings of MFIs are of longer term** while **assets are of shorter- term**.

Cost of funds and pricing

At an industry level average cost of funds for FY 21-22 is 12.0% and Median Cost of funds is 12.1%. Overall spread of cost of funds ranges from 9.0% to 16.5%. For,

- Large MFIs, the range is between 9.1% to 15.0%.
- Medium MFIs, range is between 10.7% to 16.5%.
- Small MFIs, range is between 9.0% to 15.8%.

Note: Interest rate as depicted in the above graph is the weighted average rate of interest charged by Member institutions on existing qualifying loan portfolio outstanding.

RBI's Regulatory Framework For Microfinance Loans:

Revised framework to harmonies microfinance regulations across lenders and provide more flexibility to NBFC-MFIs; however, increased indebtedness limit poses over-leveraging risk

Lenders in the microfinance finance industry in India comprise not only non-banking financial company - microfinance institutions (NBFC-MFIs), but also NBFC - investment and credit companies (NBFC-ICC), scheduled commercial banks (SCBs), small finance banks (SFBs) and others. However, the Reserve Bank of India's (RBI) regulations for microfinance lending activities are applicable only to NBFC-MFIs while the other lenders are governed by the respective regulatory frameworks as applicable to them. As the composition of the industry is tilted towards SCBs and SFBs, which have a majority share (~60%) of microfinance (excluding the self-help groups bank linkage programme) in the country while the NBFC-MFIs have a share of ~30%, there is a need for a harmonised regulatory framework.

Accordingly, the RBI had issued a consultation paper on regulation of microfinance on June 14, 2021 and has now issued its final regulations called - Master Direction - Reserve Bank of India (Regulatory Framework for Microfinance Loans) Directions, 2022" on March 14, 2022, which would be applicable from April 1, 2022. The said paper makes regulations lender agnostic and hence is applicable to all the RBI regulated entities (REs) involved in microfinancing activities including SCBs, SFBs and NBFC-ICCs. It also brings larger not-for-profit companies involved in microfinance activities

under the ambit of these regulations. The regulations aim to provide a level playing field to all the players involved in microfinancing activities. The impact of these regulations on some of the issues faced by the industry are as follows:

- **Over-leveraging and borrowers' repayment capacity**– As per the existing regulatory framework for the NBFC-MFIs, they must adhere to a cap on the lending amount and with respect to the number of lenders who can provide loans to a microfinance borrower. This is done to avoid over-leveraging at the borrower level. However, since the said regulation does not apply to other lenders, the borrower may borrow more from a lender other than an NBFC-MFI, thereby defeating the purpose.

The new rules are applicable to all the REs involved in microfinance activities and coupled with the focus on borrowers' repayment obligations in relation to their total household income, are targeted to prevent over-leveraging at the borrower level. However, the increase in the household income level would result in almost doubling of maximum permitted indebtedness of the borrowers. Further, divergence in household income assessment by different lenders (including digital lenders) and the removal on cap of number of lenders could pose the risk of over leveraging. The role of credit information companies (CIC) will be crucial in managing the flow of information however, it may take some time for processes to evolve.

The revised household income criteria would lead to increase in maximum indebtedness level of the households compared to current limits. Assuming a 22% rate of interest and tenure of 24 months, a household with an income of Rs. 3,00,000 would be eligible for a maximum loan of Rs. 2,40,000 compared to the existing borrowing limit of Rs. 1,25,000 per microfinance borrower.

- **Flexibility to NBFC-MFIs** – The current regulatory framework, including interest rate cap and other operational restrictions, was applicable to the NBFC-MFIs, whereas other lenders involved in microfinancing activities were not required to adhere to the same. With the revised regulatory framework, this issue would get resolved and the NBFC-MFIs would get a level playing field with other lenders and would also enjoy more flexibility, especially in risk-based pricing. However, they will have to put in place board-approved policies on household income assessment, loan pricing regulations and related aspects. In addition, increased data gathering, and enhanced disclosure requirements may slightly increase the operating expenses.

The removal of the pricing cap is expected to make the players compete on the pricing of loans, thus benefiting the borrowers in the long term. However, given the low interest rate elasticity in the sector and given the moderation in the profitability because of the Covid-19 induced stress, the industry is expected to witness some increase in interest rates in the near term.

On an overall basis, the revised regulations provide flexibility to the NBFC-MFIs, increase the size of the addressable market for the industry and bring more information/disclosures for the benefit of the entire industry. However, at the same time, the increased loan limit would pose the risk of overleveraging. Further, it remains to be seen as to how some of the aspects, as mentioned below, would evolve:

- Household income level fluctuations and divergence in assessment criteria by different lenders
- Monitoring and reporting of data with CICs by all REs
- Impact of the increased competition and changes in underwriting policies of REs as the revised definition may bring other unsecured loan products under the ambit of microfinance
- Meeting enhanced disclosure requirements
- Managing differential risk-based pricing given the level of financial awareness of borrowers

Inability to manage the same may increase the asset quality risk for the REs going forward. However, increased information availability, cap on FOIR and prudence by both borrowers and lenders should help manage the risk ■ NBFC-MFIs will need to have well-documented policies for household income assessment. In addition, the operating cost may increase slightly for gathering and providing more data and undertaking more comprehensive credit bureau data checks vis-à-vis the data currently accessed by the MFIs

Industry Outlook – NBFC-MFIs:

Non-banking financial companies - microfinance institutions (NBFC-MFIs) were recovering from the aftermath of the first wave of the Covid-19 pandemic when the second wave hit the industry in Q1 FY2022. Disbursements declined significantly and the growth plunged in Q1 FY2022. Disbursements picked up again in Q2 FY2022, pushing up the growth in the assets under management (AUM) of NBFC-MFIs to around 5% (annualized) in H1 FY2022. In view of the muted performance in H1 FY2022, ICRA has revised the FY2022 growth outlook for the AUM of NBFC-MFIs to 12-14% though the recent rise in Covid-19 infections (third wave) poses further risk to the growth estimates. The growth rate in the AUM of NBFC-MFIs is estimated to improve to 18-22% in FY2023. Microfinance-focused small finance banks (SFBs) also faced a similar situation in FY2021 and H1 FY2022, though the growth rates observed by SFBs in the on-book portfolio was slightly higher than that observed by NBFC-MFIs. This is expected to keep the combined on-book portfolio growth of NBFC-MFIs and SFBs marginally better than that of NBFC-MFIs.

90+ dpd to decline slightly in H2 FY2022: The collection efficiency (CE) dipped by around 20-25% during April-May 2021 vis-à-vis the March 2021 level. However, with the gradual easing of restrictions, it bounced back by September 2021 to the March 2021 level. Notwithstanding the recovery in the CE in Q2 FY2022, the 90+ days past due (dpd) of

NBFC-MFIs (ICRA sample1) deteriorated to 6.6% as on September 30, 2021 from 5.3% as on March 31, 2021. ICRA expects the 90+ dpd to decline slightly in H2 FY2022, though it would remain elevated and would also depend on the impact of the ongoing third wave.

Healthy on-balance sheet liquidity maintained by large MFIs and SFBs: Large NBFC-MFIs (AUM>Rs. 1,500 Cr) and SFBs have been maintaining healthy on-balance sheet liquidity for the last few quarters and ICRA expects them to maintain healthy liquidity in the near term, given the challenging operating environment. ICRA estimates the combined external equity capital requirement for NBFC-MFIs and SFBs at Rs. 5,000-5,500 Cr over FY2022-FY2024, which would be primarily driven by SFBs as many large NBFC-MFIs have a comfortable leverage profile.

Negative outlook on NBFC-MFIs: ICRA continues to have a Negative outlook on NBFC-MFIs and remains cautious regarding the asset quality indicators. ICRA expects credit costs to remain elevated, though slightly better than the level observed in FY2021, which would keep the profitability subdued in FY2022 as well. The performance in FY2023 is expected to improve significantly with the expectation of an improvement in the operating profitability and a reduction in credit costs.

NBFC-MFIs' AUM Growth	12-14% in FY2022 18-22% in FY2023	Growth in AUM of NBFC-MFIs in FY2022 to remain moderate compared to the long-term average witnessed during pre-Covid times, though significant improvement in pace of growth is expected in FY2023; access to adequate funding would be critical as demand remains buoyant SFBs are expected to witness slightly higher growth rates, which would keep growth rates in on-book portfolios of NBFC-MFIs and SFBs combined higher than that of NBFC-MFIs
Credit Costs	To remain elevated in FY2022, though slightly better than FY2021	With continued uncertainty on asset quality and the ability of NBFC-MFIs to recover from overdue/restructured accounts, credit costs expected to remain elevated in FY2022 The standard outstanding restructured portfolio of NBFC-MFIs (ICRA sample) was at 10.7% of the AUM as on September 30, 2021; ICRA expects some decline in the same by March 2022, driven by amortisation and slippages
Funding and Liquidity of NBFC-MFIs	Rs. 5,000-5,500 crore in FY2022	Liquidity to remain comfortable for most entities; funding required in FY2022 to support growth, apart from refinancing existing/maturing lines, is estimated at Rs. 5,000-5,500 crore for NBFC-MFIs. The requirement of NBFC-MFIs and SFBs combined is expected to be Rs. 17,000-17,500 crore Continuation of Reserve Bank of India (RBI)/Government initiatives would be critical
Profitability (RoMA) of NBFC-MFIs	FY2022 = >50% below pre-Covid level (FY2020) FY2023 = ~30% lower than pre-Covid (FY2020)	Profitability metrics on uptrend, however, pressures to persist in FY2022 due to higher credit costs; with reduction in credit costs, profitability expected to improve further in FY2023, though the same would remain below the pre-Covid level (FY2020) Profitability of NBFC-MFIs and SFBs combined expected to remain subdued in FY2022; healthy improvement expected in FY2023
Capital	Comfortable	Moderate capital requirement, primarily driven by SFBs, to meet envisaged growth over FY2022-FY2024 Large MFIs expected to be comfortably placed with respect to leverage profile

Growth Trends

In Q1 FY2022, the country witnessed the second wave of the pandemic. Though it remained severe across the nation for a shorter period, the number of infections was significantly higher compared to the first wave in H1 FY2021. This led to the imposition of lockdowns/restrictions in states and Union Territories (UTs), which again disrupted economic activity. Moreover, during the second wave, rural areas witnessed a significant surge in Covid-19 infections compared to the relatively lower impact during the first wave. Thus, the recovery witnessed by the industry in H2 FY2021 was again challenged. The disruptions so caused impacted the growth of the microfinance industry in H1 FY2022 as the movement of people was greatly hindered and the entities focused on collections instead of disbursements. The AUM of NBFC-MFIs witnessed an annualised growth of 5% in H1 FY2022 to Rs. 82,749 crore as on September 30, 2021 from Rs. 80,549 crore as on March 31, 2021 (Rs. 73,792 crore as on March 31, 2020). The ICRA sample of NBFC-MFIs also saw a moderation in the growth of the on-book portfolio in H1 FY2022.

The decline in disbursements in Q1 FY2022 was followed by a sharp rebound in Q2 FY2022, thereby resulting in overall growth in the industry AUM in H1 FY2022. However, the sustainability of the pickup in disbursements would be critical for the industry to achieve pre-Covid level of growth in the AUM going forward.

In view of the muted performance in H1 FY2022, ICRA has revised its FY2022 growth outlook for NBFC-MFI's AUM to 12-14% though it would be vulnerable to the disruptions caused by the emergence of the new wave of infections in Q4 FY2022. The growth is expected at a relatively faster pace in FY2023 at 18-22% on the back of the lower base arising out of the slow growth witnessed in the previous two fiscals.

The microfinance sector had been growing at a healthy pace and the overall market size (including the SHG Bank Linkage

Programme) increased to Rs. 3.4 lakh crore as on March 31, 2020, registering a CAGR of 28% in five years. However, the sector growth moderated in FY2021 because of the Covid-19-induced disruptions. As on March 31, 2021, the overall market size reached around Rs. 3.6 lakh crore, registering a growth of 7%. The second wave in Q1 FY2022 impacted the growth further and the sector market size is estimated to have declined to Rs. 3.5 lakh crore as on September 30, 2021. Including the SHG Bank Linkage Programme, banks continue to be the most significant providers of microcredit (60%) as on September 30, 2021, followed by NBFC-MFIs at 23% and SFBs at 11%.

DISBURSEMENTS DECLINED IN Q1 FY2022 AFTER REVIVAL IN H2 FY2021; REBOUND IN Q2 FY2022

Exhibit 5: Quarterly Disbursement Trend

Source: Data from MFIs, MFIN, ICRA Research

Disbursements were muted in Q1 FY2021 as collections were lower and the industry focused on preserving liquidity. Disbursements picked up pace gradually as funding and collections improved. However, the second wave disrupted the momentum and the industry witnessed muted disbursements in Q1 FY2022 as the focus shifted to improving collections. Moreover, infections during the second wave were widespread and impacted several field officers and borrowers at different locations. This also led to limited business growth in Q1 FY2022.

Nevertheless, there was a sharp rebound in disbursements in Q2 FY2022 with the easing of restrictions. The trend is likely to have continued in Q3 FY2022 and the momentum is expected to continue going forward though it would be vulnerable to the disruptions caused by the emergence of the new wave of infections in Q4 FY2022 and any possible further waves going forward.

Exhibit 7: Trend in Growth of Portfolio Outstanding per Borrower

Amid the pandemic, entities have been focusing on improving their collections while disbursements were lower. Moreover, entities focussed on servicing existing borrowers rather than chasing new customers. This was on account of the challenges in sourcing and assessing the credit history of new borrowers. The unique borrowers count almost stagnated in FY2021 and declined in H1 FY2022 for the industry. However, there has been variation across entities as large players are expected to have cannibalised some market share of small players. In addition, a few players in the

industry provided some relaxation in the eligibility criteria for moving on to the next cycle to aid customers' cash flows during difficult times. As a result, some borrowers foreclosed their existing loans and moved to the next loan cycle, thereby increasing the loan outstanding per borrower by around 11% in FY2021. This was followed by a decline in Q1 FY2022, given the lack of fresh disbursements, though the same increased again in Q2 FY2022 as disbursements picked up in Q2 FY2022.

While the market is fragmented, given the presence of many players and the rising number of new entrants operating in different forms, the mid-to-large-sized players were able to increase their market share, supported by better access to funding (both equity and debt). Small MFIs (particularly MFIs with AUM of less than Rs. 1,000 crore) faced challenges in raising funds (equity capital as well as debt) as they were more dependent on large NBFCs for their funding requirements. This, coupled with limited disbursements by relatively smaller players in FY2021 and H1 FY2022, led to a contraction/negligible growth in the portfolio of these players. Following the spread of Covid-19, much of the incremental funding was raised by large MFIs. ICRA expects that consolidation and increased transformation of the small MFIs into business correspondents (BCs) could continue, thereby leading to increased entity-specific concentration in the industry.

- The asset quality had weakened quite sharply in Q1 FY2022 because of the localised lockdowns imposed by various states on account of the second wave of the pandemic, which impacted the collection process of the entities. It also impacted the recovery in the cash flows of borrowers who were affected by the pandemic in the last fiscal. Therefore, the marginal borrowers slipped into the NPA/overdue category during this period as reflected in the increase in the 90+ dpd in H1 FY2022. The jump in overdues was the sharpest in the recent past as borrower-level liquidity got stretched, given the absence of a loan moratorium like the one provided in the last fiscal.

- As normalcy returned in Q2 FY2022 with the fall in infection rates and the improvement in the CE, the softer bucket delinquencies of the sector improved. Further, entities have restructured the exposures that were affected by the disruptions caused by the pandemic, which also led to an improvement in the overdues for some players. The performance of the restructured book is monitorable in the near term as some entities offered a moratorium of 3-6 months to their borrowers. While regulatory tightening in the form of daily recognition of NPAs and upgradation on the full recovery of overdues could impact the reported NPA numbers, the bucket-wise delinquencies are expected to witness some improvement in H2 FY2022, though this would be subject to the impact of the ongoing third wave.
- As expected, delinquencies were observed to be higher for small MFIs compared to large MFIs, in line with the CE trends.

- The CE (indexed to January 2021) dipped significantly in Q1 FY2022 as the second wave led to localised lockdowns. It declined by about 20-25% during April-May 2021 vis-à-vis the March 2021 level.
- However, with the gradual easing of restrictions, the CE bounced back by September 2021 to the March 2021 level. A steady improvement in the CE is crucial from an asset quality perspective.

Source: Data from various MFIs, ICRA Research

- The level of loan restructuring by MFIs in FY2021 was slightly lower than previously anticipated. The average restructuring as of March 2021 was 3.7%. However, the second wave and the prolonged weakness in the operating environment challenged the recovery witnessed in H2 FY2021.
- The second restructuring package announced by the RBI to provide relief to Covid-19 impacted borrowers revitalised the demand for restructuring in FY2022. Unlike the last fiscal, no comprehensive forbearance (loan moratorium) has been offered to borrowers.

- Incremental restructuring in H2 FY2022 was 8.4% of the AUM and consequently the outstanding restructured portfolio (adjusted for run-down and repeat restructuring), as on September 30, 2021, was 10.7%. With run-down and slippages/write-offs, ICRA expects some reduction in the restructured book by March 2022.
- One large player undertook significant restructuring (~33% of AUM) in FY2021, which pushed up the overall sectoral restructured number as on March 31, 2021. Adjusting the same, the percentage of AUM restructured for MFIs was modest at 1.5% as on March 31, 2021. However, in H1 FY2022, several players increased restructuring and the corresponding adjusted restructured portfolio was 8.3% of the AUM as on September 30, 2021 against the overall restructured portfolio of 10.7% as on the same date.

MICROLOAN POOLS RATED BY ICRA WITNESSED PICKUP IN COLLECTIONS POST IMPACT OF SECOND WAVE IN Q1 FY2022

Exhibit 19: Vintage-wise Average Monthly Collection Efficiency* (MCE) in MFI Pools

Source: ICRA Research; during the moratorium period of Mar-20 to Aug-20, prepayment has been added for CE calculation
 * (Current collection + Overdue collection)/Current billings

ICRA has rated 501 pass-through certificate (PTC) transactions backed by microloan receivables since 2010. Out of all ICRA-rated PTC transactions, 31 microloan pools were live as of December 31, 2021. The average CE had dipped in March 2020 to 89% from 98% in February 2020 for ICRA-rated pools on account of the nationwide lockdown, which was announced on March 24, 2020. Collections almost came to a standstill in the last week of March 2020 with the CE dipping below 90% and were negligible in April 2020 due to issues in arranging meetings during the nationwide lockdown as collections for almost all microfinance entities are predominantly in cash. However, as the unlock process gradually progressed across the country after the last week of May 2020, microfinance entities were able to restart collection activities and the collection trend started to improve post May 2020.

It was observed that billing was lower during the moratorium period (April 2020 to August 2020) and a larger part of the collections were in the form of prepayments as the microfinance entities had provided a moratorium to their customers. Further, the share of borrowers availing the first moratorium was high as microfinance entities were not able to do field collections. However, for the second moratorium, field collections had started and microfinance entities were able to inform borrowers of the additional interest payable during the moratorium period, which acted as a deterrent for some borrowers to avail the second moratorium. Also, the easing of restrictions and pickup in economic activity post June 2020 led to a lower share of borrowers availing a second moratorium. The pools have also seen a similar rising trend in collections akin to the portfolio as the CE gradually reached around 73% in September 2020, which was the first month post end of the moratorium. The CE continued to improve in H2 FY2021 though collections have not yet reached the pre-moratorium level of around 98%.

Major challenges pertaining to arranging centre meetings amid local restrictions in large parts of the country impacted the collections of all microfinance entities through Q3 FY2021, though there was a gradual pickup in the CE. It improved further in Q4 FY2021 on the back of lifted restrictions in large parts of the country and sharp improvement in economic activity. ICRA notes that entities and pools with a better geographical spread and greater presence in semi-urban and rural areas had seen better overall collections in H2 FY2021. Additionally, the collections of entities with a rural borrower base and borrowers involved in agri and allied activities were least impacted till March 2021 and these entities were able to report collections close to the pre- Covid level, which was largely mirrored in the collections seen in the rated pools. ICRA-rated microloan pools also continue to have loans extended predominantly to borrowers engaged in agri and allied activities, which were less impacted during the first wave.

The second wave, which hit in April 2021, was, however, more severe in rural India compared to the first wave and resulted in a dip in collections both in the pools as well as the portfolios of microfinance entities. May 2021 collections were lower than April 2021 collections as the number of Covid cases during the second wave and regional lockdowns were more severe in May 2021. The second wave did not see the imposition of a nationwide lockdown. Although regional lockdowns were imposed, this did not completely stop economic activity as well as collection efforts. However, the larger human loss as well as the high cases of Covid seen in the collections teams of many microfinance entities contributed to the dip in collections. Also, microfinance entities continued to focus on collections as no moratorium was offered. With the decline in cases post June 2021 and the easing of restrictions, collection trends in the rated pools showed an improvement from June 2021. The improvement continued till September 2021 when collections reached the pre-Covid level of 98%. However, there was a marginal dip in collections in October 2021 and November 2021 due to the weaker performance of a couple of pools on account of specific geography-related issues.

The ability to sustain the CE for the portfolios of microfinance entities as well as the rated pools would depend on the number of fresh Covid cases and the impact of macro-economic conditions on the livelihood of the borrowers as microfinance loans are largely income-generating loans. With the ongoing spurt of infections in the country, there may be some impact on collections and this will be a key monitorable. One comforting sign is that loans originated post moratorium have performed better and as the pre-moratorium portfolio keeps running down, the pools rated after December 2020 consisted predominantly of loans originated post moratorium. Tighter selection parameters also ensured that the rated pools consisted of loans from geographies that were less impacted by the lockdowns and natural calamities. Also, investor preference for caps on geographical concentration ensures that the rated pools have moderate geographical diversification.

IMPROVEMENT IN ASSET QUALITY OF MICROLOAN POOLS RATED BY ICRA IN Q4 FY2021 HALTED BY SECOND WAVE IN Q1 FY2022; SOME RECOVERY THEREAFTER

Exhibit 20: Average Loss-cum-Delinquency Levels in MFI Pools

Source: ICRA Research

Microfinance loan pools originated after demonetisation had broadly shown a robust performance until the beginning of the pandemic. Some intermittent spike was seen in the 0+ dpd in March 2019 and April 2019 along with some increase in delinquencies in H2 CY2019 due to natural calamities, though the rated pools broadly performed well with the 0+ dpd below 1.6% till February 2020. Also, the delinquencies in the harder buckets of 90+ dpd showed a decreasing trend and were reported below 0.6% for the ICRA-rated pools till February 2020. This reflected the robust asset quality of the microfinance industry and the resilience demonstrated by the borrowers post the end of demonetisation.

However, there was a stark deterioration from March 2020, mainly in the softer bucket of 0+ dpd. This trend represented the temporary phase of disturbance across the industry due to the nationwide lockdown imposed in the last week of March 2020 and the availability of a moratorium. The moratorium ensured that delinquencies in the microloan pools remained low till August 2020. The decline in the 0+ dpd in August 2020 in the above exhibit was due to overdue collections in a couple of pools. Post moratorium, the collections in September 2020 (the first month after the moratorium) were still low and this led to a sharp rise in the 0+ dpd in September 2020. While collections were increasing gradually, they remained below 90% till February 2021 for the ICRA-rated microloan pools. There was a forward flow in delinquencies in Q3 FY2021 as collections remained below the pre-Covid level. Further, delinquent borrowers whose livelihood was impacted by the pandemic were able to pay only partial amounts and thus the slippage to harder buckets was low. However, they were not able to pay multiple instalments and hence the rollback of delinquencies was not seen.

The 90+dpd of ICRA-rated securitised transactions also spiked to 3.4% in December 2020 (post moratorium) from 0.6%

in February 2020 (pre-moratorium period). The improvement in collections in Q4 FY2021 with collections, including overdues, of 104% in March 2021 reflected in the rollback from delinquent buckets. Also, the performance of the pools rated after the end of the moratorium was better. However, the decline in collections on account of the second wave resulted in a spike in the delinquencies in the softer buckets with the 0+dpd, as of June 2021, rising to a peak of 13.6%. The easing of restrictions and renewed focus on collections ensured that the slippages in the harder buckets were not seen post the second wave, which is a positive and indicates the ability of the borrower to be able to service at least one instalment. While the third wave may cause some disruptions, ICRA expects the delinquencies to be closer to the peak levels at present and to witness some reduction, supported by the revival in the economy, assuming there are no further lockdowns in the country due to the pandemic. A substantial recovery may not be expected in the microfinance loan segments as recovery from harder buckets would be difficult, resulting in the losses being higher as seen in the past due to the absence of a collateral.

Funding and Liquidity

Debt raised by MFIs:

NBFC-MFIS RAISED ~RS. 19,400-CRORE DEBT IN H1 FY2022 WITH BANKS CONTINUING TO ACCOUNT FOR SIGNIFICANT SHARE

Exhibit 21: Quarterly Trend in Debt Raised by NBFC-MFIs

Exhibit 22: NBFC-MFIs' Borrowing Profile Trend

Source: Financials of various MFIs/SFBs, ICRA Research

NBFC-MFIs raised ~Rs. 19,400 crore of debt in H1 FY2022 compared to ~Rs. 44,600 crore in FY2021. This was largely supported by financial institutions and funding from banks. Fund flow to the sector was skewed towards large NBFC-MFIs. Most of the large entities were able to raise a higher proportion of funds in relation to their AUM compared to small NBFC-MFIs.

Banks have been the key lenders for the sector, largely because of the continuation of priority sector status for MFIs with mid-to-large-sized MFIs being better placed and continuing to get funding support from banks. Small MFIs, which are more dependent on NBFCs for meeting their funding requirements, faced some constraints in raising funding from banks in FY2021 and continued to face challenges in H1 FY2022 as well, though the situation was relatively better. With various liquidity enhancement measures and targeted schemes by the Government of India (GoI) and the RBI, small MFIs had better access to funds in H1 FY2022 compared to FY2021.

OVERALL LIQUIDITY POSITION OF NBFC-MFIS REMAINED HEALTHY IN H1 FY2022

Exhibit 25: Trend in Liquidity as % of AUM of NBFC-MFIs

Source: Data from various MFIs, ICRA Research; Liquidity includes only on-balance sheet funds

- ICRA has analysed the liquidity profile of 23 NBFC-MFIs with a collective AUM of ~Rs. 70,400 crore as on September 30, 2021.
- The NBFC-MFIs improved their liquidity profile in FY2021 on the back of funding support and the gradual ramp-up of collections in H2 FY2021. Given the uncertainties, NBFC-MFIs kept their liquidity buffer healthy in H1 FY2022 as well.
- On-book liquidity, as a percentage of the AUM, improved to around 22% for the ICRA sample as on September 30, 2021 from around 20% as on March 31, 2021 (15% as on March 31, 2020).
- In addition, the improvement in liquidity was broad based. The number of entities with liquidity (% of AUM) greater than 20% as on September 30, 2021 increased considerably from March 31, 2021.

Large MFIs were carrying relatively higher on-book liquidity aided by better availability of funding and relatively higher CE. As per ICRA's discussion with various industry players, the industry is likely to maintain similar levels of on-book liquidity for the next 3-6 months, given the challenging operating environment and the recent surge in Covid-19 infections.

- In addition to the analysis of the sample of 23 NBFC-MFIs with a collective AUM of ~Rs. 70,400 crore as on September 30, 2021, ICRA looked at the liquidity profile of microfinance- focused SFBs as well. SFBs had relatively better access to funding and also maintained a healthy liquidity profile in H1 FY2022.
 - On-book liquidity, as a percentage of the AUM of MFIs and SFBs, remained healthy at 19% as on September 30, 2021 (unchanged from March 31, 2021; 15% as on March 31, 2020). The liquidity position, as on September 30, 2021, was marginally lower for MFIs & SFBs combined than for MFIs alone. However, SFBs have strong financial flexibility compared to MFIs and have the advantage of rollover for a significant share of their deposits.

SECURITISATION VOLUMES OF NBFC-MFIS CONTINUE TO BE LOWER IN 9M FY2022

- Securitisation has proven to be a prominent funding tool for propelling the growth of NBFC-MFIs. As per data collated by ICRA, NBFC-MFIs tapped the securitisation market to raise around Rs. 29,000-30,000 crore each year in FY2019 and FY2020 driven by the inadequate funding available to NBFC-MFIs from conventional sources while the demand for such borrowings remained high. Funds raised through securitisation accounted for about 36% of the total disbursements made by NBFC-MFIs in FY2020 against 42% in FY2019.
- However, securitisation volumes dropped significantly in FY2021 on account of disruptions caused by the pandemic, uncertainty on regulatory activity post the announcement of the moratorium and the subsequent weakening in the asset quality. The funding requirements of MFIs plunged in FY2021 due to lower demand from borrowers as most entities focused on serving existing borrowers. They also increased their focus on collections rather than disbursements during the same period, with disbursements remaining low in H1 FY2021 as a large number of branches were closed due to the lockdown. Further, steps taken by the RBI to make on-balance sheet funding available through Targeted Long-Term Repo Operations (TLTROs) and liquidity support from National Bank for Agriculture and Rural Development (NABARD) and Small Industries Development Bank of India (SIDBI) for the MFI sector reduced the reliance on securitisation for funding to some extent. Better-rated MFIs were also able to tap market borrowings and avail bank borrowings.
- Additionally, there were less eligible assets for securitisation given the slowdown in disbursements, shrinking of loan books and weak asset quality (ICRA has seen investors preferring loans which are current as on the pool cut-off date at the time of securitisation). As a result, securitisation volumes in the microfinance segment remained muted. Further, while collections continued to improve, they remained below the pre-moratorium level leading to investor wariness regarding the stability of the cash flows of the susceptible borrowers in this segment. The fragile financial profile of the borrowers and the possibility of higher default/loss probability, given the unsecured nature of the asset class as well as the immediate spike in delinquencies and low collections reported by microfinance entities, also acted as a deterrent for investors.
- Securitisation volumes tend to be higher in Q4 of the financial year though the uncertainties post the lockdown and the moratorium ensured that almost 70% of the total MFI securitisation in FY2021 was done in Q4 FY2021. However, despite the jump in Q4 FY2021, volumes were still below the Q4 FY2020 level. The announcement of the credit guarantee scheme for MFIs along with lower interest rates and available liquidity ensured that the share of securitisation in disbursements continued to be lower than the pre-Covid level.

Exhibit 28: Trend in Microloan Securitisation

Source: ICRA Research, disbursements have been taken from MFIMicrometer report

Exhibit 29: Trend in Microloan Securitisation (PTC + DA)

Source: ICRA Research

Securitisation market transactions in India can be segregated into two types, viz. rated PTC transactions and unrated direct assignment (DA) transactions (bilateral assignment of a pool of retail loans from one entity to another). DA transactions were the preferred mode (~82% in FY2020 and FY2021) of loan sell-downs for the microfinance asset class pre-Covid. The number of entities tapping the securitisation market had also increased sharply in these two years. The securitisation volumes in 9M FY2022 are almost 90% of FY2021 volumes. With Q4 generally being the strongest quarter for securitisation, ICRA is of the view that securitisation volumes in the MFI sector will be higher in FY2022 compared to FY2021. This, however, is subject to the absence of a significant spike in Covid cases/hospitalisations leading to major lockdowns. Securitisation volumes in Q3 FY2022 for this sector were lower at around Rs. 2,000 crore compared to about Rs. 2,500 crore in Q2 FY2022 due to apprehension on account of the rising Covid cases. Also, the announcement of revised RBI guidelines on securitisation on September 24, 2021 led to a slowdown as many investors and originators are evaluating the impact of the guidelines. The added requirement of 33% due diligence as well as greater emphasis on loan-level accounting for DA transactions could impact volumes in the near term as microloan pools have a large number of loans. Many investors also preferred purchasing the pool through the PTC route (especially in Q1 FY2022 and Q2 FY2022), instead of DA, where there is the additional comfort of credit enhancement which would absorb even higher-

than-expected losses on the underlying pool. Disbursements for NBFC-MFIs jumped sharply in Q2 FY2022; securitisation volumes would be supported by the increase in disbursements in this sector led by the rebound in economic activity. MFIs have thus far mostly been disbursing to existing borrowers, thereby leading to a muted growth in the loan book. As they disburse to new clients going forward, leading to loan book growth, they would require funding which is likely to support microloan securitisation.

Growth Projections:

PORTFOLIO GROWTH DIPPED FURTHER IN H1 FY2022; GROWTH TO REMAIN MODERATE IN FY2022 AND EXPECTED TO PICK UP IN FY2023

Exhibit 30: Projected Trends in On-book Portfolio

Source: Financials/investor presentations of various MFIs/SFBs; ICRA Research

With the onset of the lockdown to control the spread of Covid-19, the operations on the ground came to a halt and disbursements and hence portfolio growth were impacted in H1 FY2021. Though the industry witnessed a recovery in H2 FY2021, the same was challenged by the second wave in Q1 FY2022. The portfolio growth rate, which moderated in FY2021, plunged further in Q1 FY2022. However, the same was supported by a rebound in Q2 FY2022, pushing the overall growth rate into a positive trajectory in H1 FY2022.

The growth, however, was largely driven by SFBs and larger MFIs. This is reflected in the degrowth in the portfolios of smaller MFIs in H1 FY2022 after nil portfolio growth in FY2021, whereas larger MFIs and SFBs reported growth, though the same was lower. The overall on-book portfolio size (MFI + SFBs) grew by around 4% (annualised) to Rs. 1.38 lakh crore as on September 30, 2021 from Rs. 1.36 lakh crore as on March 31, 2021.

Continuing the trend observed in H1 FY2022, SFBs and larger MFIs, which have healthy liquidity, are expected to witness an improvement in the growth in their portfolios in H2 FY2022. Small MFIs are also likely to witness some growth in their portfolios in FY2022, though at a relatively lower pace. On an overall basis, ICRA expects the on-book portfolio size of MFIs and SFBs combined to grow by 14-16% in FY2022. The growth is expected to pick up at a healthy pace in FY2023.

(ICRA Report on “Indian Microfinance Sector” dated January 2022)

FURTHER DECLINE IN PROFITABILITY IN H1 FY2022; SOME IMPROVEMENT EXPECTED IN H2 FY2022, THOUGH IT WOULD REMAIN SUBDUED

Exhibit 31: Projected Trends in Profitability Metrics

Exhibit 31: Projected Trends in Profitability Metrics

Source: Financials/investor presentations of various MFIs/SFBs, ICRA Research

The industry witnessed pressure on its yields and hence margins in FY2021 and the trend continued to some extent in H1 FY2022. SFBs witnessed higher pressure on NIMs as the reversal of interest income impacted the yields, though the larger MFIs reported largely stable NIMs in H1 FY2021 compared to FY2021. The negative carry because of the excess liquidity maintained by most entities also played a part in lowering the net margins.

On the operating expense front, there was some improvement on a YoY basis in FY2021. This was largely driven by the lack of field activity during the year. Further, some entities resorted to salary and incentive reduction, which helped improve the operating efficiency. However, H1 FY2022 witnessed the reversal of the trend as field activity continued to some extent but collections were not coming through. Moreover, there were no such major lay-offs and salary cuts this time. In fact, entities focused more on collections, which pushed up the cost relative to the limited growth in the AUM. This further impacted the operating profits in H1 FY2022 and ICRA expects the operating costs to remain elevated in FY2022.

With respect to credit costs, the provisions remained high in H1 FY2022 for most of the entities because of the increased delinquencies in the portfolio. Some entities were, however, carrying healthy provisions from FY2021 and hence lowered the credit costs in H1 FY2022.

On an overall basis, the industry (MFIs + SFBs) reported negative return on managed assets (RoMA) of -0.3% in H1 FY2022 compared to 0.6% in FY2021. This was primarily driven by SFBs and small MFIs to some extent. Large MFIs and hence overall NBFC-MFIs reported profits in H1 FY2022, though lower than FY2021.

With the performance of the restructured portfolio yet to be fully established and the looming risk of the ongoing third wave, the pressure on profitability is expected to remain, though ICRA expects some improvement in H2 FY2022, which will push the overall profitability for FY2022 against H1 FY2022. FY2023 is expected to witness a further improvement in profitability, though the same would remain below the pre-Covid level.

(ICRA Report on "Indian Microfinance Sector" dated January 2022)

INCREASE IN OPERATIONAL COSTS IN H1 FY2022; EXPECTED TO REMAIN ELEVATED IN FY2022

Exhibit 32: Projected Trends in Opex/AMA

Source: Financials/investor presentations of various MFIs/SFBs, ICRA Research

After witnessing pressure on their profitability post demonetisation, many NBFC-MFIs focused on upgrading their systems and processes through cashless operations. Loan officers perform operations through tablets/mobile phones, which are integrated with the information technology (IT) systems. This enhances the operational efficiency compared to the manual data entry process followed earlier. This, along with an increase in the proportion of cashless disbursements, weeded out operational inefficiencies and risks. Consequently, the industry witnessed a steady decline in the opex/average managed assets (AMA) ratio.

In H1 FY2021, the industry witnessed a steeper decline in operating expenses because of the lack of field activities and the cut in salaries/incentives, etc. However, with increased efforts towards the recovery of dues and the ramp-up in disbursements in H2 FY2021, the overall expenses increased slightly, though the overall opex ratio declined in FY2021 compared to FY2020.

As anticipated by ICRA (as per ICRA's research report on the sector of July 2021), the opex ratio increased in H1 FY2022, with entities maintaining consistent efforts to recover from delinquent accounts. The trend is expected to remain at a similar level in H2 FY2022, though it is expected to decline with increasing economies of scale on a longer-term basis.

(ICRA Report on "Indian Microfinance Sector" dated January 2022)

CREDIT COSTS INCREASED IN H1 FY2022; SOME MODERATION EXPECTED IN H2 FY2022, THOUGH WOULD REMAIN ELEVATED

Exhibit 33: Projected Trends in Credit Costs

Source: Financials/investor presentations of various MFIs/SFBs, ICRA Research

In addition to the pressure on the operating profitability, the industry witnessed a further increase in the credit costs in H1 FY2022, given the increase in delinquencies because of the second wave. Though some entities carried high provisions from FY2021, which helped them keep the credit costs relatively lower than that witnessed in FY2021, the overall industry witnessed an increase in credit costs in H1 FY2022. ICRA expects the overall credit costs for FY2022 to be lower than the level witnessed in H1 FY2022, though the same would depend on the impact of the ongoing third wave.

(ICRA Report on "Indian Microfinance Sector" dated January 2022)

MODERATE ON-BOOK LEVERAGE OF THE INDUSTRY

Exhibit 34: Leverage Trend Across Entities (MFIs & SFBs)

Leverage calculated as on-book borrowings / net worth
Source: Financials of various MFIs and SFBs, ICRA Research

The industry comprises a heterogeneous mix, in terms of the capital structure, with the on-book gearing ranging from 1.8 times to 16.0 times as on September 30, 2021. Even after adjusting for outliers, the range was 1.8 times to 9.8 times as on September 30, 2021. On a consolidated basis, the on-book leverage of the industry increased marginally to 4.9 times as on September 30, 2021 from 4.8 times as on March 31, 2021. The median gearing, however, declined to 4.0 times from 4.6 times during the same period.

Given the industry's (NBFC-MFIs and SFBs) on-book portfolio growth (CAGR) estimate of 18-22% p.a. over FY2022-FY2024 and the intention of maintaining the blended gearing below 5.0 times (below 7.0 times for SFBs and below 4 times for NBFC-MFIs), the players would need external capital of ~Rs. 5,000-5,500 crore (15-18% of closing net worth as on March 31, 2021) during this period, in ICRA's opinion. The capital requirement is primarily driven by SFBs as most of the NBFC-MFIs (especially large MFIs) are well placed with respect to leverage. The capital requirement as a percentage of the net worth as on March 31, 2021, is around 26% for SFBs and would be around 11% for NBFC-MFIs. (ICRA Report on "Indian Microfinance Sector" dated January 2022)

LEVERAGE EXPECTED TO REMAIN COMFORTABLE

Exhibit 35: Projected Trends in Leverage

Source: Financials/investor presentations of various MFIs/SFBs, ICRA Research

With the projected equity infusion of Rs. 5,000-5,500 crore over FY2022-FY2024, the leverage is expected to remain comfortable. Large MFIs are expected to be comfortably placed in terms of leverage and the equity requirement is limited compared to small MFIs and are hence expected to witness a better leverage profile compared to small MFIs.

Exhibit 36: Equity Capital Infusion Trends

Source: Financials/investor presentations of various MFIs/SFBs, ICRA Research

With the onset of the pandemic, the equity-raising plans of most entities were put on hold as investors became wary, given the concerns regarding the asset quality and profitability because of the economic disruption caused by the spread of Covid-19. Nevertheless, the sentiment improved slightly in H2 FY2021 leading to an increase in equity-raising activities. The total equity raised in FY2021 was around Rs. 3,200 crore. Similarly, with the onset of the second wave, equity-raising activity in the industry declined. In 9M FY2022, the industry raised around Rs. 1,000 crore of equity. Key Regulatory Changes

RBI'S REVISED NPA RECOGNITION AND UPGRADATION NORMS – NOVEMBER 2021

The RBI, via its notification of November 12, 2021, provided clarification on the IRAC norms for banks, NBFCs and All India Financial Institutions (AIFIs). Key points include the classification of special mention accounts (SMAs) and NPAs on a day-end position basis, upgrade from an NPA to standard category only after the clearance of all outstanding overdues and harmonisation of the ‘out of order’ status of cash credit (CC)/overdraft (OD) accounts, and the treatment of delays in interest payments on a 90-day overdue basis.

NBFCs are expected to be impacted by the daily SMA/NPA recognition and the stricter NPA upgradation requirement. This could push up the NBFC NPAs as of March 2022 by about 160-180 bps over the March 2021 levels. Gross stage 3 (GS3) reporting vis-à-vis NPA reporting to the RBI could see increased divergence. Provisions carried by entities by way of the expected credit loss (ECL) basis and management overlays remain higher than the pre-Covid level; this is expected to support near-term earnings. However, it would be critical to contain the flow into the NPA category.

Entities would have to tighten their internal controls and augment their management information systems (MIS) for the timely recognition and updating of cash collection and the time taken for reconciliation. Increased focus on collections could have a bearing on the near-term NBFC growth, till the entities are able to control forward flows into the NPA category. As borrowers who slip into NPAs are likely remain in the category for a longer period vis-à-vis the past, their credit profile and ability to secure incremental credit could also be affected

SCALE-BASED REGULATIONS POSITIVE FROM LONG-TERM PERSPECTIVE; COST OF COMPLIANCE TO INCREASE – OCTOBER 2021

The RBI, via its circular of October 22, 2021, issued an integrated regulatory framework for NBFCs under SBR, providing a holistic view of the SBR structure and introducing a fresh set of regulations and respective timelines. These guidelines shall be effective from October 1, 2022 (except those pertaining to initial public offering (IPO) financing, which shall come into effect from April 1, 2022).

The key highlights of the circular are as follows:

- NBFCs are to be classified into four layers – Base Layer (NBFC-BL), Middle Layer (NBFC-ML), Upper Layer (NBFC-UL) and Top Layer (NBFC-TL). The RBI has classified the entities based on their size, the nature of activities they are involved in and the degree of business risk. The applicable regulations for one category of NBFCs will also be applicable for the categories above that segment
- The RBI has removed the ‘Systemically Important’ classification for NBFCs and has classified all non-deposit taking NBFCs (excluding few specific categories designated to be part of the higher layers) with an asset size of less than Rs. 10.0 billion as NBFC-BL. Further, entities which are not directly into the lending business or do not have access to public funds or do not have customer interface are also proposed to be kept in this category. This category would have relatively relaxed regulatory and governance requirements compared to the other higher category of NBFCs. Irrespective of the size, all deposit-taking entities are to be classified as NBFC-ML or above, depending on their size and the other parameters applicable for NBFC-UL
- Higher net owned fund (NOF) requirements are stipulated for NBFC-investment and credit companies (NBFC-ICC), microfinance institutions (NBFC-MFI) and NBFC-Factors
- All NBFCs, which do not follow 90+ dpd for NPA recognition, are required to make the transition by March 2026
- Tighter exposure limits for NBFC-ML and NBFC-UL; large exposure framework to be made applicable for NBFC-UL. A ceiling of ₹ 1 crore per borrower for financing subscription to IPO
- Increased corporate governance and disclosure requirements for entities across the layers
- NBFC-ML and NBFC-UL are required to make an internal capital assessment and maintain capital commensurate to their overall risk. Expect some increase in the capital maintained by the NBFCs in these categories. While the CET-I of 9% indicated for NBFCs is likely to be met without much hassle, the detailed guidelines around leverage and differential standard asset provisioning for NBFC-UL remain to be seen
- NBFC-UL is expected to include the top 10 NBFCs and the entities will be assessed on the basis of scoring across various parameters and as per the RBI’s supervisory judgment. Also, NBFCs classified in the upper layer would generally be eligible to move out of the enhanced regulatory framework only if they do not meet the criteria for classification for five consecutive years. The broadening of the UL vis-à-vis the draft circular and the stickiness of the entities in this segment indicate the RBI’s views on the NBFC segment from a systemic risk perspective
- Government-owned NBFCs are not to be included in the upper layer at this juncture. Regulations for NBFCs not availing public funds and not having customer interface will not be affected by these guidelines; separate guidelines for these entities are expected in future

To sum up, ICRA expects that entities comprising a sizeable share of the total NBFC assets may fall in the NBFC-UL category due to the concentrated nature of the sector and larger entities would be subjected to tighter norms/regulations. Growth for these NBFCs would depend on them meeting capital {under Internal Capital Adequacy Assessment Process (ICAAP)} and leverage requirements as and when stipulated. NBFC-UL entities would have to comply with listing requirements, which are expected to be like private sector banks. ICRA expects consolidation in the sector, especially in cases where these entities are a part of a larger group or are subsidiaries of banks. While governance, disclosures, capital

and credit-related tightening are expected for NBFCs, especially NBFC-UL, they would still have arbitrage over banks as the proposal does not indicate the requirement of regulatory investment [cash reserve ratio (CRR)/statutory liquidity ratio (SLR)] requirements, targeted lending (priority sector), etc., which are applicable for banks. Thus, the NBFC model would be preferable over converting into a bank. Further, liability management would be more onerous post conversion to a bank, especially for larger entities. Overall, higher regulatory oversight and disclosures would be a credit positive as this would boost investor/lender confidence.

Growth recovers in Q3 FY2022; expect further improvement in Q4 FY2022

- NBFC-MFIs saw a significant moderation in the growth rate of their AUM in FY2021 and H1 FY2022 owing to disruptions caused by the pandemic.
- However, Q3 FY2022 witnessed some improvement in the growth rates and the momentum is expected to continue in Q4 FY2022 and FY2023.

Collections bounced back after second wave and stayed buoyant

- The CE* (indexed to January 2021) dipped in Q1 FY2022 as the second wave of infections led to localised lockdowns. It declined by about 20-25% during April- May 2021 vis-à-vis the March 2021 level.
- However, with the gradual easing of restrictions, the CE bounced back by September 2021 to the March 2021 level. Thereafter, it stayed buoyant in Q3 FY2022, except for a minor dip in November 2021 due to the festive season.
- The CE is expected to have been impacted in January 2022 because of rise in Covid-19 infections, though it is expected to have bounced back in February 2022.

Some improvement in delinquencies in Q3 FY2022; trend expected to continue

- The asset quality weakened sharply in H1 FY2022 because of the localised lockdowns imposed by various states on account of the second wave of the pandemic.
- With some write-offs and recoveries in Q3 FY2022 along with the growth in the AUM, the 90+ dpd% improved in Q3 FY2022 and the trend is expected to continue in Q4 FY2022.
- The 90+ dpd is expected to decline substantially in FY2023, driven by some recoveries, growth in the AUM and write-offs by NBFC-MFIs.

Exhibit 3: Trend in 90+ dpd% of MFIs (ICRA Sample*)

(ICRA Report on “Indian Microfinance Sector” dated March 2022)

Improvement in delinquencies across entities

- With the gradual opening of the economy, microfinance activities resumed in Q2 FY2022. Nevertheless, overdues increased significantly in Q2 FY2022.
- MFIs witnessed an improvement in the 90+ dpd% in Q3 FY2022, driven by some recoveries and increase in AUM.
- Larger MFIs (AUM > Rs. 1,500 crore) fared relatively better with lower delinquencies compared to smaller MFIs.

Exhibit 4: Trend in Delinquencies of MFIs Based on Size (ICRA Sample)

Source: Data from various MFIs, ICRA Research

- The 90+dpd of the ICRA Sample varied from 2.4% to 17.1%. The range had increased significantly as on September 30, 2021 and has come down since then, though it remains high.

- Given the gradually improving CE and the expected rise in the AUM, the improvement in the 90+ dpd % is expected to continue.

Projected trends in credit cost

- Though some entities carried high provisions from FY2021, which helped them keep the credit costs relatively lower than that witnessed in FY2021, the overall industry reported elevated credit costs (annualised) in H1 FY2022.
- ICRA expects the overall credit costs for FY2022 to be lower than the level witnessed in H1 FY2022, though the same would remain elevated. Further improvement is expected in FY2023.

Exhibit 6: Projected Trends in Credit Costs

(ICRA Report on “Indian Microfinance Sector” dated March 2022)

Profitability outlook

- The industry witnessed pressure on its yields in FY2021 and H1 FY2022. This, along with negative carry because of excess liquidity, impacted the margins. Increased collection efforts pushed up the operating cost in H1 FY2022 and ICRA expects the same to remain elevated in FY2022.
- Provisions remained high in H1 FY2022, though some entities lowered the credit costs in H1 FY2022 as they were carrying healthy provisions from FY2021.
- With the performance of the restructured portfolio yet to be fully established, the pressure on profitability is expected to remain, though ICRA expects some improvement in H2 FY2022. ICRA expects a significant improvement in profitability in FY2023 with the expected increase in yields and reduction in credit costs.

- The RBI's revised regulatory framework provides upside potential for the profitability of NBFC-MFIs, going forward, through pricing flexibility.

Overview

We are a leading Indian micro-finance institution headquartered in Bengaluru, focused on providing joint liability group loans and micro-loans primarily to women customers predominantly in rural areas in India. According to MFIN India, we were the largest NBFC- MFI in India in terms of gross loan portfolio as of March 2022. We offer a diverse suite of lending products that cater to critical needs of our customers throughout their life cycle and includes income generation, health care, education, festival celebration, home improvement, water, and sanitation. We believe that our customer-centric business model, wide range of product offerings, as well as our well-designed product delivery and collection systems, have enabled us to achieve high customer retention rates and low credit costs.

We focus predominantly on customers in Rural areas in India, who largely lack access to the formal banking sector and present a latent opportunity for offering micro-loans. Our products are built on a deep understanding of the requirements of our customers (especially customers from rural areas) developed over years and the flexibility of our products (in terms of ticket sizes, end-uses and repayment options) and the manner of their delivery, which we believe are key factors that differentiates us from our competitors and generates customer loyalty.

Our focus customer segment are women having an annual household income of up to ₹300,000 as per the new microfinance regulations announced by RBI in March 2022. We provide loans primarily under the joint liability group (“JLG”) model. Our primary focus is to provide income generation loans to our customers. We also provide other categories of loans such as family welfare loans, home improvement loans and emergency loans to our existing customers. Further, we also provide individual retail finance loans “Unnati Loans” to our existing customers who had been our customers for at least two years and fulfil certain other eligibility criteria linked primarily to their credit history with us, income, and business position. We offer these loans to customers to meet the customer’s business funding requirements such as capital investment for purchase of inventory, machinery, or working capital for business expansion.

We also provide retail finance products to existing individual customers who have demonstrated high entrepreneurial capacity, have graduated from JLG model and are capable of borrowing larger loans in their individual capacity, against collateral. These loans are mainly offered to customers to establish a new enterprise or expand their existing business, meet their working capital requirements, purchase of inventories, machinery, two wheelers, etc. We also provide supplementary loans as additional short term credit facility to customers who require working capital for business, livestock maintenance, home improvement needs, or for any other consumption purposes. We have also started providing mortgage loans to non-customers in the geographies we operate through our Retail Finance branches.

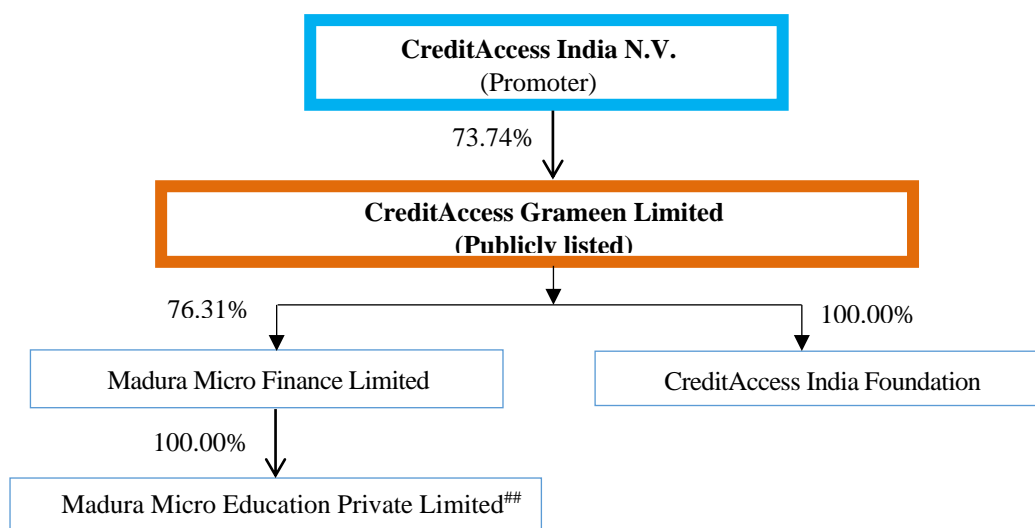

We have followed a strategy of contiguous district-based expansion across regions. We believe that the acquisition of MMFL in Fiscal 2020 also helped us with geographical diversification, and deeper rural penetration. As of September 30, 2022, we have presence in 333 districts in the 14 states (Karnataka, Maharashtra, Madhya Pradesh, Tamil Nadu, Kerala, Odisha, Chhattisgarh, Goa, Bihar, Jharkhand, Gujarat, Rajasthan, Uttar Pradesh and West Bengal) and one union territory (Puducherry) in India through 1,684 branches and 16,018 employees, serving active consolidated customer base

of 38.0 lakhs, as of September 30, 2022.

Our consolidated operations are well-diversified at the district level, with no single district contributing more than 4% to our consolidated Gross AUM as of September 30, 2022. Further, out of a total of 333 districts where we had branches as of September 30, 2022, around 92% of these districts individually represent less than 1% of our consolidated Gross AUM.

Our Promoter is CreditAccess India N.V., a multinational company specializing in MSE financing (micro and small enterprise financing) backed by institutional investors. Our Promoter has provided capital funding to us from time to time and provides us with access to potential fundraising opportunities in the debt capital markets including subscribing to compulsory convertible debentures in the Fiscal 2021.

Competitive Strengths

Customer-centric business model resulting in high customer retention

We consider our customers to be the most significant stakeholders at the core of our operations. As of September 30, 2022, we had served 38.0 lakh active customers on a consolidated basis. We believe that our customer-centric business model allows us to retain a high proportion of our existing customers and to attract new customers. CA Grameen had a high Active Customer Retention Rate of 84% as of March 31, 2022, on a standalone basis. During the past three financial years, our focus has been on retaining our existing borrowers, whilst consciously adding new borrowers with deep rural focus. We follow a multi-pronged approach to customer engagement, which comprises the following key elements:

- *Product offerings across the entire customer life-cycle* - We offer a diverse product suite that caters to the entire customer life cycle of our customers. We provide loans that are relevant for critical needs of our customers throughout their lifespan, which we believe helps in generating loyalty amongst our existing customers and in attracting new customers.
- *Tailor-made product offerings providing flexibility to customers* - Our products are built on a robust understanding of the requirements of our customers and the flexibility of our products, and the manner of their delivery differentiates us from our competitors. We set borrowing limits for each of our customers based on their loan cycles and the number of years for which they have been our customers and provide them the flexibility to borrow within the limit for several specified purposes, depending on their individual needs. All the members of a JLG are not required to take on the same type of loan or avail loans on the same disbursement day but may take different loans which are relevant to their respective needs with different borrowing limits, ticket size and flexible disbursement days. Further, we provide flexibility in repayment schedules and do not levy penalties for prepayment or late payment of loan instalments. Moreover, as the credit history of our customers improves with the passage of time by moving to subsequent loan cycles, we gradually increase their borrowing limits. This benefits us not only by increasing our

revenue base, but also by optimizing our operating expenses, as we do not have to correspondingly incur costs associated with the acquisition of new customers. Our endeavour has been to reduce the dependence of our customers on traditional forms of unorganized lending for their requirements throughout the year. We believe that the flexibility of our products, in terms of ticket sizes, access to different disbursement and repayment options, closely resembles the nature of lending provided by the unorganized sector in Rural areas such as moneylenders, but typically at a much lower interest rate, with clearly specified terms and conditions and organized collection practices. Accordingly, our products present a more viable and safer borrowing option for our customers, as compared to lending sources from the unorganized sector. Our products are tailored to the needs of our customers, and we believe that the structure of our product offerings enables our customers to borrow less than the standard amounts, at multiple points of time during a year, thereby enabling our customers to tide over temporary cash flow mismatches at their end, on account of reasons such as seasonality and cyclicity. We believe this keeps our customers optimally leveraged.

- *Focus on customer engagement* – we follow a predominantly weekly collection model, which enables a high degree of customer engagement. Whilst majority of our customers are on a weekly collection model, we also offer a fortnightly and four-weekly collection models based on their needs. We believe that the high customer engagement achieved via the frequency of our collections and weekly or fortnightly meetings, and interactions with our customers is an important factor in ensuring customer repayment and keeping our credit costs at optimal levels.
- *Regular feedback and timely grievance resolution* – as part of a continuous development process, we have implemented several methods to obtain feedback from our customers and further promote customer awareness. For example, a number of our customers are regularly contacted by our grievance department's tele-calling team to understand their awareness level and to obtain feedback on our processes and services. Our area managers also obtain feedback from our customers on a periodic basis on satisfaction levels relating to our products and services, Kendra meetings, loan disbursement and recovery process and staff engagement. We aim to provide timely resolution to the grievances that we receive through our grievance redressal cell.

As a further testament to the success of our customer-centric model, we were one of the first six institutions globally to be certified by Smart Campaign on Client Protection Principles in 2013. The Company has recently been certified with **“Gold Level”** under the new client protection certification methodology developed by Cerise and SPTF (Social Performance Task Force) in June 2022.

Deep penetration in Rural areas built through calibrated, contiguous district based expansion

We believe that our deep penetration in rural areas, built through a contiguous district-based expansion strategy by us provides us with significant scale and diversification advantages. We carry out our contiguous expansion strategy methodically whereby we aim to expand to the next (typically adjoining) district and ensure deep penetration in a particular district within three years of commencement of operations in the district. We believe contiguous expansion provides significant scale and diversification advantages including familiarity of the loan officers with demographics of nearby districts enables effective customer evaluation and better servicing. As of September 30, 2022, we have presence across 333 districts in the 14 states (Karnataka, Maharashtra, Madhya Pradesh, Tamil Nadu, Kerala, Odisha, Chhattisgarh, Goa, Bihar, Jharkhand, Gujarat, Rajasthan, Uttar Pradesh, West Bengal) and one union territory (Puducherry) in India through 1,684 branches and 10,826 loan officers. Our operations are well-diversified at the district level, with no single district contributing more than 4% to our consolidated Gross AUM as of September 30, 2022. Further, out of a total of 333 districts where we had branches as of September 30, 2022, around 92% of these districts individually represent less than 1% of our consolidated Gross AUM.

A large segment of India's rural and semi-urban population is currently unserved and underserved by formal financial institutions. Taking into account the opportunity and lower competitive intensity in rural segments, we have increased our footprint in India's rural areas unlike other industry players over the years. Our presence compared to the MFI industry is listed out below:

		Fiscal 2022	Fiscal 2021	Fiscal 2020
Industry*	Rural (Portfolio)	59%	58%	56%
	Urban (Portfolio)	41%	42%	44%
Our Company (standalone)	Rural (customers)	84%	85%	86%
	Urban (customers)	16%	15%	14%

* Source: CRIF- Highmark

We believe this has placed us in a strategic position to tap into the significant growth opportunities that exist in this financially underserved customer segment in Rural areas that are characterized by lower competition.

Robust customer selection and risk management policies resulting in healthy asset quality

We follow robust customer selection and risk management policies, which have resulted in healthy asset quality and lower credit costs. We follow a systematic methodology in the selection of new geographies where we open branches, which takes into account factors such as the historic PAR% of the proposed district, competition in the new geographies, potential for micro-lending and socio-economic risk evaluation (for e.g., the risk of communal riots or natural disasters). Further, once we open a branch in a new area and JLGs are formed, our customer due diligence procedures encompass three layers of checks: firstly, our loan officer performs the initial due diligence procedures, collects the KYC documents, and conducts group training typically for five days (three days in case the JLG cluster is more than six months old, already has two groups and new members are being inducted in to existing groups) which might be extended if loan officers deem it necessary (30 minutes each day) on topics such as our Company, products, processes, JLG, group discipline and group responsibilities; on the last day of the group training or at a later date, re-interview is done by the branch manager to determine the customers' level of understanding of the topics covered during the training; the branch manager then visits the homes of the new customers to verify the potential customers and obtain the consent of their family members for the customers becoming borrowers; lastly, the area manager revalidates the earlier two steps and performs the group recognition tests, which is designed to assess the quality of the proposed group and to confirm that they meet all our specified criteria. For further details, see "Joint Liability Group Lending Business Processes – Customer Due Diligence Processes" on page 149. Further, we do not provide incentives to our employees linked to disbursements or collections, which functions as a risk management tool. In addition, we follow a rotation policy whereby the loan officers are rotated every year and the branch managers are rotated bi-annually. We believe that our systematic geography and customer selection methodologies have resulted in healthy asset quality.

Our internal audit department is responsible for monitoring and evaluating internal controls and ensuring statutory and regulatory compliance. Internal audits are carried out at branches on a bi-monthly basis (depending on the prior grading of the respective branches), at processing centres on a monthly basis, at the head office and regional and divisional offices on a quarterly basis and our information systems on an annual basis. Based on extent of compliance and adherence to systems, policies and procedures, the audited branches are assigned compliance scores. While internal audit teams are responsible for branch and field audits, the back-end process audit at the head office is conducted through independent audit firms. The Audit Committee of our Board is also updated every quarter on significant internal audit observations, compliance with statutes, progress of risk management practices and the effectiveness of our control systems.

Our effective credit risk management is reflected in our portfolio quality indicators such as robust repayment rates, stable PAR and low rates of GNPA backed by adequate provisioning cover. We actively manage our portfolio over prior periods, which has ensured that no single district contributes more than 4% to our Gross AUM (on consolidated basis), as of September 30, 2022. The following table reflects our key portfolio quality indicators for half year ended September 30, 2022 on a standalone basis and for the last three Fiscals:

Strong track record of financial performance and operating efficiency

We have maintained a strong track record of financial performance and operating efficiency over the years through high rates of customer retention, geographical expansion, prudent risk management, improved staff productivity, enhancement of individual loan portfolio, lower credit cost and growth in customer base led by branch expansion. Further, we believe that our deep penetration in India's rural markets through our contiguous district-based expansion strategy has helped us achieve low operating expense ratios, contributing to economies of scale. Our consolidated operating expense to half-

yearly average gross AUM ratio was 4.86% for the year ended March 31, 2022 and 4.89% for the half year ended September 30, 2022.

Our consolidated Gross AUM was ₹16,599.35 crore as of March 31, 2022 and Gross AUM grew at a CAGR of 18% from ₹11,996.09 crore as of March 31, 2020. Disbursements across our financing products for the financial years ended March 31, 2021 (consolidated) and 2022 (consolidated) were ₹11,011.21 crore and ₹15,446.33 crore, respectively. Net interest income (representing interest income plus income from direct assignment of outstanding loans reduced by finance costs) for the financial years ended March 31, 2021 (consolidated) and 2022 (consolidated) was ₹1,483.89 crore and ₹1,653.18 crore, respectively. Net interest margin (which is different from the net interest margin prescribed by the RBI for NBFC – MFIs in the Master Directions), which is our net interest income reduced by (loan processing fees, interest on deposits, income from direct assignment) and plus finance lease charges) divided by quarterly average AUM (excluding sold portion of direct assignment), for the financial years ended March 31 2021 (consolidated) and 2022 (consolidated) was 10.73% and 10.89%, respectively.

Our Gross AUM (consolidated) was ₹16,539.11 crore as of September 30, 2022. Disbursements across our financing products for the half year ended September 30, 2022 (consolidated) was ₹6,520.60 crore and our net interest income (representing interest income plus income from direct assignment of outstanding loans reduced by finance costs) for half year ended September 30, 2022 (consolidated) was ₹977.70 crore. Our net interest margin (which is different from the net interest margin prescribed by the RBI for NBFC – MFIs in the Master Directions), which is our net interest income reduced by (loan processing fees, interest on deposits, income from direct assignment) and plus finance lease charges) divided by quarterly average AUM (excluding sold portion of direct assignment), half year ended September 30, 2022 (consolidated) was 11.41%

Our Profit after tax for the half year ended September 30, 2022 (consolidated) and the financial years ended March 31, 2022 (consolidated), 2021 (consolidated) and 2020 (consolidated) was ₹315.71 crore, ₹357.10 crore, ₹131.40 crore and ₹335.49 crore, respectively.

Professional management team with extensive domain experience

We are a professionally managed company, and our senior management team has an established track record in the financial services industry. We have strengthened our top management team by creating positions of Deputy CEO & Chief Business Officer, Chief Risk Officer, Chief Technology Officer, Chief Audit Officer and Chief Information Security Officer in addition to our MD & CEO and CFO. Our MD & CEO, Udaya Kumar Hebbar, has over 31 years of experience in the banking industry.

He has served as head Commercial and Banking Operations at Barclays Bank PLC, Mumbai, and has also been associated with Corporation Bank and ICICI Bank for over 20 years. Our Chief Financial Officer, Balkrishna Kamath, has over 30 years of experience in finance. He has held various leadership positions throughout his career from 1993 to 2020 across various industries including in one of the largest multinational conglomerate of India, Tata Group covering Indian and Global markets. He was associated with Tata Capital Housing Finance Limited prior to joining our Company. For further details in relation to our senior management, see “Our Management” on page 166.

Diversified sources of borrowings and effective asset-liability management

Our funding sources are varied, as we believe that a diversified debt profile ensures that we are not overly dependent on any one type or source for funding. As an NBFC-MFI (Middle layer), we have access to diverse sources of liquidity, such as term loans from banks, financial institutions and non-banking financial companies, proceeds from loan assets assigned and securitized, cash credit, subordinated debt and proceeds from the issuance of NCDs to meet our funding requirements. This enables us to optimize our cost of borrowings, funding and liquidity requirements, capital management and asset liability management. On a consolidated basis, as of March 31, 2022, we had total borrowings aggregating to ₹12,920.69 crore, comprising debt securities of ₹1,418.10 crore, borrowings (other than debt securities) of ₹11,424.85 crore, and subordinated liabilities of ₹77.74 crore.

Further on a consolidated basis as of September 30, 2022, we had total borrowings aggregating to ₹12,308.16 crore, comprising debt securities of ₹1,094.90 crore, borrowings (other than debt securities) of ₹11,131.84 crore, and subordinated liabilities of ₹81.42 crore.

The table below sets forth CA Grameen's credit ratings and CRISIL's MIC1 grading (an organization rating for a company) for CA Grameen for the past three years.

CA Grameen	September 30, 2022	Fiscal 2022	Fiscal 2021	Fiscal 2020
Credit Rating – CRISIL	A+ (Positive)	A+ (Stable)	A+ (Stable)	A+ (Stable)
Credit Rating – ICRA	A+ (Positive)	A+ (Stable)	A+ (Stable)	A+ (Stable)
Credit Rating – Ind-Ra	AA- (Stable)	A+ (Stable)	A+ (Stable)	A+ (RWN)
Comprehensive Microfinance Grading (Institutional Grading/ Code of Conduct Assessment (COCA)) – CRISIL / SMERA	MIC1	MIC1	MIC1	MIC1

In addition, we also have in place effective asset liability management strategies. We primarily borrow on a relatively long-term basis while lending on a short term basis. This allows us to better meet the growing loan demands of our rapidly increasing customer base, even if external borrowings and funding sources face temporary realignment. Further, our Promoter has periodically funded our capital and provides us with access to potential fundraising opportunities in the debt capital markets.

The following table shows the asset-liability maturities (on consolidated basis) for the periods indicated:

	As of September 30, 2022	As of March 31,		
		2022	2021	2020
Average Maturity of assets (in months)	17.65	15.72	15.61	18.09
Average Maturity of Liabilities (in months)	22.59	22.48	22.55	26.49

We believe that our diversified sources of borrowing, stable credit history, improved credit ratings and effective asset-liability management have allowed us to gain better access to cost-effective debt financing. As of March 31, 2022, our consolidated cash and cash equivalents and other bank balance amounted to ₹ 1,761.40 crore, which we believe reflects our strong liquidity position.

Our Strategy

Continued focus on customers from Rural areas

According to rural and urban portfolio chart in CRIF-Highmark, 41% of microfinance industry portfolio is urban focused. However, we have maintained our focus on growing our rural customer base and intend to continue to do so going forward. Currently, a large segment of India's rural and semi-urban population is unserved and underserved by formal financial institutions, which provides us with the scope to expand in rural markets characterized by low competition. As of March 31, 2022, the percentage of CA Grameen's consolidated active customers located in rural areas was 84%. We believe that we will be able to strengthen our position by tapping into this underserved market and are well placed to capitalize on our strategy of having a deep penetration in the Indian rural markets. Further, our products are built on a deep understanding of the life cycle requirements of our Customers from Rural Areas, which we believe will help in the expansion of our rural customer base.

We intend to continue penetrating deeper in the states and districts where we currently have operations and also expand our footprint into other areas that have limited or no access to formal banking and finance channels. We will continue to evaluate the offerings at our branches and customize our products to the needs and demands of our customers in the region in which our branches are located and correspondingly update existing operations and resources in different territories.

Expansion of branch network

We have presence across 333 districts in the 14 states (Karnataka, Maharashtra, Madhya Pradesh, Tamil Nadu, Kerala, Odisha, Chhattisgarh, Goa, Bihar, Jharkhand, Gujarat, Rajasthan, Uttar Pradesh and West Bengal) and one union territory (Puducherry) in India through 1,684 branches and 10,826 loan officers as of September 30, 2022. We intend to continue

our strategy of contiguous expansion which will expand our district coverage in these states and also potentially into neighbouring states. We assess the below systematic criteria for the opening of branches in new districts/ regions:

- we endeavour to service a maximum of 400 Kendras, 12,000 households within a 35 km radius of the proposed branch location;
- availability of infrastructure for the day-to-day operations of the branch;
- historic PAR% of the proposed district;
- growth potential based on current penetrations;
- socio-economic risk evaluation in the proposed district;
- competition from other MFIs in the area; and
- product offerings of other MFIs operating in the area.

Our contiguous expansion strategy is premised on expanding to the next (typically adjacent) district and achieving a deep penetration in a district within three years of operations. We believe that our expansion strategy has resulted in mitigation of concentration risk and will continue to lead to mitigation of this risk going forward. Out of a total of 333 districts where we had branches as of September 30, 2022, approximately 92% of each of these districts individually represent less than 1% of our Gross AUM.

Leverage existing capabilities and strengths to diversify product and service offerings

We are an NBFC-MFI and intend to continue focusing on our operations in this space with our current business model which comprises extending loans to customers primarily in rural areas. To this end, we intend to capitalize on our current strengths including our geographical reach, customer base, robust risk management policies, strong financial track record and extensive domain expertise to diversify our product and service offerings.

Our diversification strategy is driven by the evolving needs of our customers, and we believe this is in line with the strength of our customer-centric business model and our expansion strategy, as it allows us to ensure that our customers have access to various differentiated products and services which they need quickly and efficiently.

For example, in 2016, we introduced individual retail finance loans on a pilot basis for customers who had been our customers for at least two years and fulfil certain other eligibility criteria linked primarily to their credit history with us, income, and business position. This loan category targets customers who are more entrepreneurial and have graduated from the JLG model and are capable of taking larger loans in their individual capacities. We offer these loans to customers to establish a new enterprise or expand an existing business in their individual capacity. The loans are offered to our customers for business expansion, or for purchase of inventories, machinery, two-wheelers or small commercial vehicles. Typically, these customers may be capable of obtaining such loans from other financial institutions or banks on the condition that they provide collateral, and with a higher turnaround time, than what we offer and at interest rates which are similar to or higher than our loans, which we believe makes our product offerings more attractive.

Focus on optimizing operating costs and improving operational efficiencies

Controlling our operating expenses is critical in determining our ability to offer loan products at reasonable rates to our customers and our profitability. Our deep penetration in India's rural markets through contiguous district-based expansion strategy has helped to achieve low operating expense ratios, contributing to economies of scale. Further, given our high customer retention rates, we expect to derive scale and cost benefits as there is no incremental sourcing cost for existing customers, and they are eligible to borrow higher loan amounts from us since they have progressed to higher loan cycles and they have been our customers for a number of years.

We continue to invest in our technology platform and technology-enabled operating procedures to increase operational and management efficiencies and ensure customer credit quality. We have implemented tablet based applications to make the loan application process convenient to our customers and streamline credit approval, administration and monitoring processes. For example, tablet based applications allow us to complete our Know Your Client procedures, perform instant credit bureau check, accept new loan applications, loan sanctions and manage collections process with improved efficiency while helping us to reduce overall paperwork. Our robust Core Banking System facilitates smooth and swift flow of information and data enabling us to control our cost of operations and provide improved services to our Customers. Additionally, we have centralized certain in-house back office processes through our Regional Processing Centres where customer data entry is carried out centrally. As of September 30, 2022, we have 19 Regional Processing Centres located in Raipur, Ranchi, Belgaum, Davanagere, Bengaluru, Indore, Kolhapur, Aurangabad, Nagpur, Bhubaneswar, Erode, Thiruvannamalai, Madurai, Jabalpur, Patna, Cochin, Chennai and Vadodara. Our Regional Processing Centres have improved our operational efficiencies allowing our field staff to focus more on actual business

workstreams and have significantly improved the data quality of our Customers' information. We believe that robust technology infrastructure will enable us to respond swiftly to market opportunities and challenges, improve the quality of services, scale-up our risk management capabilities, optimize our operating costs and improve our operational efficiency.

Foray into secured products complementary to our target customers

The new microfinance guidelines announced by the Reserve Bank of India in March 2022 allows upward revision of household income, risk-based pricing, and an increase in the limit of non-microfinance loans up to 25% of total assets. We have nurtured our vision of becoming the preferred financial partner of Indian low-income households lacking access to formal credit, enriching their lives by providing convenient and reliable solutions, matching their evolving needs. The new guidelines are complementary to gain pace towards achieving our vision and allows us with a lot of flexibility to design products based on customer suitability.

Our business strategy will be to acquire new-to-credit and early-stage customers through microfinance products, handhold graduated customers through individual unsecured business loans, followed by offering secured products complementary to the target segment to support their growing business needs and asset ownership aspirations. We shall leverage our deep rural presence and strong understanding of the customer's mindset and financing requirements to devise new products. We have already identified specific products complementary to our target customer segment which include small ticket business loans, affordable housing loans, gold loans, and 2-wheeler loans. The launch of new products shall be based on extensive pilots over the coming quarters. We have already made necessary technology investments to support these new products. We shall leverage our existing retail finance branch network and employee base to offer these products to our existing as well as new customers. As we grow our balance sheet over coming years, asset diversification strategy will make us more resilient to macroeconomic cycles, improve our credit ratings and provide stable returns to our stakeholders.

Our Business Operations

Our operations are focused on low income households engaged in economic activity with limited access to formal financial institutions and our goal is to provide customers with financial support for all their financial needs throughout their life cycle. Our focus customer segment is women with an annual household income of ₹300,000. We offer collateral free loans to women, who are willing to borrow in a group and are agreeable to accept joint liability for the loans, and this forms the premise of our JLG model.

Accordingly, we provide loans to groups of women, with each group consisting of five to ten women. Two to six of such groups together form a “**Kendra**” (or centre). Under the JLG model, loans are provided to individual customers, but the group guarantees the repayment of loans given to individual members of the group.

We believe that the JLG model is advantageous to both us and our customers. Through this model, our customers, who typically do not have collateral to take up loans, are able to gain access to credit. The JLG model also provides built-in support for our customers, in both good and bad financial circumstances. Delivering financial services through groups also benefits us, as it allows us to have better operational control and efficiency, lower transaction costs and increase the number of customers. For our income generation loans, we presently focus on areas such as agriculture, allied agriculture activities, retail trade, services, manufacturing under small sectors, water and sanitation, other activities under priority sector and emergent needs. We review and revise these lending areas in relation to our income generation loans and revise them from time to time.

While we have traditionally provided loans under the JLG model, in 2016, we introduced individual retail finance loans for customers who have been our customers for at least two years and fulfil certain other eligibility criteria linked primarily to their credit history with us, income, and business position, are more entrepreneurial, and have graduated from the JLG model.

Set forth below are certain details in relation to our key products:

A. Group Lending Products

(i) Income Generation Loans

Income Generation Loans are offered to customers to establish a new enterprise or expand an existing business. For instance, loans may be disbursed to set up a grocery store, buy cattle, install new machinery or purchase raw materials. The loans also meet the additional working capital requirements of a customer's business. We provide three categories of income generation loans to our customers:

- *IGL-Pragati*: This is the flagship product offered under the JLG model and is given to customers for income generation activity;
- *IGL-Pragati Plus*: This product is given to customers who require a greater amount of loan for income generation activity and is usually given to existing customers who have completed a few loan cycles, or new customers who have had prior MFI experience; and
- *Pragati Supplement Loan*: This product is given to IGL-Pragati or IGL-Pragati Plus customers to meet their additional credit needs and is usually given for purchase of inventory or any assets related to their business.

The following table sets forth details of our Gross AUM (on consolidated basis) for our income generation loans, for the periods indicated:

Product Category	Six months period ended September 30, 2022	Year ended March 31, (₹ in crores)		
		2022	2021	2020
Gross AUM	15,800.68	15,948.99	12,838.29	10,547.00

(ii) Family Welfare Loans

Family Welfare Loans support all the activities of our customers that help them in improving their quality of life. These loans fulfil needs such as educational needs of their children, medical expenses and specific occasion expenses such as festivals and livelihood improvement expenses, which may include purchase of liquefied petroleum gas connections for cooking purposes.

Grameen Suraksha (Hospicash) is a flagship scheme exclusively designed for our members and their spouses where they can claim a daily fixed amount to cover for their income losses arising due to inability to work in the event of hospitalization.

The following table sets forth details of our Gross AUM (on consolidated basis) for our family welfare loans for the periods indicated:

(iii) Home Improvement Loans

Home Improvement Loans enable our customers to avail themselves of water connections, construct toilets, extend and

improve and make minor repairs to their existing houses. The loans may be used to repair or replace a roof, wall, floor or door, for monsoon proofing or to add rooms.

The following table sets forth details of our Gross AUM (on consolidated basis) for our home improvement loans, for the periods indicated:

(₹ in crores)

Product Category	Six months period ended September 30, 2022	Year ended March 31,		
		2022	2021	2020
Gross AUM	429.31	414.39	310.83	769.61

(iv) *Emergency Loans*

Emergency Loans are short-term loans that we provide to our customers to help them address short-term cash flow constraints, such as emergency medical expenses, electricity bill payments and purchases of rations. Timely financial assistance prevents customers from resorting to other informal and expensive sources of money and improves customer retention.

The following table sets forth details of our Gross AUM (on consolidated basis) for our emergency loans, for the periods indicated:

(₹ in crores)

Product Category	Six months period ended September 30, 2022	Year ended March 31,

Gross AUM	6.73	2.76	1.73	12.55

B. Retail Finance Products

(i) *Individual Retail Finance Loans*

In 2016, we introduced individual retail finance loans for customers who had been our customers for at least two years and fulfil certain other eligibility criteria linked primarily to their credit history with us, income and business position. This loan category targets customers who are more entrepreneurial, have graduated from the JLG model and are capable of taking larger loans in their individual capacity. We offer these loans to customers to establish a new enterprise or expand an existing business in their individual capacity. The loans are offered to our customers for business expansion, or for purchase of inventories, machinery or two-wheelers.

We currently provide seven categories of individual retail finance loans to our customers:

- *Grameen Unnati Loan*: This is a business loan envisaged for graduated group lending customers who currently have running business. These loans are given to a member in her individual capacity and group guarantee would not be applicable for these loans. This loan is meant to meet the customer's business funding requirements such as capital investment for purchase of inventory, machinery, or working capital for business expansion;
- *Grameen Udyog Loan*: This loan is targeted at someone who requires a higher loan amount to meet their capital requirements, expand their business or purchase machinery, or keep inventories;
- *Grameen Savaari Loan*: This is given to customers to purchase a two-wheeler which will provide support for income generation activity;
- *Grameen Vikas Loan*: This is a high-ticket asset backed business loan, given to customers who have high credit requirement for business expansion, inventory purchase and closure of existing borrowings of the customers/ co-applicants;
- *Grameen Suvidha Loan*: This is a top-up loan given to customers to meet their additional credit needs and is usually given for the upkeep of assets or inventory related to business;
- *Grameen Vaahan Loan*: This is given to customers to purchase a small commercial vehicle which will provide support for income generation activity; and
- *Grameen Swarna Loan*: This loan is primarily offered to existing customers of CA Grameen, to meet their short term requirements including emergency needs, consumption, and business or working capital, where in the loan is backed by customer jewellery.

The following table sets forth details of our Gross AUM (on consolidated basis) for our individual retail finance loans, for the periods indicated:

(₹ in crores)

Product Category	Six months period ended September 30, 2022	Year ended March 31,		
		2022	2021	2020
Gross AUM	117.23	195.55	412.81	499.15

C. Distribution Products

(i) Insurance and micro-insurance

We have tied up with insurance providers and are acting as master policy holders to cover our customers and their spouses and, for Grameen Udyog Vikas loan customers, co-borrowers for certain of our loan products under group term life insurance. The insurance coverage ranges from ₹5,000 to ₹500,000, depending on the loan amount. The policies include individual term life, joint term life and joint credit life (based on product policy).

(ii) Pension

We are an aggregator of the National Pension Scheme (“NPS”) of the Government of India, providing pension for our customers and collecting contributions from their doorstep. The client has to contribute a minimum of ₹1,000 and a maximum of ₹12,000 in a year to become eligible for the Swavalamban benefit of ₹1,000 from the Government of India.

A. Joint Liability Group Lending Business Processes

Set forth below are details of the joint liability processes followed by CA Grameen:

(a) Customer Due Diligence Processes

Our branches enroll customers who satisfy the target clientele criteria. The size of the groups is flexible with a minimum of five and a maximum of ten women customers in a group. Two to six groups form a Kendra which typically has ten to 30 customers. Once the interested women customers have formed their groups, we provide further information to them, such as a brief introduction to our Company, criteria for group formation and group responsibilities. Immediately after the formation of the group, the loan officer visits the prospective customers’ house to collect the Know-Your-Customer (“KYC”) documents and basic data of the customers in a prescribed standard form. At each customer’s house, we include all the family members in the conversation during the information gathering session. The customer’s husband and household elders are briefly informed of our rules and regulations, including the compulsory training for women customers for five days (30 minutes per day).

Once relevant KYC and customers’ information is collected, it is sent to our Regional Processing Centres for data entry in our Core Banking System (T24 MCB™) and credit bureau check. Upon receiving a positive credit bureau response, the loan officer will conduct compulsory group training.

We believe that group training is necessary for developing group solidarity and strict credit discipline. Having strong cohesive groups with a commitment to credit discipline is one of the contributing factors to the expansion of microfinance. We take time to teach every group to work together cordially and be responsible for financial transactions, both individually and as a group. The duration of the compulsory group training (“CGT”) is typically five days (three days in case of Kendras that are at least six months old, already has two groups and in which new members are being inducted in existing groups), which might be extended if loan officers deem it necessary (30 minutes each day), for new Kendras and new groups in existing Kendras.

Prospective customers undergo at least half an hour of group training each day over a period of five days, covering various topics such as Kendra meeting processes, rules and regulations of our Company, awareness of products and processes, bank accounts, savings, insurance and pension. On the last day of the group training or at a later date, re- interview is done by the branch manager to determine the customers’ level of understanding of the topics covered during the training. The branch manager then visits the homes of the new customers to verify the potential customers and obtain the consent of their family members for the customers becoming borrowers. If the branch manager is satisfied, he recommends the group for the Group Recognition Test (“GRT”).

The area manager, on the recommendation of the branch manager, conducts the GRT. The GRT is designed to assess the quality of the proposed group and to confirm that they meet all our criteria. All the customers who have cleared the re-interview process are present during the GRT. Based on the results of the GRT, the area manager decides whether or not to approve the group. If approved, the area manager will randomly check the residence of the respective customers to verify the details furnished and also speak to the customer’s immediate relatives to verify that the customer has family

support in becoming our customer. Prior to disbursement, a second credit bureau check is also done of members of a group to determine their eligibility. This check is intended to verify if members of a group have taken any loans after the first level of verification conducted before the CGT. Thereafter, eligible members are sanctioned loans by the branch manager and disbursed prior to the first Kendra meeting. Through this process, we ensure that there are multiple levels of check before enrolling and disbursing credit to a new group or customer.

(b) Kendra Meetings

Kendra meetings are conducted weekly or fortnightly at a fixed place and time on a particular day. We typically select a common place large enough to accommodate all members of the Kendra, such as schools or community halls. We try to ensure that the location is in the Centre of the village and is commonly used by people of the village so as to give visibility and transparency to the Kendra meetings. For urban areas, we typically hold Kendra meetings in the house of any member of the Kendra as agreed by all members if there is no common place to conduct the meeting.

A Kendra meeting is one of the core activities for our field staff and also a matter of great importance to both our customers and us. Hence, we ensure that Kendra meetings are conducted strictly as set out in our operational guidelines either on a weekly or fortnightly basis. Kendra meetings are vital for us for the following reasons:

- all financial and non-financial transactions with our customers are conducted at the Kendra meeting.
- the Kendra meeting is our point of contact with our customers, and this helps in relationship building with the Customer.
- all our important schemes and policies are shared with our customers at the Kendra meeting.
- the Kendra meeting plays an important role in building our brand image.

The timing of the Kendra meeting is typically fixed by the respective groups. The duration of the meeting may be between 30 to 45 minutes, depending on the location and the volume of transactions. During the course of Kendra meetings, among other items, loan instalments are collected, logged and updated on passbooks; loan utilisation reports are tabled and discussed; loan applications of individual customers are evaluated and if approved by the group, co-signed by the JLG leader and Kendra leader; fresh disbursements of certain categories of loans (such as emergency and festival loans) are made; and fines are levied on customers who violate Kendra rules and regulations.

We continue to adopt primarily a weekly collection model and approximately 57.5% of our gross loan portfolio as of September 30, 2022 was on a weekly basis, 37.6% on bi-weekly basis and 5.0% on monthly basis (including retail loan accounts, which are majorly collected on a monthly basis), thereby ensuring that the repayment frequency matches our customer's cash flow frequency to lower the chances of a loan default.

(c) Loan application and acceptance process

Loan applications are submitted to the loan officer at the Kendra meetings after ensuring that every group member is willing to take joint responsibility for the loan. The loan officer facilitates discussions amongst group members (including at the Kendra meeting) and the group decides whether or not to approve the loan request from a particular member based on everyone's understanding of the nature of business activity the loan is intended to be used for, and the expected frequency of cash flows, viability and profitability. If the group approves the loan, the loan officer accepts the loan application from the customer.

(d) Loan Evaluation

After the receipt of the loan application (countersigned by the leader of the group and Kendra), the loan officer makes a compulsory visit to the customer's residence to interview the customer and other members of her household to ascertain the repayment capacity of the customer. During the visit, the loan officer prepares the cash flow statement in the prescribed format if the member has applied for either the IGL-Pragati or the IGL-Pragati Plus loans, both of which are income generating loans. A cash flow statement is not required for other types of loans, but the loan officer has to check the repayment capacity of the customer by independent assessment of the total income of the customer from all sources.

(e) Loan Sanction and Further Processing

On the recommendation of the loan officer and after reviewing the relevant documents, the branch manager will sanction the loan if it falls within his delegated authority. If not, the branch manager will recommend the loan to the appropriate sanctioning authority as per the delegation of powers approved by the board of directors. After the loan is sanctioned, data entry is done in the T24 MCB™ system to facilitate the credit bureau check which is done by the Head Office ("HO"). If

the credit bureau check is positive, the HO will release the loan for disbursement and if it is negative the loan application will be rejected by changing the status of the loan in the system. The Information Technology department at the HO has been mandated to complete the credit bureau check within two working days of data entry in the T24 MCB™ system. To ensure timely availability of credit to our customers, we have made it mandatory to convey the outcome of loan applications to our customers at the next meeting, be it weekly or fortnightly.

Upon sanctioning the loan, the branch manager signs the sanction letter and the loan officer carries the sanction letter (which includes key information about the loan, such as loan amount, interest rate, repayment schedules and insurance details) to the next Kendra meeting to hand it over to the customer after reconfirming with the other members of the group that they approve the granting of the loan to the particular customer. The sanction of the loan is recorded in the minutes book of the Kendra.

The Customer is required to come to the branch with the sanction letter together with proof of identity to receive disbursement of the loan. Disbursements are predominantly made in cashless mode i.e., direct credit to member bank account. On disbursement of the loan, the Customer receives a separate passbook for each loan with the repayment schedule printed in it.

(f) *Loan Repayment Process*

Before the Kendra meeting, the customers hand over their loan passbooks and instalment amounts to the group leader who is required to verify the amounts collected vis-à-vis the payables reflecting in the passbook. At the Kendra meeting, the group leader hands over the amount collected and the passbooks to the loan officer. The group leader oversees the group's payment and reports to the loan officer. Once the amount collected is the same as the amount demanded, the loan officer checks and signs each member's loan passbook after verifying it with the collection sheet, which he brings from the branch. Any amounts unpaid are entered in a part-payment passbook and added to the regular instalments due in the next collection sheet. The collection sheet generated from the T24 MCB™ system contains the loan details of and the amounts due from each member. Loan instalments are collected only at Kendra meetings and not at the Customer's residence (unless the Customer has defaulted on two or more instalments).

(g) *Segregation of Duties and Responsibilities*

We have clearly defined roles and responsibilities for every position in the field and controlling offices. By segregating the duties and responsibilities, we ensure that different staff members are responsible for different functions so that no single employee handles end-to-end functions of a given work chain (for example, the client acquisition, loan disbursement process, collections and accounting are handled by different staff members). The field operations have the following roles and associated responsibilities:

- *Loan officer*: New customer acquisitions, conduct CGT, conduct Kendra meetings, accept loan applications, Emergency Loan and Festival Loan disbursements, repayment collections and loan utilization checks.
- *Data entry operator*: Loan application data entry, repayment data entry, Progress out of Poverty Index data entry (data which is regularly updated to measure the effect of micro-credit programs on the economic status of customers) in the T24 MCB™ system.
- *Cashier (additional charge)*: Repayment collection counting, assist in loan disbursements and branch cash management.
- *Regional Processing Centre*: Member Basic Data Form (a form with basic details which the customer fills up before joining us) entry, updating of KYC, updating of bank account details.
- *Branch manager*: House visits of new customers, re-interview of customers, verify Member Basic Data Form information, verify loan applications, oversees loan disbursements, loan sanctions, monitor visits of Kendra and overall branch management.
- *Area manager*: Group recognition test, loans sanctioning, monitor branches under his or her authority.

B. Individual Retail Finance Lending Business Processes

In 2016, our Individual Retail Finance (“**IRF**”) division was started to pilot test individual lending for customers who have been with us under our group lending division. The products under retail finance are designed to target our graduated customers who are more entrepreneurial and have displayed credit worthiness over a period of time.

(a) *Target customers*

The loans under IRF are offered to customers in their individual capacity. The purpose of IRF loans includes allowing

customers to establish a new enterprise or expand an existing business, and purchase inventories, machinery, two-wheelers or light commercial vehicles.

In order to be eligible for IRF products, customers have to satisfy the following basic criteria, which include:

- be an existing Customer who has at least 24 months of relationship with us (more than 12 months in case of a Grameen Saavari loan);
- displayed good credit history in group loans (including no defaults in the last six months prior to applying for an IRF loan);
- 19 to 60 years of Age at the time of onboarding and maximum age at the time of loan maturity to be restricted to 65 years;
- own a house, or own or rent a shop;
- ownership of a business for at least one to three years;
- obtained credit bureau clearance; and
- a co-applicant is compulsory in case of IRF loans, who should be (a) an immediate family member living in the same residence as the applicant, (b) between 22-58 years of age, and (c) employed. The loan officer may also require a guarantor for the loan (who is required to be an existing JLG customer with credit-bureau clearance).

(b) Structure and Role Segregation

The current structure of IRF has been designed to minimize changes when IRF is introduced to geographies where we currently have operations. The current structure can be divided into following three broad functions:

- *Business team.* The business team is responsible for sourcing and converting the group lending customers as well as repayment collections from customers. As of September 30, 2022, we had 71 IRF branches and each IRF branch is headed by a branch manager who is responsible for the business and operations of the branch, and the branch manager reports to the regional sales manager, who is responsible for the business and administration of all the branches under him. The business team comprises Relationship Officers (“**ROs**”), who are field staff who source IRF customers, and who are responsible for maintaining the relationship with our customers post disbursement, conducting loan utilization checks and post disbursement execution of documents.
- *Credit and operations team.* The credit and operations team is responsible for credit assessment, sanctioning or rejecting a loan proposal and maintaining documentation and disbursement for sanctioned cases. A branch operations executive is responsible for data entry and does the first level check of the proposals submitted by our business team. A branch operations manager is responsible for keeping records, cash management, documentation of applications, sanctions and disbursements at the branch. Further, we have tele-callers at our central office who are responsible for doing a tele-verification check of all proposals submitted for review. We also have credit underwriters who analyse a proposal based on the information gathered and recommend that a case be sanctioned or rejected to a regional credit manager. To ensure proper documentation, safety of all documents and conduct of disbursement related activities, we have an operations team stationed centrally.
- *Business Support and Risk team.* The business support team is responsible to ensure continuous, proactive and comprehensive review of processes, documentation and information in the field. The function shall also ensure process adherence, complete and accurate documentation in branches, adherence to Code of Conduct. During the loan processing stage, Business Support Officers (“**BSO**”) stationed at branch carry on quality check verification including checking the genuineness of customer details, residence verification, business verification and document verification. The field risk control team adds strength to the operational risk control structure of the organization and ensures proactive operational and field risk management. It complements the field operations supervision, business support and internal audit function.

(c) Customer Due Diligence, Credit Appraisal, Sanction and Disbursement

Currently, only existing customers who meet the criteria set out above are eligible for IRF loans. Our IRF team works closely with our group lending team (including field officers, our branch operations team and tele-callers) to identify and select IRF customers. Eligible customers may be identified for IRF by any of the following three means:

1. Our group lending team passes the lead to a RO of our IRF team;
2. A Customer directly contacts ROs or our central team;
3. A Customer reaches out to our IRF team during a Kendra meeting when the IRF team makes a visit together with our group lending team;
4. In case of Grameen Unnati Loan, the entire lead generation and loan life-cycle management is conducted by group lending team.

A RO contacts customers over phone to explain the IRF product details and the documentation requirements, collects KYC documents and also conduct the first round of verification. The RO fixes an appointment only if a customer is interested and the verification obtained is favourable. During such visits, the RO collects the loan application form and KYC documents. When filling up the application, the RO verifies that the applicant and the co-applicants satisfy eligibility norms and business criteria norms. The documents collected are then submitted to the branch operations team.

A branch operations executive then checks the documents for completeness, accuracy and fulfilment of policy conditions. Subsequently, the branch operations executive enters the details in our system which is verified and authorized by the branch operations manager, after which the scanned documents are shared with a disbursement operations executive.

At our central office, a credit underwriter reviews the proposals and documents for accuracy, completeness and checks the inputs given by the credit bureau. The credit underwriter may also recommend that a loan be guaranteed by a guarantor if he deems it necessary. The credit underwriter either rejects or recommends proposals for a Personal Discussion (“PD”). Proposals which are cleared by the credit underwriter are communicated to the respective branch, and the branch manager will visit the customer premises and conduct a PD and technical evaluation.

After a successful PD, the credit underwriter will initiate a credit verification activity, which includes verification done via a telephone call, a visit by a credit appraiser to carry out the necessary credit appraisal verification and screening of all cases or carrying out field visits on a sample basis by a BSO.

The credit underwriter reviews all the inputs received and recommends proposals to a regional credit manager/ area credit manager/ Head Retail Finance as per the approval authority matrix for either approval or rejection. For cases which are approved, our central operations team prepares a Disbursement Kit (“DB Kit”) which contains the sanction letter, the National Automated Clearing House (“NACH”) mandate and the nomination form, before sending the DB Kit to our branch operations team for execution by the customer. In case of Grameen Unnati Loan, the customer is given an option to repay on weekly/ bi-weekly/ monthly basis at the designated group lending Kendra meetings.

Our branch operations team will then fix an appointment with the customer for execution of the documents in the DB Kit and collect all the required documents. After execution, the scanned DB Kit is scanned and sent for review at our central office. After verification by our central office team, disbursements through NACH are transferred directly to the customer’s bank account. After the funds transfer is successful, the RO gives the customer a welcome kit along with the repayment schedule. We maintain hard copy versions of all the documents centrally post disbursement.

(d) Loan Repayment Process

A monthly repayment schedule is followed for all IRF loans (instalments are typically payable by the fifth day of each month), except for the Grameen Unnati Loan where in the customer is given an option to repay on weekly/ bi-weekly/ monthly basis. Loan repayments are collected by triggering the automatic debit mandate which is collected from the customer at the time the documents in the DB Kit are executed and as per the schedule communicated to the customer, except for the Grameen Unnati Loan where the customer pays in cash at the designated group lending Kendra meeting.

Intimation is sent to the customer two days in advance of the scheduled repayment date so that the customer has notice to maintain sufficient balance in the account. On the scheduled repayment day, debit instructions are sent to the bank and post successful completion of national automated clearing, the necessary information is sent to the branch. For cases where national automated clearing cannot be completed two consecutive times, collections are done in cash by the RO by visiting the customer physically. An acknowledgment is given to the customer for all cases where the collection is successful.

(e) Loan Utilization Check

A RO does a loan utilization check of all IRF loans typically before the first instalment is due and a BSO does the same on a sample basis typically after the first instalment has been paid. Review of loan utilization checks is done by the branch manager, and a loan utilization report is submitted to our central office and recorded against a customer. In case of a mismatch, we have a process in place where necessary actions are taken to correct the mismatch.

Internal Audit and Internal Controls

Set forth below is a summary of the internal audit and control functions:

Our Company believes in maintaining a strong internal control framework and views such a framework as an essential prerequisite for the growth of business. We have well documented policies, procedures and authorization guidelines that are commensurate with our size. Further, an efficient independent internal audit system is in place to conduct internal audits of all branches, regional offices and as well as the head office.

Our internal audit function is an independent activity guided by a philosophy to add value to improve and enhance operations of our organization. It assists our Company in accomplishing its objectives by bringing a systematic and disciplined approach to evaluate and improve the effectiveness of our internal control, risk management and governance processes.

The internal audit activity is conducted with strict accountability for confidentiality and safeguarding records and information. It has fully authorized, free and unrestricted access to any and all of our Company's records, physical properties and personnel pertinent to carrying out any engagement. The internal audit activity also has free and unrestricted access to our Board. The Audit Committee of our Board is updated on significant internal audit observations, compliance with statutes, progress of risk management practices and effectiveness of our control systems every quarter. Our internal audit function also interacts with our statutory auditors.

Every branch is audited an average of six times in a financial year. Based on the extent of compliance and adherence to systems, policies and procedures, the audited branches are assigned compliance scores. The branch audit is conducted based on a detailed audit program and various checklists updated in accordance with our operational policies and procedures. The audit process involves field visits in the morning, and office related work, verification and checks in the afternoon and evening. The scope of our branch audit covers the following areas of operations:

- Financial, accounting and operating controls i.e., a review of processes and controls.
- Ascertaining the extent of compliance with our established policies and procedures.
- Visits to Kendra meetings to ascertain compliance with our policies and procedures, and conducting customer house visits.
- Cash and bank transactions, records, reconciliations and balances;
- Lending process and documentation;
- Kendra, group formation
- Enrollment of new customers (limited to non-centralised branches)
- Client records, loan applications, appraisals and approvals
- Loan disbursements and repayments
- Collection of fees and insurance premiums
- Arrears and portfolio at risk
- Review of internal controls and risk management procedure compliances;
- Branch expenses;
- Accounting, vouchers, book keeping and fixed assets;
- Human resources policies, statutory compliances and housekeeping;
- Adherence to code of conduct, fair practices code, customer protection principles;
- Follow up on previous audits.

Risk Management

We have a multi-layered risk management process for identifying, managing, and mitigating risks arising across risk taking activities in the organisation to ensure sustainable profitability. The robust risk architecture supports the Company's vision and mission.

Maintaining relatively tight caps on risk exposures is seen as the most conducive approach to providing cost-appropriate mass-market financial services in a socially inclusive manner. The cornerstones of our business model are customer service, outreach and financial inclusion, innovation, technology, proactive risk management and sustainable growth. For example, we will not engage in activities, trade instruments or otherwise enter into risks that do not have a clear relationship to the mission of the institution. We continue in delivering on our promise to shareholders and customers of integrity, social advancement, economic empowerment and sustainable profitability.

We follow a 3-lines of defense mechanism in which the business line including branch & supervisory staff and business support team work as first line of defense. Risk Management is the second line of defense while Internal Audit works as the third line of defense. The management of risks is a responsibility of all senior management and of all staff in all business lines. Each line of business is responsible to manage its own risks.

Risk Management Committee (RMC) assists the Board with oversight of strategies, policies and procedures related to the management of all risk types. Risk Management function is headed by the Chief Risk Office (“CRO”) who is primarily responsible for overseeing the development and implementation of our risk management function. The CRO is also responsible for supporting the RMC in the development and implementation of our annual risk plan. The CRO, together with management forms an executive committee which is actively engaged in the process of setting risk measures and limits for the various business lines and monitoring their performance relative to risk-taking and limit adherence. Internal Audit team directly reports to the Audit Committee and has free and unrestricted access to the Board. Risk management committee oversees on implementation of annual risk management plan. Risks are reported to RMC monitored by CRO and management team and quarterly updates are provided. There is free and unrestricted access for internal audit team to the Board. Risk management framework is overseen by board committees (annual risk management plan, periodic updates presented, etc.)

To ensure that all our departments deliver the expected level of support that is instrumental for the execution of risk management activities at an organizational level, a Management Level Risk Committee is formed. Management Level Risk Committee (MLRC) comprises MD & CEO, CBO, CAO, CFO, CTO, and CRO. The Management Level Risk Committee meetings are held at least once a month or more frequently if the need arises. The Management Level Risk Committee monitors management of our major risks in general. The Management Level Risk Committee takes an integrated view of the risks we face and issues specific directives to the respective departments, business lines, regions and branches for necessary action in order to mitigate such risks.

Operational Business Support Team

The Operational Business Support Team (“BST”) team is a function established within our field operations and BST staff members report to Business Heads to enhance proactive monitoring of our operations. The BST team oversees continuous, proactive and comprehensive review of processes, documentation and information in the field. The function also ensures process adherence, complete and accurate documentation in branches and Kendra meetings and adherence to the code of conduct.

Head Office – Infrastructure, Control and Support

To manage our branch and geographic expansion, we have strengthened the infrastructure, support and control functions at our head office. Our head office has adequate infrastructure and manpower to support our branches and field operations. The support functions such as Finance, Treasury, Accounts, Strategy and Planning, IT, Risk, HR, Audit, Grievance and Centralized Operations have been adequately staffed with the necessary personnel who are professionally competent to manage our growth.

Regional Processing Centres

Every new customer data entry takes place at centralized locations known as Regional Processing Centres. Regional Processing Centres help to improve controls in the following manner:

- check data entry of newly enrolled customers;
- improve and maintain integrity in data quality;
- independent data entry of new customers; and
- ensure complete and proper documentation.

As of September 30, 2022, we have 19 Regional Processing Centres located in Raipur, Ranchi, Belgaum, Davanagere, Bengaluru, Indore, Kolhapur, Aurangabad, Nagpur, Bhubaneswar, Erode, Thiruvannamalai, Madurai, Jabalpur, Patna, Cochin, Chennai and Vadodara.

Proactive Data Analysis

Various portfolio, client monitoring, and branch monitoring reports are generated at defined intervals and analysed by our Business Intelligence and Analytics team, and Risk Management Department. Proactive actionable alerts are sent to our operations teams regularly.

Employee Due Diligence

For new employees who are recruited, our Risk Management Department conducts due diligence in the form of an internal

background verification check. Through this process of background verification check, the credentials of the employees and their family backgrounds are checked before they are confirmed as employees. In addition to the background verification check, the conduct of the employee during the probation period is monitored and the employment is confirmed only if his or her conduct is satisfactory.

Human Resources

As of September 30, 2022, we had 16,018 employees on a consolidated basis. We primarily recruit loan officers at entry levels. Fresh candidates from rural background are employed and adequately trained. After gaining sufficient experience, loan officers are promoted internally to take up bigger and more important roles. We abide by our values of being committed, reliable, empathetic, accountable, transparent and efficient. We try our best to ensure that our values are genuinely and consistently promulgated in our Company. We have also implemented an ESOP scheme for our employees, along with a range of incentives and employee engagement programs such as gratuity, birthday and wedding gifts, staff loans and insurance.

The following table sets a break-up of our employees (on Consolidated basis) by function as of the dates indicated:

Particulars	As of September 30, 2022
Loan officers	10826
Field supervisors	2810
Field monitoring	498
Centralized operations	481
Finance	62
IT	147
Human resources	133
Internal audit	296
Others	765
Total	16,018

Training

We have an effective in-house training facility. It manages, develops and realizes the knowledge and full potential of our employees at an individual, team-based and organization-wide level by providing different types of training to employees of different functions and seniority:

- A 21-day basic training program is conducted for trainees to prepare them for field operations, which includes field training at one of our branches for two weeks.
- A refresher training program is conducted frequently in accordance with our operational requirements.
- An orientation program is conducted for promoted field staff and new employees at our head office.
- Induction training is provided for all lateral hires.
- Departmental process training programs are conducted for all new recruits and promoted employees.
- Leadership training programs, which are tailored according to the seniority of our employees, are conducted for our employees.

The above training programs are designed based on objectives, targeted groups of employees, skills and capabilities required for our field operations.

Customer Grievance Redressal Mechanism

Our customer grievance redressal mechanism was established to address issues which arise out of situations when our customers are either unhappy with the service provided to them or unsatisfied because we fail to meet their expectations, including grievances on overdue balances, Kendra discipline and cohesion issues. The methodology adopted by this department enables customers to reach out to us in an easy and simplistic manner.

Our grievance redressal process addresses the grievances of all our customers and the general public. We have set up a Grievance Redressal Cell (“GRC”) to attend to all enquiries and requests of our customers. Staff members of all levels at the GRC and our head office are duty bound to address all concerns of our customers.

Compliance with NBFC-MFI Regulations and Guidelines

As of September 30, 2022, we are in compliance with regulations and guidelines relating to qualifying assets ratio, capital adequacy ratio, aggregate loan provision policies, pricing of credit, interest rate on loan products and processing charges.

Competition

We face significant competition from unorganized, small participants in the market across all our business segments in addition to other small finance banks, scheduled commercial banks, NBFC-MFIs and NBFCs as well as local moneylenders. Our competitors include Bharat Financial Inclusion Ltd. (now merged with IndusInd Bank Ltd.), Satin Creditcare Network Ltd., Annapurna Microfinance Pvt. Ltd., Arohan Financial Services Ltd., Spandana Sphoorty Financial Ltd., L&T Finance Ltd, Asirvad Microfinance Ltd., Ujjivan Small Finance Bank Limited, Equitas Holdings Ltd., Muthoot Microfin Limited, IIFL Samasta Finance Limited, Belstar Microfinance Limited, Etc.

In addition, many of our potential customers in the lower income segments do not have access to any form of organized institutional lending, and rely on loans from informal sources, especially money lenders, landlords, local shopkeepers and traders at much higher interest rates. Therefore, we also face significant competition from these unorganized and unregulated market participants who are prevalent in the semi-urban and rural areas, which are our key areas of focus and whose target customer segment is the same as ours.

Properties

As of September 30, 2022, all the properties used for our operations (except one branch of MMFL), including 1,684 branches, the Regional Processing Centres, regional offices and our head office, have been taken on a lease/ leave and license basis.

As on the date of this Shelf Prospectus, our Company owns an immovable property located at Adarshanagar Colony, Arishinakunte village, Nelamangala Taluk, Bangalore-562123.

Intellectual Property

Our trade name “CreditAccess Grameen” and our logo that include the image  are registered with the Trademarks Registry and the registrations are valid until October 31, 2029.

In addition, our Company has also registered certain logos associated with its brands and operations, such as the “Grameen Koota” text and logo  which is valid upto January 16, 2027.

Also, we may breach third-party intellectual property rights.*

Information Technology

Our IT support systems aid us in performing several processes involved in the life cycle of a loan transaction. We have made significant investments in our IT infrastructure to be able to control our operating costs and provide quality service to our customers as an NBFC-MFI. For our operations, we have focused on implementing a centralized and consolidated information system to enable a smooth and swift flow of information and data across the system. Our systems have

assisted us with data entry automation of loan origination system, credit underwriting process, underwriting rule engine, deviation triggers to minimize human errors, branch accounting system and maintaining customer history. We will continue to embrace state of the art technology solutions to support our growth and enable more efficient operations to benefit our customers, as well as to optimize our operating efficiency.

Core banking system (“CBS”)

T24 MCB is the CBS offered by Temenos, which is a leading provider of core banking solutions worldwide. T24 MCB has been customized for our business operations. The higher levels of automation, controls and flexibility provided by the system enable us to achieve its vision of reaching out to a larger customer base.

Collaboration with credit bureaus

We work with credit bureaus like Highmark, Equifax and CIBIL. The credit bureaus help identify overlapping microfinance borrowers, their overall loan exposure and incidents of high default. Every loan given by us undergoes a credit check with the credit bureaus and this verification process has been completely integrated into the loan delivery processes and is instrumental in minimizing instances of borrower over-indebtedness. The entire process is automated and centralized which enables high level of controls in this process.

Infrastructure outsourcing

We have been working in partnership with IBM on outsourced infrastructure management services. The Data Centre and disaster recovery server infrastructure management is managed by the outsourced provider. We have also added another service provider Cloud4C for few of the noncore applications to ensure uninterrupted support along with usage of cloud-based service providers such as Microsoft Azure and Amazon Web Services (AWS) for few of the dynamic application requirements. We have entered into partnerships with Bharti Airtel, Sify and Tata Teleservices for network connectivity in all critical locations.

Report generation

We generate various internal and external reports using the Jasper Reporting Server, which enables the reports to be auto extracted and shared with various stakeholders with a high degree of accuracy and on a timely basis. We have also started using Power-BI for internal publishing of dashboards and reports to the management team.

Internal systems

In addition to the systems which provide core business functionality, we have deployed an enterprise resource planning system for our internal finance and accounting processes and other internal systems such as human resource management. We have also continued using the open source online E-learning portal for employee training, which provides a strong platform for delivering effective learning modules to all our employees. The E-learning portal is a powerful tool which reduces training costs and delivers effective training programs to a larger audience.

Technology initiatives

We continue to actively upgrade our technology architecture and applications to keep pace with changes in the microfinance industry. With initiatives such as field force automation through use of tablets, robust internal communication and knowledge management systems, there are direct benefits in terms of real time information flow between teams, more effective management of operations as well as reduction in processing times. We are now using technology capabilities such as cashless disbursements through instant payment mode (IMPS), instant credit eligibility checks, etc. to improve efficiency as well as enhance the quality of customer experience.

Insurance

We maintain insurance policies that we believe are customary for companies operating in our industry. Our principal types of coverage include insurance for burglary, group personal accident insurance, group life insurance, group mediclaim, fidelity policy, and directors’ and officers’ liability insurance. In addition, we have a money insurance policy pertaining to cash in safes and in transit. Our insurance policies may not be sufficient to cover our economic loss. For details, see *“Risk Factors – Our insurance coverage may not be adequate to protect us against all potential losses, which may have a material adverse effect on our business, financial condition and results of operation”* on page 38.

Corporate Social Responsibility

We have adopted a Corporate Social Responsibility (“CSR”) policy in compliance with the requirements of the Companies Act, 2013 and the Companies (Corporate Social Responsibility) Rules, 2014. As per the requirement, 2% of the three years’ annual profit is spent towards CSR activities. The Company is implementing its CSR activities through CreditAccess India Foundation, a Section 8 company, which is incorporated specifically for the purpose of implementation of CSR activities of group companies, with an aim to empower people belonging to poor households to help them secure respectable livelihoods while ensuring environmental sustainability and gender equality. We believe that our CSR initiatives contribute to our overall strategy of a customer-centric business model and engaging with marginalized communities and we have contributed to CSR initiatives in areas such as increasing social awareness, education and community development. We believe that these initiatives have contributed in maintaining a healthy customer retention levels.

Key Social Welfare Initiatives Increasing social awareness

CreditAccess India Foundation, a section 8 company, focuses on social development areas viz. health, education. Livelihood, environments including increasing awareness about safe water, sanitation and financial literacy. Through this initiative, we hope to encourage hygienic practices, inculcate healthy habits and empower people who are living in poverty.

WASH (Water, Sanitation & Hygiene) program

As many households, especially those in rural areas, face health problems, we conducted a further study and found that lack of hygienic practices and sanitation were behind the poor health conditions. In order to address this issue comprehensively, we started the initiative WASH – Water, Sanitation and Hygiene Program. The impact of the program is evident as people in the community have not only realized the importance of sanitation but also associated us with the good work carried out. Having access to better sanitary facilities has also contributed to increased self-respect for our women customers and their family members.

Jagruti

We created Jagruti program as an awareness building tool, with a vision to empower our customers by providing them with information. We conceived the concept of Jagruti after a rigorous process of deliberations with women as the target group, key stakeholders (within and outside the MFI) and leveraging design-thinking principles. We crafted and positioned the persona of Jagruti as a trusted friend of women and decided that letters should be the means of communication with Jagruti's audience given that storytelling has always been a critical channel of providing information in India.

We conduct this program on a weekly/ fortnightly basis and the letters written by Jagruti are read out at the end of weekly/ fortnightly meetings. The letters are written in a colloquial, lively fashion and they cover a plethora of relevant issues such health and hygiene, sanitation, drinking water, financial literacy, government schemes, micro- entrepreneurship, trafficking and HIV/ AIDS. We found out through an assessment of Jagruti that these letters have been successful in spreading awareness on key issues to our customers, with an overwhelming proportion of customers reporting high levels of engagement with these messages.

Jagruti has created awareness on different subjects ranging from health, food, nutrition, education, hygiene, importance of sanitation to the importance of savings, money management, government services and facilities. It has had a measurable and lasting impact on the awareness level of our customers that has resulted in a perceptual shift in their mindset.

We continue to implement Jagruti across all our branches and continue to educate our customers every week/ fortnight with a new topic.

Sushikshana program

The Sushikshana is an interactive program designed to provide children in Class 8 and above, a holistic learning experience on Water-Sanitation-Hygiene (WASH), financial literacy including money management, household budgeting, saving, and wealth creation. It shall also include career guidance sessions for class 10 students to help them make better career choices in future after completing their class 10 education. CA Grameen has experience in implementing this program since many years for now. This program shall be executed through partners.

Life insurance coverage

For the year ended March 31, 2022, we acted as master policy holder to cover 40.62 lakh customers, on consolidated basis under insurance schemes.

HISTORY AND MAIN OBJECTS

Corporate Profile

Our Company was incorporated as Sanni Collection Private Limited (“**SCPL**”) on June 12, 1991 at Calcutta, West Bengal, India as a private limited company under the Companies Act, 1956. In February 2007, the entire shareholding of SCPL was acquired by Vinatha M. Reddy, Vijitha Subbaiah and Suresh K. Krishna, in their respective individual capacity. At the time of the acquisition, SCPL also held a certificate of registration as a non-deposit taking NBFC dated March 30, 1998. Subsequently, in October 2007, the microfinance business being operated under T. Muniswamappa Trust (“**TMT**”), a public charitable trust engaged in the business of providing micro loans in Karnataka (including all associated assets, liabilities, goodwill, receivables, loan assets and intellectual property, including the brand name “Grameen Koota”) was transferred to SCPL. The microfinance business being operated under TMT was established as a programme under the name “Grameen Koota” in 1999. Subsequent to the acquisition of SCPL and the transfer of the microfinance business of TMT to SCPL, SCPL was rebranded under the “Grameen” name, and pursuant to a resolution of the shareholders of SCPL, our Company’s name was changed from Sanni Collection Private Limited to Grameen Financial Services Private Limited and a fresh certificate of incorporation consequent upon change of name was issued to our Company by the Registrar of Companies, West Bengal on March 14, 2008 post which the RBI granted a certificate of registration dated July 28, 2009 reflecting the change of name. Subsequently, the RBI granted a fresh certificate of registration dated February 6, 2012 for registration as an NBFC under Section 45 IA of the Reserve Bank of India Act, 1934. Our Company was granted NBFC-Microfinance Institution (“**NBFC-MFI**”) status by the RBI with effect from September 5, 2013. Subsequently, the name of our Company was changed to Grameen Koota Financial Services Private Limited pursuant to a fresh certificate of incorporation issued by the Registrar of Companies, Bangalore, Karnataka on November 13, 2014. Further, a fresh certificate of registration consequent upon change of name was issued to our Company by the RBI on December 16, 2014. Subsequently, our Company was converted into a public limited company pursuant to a special resolution passed by our Shareholders at the EGM held on 27 November 2017 and the name of our Company was changed to Grameen Koota Financial Services Limited (“**GFSL**”). A fresh certificate of incorporation consequent upon conversion to a public limited company was issued by the RoC on December 18, 2017. Subsequently, pursuant to a resolution passed by our shareholders at the EGM held on January 2, 2018, the name of our Company was changed to CreditAccess Grameen Limited, and a fresh certificate of incorporation consequent upon change of name was issued by the RoC on January 12, 2018. Our Company holds a certificate of registration dated January 19, 2018 bearing registration number B - 02.00252 issued by the RBI to carry on the activities of a non-banking financial company without accepting public deposits under Section 45 IA of the Reserve Bank of India Act, 1934. Details of any acquisition or amalgamation in the last one year

Our Company has not made any acquisition during previous one financial year. However, the Company is in the process of amalgamation with its Subsidiary Company.

Proposed Scheme of Amalgamation

Our Company entered into an implementation agreement dated November 27, 2019 with MMFL for the proposed acquisition and amalgamation of MMFL (“**Transferor Company**”) into our Company. Pursuant to resolutions dated November 27, 2019 and January 22, 2020 and October 23, 2020, our Board approved a scheme of amalgamation (“**Proposed Scheme of Amalgamation**”) under Sections 230 to 232 and other applicable provisions of the Companies

Act, 2013 between our Company, MMFL, and their respective shareholders and creditors, pursuant to which the undertaking of MMFL was proposed to be transferred to and vested in our Company as a going concern. Subsequently, pursuant to their letters dated February 19, 2020 and January 29, 2020, respectively, the RBI Bangalore and RBI Chennai provided their no-objection to the Proposed Scheme of Amalgamation, and an application dated December 10, 2019 was made to the Stock Exchanges for the approval of the Proposed Scheme of Amalgamation. However, pursuant to a letter from the NSE dated March 11, 2020, our Company was informed that the Proposed Scheme of Amalgamation had been returned by the SEBI for not being in compliance with one of the conditions for schemes of arrangement by listed entities, namely, clause (1)(A)(3)(b) of SEBI Circular No. CFD/DIL3/CIR/2018/2 dated January 3, 2018.

Accordingly, our Company was directed to make an application after complying with the requirements of the aforementioned circular. The shareholding of our Promoters was subsequently brought down to 75%, pursuant to which both BSE and NSE approved the Proposed Scheme of Amalgamation vide its letter dated May 07, 2021. Our Company has acquired 76.08% of the share capital of MMFL for an aggregate consideration of ₹ 662 crores, pursuant to certain share purchase agreements with the then shareholders of MMFL (“SPAs”). Pursuant to the terms of the implementation agreement, if the proposed scheme of amalgamation is rejected by the relevant tribunal, or if the tribunal does not pronounce its order sanctioning the scheme within 18 months from the date of completion of the purchase of the MMFL shares by our Company under the SPAs (extendable by six months as required by our Company), our Company is required to purchase the equity shares of MMFL from the remaining shareholders of MMFL as per the terms and at the price agreed under the Implementation Agreement.

After complying with the requirement as per clause (1)(A)(3)(b) of SEBI Circular No. CFD/DIL3/CIR/2018/2 dated January 3, 2018, the Company had on July 16, 2021, filed its first Motion Petition along with the consents received from the secured and unsecured creditors for the scheme, with the NCLT, Bengaluru Bench seeking (i) an order from the Hon'ble Tribunal convening and holding the meetings of the equity shareholders of the our Company to seek the approval of the equity shareholders to the Scheme; and (ii) dispense with the convening and holding the meeting of the secured and unsecured creditors of the our Company. Accordingly, pursuant to the order dated 25 February 2022 passed by NCLT Bengaluru, had directed the Company to convene the meeting of its equity shareholders and dispensing the meeting of the secured and unsecured creditors.

The Transferor Company i.e., MMFL vide its first Motion Petition dated August 03, 2021, along with the consents received from the secured and unsecured creditors for the scheme, with the NCLT, Chennai Bench seeking (i) an order from the Hon'ble Tribunal convening and holding the meetings of the equity shareholders of the Transferor Company to seek the approval of the equity shareholders to the Proposed Scheme of Amalgamation; and (ii) dispense with the convening and holding the meeting of the secured and unsecured creditors of the our Company. Accordingly, pursuant to the order dated March 29, 2022, passed by NCLT Chennai, had directed the Company to convene the meeting of its equity shareholders and dispensing the meeting of the secured and unsecured creditors.

The Equity shareholders of the Transferor Company and our Company have approved the scheme vide their resolution passed on April 25, 2022 and May 04, 2022, respectively. As on the date of this Shelf Prospectus, the matter is pending before the NCLT Chennai and Bengaluru for its final approval. The NCLT, Chennai vide its Order dated October 12, 2022, has approved the Scheme of Amalgamation. However, due to technical difficulty, the NCLT, Bengaluru has not considered the matter on October 20, 2022. The next date of the hearing is scheduled on December 21, 2022. Also please see, “*Risk Factors – We are in the process of amalgamating, our Subsidiary, MMFL into our Company through a scheme of amalgamation filed with the National Company Law Tribunal, Bengaluru Bench (“Scheme”). While we have received the approval of our Board and shareholders for the Scheme, we cannot assure that we will receive other pending approvals for the Scheme in a timely manner or at all. Further, we may not be able to complete all the procedural formalities in relation to the Scheme in a timely manner which may have an adverse impact on our business operations*” on page 29.

REGULATIONS AND POLICIES

The regulations summarized below are not exhaustive and are only intended to provide general information to Investors and are neither designed nor intended to be a substitute for any professional legal advice. Taxation statutes such as the IT Act, GST laws (including CGST, SGST and IGST) and applicable local sales tax statutes, labour regulations such as the Employees State Insurance Act, 1948 and the Employees Provident Fund and Miscellaneous Provisions, Act, 1952, and other miscellaneous regulations such as the Trade Marks Act, 1999 and applicable Shops and Establishments statutes apply to us as they do to any other Indian company and therefore have not been detailed below.

The following description is a summary of certain sector specific laws and regulations in India, which are applicable to our Company and its subsidiaries. The information detailed in this chapter has been obtained from publications available in the public domain. The statements below are based on the current provisions of the Indian law, and the judicial and administrative interpretations thereof, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions.

The major regulations governing our Company are detailed below:

On October 22, 2021 RBI issued a Scale Based Regulation (SBR): A Revised Regulatory Framework for NBFCs ("**SBR Framework**"), whereby NBFCs have been categorised into following four layers based on their size, activity, and perceived riskiness by the RBI (i) NBFC- Base Layer ("**NBFC-BL**"); (ii) NBFC- Middle Layer ("**NBFC-ML**"); (iii) NBFC- Upper layer ("**NBFC-UL**"); and (iv) NBFC- Top Layer ("**NBFC-TL**").

Pursuant the SBR Framework the criteria of asset size of non-deposit NBFCs for classification as non-systemically important has been increased from ₹50,000 lakh to ₹1,00,000 lakh ("**NBFC-ND**"). Therefore, non-deposit NBFCs with asset size of over ₹1,00,000 lakh will be considered as systemically important by the RBI ("**NBFC-ND-SI**"). The SBR Framework came into effect from October 01, 2022 and provides that from October 01, 2022 references to NBFC-ND shall mean NBFC-BL and all references to NBFC-D and NBFC-ND-SI shall mean NBFC-ML or NBFC-UL, as the case may be.

As on date of filing of this Draft Prospectus the Company falls under the category of NBFC-ML, as its assets size is above ₹ 1,00,000 lakh, as per the last audited balance sheet. SBR Framework provide that NBFC-ML shall be subject to regulations as currently applicable to NBFC-ND-SI, except for the regulatory changes under SBR Framework applicable on NBFC-ML.

As per the RBI Act, a financial institution has been defined as any non-banking institution carrying on as its business or part of its business the financing, whether by way of making loans or advances or otherwise, of any activity, other than its own; acquisition of shares/stock/bonds/debentures/securities issued by the Government of India or other local authorities or other marketable securities of like nature; letting or delivering any goods to a hirer under a hire- purchase agreement; insurance business; chit business; and collecting monies in any manner from such persons, and disbursing money to such persons from whom monies are collected or any other person, but does not include any institution whose principal business is that of any agricultural operation, industrial activity, the sale/purchase of goods other than securities, providing any service or the sale/purchase/construction of immovable property.

Any financial institution which is a company, or any non-banking institution which is a company and which has as its principal business the receiving of deposits or lending in any manner is to be treated as an NBFC. Since the term 'principal business' has not been defined under the RBI Act, the RBI has clarified through a press release (Ref. No. 1998-99/ 1269) in 1999, that in order to identify a particular company as an NBFC, it will consider both the assets and the income pattern as evidenced from the last audited balance sheet of the company to decide its principal business. The company will be treated as an NBFC if its financial assets are more than 50% of its total assets (netted off by intangible assets) and income from financial assets should be more than 50% of the gross income. Both these tests are required to be satisfied as the determining factor for principal business of a company.

With effect from 1997, NBFCs were not permitted to commence or carry on the business of a non-banking financial institution without obtaining a certificate of registration ("**CoR**"). Further, with a view to imparting greater financial soundness and achieving the economies of scale in terms of efficiency of operations and higher managerial skills, RBI vide notification No. DNBS (PD)No.CC.10/02.59/98-99 dated April 20, 1999 raised the requirement of minimum net owned fund from ₹ 0.25 crores to ₹ 2 crores for the NBFC which commences business of a non- banking financial institution on or after April 21, 1999. Further, every NBFC is required to submit to the RBI a certificate every year, from its statutory auditor within one month from the date of finalization of the balance sheet and in any case not later than December 31st of that year, stating that it is engaged in the business of non-banking financial institution requiring it to hold a CoR under section 45-IA of the RBI Act. Further as per RBI Scale based regulation (SBR) circular dated October

22, 2021 it shall be mandatory for NBFC ICC to achieve NOF of ` 5 crore by the end of March 31, 2025 and ` 10 crore by March 31, 2027.

I. Regulation of Systemically Important NBFCs Registered with the RBI

Systemically important NBFCs are primarily governed by the RBI Act, 1934 (“**RBI Act**”), Master Direction on Non-Banking Financial Company – Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 (“**Master Directions**”) and the Master Direction on Non-Banking Financial Companies Acceptance of Public Deposits (Reserve Bank) Directions, 2016 (“**Public Deposit Directions**”) in case the NBFC is permitted to accept public deposits. In addition to these regulations, NBFCs are also governed by various circulars, notifications, guidelines and directions issued by the RBI from time to time.

II. Types of NBFCs

NBFCs have been classified on the basis of the types of liabilities they access, types of activities they pursue and their perceived systemic importance.

(a) Liabilities-based classification

NBFCs are classified on the basis of liabilities into two broad categories – a) deposit taking and

b) non-deposit taking. Deposit taking NBFCs (NBFC – D) are subject to requirements of stricter capital adequacy, liquid assets maintenance, and exposure norms etc.

Further, in 2015, non-deposit taking NBFCs with asset size of Rs 5 billion and above were labelled as ‘systemically important non-deposit taking NBFCs’ (NBFC – ND – SI) and separate prudential regulations were made applicable to them.

(b) Activity-based classification

As per the RBI notification dated February 22, 2019, the RBI merged the three categories of NBFCs viz. Asset Finance Companies (AFCs), Loan Companies (LCs) and Investment Companies (ICs) into a new category called NBFC – Investment and Credit Company (NBFC- ICC) with the below definition: “Investment and Credit Company – (NBFC- ICC)” means any company which is a financial institution carrying on as its principal business – asset finance, the providing of finance whether by making loans or advances or otherwise for any activity other than its own and the acquisition of securities; and is not any other category of NBFC as defined by RBI in any of its Master Directions.

Within this broad categorization the different types of NBFCs are (a) investment and credit companies, (b) infrastructure finance companies, (c) infrastructure debt fund, (d) NBFC – micro finance institutions, (e) NBFC – factors, (f) NBFC – non-operative financial holding company, (g) systemically important core investment companies and (h) mortgage guarantee companies.

III. Types of Activities that NBFCs are permitted to carry out

Although, NBFCs are permitted to operate in similar sphere of activities as banks, there are a few important and key differences. The most important distinctions are:

- (a) an NBFC cannot accept deposits repayable on demand;
- (b) NBFCs do not form part of the payment and settlement system and cannot issue cheques drawn on itself; and
- (c) deposit insurance facility of Deposit Insurance and Credit Guarantee Corporation is not available to depositors of NBFCs, unlike in case of banks.

IV. Regulatory requirements of an NBFC under the RBI Act

Net Owned Fund

Section 45-IA of the RBI Act provides that to carry on the business of a NBFC, an entity would have to register as an

NBFC with the RBI and would be required to have a minimum net owned fund of ₹200 lakh. SBR Framework has incrementally revised the net owned fund requirement for the systemically important NBFCs with customer interface or public funds and provides following timeline for achieving the net owned fund: (i) that minimum net owned fund requirement of ₹ 500 lakh by March 31, 2025; and (ii) ₹ 1000 lakh by March 31, 2027. For this purpose, the RBI Act has defined “net owned fund” to mean:

Net Owned Fund - The aggregate of the paid-up equity capital and free reserves as disclosed in the latest balance sheet of the company, after deducting (i) accumulated balance of losses, (ii) deferred revenue expenditure, (iii) deferred tax asset (net); and (iv) other intangible assets; and further reduced by the amounts representing,

- (i) investment by such companies in shares of (i) its subsidiaries, (ii) companies in the same group, (iii) other NBFCs; and
- (ii) the book value of debentures, bonds, outstanding loans and advances (including hire purchase and lease finance) made to, and deposits with (i) subsidiaries of such companies; and (ii) companies in the same group, to the extent such amount exceeds 10 per cent of (a) above.

Further as per RBI circular on Scale based regulation (SBR) dated October 22, 2021 it shall be mandatory for NBFC ICC to achieve NOF of ` 5 crore by the end of March 31, 2025 and ` 10 crore by March 31, 2027.

Reserve Fund

In addition to the above, Section 45-IC of the RBI Act requires NBFCs to create a reserve fund and transfer therein a sum of not less than 20% of its net profits earned annually before declaration of dividend. Such a fund is to be created by every NBFC irrespective of whether it is a ND NBFC or not. Such sum cannot be appropriated by the NBFC except for the purpose as may be specified by the RBI from time to time and every such appropriation is required to be reported to the RBI within 21 days from the date of such appropriation.

Maintenance of liquid assets

The RBI through notification dated January 31, 1998, as amended has prescribed that every NBFC shall invest and continue to invest in unencumbered approved securities valued at a price not exceeding the current market price of such securities an amount which shall, at the close of business on any day be not less than 10% in approved securities and the remaining in unencumbered term deposits in any scheduled commercial bank; the aggregate of which shall not be less than 15% of the public deposit outstanding at the last working day of the second preceding quarter.

NBFCs such as our Company, which do not accept public deposits, are subject to lesser degree of regulation as compared to a NBFC-D and are governed by the RBI's Master Directions.

An NBFC-ND is required to inform the RBI of any change in the address, telephone no's, etc. of its Registered Office, names and addresses of its directors/auditors, names and designations of its principal officers, the specimen signatures of its authorised signatories, within one month from the occurrence of such an event. Further, an NBFC-ND would need to ensure that its registration with the RBI remains current.

All NBFCs (whether accepting public deposits or not) having an asset base of ₹10,000 lakhs or more or holding public deposits of ₹2,000 lakhs or more (irrespective of asset size) as per their last audited balance sheet are required to comply with the RBI Guidelines for an Asset-Liability Management System.

Similarly, all NBFCs are required to comply with “Know Your Customer Guidelines - Anti Money Laundering Standards” issued by the RBI, with suitable modifications depending upon the activity undertaken by the NBFC concerned.

NBFCs shall constitute grievance redressal machinery as contained in RBI's circular on Grievance Redressal Mechanism, vide DNBS. CC. PD. No. 320/03.10. 01/2012-13 dated February 18, 2013 which states that at the operational level, all NBFCs shall display the name and contact details of the grievance redressal officer prominently at their branches/ places where business is transacted. The designated officer shall ensure that genuine grievances of customers are redressed promptly without involving any delay. It shall be clearly indicated that NBFCs' grievance redressal machinery shall also deal with the issue relating to services provided by the outsourced agency. Generally, a time limit of 30 (thirty) days may be given to the customers for preferring their complaints/ grievances. The

grievance redressal procedure of the NBFC and the time frame fixed for responding to the complaints shall be placed on the NBFC's website.

V. Master Directions

The Master Directions contain detailed directions on prudential norms for 'applicable NBFCs' (as defined therein), and specifically for Non-Banking Finance Company-Micro Finance Institutions having an asset size of ₹ 500 crores or more ("NBFC-MFIs") under Chapter-IX. The Master Directions, amongst other requirements prescribe guidelines for income recognition, asset classification, provisioning requirements, constitution of audit committee, capital adequacy requirements and concentration of credit/investment and pricing of credit, transparency in interest rates for applicable NBFCs, including NBFC-MFIs.

(a) Entry Point Norms

Chapter IX of the Master Directions require every company seeking registration as an NBFC-MFI to have a minimum net owned fund ("NOF") of ₹ 5 crores (except the companies in the North Eastern Region of India which will require to have a NOF of ₹ 2 crores till further notice) and to comply with all other criteria as applicable to NBFC-MFIs.

(b) Asset Classification

The Master Directions require that every applicable NBFC (except NBFC-Micro Finance Institutions) shall after taking into account the degree of well-defined credit weaknesses and extent of dependence on collateral security for realization, classify its lease/hire purchase assets, loans and advances and any other form of credit into the following classes:

- Standard assets;
- Sub-standard assets;
- Doubtful assets; and
- Loss assets.

Such class of assets shall not be upgraded merely as a result of rescheduling, unless it satisfies the conditions required for such upgradation. Further, as per the Master Directions, the asset classification norms for applicable NBFCs are given below:

- A standard asset shall mean the asset in respect of which, no default in repayment of principal or payment of interest is perceived and which does not disclose any problem or carry more than normal risk attached to the business;
- A sub-standard asset shall mean (1) an asset that has been classified as a non-performing asset ("NPA") for a period not exceeding 12 months for the financial year ending March 31, 2018 and thereafter or (2) an asset where the terms of the agreement regarding interest and/or principal have been renegotiated or rescheduled or restructured after commencement of operations, until the expiry of one year of satisfactory performance under the renegotiated or rescheduled or restructured terms.
- A doubtful asset shall mean a term loan, a lease asset, a hire purchase asset or any other asset that has remained a sub-standard asset for a period exceeding 12 months for the financial year ending March 31, 2018 and thereafter.
- Loss asset means:
 - (i) an asset which has been identified as loss asset by the applicable NBFC or its internal or external auditor or by the RBI during the inspection of the applicable NBFC, to the extent it is not written off by the applicable NBFC; and
 - (ii) an asset which is adversely affected by a potential threat of non-recoverability due to either erosion in the value of security or non-availability of security or due to any fraudulent act or omission on the part of the borrower.

(c) 'Non-performing asset' is defined as:

- an asset, in respect of which, interest has remained overdue for a period of three months or more;
- a term loan inclusive of unpaid interest, when the instalment is overdue for a period of three months or more or on which interest amount remained overdue for a period of three months or more;
- a demand or call loan, which remained overdue for a period of three months or more from the date of demand or call or on which interest amount remained overdue for a period of three months or more;
- a bill which remains overdue for a period of three months or more;
- the interest in respect of a debt or the income on receivables under the head 'other current assets' in the nature of short term loans/advances, which facility remained overdue for a period of three months or more;
- any dues on account of sale of assets or services rendered or reimbursement of expenses incurred, which remained overdue for a period of three months or more;
- the interest in respect of a debt or the income on receivables under the head 'other current assets' in the nature of short term loans/ advances, which facility remained overdue for a period of three months or more;
- any dues on account of sale of assets or services rendered or reimbursement of expenses incurred, which remained overdue for a period of three months or more;
- the lease rental and hire purchase instalment, which has become overdue for a period of three months or more;
- in respect of loans, advances and other credit facilities (including bills purchased and discounted), the balance outstanding under the credit facilities (including accrued interest) made available to the same borrower;
- However, for the purpose of asset classification by NBFC-MFIs:
 - 'Standard assets' means an asset in respect of which, no default in repayment of principal or payment of interest is perceived and which neither discloses any problem nor carries more than normal risk attached to the business;
 - 'Non-performing asset' means an asset for which interest/principal payment has remained overdue for a period of 90 days or more.
 - Subject to the definition of 'standard asset' and 'non-performing asset' mentioned above and other applicable provisions of Chapter IX of the Master Directions, all other asset classifications requirements applicable to NBFCs pursuant to the Master Directions also apply to NBFC-MFIs.

(d) Acquisition or transfer of control

NBFC-MFIs are required to obtain prior written permission of RBI for, (a) any takeover or acquisition of control, which may or may not result in change in management, (b) any change in the shareholding, including progressive increases over time, which would result in acquisition or transfer of shareholding of 26% or more of the paid up equity capital except for any shareholding going beyond 26% due to buyback of shares or reduction in capital where it has approval of a competent court, and (c) any change in the management of the NBFC-MFIs which results in change in more than 30% of the directors, excluding independent directors. However, prior approval shall not be required for directors who get re-elected on retirement by rotation.

(e) Capital Adequacy Norms

All NBFC-MFIs are required to maintain a capital adequacy ratio consisting of Tier I and Tier II Capital which should not be less than 15% of its aggregate risk weighted assets and the total of Tier II Capital at any point of time, shall not exceed 100% of Tier I Capital.

(f) Provisioning Norms

- a. The Master Directions require the provisioning norms in relation to the portfolio for the state of Andhra Pradesh to be in line with paragraph 13 of the Master Directions.
- b. For non-Andhra Pradesh portfolio, the aggregate loan provision to be maintained by all NBFC- MFIs at any point of time should not be less than the higher of (a) 1% of the outstanding loan portfolio or (b) 50% of the aggregate loan instalments which are overdue for more than 90 days and less than 180 days and 100% of the aggregate loan instalments which are overdue for 180 days or more.
- c. All other provisions contained in Chapter V of the Master Directions (including with respect to capital adequacy and provisioning norms), as long as they are not contradictory to what is stated in Chapter IX, shall be applicable to NBFC-MFIs.
- d. An NBFC which does not qualify as an NBFC-MFI shall not extend loans to micro finance sector, which in aggregate exceeds 25% of its total assets.

(g) Transparency in Interest Rates and pricing of credit

To ensure fair practice in lending, NBFC-MFIs are permitted to have only three components in the pricing of loans viz., the interest charge, the processing charge and the insurance premium (which includes the administrative charges in respect thereof). They are not permitted to charge penalty on delayed payments or to collect any security deposit/ margin from their borrowers. NBFC-MFIs are required to have a standard form of loan agreement, and provide borrowers with a loan card reflecting the effective rate of interest, other terms and conditions attached to the loan, information which adequately identifies the borrower, acknowledgements by the NBFC-MFI of all repayments including instalments received and final discharge and whether the loan is classified as “Qualifying Asset”. Further, all entries in the loan card shall be in vernacular language and the effective rate of interest charged by the NBFC-MFIs are required to be prominently displayed in all offices and websites of, and all literature issued by the NBFC-MFIs.

(h) Multiple-lending, Over-borrowing and Ghost-borrowers

NBFC-MFIs can lend to individual borrowers who are not member of Joint Liability Group (“JLG”)/Self Help Group (“SHG”) or to borrowers that are members of JLG/SHG, subject to the following conditions:

- (i) a borrower cannot be a member of more than one SHG/JLG.
- (ii) not more than two NBFC-MFIs shall lend to the same borrower.
- (iii) there must be a minimum period of moratorium between the grant of the loan and the due date of the repayment of the first instalment. The moratorium shall not be less than the frequency of repayment e.g. in the case of weekly repayment, the moratorium shall not be less than one week.
- (iv) recovery of loan given in violation of the regulations shall be deferred till all prior existing loans are fully repaid.
- (v) All sanctioning and disbursement of loans should be done only at a central location and more than one individual should be involved in this function. Additionally, there should be close supervisors of the disbursement function.

(i) Ensuring compliance with conditionalities

The Master Directions require every NBFC-MFI to be a member of all Credit Information Companies (“CICs”) established under the CIC Regulation Act 2005, provide timely and accurate data to the CICs and further use the data available with them to ensure compliance with the conditions regarding membership of SHG/ JLG, level of indebtedness and sources of borrowing.

(j) Channelizing Agents for Schemes operated by Central/State Government Agencies

The Master Directions state that disbursal of loans by NBFC-MFIs in the capacity of channelizing agents for schemes operated by the central/state government agencies will be considered as a separate business segment and that such loans shall not be included within either qualifying assets or total assets for the purpose of determining compliance with the minimum qualifying assets criteria. Further, NBFC-MFIs may act as channelizing agents for distribution of loans under special schemes of Central/State Government Agencies subject to the conditions laid down in chapter IX of the Master Directions.

(k) Geographical Diversification

NBFC-MFIs are required to fix internal exposure limits in order to avoid any undesirable concentration in specific geographical locations.

(l) Formation of SRO

All NBFC-MFIs are required to become a member of at least one Self-Regulatory Organization (“SRO”) which is recognized by the RBI and are also required to comply with the code of conduct prescribed by such SRO. Further, the SRO as recognized by the RBI shall adhere to a set of functions and responsibilities as laid down in the Master Directions as amended from time to time.

(m) Asset Liability Management

RBI has prescribed the Guidelines for Asset Liability Management (“ALM”) System in relation to NBFCs, (“ALM Guidelines”) that are applicable to all NBFCs through its Guidelines on “Asset Liability Management (ALM) System for NBFCs” dated June 27, 2001 (“ALM Circular”). As per the ALM Circular, the applicable NBFCs with an asset base of ₹ 100 crores, irrespective of whether they are accepting / holding public deposits or not, or holding public deposits of ₹ 20 crores or more (irrespective of the asset size) as per their last audited balance sheet, are required to put in place an ALM system. The ALM Guidelines mainly address liquidity and interest rate risks. In case of structural liquidity, the negative gap (i.e. where outflows exceed inflows) in the 1 to 30/31 days’ time-bucket should not exceed the prudential limit of 15% of cash outflows of each time-bucket and the cumulative gap of up to one year should not exceed 15% of the cumulative cash outflows of up to one year. In case these limits are exceeded, the measures proposed for bringing the gaps within the limit should be shown by a footnote in the relevant statement.

Pursuant to its circular dated November 4, 2019, the RBI has issued the ‘Liquidity Risk Management Framework for Non-Banking Financial Companies and Core Investment Companies’ (the “LRM Guidelines”) in order to strengthen and raise the standard of the ALM framework applicable to NBFCs. The LRM Guidelines are required to be adhered to by all non-deposit taking NBFCs with asset size of ₹ 100 crores and above, systemically important Core Investment Companies and all deposit taking NBFCs (irrespective of their asset size). Further, all non-deposit taking NBFCs with asset size of ₹100 billion and above, and all deposit taking NBFCs irrespective of their asset size, are required to maintain a liquidity buffer in terms of the liquidity coverage ratio by ensuring that they have sufficient high quality liquid asset (“HQLA”) to survive any acute liquidity stress scenario lasting for 30 days. The stock of HQLA to be maintained by the NBFCs shall be minimum of 100% of total net cash outflows over the next 30 calendar days. The liquidity coverage ratio requirement shall be binding on NBFCs from December 1, 2020 with the minimum HQLAs to be held being 50% of the liquidity coverage ratio, progressively reaching up to the required level of 100% by December 1, 2024. All non-deposit taking NBFCs with asset size of ₹ 50 billion and above but less than ₹ 100 billion shall also maintain the required level of liquidity coverage ratio starting December 1, 2020 with the minimum HQLAs to be held being 30% of the liquidity coverage ratio, progressively reaching up to the required level of 100% by December 1, 2024.

(n) Fair Practices Code

The Master Directions prescribe a fair practices code that is required to be adhered to by applicable NBFCs, (including NBFC-MFIs) and *inter alia*, includes the following:

- (i) All communications to the borrower to be made in the vernacular language or a language as understood by the borrower
- (ii) Inclusion of necessary information affecting the interest of the borrower in the loan application form.
- (iii) Devising a mechanism to acknowledge receipt of loan applications and indicating a time frame within which such loan applications are to be disposed.
- (iv) Conveying, in writing, to the borrower in the vernacular language as understood by the borrower by means of sanction letter or otherwise, the amount of loan sanctioned along with the terms and conditions thereof. The acceptance of such terms and conditions should be kept on record by the NBFC.
- (v) Giving notice to the borrower in the vernacular language or a language as understood by the borrower of any change in the terms and conditions including disbursement schedule, interest rates, service charges, prepayment charges etc. and ensuring that changes in interest rates and charges are effected only prospectively. The decision to recall payment or performance under the agreement shall be in consonance with the loan agreement. Additionally, applicable NBFCs shall release all securities on repayment of all dues subject to any legitimate right or lien. If such right of set off is to be exercised, the borrower shall be given notice about the same with full particulars.
- (vi) Refraining from interfering in the affairs of the borrowers except for the purposes provided in the terms and conditions of the loan agreement.

- (vii) In case of receipt of request from the borrower for transfer of borrowal account, the consent or otherwise shall be conveyed within 21 days from the date of receipt of such request.
- (viii) Not resorting to undue harassment in the matter of recovery of loans.
- (ix) Not charging foreclosure charges/pre-payment penalties on any floating rate term loan sanctioned for non-business purposes to individual borrowers.
- (x) Lay down an appropriate grievance redressal mechanism for resolving disputes.
- (xi) Periodical review of the compliance of the fair practices code and the functioning of the grievances redressal mechanism at various levels of management. A consolidated report of such views shall be submitted to the board of directors at regular intervals, as may be prescribed by it.
- (xii) Comply with fair practices that are specific to them (such as for NBFC-MFIs).

(o) Corporate Governance Guidelines

The Master Directions prescribed certain corporate governance norms required to be adhered to by applicable NBFCs. The Master Directions, *inter alia*, provide for constitution of an audit committee, a nomination committee, an asset liability management committee and risk management committee and certain other norms in connection with disclosure and transparency. Further, applicable NBFCs with asset size of more than ₹50 billion in categories – investment and credit companies, infrastructure finance companies, micro finance institutions, factors and infrastructure debt funds are required to appoint a chief risk officer (“CRO”) with clearly specified role and responsibilities. The CRO is required to function independently so as to ensure highest standards of risk management. In this regard, NBFCs are required to strictly adhere to the instructions laid down in Chapter XI of the Master Directions.

(p) Norms for Excessive Interest Rates

The Master Directions directed all applicable NBFCs to put in place appropriate internal principles and procedures in determining interest rates and processing and other charges. In addition to the aforesaid instruction, the Master Directions regulates the rates of interest charged by such NBFCs. These directions stipulate that the board of each NBFC is required to adopt an interest rate model taking into account the various relevant factors including cost of funds, margin and risk premium to determine the rate of interest to be charged for loans and advances. The rate of interest and the approach for gradation of risk and the rationale for charging different rates of interest for different categories of borrowers are required to be disclosed to the borrowers in the application form and expressly communicated in the sanction letter. This is also required to be made available on the NBFCs’ website or published in newspapers and is required to be updated in the event of any change therein. Further, the rate of interest would have to be an annualized rate so that the borrower is aware of the exact rates that would be charged to the account.

(q) The Ombudsman Scheme for Non-Banking Financial Companies, 2018 (“NBFC Ombudsman Scheme”)

The RBI has introduced an ombudsman scheme for customers of NBFCs. The NBFC Ombudsman Scheme is an expeditious and cost free apex level mechanism for resolution of complaints of customers of NBFCs registered with RBI under Section 45-IA, relating to deficiency in certain services rendered by NBFCs. The offices of the NBFC Ombudsmen operates at four metro zones, i.e., Chennai, Kolkata, Mumbai and New Delhi and it handles complaints of customers in the respective zones. The NBFC Ombudsman Scheme provides for an appellate mechanism under which the complainant/NBFC has the option to appeal against the decision of the ombudsman before the appellate authority.

(r) KYC Guidelines

The RBI has issued a Master Direction on Know Your Customer (KYC) Direction dated February 25, 2016, as amended, (“**KYC Guidelines**”) and advised all regulated entities (including NBFCs) to adopt such guidelines with suitable modifications depending upon the activities undertaken by them and ensure that a proper policy framework on KYC standards duly approved by the board of directors or any committee of the board of directors is put in place. The KYC policies are required to have certain key elements such as customer acceptance policy, customer identification procedures, monitoring of transactions and risk management. Persons authorised by NBFCs for collecting the deposits and their brokers/agents shall be fully compliant with the KYC Guidelines applicable to NBFCs.

(s) Information Technology Framework

Reserve Bank of India has issued Master Direction – Information Technology Framework for the NBFC Sector dated

June 8, 2017 (“**IT Directions**”). The focus of the IT direction is on information technology governance, information technology policy, information and cyber security, information technology operations, information security audit, business continuity planning and information technology services outsourcing. These directions are categorized into two parts, those which are applicable to all NBFCs with asset size above ₹ 500 crores (considered as systemically important) and directions for NBFCs with asset size below ₹ 500 crores. The IT Directions, *inter alia*, mandate NBFCs to form an information technology strategy committee, to formulate an information technology policy, and ensure that the IT systems have information security and cyber security. The IT Directions also prescribe the time frame within which the mandated activities should be completed by the NBFC.

(t) Directions on Managing Risks and Code of Conduct in Outsourcing of Financial Services by NBFCs dated November 9, 2017

The RBI has specified the activities and financial services that cannot be outsourced by NBFCs, and provided the bases for deciding materiality of outsourcing. These directions lay down the regulatory and supervisory requirements and risk management practices to be adhered to by the NBFCs, including the adoption of a comprehensive outsourcing policy by the board of such NBFCs. The outsourcing of any activity by an NBFC does not diminish its obligations, and those of its board and senior management. Further, such NBFCs are required to have a robust grievance redress mechanism, which in no way shall be compromised on account of outsourcing.

(u) Anti-Money Laundering

The Prevention of Money Laundering Act, 2002 (“**PMLA**”) was enacted to prevent money-laundering and to provide for confiscation of property derived from or involved in, money-laundering and for matters connected therewith or incidental thereto. The Government of India under PMLA has issued the Prevention of Money-laundering (Maintenance of Records) Rules, 2005, as amended (“**PML Rules**”). PMLA & PML Rules extends to all banking companies and financial institutions, including NBFCs and intermediaries.

Further the KYC Guidelines ensure that a proper policy frame work for the PMLA and PML Rules is put in place. Pursuant to the provisions of PMLA, PML Rules and the RBI Master Circular – KYC Guidelines.

– Anti Money Laundering Standards – PMLA, 2002 – Obligations of NBFCs dated July 1, 2013, all NBFCs are advised to appoint a principal officer for internal reporting / reporting to Financial Intelligence Unit – India (FIU-IND) of suspicious transactions and cash transactions and to maintain a system of proper record

(i) all cash transactions of value of more than ₹ 0.1 crores – or its equivalent in foreign currency; (ii) all series of cash transactions integrally connected to each other which have been valued below ₹ 0.1 crores or its equivalent in foreign currency, where such series of transactions have taken place within a month and the aggregate value of such transaction exceeds ₹ 0.1 crores ; (iii) all transactions involving receipts by non- profit organisations of value more than ₹ 0.1 crores , or its equivalent in foreign currency; (iv) all cash transactions where forged or counterfeit currency notes have been used. The NBFCs shall also appoint a designated director who shall be responsible for ensuring overall compliance as required under the PMLA and the PML Rules.

The KYC Guidelines also require the regulated entities to ensure compliance with the requirements/obligations under international agreements. The regulated entities must also pay adequate attention to any money-laundering and financing of terrorism threats that may arise from new or developing technologies and ensure that appropriate KYC procedures issued from time to time are duly applied before introducing new products/services/technologies. The KYC Guidelines were updated on 20 April 2018 to enhance the disclosure requirements under the Prevention of Money-Laundering Act, 2002 and in accordance with the Prevention of Money-Laundering Rules vide Gazette Notification GSR 538 (E) dated June 01, 2017 and the final judgment of the Supreme Court in the case of Justice K.S. Puttaswamy (Retd.) & Another v. Union of India (Writ Petition (Civil) 494/2012). The KYC Guidelines were updated to accommodate authentication as per the AADHAR (Targeted Delivery of Financial and Other Subsidies, Benefits and Services) Act, 2016 and use of an Indian resident’s Aadhar number as a document for the purposes of fulfilling KYC requirement.

Additionally, NBFCs should ensure that records pertaining to the identification of their customers and their address are obtained while opening the account and during the course of business relationship, and that the same are properly preserved for at least ten years after the business relationship is ended. Also, NBFCs should maintain all necessary records of transactions with the customers, both domestic and international, for at least ten years from the date of cessation of transaction. The identification records and transaction data are to be made available to the competent authorities upon request.

(v) Guidelines on Securitization of Standard Assets

The RBI through its Master Directions provided the guidelines on securitization of standard assets. Further, the guidelines provides that loans can only be assigned or securitized if the NBFC has held them in their books for a specified minimum period. The guidelines also provide a minimum retention requirement for securitization and assignment transactions. However, in order to encourage NBFCs to securitise/assign their eligible assets, the RBI pursuant to the circular dated November 29, 2018, relaxed the Minimum Holding Period (MHP) requirement for originating NBFCs, in respect of loans of original maturity above 5 years, to receipt of repayment of six monthly instalments or two quarterly instalments (as applicable). The said dispensation was initially applicable till six months from the date of issuance of the circular. However, the RBI vide its circular dated May 29, 2019 had extended the dispensation till December 31, 2019, and subsequently vide its circular dated December 31, 2019 had extended the dispensation till June 30, 2020.

Certain requirements are to be met by the originating NBFCs on transactions involving transfer of assets through direct assignment of cash flows and the underlying securities. NBFCs can transfer a single standard asset or a part of such asset or a portfolio of such assets to financial entities through an assignment deed with the exception of (i) revolving credit facilities (e.g., credit card receivables); (ii) assets purchased from other entities; (iii) assets with bullet repayment of both principal and interest. However, these guidelines shall not apply to: (i) transfer of loan accounts of borrowers by an NBFC to other NBFCs/ FIs /banks and vice versa, at the request/ instance of borrower; (ii) trading in bonds; (iii) sale of entire portfolio of assets consequent upon a decision to exit the line of business completely. Such a decision shall have the approval of board of directors of the NBFC; (iv) consortium and syndication arrangements; (v) any other arrangement/ transactions, specifically exempted by the Reserve Bank of India.

In order to limit the extent of effective control of transferred assets by the seller in the case of direct assignment transactions, NBFCs shall not have any re-purchase agreement including through clean-up calls on the transferred assets.

(w) External Commercial Borrowings (ECB) Policy

The Reserve Bank of India has, through the Master Direction on External Commercial Borrowings, Trade Credits and Structured Obligations dated March 26, 2019 (the “**ECB Policy**”), notified the external commercial borrowings framework. Few of the changes as per the ECB Policy are, NBFCs, being eligible entities to receive FDI, are permitted to raise ECB up to USD 750 million or equivalent in a financial year under the automatic route and exceeding USD 750 million or equivalent in a financial year under the approval route and the eligible borrowers have been expanded to include all entities eligible to receive FDI. Vide RBI Notification No. FEMA. 3(R)(3)/2022-RB, dated 28.07.2022, the automatic route limit stands temporarily increased from USD 750 million or equivalent to USD 1.5 billion or equivalent. This relaxation is available for ECBs to be raised till December 31, 2022.

The ECB Policy, *inter alia*, provides for various aspects of ECB transactions, including eligible borrowers, recognised lenders, route of the ECB, minimum average maturity period and all-in-cost ceiling per annum.

ML Master Directions – Reserve Bank of India (Regulatory Framework for Microfinance Loans) Directions, 2022 (“ML Master Directions”)

The ML Master Directions cater to the unique requirements of the Microfinance space in India. It is applicable to all the institutions called as “regulated entities” consisting of following:

- All Commercial Banks (including Small Finance Banks, Local Area Banks, and Regional Rural Banks) excluding Payments Banks
- All Primary (Urban) Co-operative Banks/ State Co-operative Banks/ District Central Co-operative Banks; and
- All Non-Banking Financial Companies (including Microfinance Institutions and Housing Finance Companies).

Key Highlights:

(a) Definition of Microfinance Loans

Clause 3 of the ML Master Directions definition of the term:-

- The Microfinance Loan has been defined under the ML Master Directions as collateral free loan given to a household having annual income of ₹ 3 Lakhs. The term household has been defined as individual unit comprising of husband, wife and their unmarried children.
- Also, the definition of Microfinance Loan has been given a wider scope and it is provided that any collateral free loan given to house-hold unit having annual income up to ₹ 3 Lakhs irrespective of end use and mode of application/ processing/ disbursal will be considered as Micro Finance loan. Earlier annual income was demarcated separately for Rural and Urban household. In order to ensure that the loans stay collateral-free, RBI has suggested non-linkage of lien on deposit account of the borrowers with loans under this ML Master Directions.

(b) Assessment of Household Income

Clause 4 of the ML Master Directions lays down for assessment of household income by Board of Directors of Microfinance Institution.

- The Board of Directors of NBFC to approve policy on Assessment of Household Income. A sample assessment methodology has been provided under the Annexure- I which cover areas like composition of household, source of incomes etc. The methodology specifies following parameters to be taken into consideration while construing Income of Household:
 - a. Household profile- includes information about members, amenities, assets of household
 - b. Household income- Primary and other sources of Income
 - c. Household expenses- Regular and irregular expenses (over the year)

Also, all the entities engaged in micro finance mandatorily have to submit the household income information to the “Credit Information Companies”.

(c) Limit on Loan Repayment Obligations of a Household

The direction also provides for board approved policy in regard to the repayment of the loan under Clause 5.

- Computation of loan repayment obligations shall include taking into account all outstanding loans (collateral-free microfinance loans as well as any other type of collateralized loans) of the household.
- The outflows capped at 50% of the monthly household income shall include repayments (including both principal as well as interest component) towards all existing loans as well as the loan under consideration.

(d) Pricing of Loans

Clause 6 of the ML Master Directions proposes on pricing of microfinance loans to cover the following particulars:

- A well-documented interest rate model/ approach for arriving at the all-inclusive interest rate;
- Delineation of the components of the interest rate such as cost of funds, risk premium and margin, etc. in terms of the quantum of each component based on objective parameters;
- The range of spread of each component for a given category of borrowers; and
- A ceiling on the interest rate and all other charges applicable to the microfinance loans.

Regulated Entities (RE) are required to disclose pricing related information to a prospective borrower in a standardised and simplified factsheet, as illustrated in Annexure II of the ML Master Directions. All type of fees and charges applicable for microfinance borrower, payable to RE and/ or its partner/ agent, are required to be clearly mentioned in the said factsheet, i.e. the borrower shall not be charged any amount which is not explicitly mentioned.

(e) Qualifying Assets Criteria

Under the earlier qualifying assets criteria¹, an NBFC-MFI is required to have minimum 85 per cent of its net assets as 'qualifying assets'. The definition of 'qualifying assets' of NBFC-MFIs is now being aligned with the definition of 'microfinance loans' given at paragraph (a) above. The minimum requirement of microfinance loans for NBFC-MFIs also stands revised to 75 per cent of the total assets. Under the earlier guidelines, an NBFC that does not qualify as an NBFC-MFI, cannot extend microfinance loans exceeding 10 per cent of its total assets. The maximum limit on microfinance loans for such NBFCs (i.e., NBFCs other than NBFC-MFIs) now stands revised to 25 per cent of the total assets.

(f) Guidelines related to the recovery of Loans

The ML Master Direction's Clause 7.4 has provided for the accommodative approach to be adopted by the regulated entities while doing recovery of Loans. The ML Master Directions states that regulated entities should provide assistance and guidance if some difficulties are faced by borrower as part of Fair Practice Code. It also prohibits certain types of tactics which are considered to be of harsh nature. It also mandatorily provides for mechanism of grievance redressal related to loan recovery.

(g) Not For Profit Companies to register as NBFC-MFI

Not for Profit Companies registered under Section 8 of Companies Act, 2013 which deals in Micro Finance Loans are brought under the purview of the provisions of this ML Master Directions where the monthly loan obligations of a household does not exceed 50% of the monthly household income. Not For Profit Companies with asset size of less than ₹ 100 Crore are now required to register as NBFC-MFI within 3 months of notification of this ML Master Directions, as mentioned in Clause 9.

(h) Maximum Limit of Microfinance Loans by NBFC

The Reserve Bank has revised the maximum limit up to which a Non-Banking Financial Institution other than NBFC-MFI can issue Micro Finance Loans to 25% of Total Asset earlier it was 10%.

(i) Net Owned Fund Requirement

The Bank requires a NBFC- Microfinance Institution is also required to attain Net Owned Fund as per Scale Based Regulation issued by RBI for NBFCs at ₹ 10 crore. Reserve Bank provides glidepath to NBFCs to attain Net Owned Fund requirement by March 31, 2027. Further as per RBI circular on Scale based regulation (SBR) dated October 22, 2021 it shall be mandatory for NBFC ICC to achieve NOF of ₹ 5 crore by the end of March 31, 2025 and ₹ 10 crore by March 31, 2027.

Companies Act, 2013

The Companies Act, 2013 ("Companies Act") has been notified by the Government of India on August 30, 2013 (the "Notification"). Under the Notification, Section 1 of the Companies Act has come into effect and the remaining provisions of the Companies Act have and shall come into force on such dates as the Central Government has notified and shall notify. Section 1 of the Companies Act deals with the commencement and application of the Companies Act and among others sets out the types of companies to which the Companies Act applies.

The Companies Act provides for, among other things, changes to the regulatory framework governing the issue of capital by companies, corporate governance, audit procedures, corporate social responsibility, requirements for independent directors, director's liability, class action suits, and the inclusion of women directors on the boards of companies. The Companies Act is complemented by a set of rules that set out the procedure for compliance with the substantive provisions of the Companies Act. As mentioned above, certain provisions of the Companies Act, 2013 have already come into force and the rest shall follow in due course.

Under the Companies Act every company having net worth of ₹ 500 crores or more, or turnover of ₹ 100 crores or more or a net profit of ₹ 5 crores or more during the immediately preceding financial year shall formulate a corporate social responsibility policy. Further, the board of every such company shall ensure that the company spends, in every financial year, at least two percent of the average net profits of the company made during the three immediately preceding financial years in pursuance of its corporate social responsibility policy.

Scale Based Classification

As per RBI circular dated October 22, 2021, the central bank introduced Scale Based Regulation (SBR) framework for classification of NBFCs along with the activity-based classification of NBFCs as per earlier regulations. The revised SBR framework shall be effective from October 01, 2022.

As per the revised framework NBFCs will be classified into four layers based on their size, activity and perceived riskiness. NBFCs in the lowest layer will be known as NBFC – Base Layer (NBFC BL), NBFCs in middle layer and upper layer shall be known as NBFC - Middle Layer (NBFC-ML) and NBFC - Upper Layer (NBFC-UL) respectively. The Top Layer is expected to be empty and will be known as NBFC - Top Layer (NBFC - TL).

Base Layer – NBFC – BL shall comprise of (a). Non deposit taking NBFCs below asset size of Rs 1000 crore and (b). Following NBFCs – (i) NBFC P2P, (ii) NBFC-AA, (iii) NOHFC, and (iv) NBFCs not availing public funds and not having any customer interface.

Middle Layer – NBFC – ML shall comprise of (a). All deposit taking NBFCs irrespective of asset size, (b). Non-deposit taking with asset size of Rs 1000 crore and above and (c). Following NBFCs – (i) Standalone primary dealer (SPD), (ii) Infrastructure debt fund (IDF), (iii) Core investment companies (CIC), (iv) Housing finance companies (HFCs) and (v) Infrastructure finance companies (IFCs) Government owned NBFCs shall be placed in the Base Layer or Middle Layer, as the case may be. They will not be placed in the Upper Layer till further notice by RBI.

Upper Layer – NBFC-UL shall comprise of NBFCs which are specifically identified by the Reserve Bank as warranting enhanced regulatory requirement based on a set of parameters and scoring methodology. The top ten eligible NBFCs in terms of their asset size shall always reside in the upper layer, irrespective of any other factor.

Top Layer – NBFC-TL shall be populated only if in opinion of RBI there is a substantial increase in the potential systemic risk from specific NBFCs in the Upper Layer. Such NBFCs shall be moved to Top layer from the Upper layer.

SEBI Regulations

The Securities and Exchange Board of India (“SEBI”) governs listed entities pursuant to the powers granted to it under the Securities and Exchange Board of India Act, 1990, as amended from time to time. In pursuance of these powers, SEBI prescribes regulations with respect to listed entities, ensuring high standards of investor safety and corporate governance. SEBI (Listing Obligations and Disclosure Requirements), 2015, as amended from time to time, list out the continuous disclosure obligations of a listed entity for securing transparency in process and ethical capital market dealings.

SEBI (Issue and Listing of Non-Convertible Securities) Regulations, 2021 (“SEBI NCS Regulations”)

The Securities and Exchange Board of India, on August 9, 2021, notified the SEBI NCS Regulations, thereby merging the SEBI (Issue and Listing of Debt Securities) Regulations (“**SEBI Debt Regulations**”) and the SEBI (Non-Convertible Redeemable Preference Shares) Regulations, 2013 (“NCRPS Regulations”) into a single regulation. The proposal to merge the two regulations was first introduced by way of a consultation paper released on May 19, 2021, which sought to align the extant regulations with the provisions of the Companies Act 2013, and incorporate the enhanced obligations of debenture trustees, informal guidance and provisions of circulars issued by SEBI. The SEBI NCS Regulations came in to force from the seventh day of their notification in the gazette, i.e. from August 16, 2021. The SEBI Debt Regulations and the NCRPS Regulations stand repealed from this date.

The SEBI NCS Regulations have aligned the extant regulations with the provisions of the Companies Act 2013, and incorporate the enhanced obligations of debenture trustees, informal guidance and provisions of circulars issued by SEBI. The SEBI NCS Regulations apply to: (i) the issuance and listing of debt securities and non-convertible redeemable preference shares (NCRPS) by an issuer by way of public issuance; (ii) issuance and listing of non-convertible securities by an issuer issued on private placement basis which are proposed to be listed; and (iii) listing of commercial paper issued by an issuer in compliance with the guidelines framed by the RBI.

In addition to collating the existing provisions of the erstwhile regulations, the SEBI NCS Regulations, also provide for, change in disclosure requirements for financial and other information from past five years to three years; parameters for identification of risk factors; removal of restriction of four issuances in a year through a single shelf prospectus; and filing of shelf prospectus post curing of defaults.

SEBI Operational Circular for issue and listing of Non-Convertible Securities (NCS), Securitised Debt Instruments (SDI), Security Receipts (SR), Municipal Debt Securities and Commercial Paper (CP) on August 10, 2021 (“SEBI Operational Circular”), as amended from time to time.

Following the SEBI’s notification of the SEBI NCS Regulations, to merge the SEBI Debt Regulations and the NCRPS Regulations into a single regulation, SEBI has issued the SEBI Operational Circular.

Since the notification of the SEBI Debt Regulations and the NCRPS Regulations, SEBI had issued multiple circulars covering the procedural and operational aspects of the substantive law in these regulations. Therefore, the process of merging these regulations into the SEBI NCS Regulations also entails consolidation of the related existing circulars into a single SEBI Operational Circular, in alignment with the NCS Regulations. The stipulations contained in such circulars have been detailed chapter-wise in the SEBI Operational Circular. Accordingly, the circulars listed at Annex - 1 of the SEBI Operational Circular, stand superseded by the SEBI Operational Circular.

Other applicable laws:

In addition to the above, we are required to comply with the Companies Act, regulations notified by the SEBI, IRDAI, labour laws, various tax-related legislations, intellectual property related legislations and other applicable laws, in the ordinary course of our day-to-day operations.

Shops and establishments regulations in various states

The provisions of various Shops and Establishments legislations, as applicable, regulate the conditions of work and employment in shops and commercial establishments and generally prescribe obligations in respect of inter alia registration, opening and closing hours, daily and weekly working hours, holidays, leave, health, termination of services and safety measures and wages for overtime work.

Labour laws

India has stringent labour related legislations. Our Company is required to comply with certain labour laws, which include the Employees’ Provident Funds and Miscellaneous Provisions Act 1952, the Minimum Wages Act, 1948, the Payment of Bonus Act, 1965, Workmen Compensation Act, 1923, the Payment of Gratuity Act, 1972 and the Payment of Wages Act, 1936, amongst others.

Intellectual property regulations

Intellectual Property in India enjoys protection under both common law and statute. Under statute, India provides for patent protection under the Patents Act, 1970, copyright protection under the Copyright Act, 1957 and trademark protection under the Trade Marks Act, 1999. The above enactments provide for protection of intellectual property by imposing civil and criminal liability for infringement.

INDEPENDENT AUDITOR'S EXAMINATION REPORT ON REFORMATTED STANDALONE FINANCIAL INFORMATION

To the Board of Directors of CreditAccess Grameen Limited

Dear Sirs,

1. We have jointly examined, as appropriate (refer paragraph 5 below), the attached Reformatted Standalone Financial Information of **CreditAccess Grameen Limited** (the "Company" or the "Issuer"), comprising the Reformatted Standalone Statement of Assets and Liabilities as at March 31, 2022, 2021 and 2020, the Reformatted Standalone Statement of Profit and Loss (including other comprehensive income), the Reformatted Standalone Statement of Changes in Equity and the Reformatted Standalone Cash Flow Statement for the years ended March 31, 2022, 2021 and 2020, the Summary Statement of Significant Accounting Policies, and other explanatory information (collectively, the "Reformatted Standalone Financial Information"). The Reformatted Standalone Financial Information have been prepared by the Management of the Company on the basis of Note 2 to the Reformatted Standalone Financial Information and have been approved by the Board of Directors of the Company at their meeting held on September 23, 2022 for the purpose of inclusion in the Draft Shelf Prospectus and Shelf Prospectus (collectively, the "Offer Documents") prepared by the Company in connection with its proposed public issue of non-convertible debentures ("NCDs") prepared in terms of the requirements of:
 - a) Section 26 of Part I of Chapter III of the Companies Act, 2013 (the "Act");
 - b) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021, as amended (the "Regulations"); and
 - c) The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India ("ICAI"), as amended (the "Guidance Note").
2. The Company's Board of Directors is responsible for the preparation of the Reformatted Standalone Financial Information for the purpose of inclusion in the Offer Documents to be filed with Securities and Exchange Board of India, BSE Limited, National Stock Exchange of India Limited and Registrar of Companies, Bengaluru, Karnataka in connection with the proposed public issue of NCDs. The Reformatted Standalone Financial Information have been prepared by the management of the Company on the basis of preparation stated in Note 2 to the Reformatted Standalone Financial Information. The Company's Board of Directors responsibility includes designing, implementing and maintaining adequate internal control relevant to the preparation and presentation of the Reformatted Standalone Financial Information. The Company's Board of Directors are also responsible for identifying and ensuring that the Company complies with the Act, the Regulations and the Guidance Note.
3. We have examined such Reformatted Standalone Financial Information taking into consideration:
 - a) The terms of reference and terms of our engagement agreed upon with you in accordance with our engagement letter dated August 22 in connection with the proposed public issue of NCDs of the Company;
 - b) The Guidance Note. The Guidance Note also requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI;
 - c) Concepts of test checks and materiality to obtain reasonable assurance based on verification of evidence supporting the Reformatted Standalone Financial Information; and
 - d) The requirements of Section 26 of the Act and the Regulations. Our work was performed solely to assist you in meeting your responsibilities in relation to your compliance with the Act, the Regulations and the Guidance Note in connection with the proposed public issue of NCDs.
4. These Reformatted Standalone Financial Information have been compiled by the management from the audited standalone financial statements of the Company as at and for the years ended March 31, 2022, 2021 and 2020 prepared in accordance with the Indian Accounting Standards as prescribed under Section 133 of the Act, as amended, and other accounting principles generally accepted in India, which have been approved by the Board of Directors at their meeting held on May 12, 2022, May 6, 2021 and May 30, 2020 respectively.

5. For the purpose of our examination, we have relied on:

- a) Auditors' reports issued by us dated May 12, 2022 on the standalone financial statements of the Company as at and for the year ended March 31, 2022 as referred in Paragraph 4 above;
- b) Auditors' reports issued by Deloitte Haskins & Sells (DHS) dated May 6, 2021 on the standalone financial statements of the Company as at and for the year ended March 31, 2021 as referred in Paragraph 4 above; and
- c) Auditors' reports issued by the Previous Auditors dated May 30, 2020 on the standalone financial statements of the Company as at and for the year ended March 31, 2020, as referred in Paragraph 4 above.

The auditors report on the standalone financial statements as at and for the year ended March 31, 2021 referred to paragraph 4 (b) above included the following Emphasis of Matter paragraph (refer Note 44 of the Reformatted Standalone Financial Information), which have been reproduced below:

“We draw attention to Note 42 of the standalone financial statements, which describes the continuing uncertainties arising from the COVID 19 pandemic.

Our opinion is not modified in respect of this matter.”

The auditors report on the standalone financial statements as at and for the year ended March 31, 2020 referred to paragraph 4 (c) above included the following Emphasis of Matter paragraph (refer Note 44 of the Reformatted Standalone Financial Information), which have been reproduced below:

“We draw attention to Note 43 to these standalone Ind AS financial statements, which describes the economic and social disruption as a result of COVID-19 pandemic of the Company's business and financial metrics including the Company's estimates of impairment of loans to customers, which are highly dependent on uncertain future developments.

Our opinion is not modified in respect of this matter.”

The auditor's report on standalone financial statements as at and for the year ended March 31, 2020 also included as an Annexure, a statement on certain matters by the Companies (Auditor's Report) Order, 2016 to indicate (a) disclosure of statutory dues outstanding on account of a dispute; (b) delays in repayment of loans and borrowings from financial institutions and banks.

The audits for the financial year ended March 31, 2020 was conducted by the Company's previous auditors (the “Previous Auditors”), and accordingly reliance has been placed on the reformatted standalone statement of assets and liabilities, the reformatted standalone statements of profit and loss and reformatted standalone cash flow statements, the Summary Statement of Significant Accounting Policies, and other explanatory information and (collectively, the “2020 Reformatted Standalone Financial Information”) examined by them for the said years. The examination report included for the said year is based solely on the report submitted by the Previous Auditors.

6. Based on our examination and according to the information and explanations given to us and also as per the reliance placed on the examination report submitted by the Previous Auditors, we report that the Reformatted Standalone Financial Information are prepared, in all material aspects, on the basis described in Note 2 to the Reformatted Standalone Financial Information.
7. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.
8. The Reformatted Standalone Financial Information do not reflect the effects of events that occurred subsequent to the respective dates of the reports on the audited financial statements mentioned in paragraph 4 above.
9. This report should not in any way be construed as a reissuance or re-dating of any of the previous audit reports issued by us or the Previous Auditors, nor should this report be construed as a new opinion on any of the financial statements referred to herein.

10. We have no responsibility to update our report for events and circumstances occurring after the date of the report.
11. Our report is intended solely for use of the Board of Directors for inclusion in the Offer Documents to be filed with Securities and Exchange Board of India, BSE Limited, National Stock Exchange of India Limited and Registrar of Companies, Bengaluru, Karnataka in connection with proposed issue of NCDs. Our report should not be used, referred to, or distributed for any other purpose except with our prior consent in writing. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing.

1. Corporate information

CreditAccess Grameen Limited (Formerly known as Grameen Koota Financial Services Private Limited) ('the Company') is a company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The Company is registered as a non-deposit accepting Non-Banking Financial Company ('NBFC-ND') with the Reserve Bank of India ('RBI') and has got classified as a Non-Banking Financial Company – Micro Finance Institution ('NBFC-MFI') with effect from September 5, 2013. The Company's shares are listed on BSE Limited ('BSE') and National Stock Exchange of India Ltd ('NSE'). The Company being a Non-banking financial Company (NBFC – MFI), is registered with the Reserve Bank of India (Certificate of Registration Number: B-02.00252) located at New No. 49 (Old No. 725), 46th Cross, 8th Block, Jayanagar, (Next to Rajalakshmi Kalayana Mantap) Bengaluru 560071, Karnataka, India.

The Company is engaged primarily in providing micro finance services to women who are enrolled as members and organized as Joint Liability Groups ('JLG'). In addition to the core business of providing micro-credit, the Company uses its distribution channel to provide certain other financial products and services to the members.

The Reformatted standalone financial information for the year ended March 31, 2022, March 31, 2021 and March 31, 2020 were approved in accordance with a resolution passed by the Executive, Borrowings & Investment Committee of the Board of Directors on September 23, 2022.

2. Basis of preparation

The Reformatted standalone financial information of the Company comprise of the Reformatted standalone statement of Assets and Liabilities as of 31 March 2022, 31 March 2021 and 31 March 2020 the Reformatted Standalone Statement of Profit & Loss account (including Other Comprehensive Income), the Reformatted Standalone Statement of Cash Flows and the Reformatted Standalone Statement of Changes in Equity for the years ended 31 March 2022, 31 March 2021 and 31 March 2020 and significant accounting policies and other explanatory information to the Reformatted standalone financial information (collectively, the 'Reformatted Standalone Financial Information'), have been prepared specifically by the management in connection with the proposed listing of secured redeemable non-convertible debentures of the Company with BSE Limited and National Stock Exchange of India Limited ('the stock exchanges') ('proposed debt offering').

These Reformatted Ind AS standalone financial information has been prepared by the management to comply in all material respects with the requirements of:

- a) Section 26 of the Companies Act, 2013;
- b) Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021 ('the Regulations') issued by the Securities and Exchange Board of India ("SEBI"), as amended from time to time; and
- c) The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India ("ICAI"), as amended (the "Guidance Note").

The Reformatted standalone financial information has been compiled from audited standalone financial statements of the Company as at and for the years ended 31 March 2022, 31 March 2021 and 31 March 2020 ("Audited Financial Statements") respectively which were prepared in accordance with the Indian Accounting Standards as prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as amended, and other accounting principles generally accepted in India (referred to as "Ind AS") and which have been approved by the Board of Directors at their meetings held on May 12, 2022, May 06, 2021 and May 30, 2020.

The Reformatted standalone financial information has been presented in the format prescribed by Division III of Schedule III to the Act, as amended.

The Reformatted Standalone Financial Information have been prepared after incorporating adjustments for regrouping / reclassifications retrospectively in the financial year ended March 31, 2021 and 2020 to reflect the same accounting treatment as per the grouping / classifications followed the audited standalone financial statements as at and for the year ended March 31, 2022 except in respect of disclosures arising from RBI guidelines which are presented as applicable to the respective years.

The Reformatted Standalone Financial Information do not reflect the effects of events that occurred subsequent to the respective dates of auditor's reports on the audited standalone financial statements mentioned above.

2.1 Presentation of reformatted standalone information

The Company generally reports financial assets and financial liabilities on a gross basis in the balance sheet. They are offset and reported net only when Ind AS specifically permits the same or it has an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event. Similarly, the Company offsets incomes and expenses and reports the same on a net basis when permitted by Ind AS specifically.

2.2 Critical accounting estimates and judgements

The preparation of the Company's standalone reformatted Information requires Management to make use of estimates and judgements. In view of the inherent uncertainties and a level of subjectivity involved in measurement of items, it is possible that the outcomes in the subsequent financial years could differ from those on which the Management's estimates are based. Accounting estimates and judgements are used in various line items in the standalone financial statements for e.g.:

- Business model assessment (Refer Note 3.14)
- Fair value of financial instruments (Refer Note 3.18)
- Effective interest rate (EIR) (Refer Note 3.1.1)
- Impairment of financial assets (Refer Note 3.15)
- Provisions (Refer Note 3.8)
- Contingent liabilities and assets (Refer Note 3.9)
- Provision for tax expenses (Refer Note 3.11)
- Residual value and useful life of property, plant and equipment (Refer Note 3.6.1)
- Hedge accounting (Refer Note no. 3.17)

3. Summary of significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of this standalone reformatted information. These policies have been consistently applied to all the years presented, unless otherwise stated.

3.1 Revenue recognition

3.1.1 Interest income

Interest income for all financial instruments measured either at amortised cost or at fair value through other comprehensive income, is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. The calculation takes into account all contractual terms of the financial instrument (for example, prepayment options) and includes any fees or incremental costs that are directly attributable and are an integral part of the EIR, but not future credit losses.

3.1.2 Interest on financial assets at fair value through profit and loss (FVTPL) is recognised in accordance with the contractual terms of the instrument.

3.1.3 The Company recognises revenue from contracts with customers (other than financial assets to which Ind AS 109 'Financial Instruments' is applicable) based on a comprehensive assessment model as set out in Ind AS 115 'Revenue From Contracts with Customers'. The Company identifies contract(s) with a customer and its performance obligations under the contract, determines the transaction price and its allocation to the performance obligations in the contract and recognises revenue only on satisfactory completion of performance obligations. Revenue is measured at fair value of the consideration received or receivable.

Distribution income is earned by selling of services and products of other entities under distribution arrangements. The income so earned is recognised on successful sales on behalf of other entities subject to there being no significant uncertainty of its recovery.

3.1.4 Income from assignment transactions

Income from assignment transactions i.e. present value of excess interest spread is recognised when the related loan assets are de-recognised.

3.1.5 Dividend Income

Dividend income is recognised at the time when the right to receive is established.

3.2 Finance cost

Borrowing cost on financial liabilities including towards securitisation transactions not derecognised by the Company are recognised by applying the EIR.

3.3 Cash and cash equivalents

Cash and cash equivalents, comprise cash in hand, cash at bank and short-term investments with an original maturity of three months or less, that are readily convertible to cash with an insignificant risk of changes in value.

3.4 Property, plant and equipment ('PPE')

Initial Recognition and measurement:

PPE are stated at cost (including incidental expenses directly attributable to bringing the asset to its working condition for its intended use) less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Subsequent expenditure related to PPE is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of item can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

3.5 Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

3.6 Depreciation and amortization

3.6.1 Depreciation

Depreciation on property, plant and equipment is measured using the straight line method as per the useful lives of the assets estimated by the management. The useful life estimated by the management is as under:

Category of Asset	Useful life (Years)
Furniture and fittings	10
Office equipments	05
Vehicles	08
Buildings	30
Electrical equipment	10
Computers (including Servers)	03

Leasehold improvement is amortised on a straight line basis over the primary period of lease.

The management has estimated, the useful life of servers and two-wheeler vehicles as 3 years and 8 years respectively, which are lower than those prescribed under Schedule II to the Act.

Property, plant and equipment costing less than ₹ 5000 per unit are fully depreciated in the year of purchase.

3.6.2 Amortisation of intangible assets

Intangible assets are amortized on a straight line basis over the estimated useful economic life. The management has determined its estimate of useful economic life as five years. The useful lives of intangible assets are reviewed at each financial year and adjusted.

3.7 Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

3.8 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

3.9 Contingent liabilities and assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the reformatted financial information.

Contingent assets are not recognised. A contingent asset is disclosed where an inflow of economic benefits is probable.

3.10 Retirement and other employee benefits

3.10.1 Defined contribution plan

Retirement benefits in the form of provident fund and superannuation are defined contribution schemes. The Company has no obligation, other than the contribution payable to the respective funds. The Company recognises contribution payable to the respective funds as expenditure, when an employee renders the related service.

3.10.2 Defined benefit plan

Gratuity liability is a defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each year. Gains or losses through remeasurements of net benefit liabilities/ assets are recognised with corresponding charge/credit to the retained earnings through other comprehensive income in the period in which they occur.

3.10.3 Other employee benefits

The Company treats accumulated leave expected to be carried forward beyond twelve months as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the end of each financial year. The Company presents the leave as a current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

3.11 Taxes

3.11.1 Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities in accordance with Income tax Act, 1961. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognised outside the statement profit or loss is recognised outside the reformatted statement of profit or loss (either in other comprehensive income or in equity).

3.11.2 Deferred tax

Deferred tax is provided using the balance sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside the statement profit or loss is recognised outside the reformatted statement of profit or loss (either in other comprehensive income or in equity).

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

3.12 Earning per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

3.13 Share based payments

Equity-settled share based payments to employees are measured at the fair value of the equity instruments at the grant date. Details regarding the determination of the fair value of equity-settled share based payments transactions are set out in Note 37.

The cost of equity-settled transactions is measured using the fair value method and recognised, together with a corresponding increase in the "Share options outstanding account" in reserves. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the company's best estimate of the number of equity instruments that will ultimately vest. The expense or credit recognised in the statement of profit and loss for the year represents the movement in cumulative expense recognised as at the beginning and end of that year and is recognised in employee benefits expense.

3.14 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

3.14.1 Financial Assets

3.14.1.1 Initial recognition and measurement

Financial assets are initially recognised on the trade date, i.e., the date that the Company becomes a party to the contractual provisions of the instrument. The classification of financial instruments at initial recognition depends on their purpose and characteristics and the management's intention when acquiring them. All financial assets (not measured subsequently at fair value through profit or loss) are recognised initially at fair value plus transaction costs that are attributable to the acquisition of the financial asset.

3.14.1.2 Classification and Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in three categories:

- Loans at amortised cost
- Loans at fair value through other comprehensive income (FVTOCI)
- Investments in debt instruments and equity instruments at fair value through profit or loss (FVTPL)

3.14.1.3 Loans at amortised costs

Loans are measured at the amortised cost if both the following conditions are met:

- (a) Such loan is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- (b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method less impairment. Amortised cost is calculated by taking into account fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the reformatted statement of profit or loss. The losses arising from impairment are recognised in the reformatted statement of profit and loss.

3.14.1.4 Loans at fair value through other comprehensive income (FVTOCI)

Loans are classified as at the FVTOCI if both of the following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- The asset's contractual cash flows represent SPPI.

Loans included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the statement of profit and loss. On de-recognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to the statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is recognised as interest income using the EIR method.

3.14.1.5 Investment in debt instruments and equity instruments at fair value through profit or loss (FVTPL)

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the reformatted statement of profit and loss.

3.14.2 Financial Liabilities

3.14.2.1. Initial recognition and measurement

Financial liabilities are classified and measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for trading or it is designated as on initial recognition. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments, which are measured at amortised cost.

3.14.2.2. Borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. The EIR amortisation is included as finance costs in the reformatted statement of profit and loss.

3.14.3 Reclassification of financial assets and liabilities

The Company doesn't reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the company acquires, disposes of, or terminates a business line. Financial liabilities are never reclassified.

3.14.4 De-recognition of financial assets and liabilities

3.14.4.1 De-recognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is de-recognised when the rights to receive cash flows from the financial asset have expired. The Company also de-recognises the financial asset if it has transferred the financial asset and the transfer qualifies for de-recognition.

The Company has transferred the financial asset if, and only if, either:

- It has transferred its contractual rights to receive cash flows from the financial asset

Or

- It retains the rights to the cash flows, but has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement.

Pass-through arrangements are transactions whereby the Company retains the contractual rights to receive the cash flows of a financial asset (the 'original asset'), but assumes a contractual obligation to pay those cash flows to one or more entities (the 'eventual recipients'), when all of the following three conditions are met:

- The Company has no obligation to pay amounts to the eventual recipients unless it has collected equivalent amounts from the original asset, excluding short-term advances with the right to full recovery of the amount lent plus accrued interest at market rates.
- The Company cannot sell or pledge the original asset other than as security to the eventual recipients.
- The Company has to remit any cash flows it collects on behalf of the eventual recipients without material delay.

In addition, the Company is not entitled to reinvest such cash flows, except for investments in cash or cash equivalents including interest earned, during the period between the collection date and the date of required remittance to the eventual recipients. A transfer only qualifies for de-recognition if either:

- The Company has transferred substantially all the risks and rewards of the asset

or

- The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

The Company considers control to be transferred if and only if, the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer. When the Company has neither transferred nor retained substantially all the risks and rewards and has retained control of the asset, the asset continues to be recognised only to the extent of the Company's continuing involvement, in which case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

On derecognition of a financial asset in its entirety, the difference between: (a) the carrying amount (measured at the date of derecognition) and (b) the consideration received (including any new asset obtained less any new liability assumed) is recognised in the reformatted statement of profit or loss account.

3.14.4.2 De-recognition of financial liabilities

Financial liability is de-recognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de-recognition of the original liability and the re-cognition of a new liability. The difference in the respective carrying amounts is recognised in the reformatted statement of profit and loss.

3.15 Impairment of financial assets

3.15.1 Overview of the Expected Credit Loss (ECL) allowance principles

The Company is recording the allowance for expected credit losses for all loans at amortised cost and FVOCI and other debt financial assets not held at FVTPL.

The ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss or LTECL), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss (12mECL) as outlined in Note 3.15.2). The Company's policies for determining if there has been a significant increase in credit risk are set out in Note 40.

The 12mECL is the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date.

Both LTECLs and 12mECLs are calculated on a collective basis for identified homogenous pool of loans. The Company's policy for grouping financial assets measured on a collective basis is explained in Note 41.

Accordingly, the Company groups its loans into Stage 1, Stage 2, Stage 3, as described below:

Stage 1: When loans are first recognised, the Company recognises an allowance based on 12mECLs. Stage 1 loans also include facilities where the credit risk has improved and the loan has been reclassified from Stage 2 or Stage 3.

Stage 2: When a loan has shown a significant increase in credit risk since origination, the company records an allowance for the LTECLs.

Stage 3: Loans considered credit-impaired (as outlined in Note 41). The Company records an allowance for the LTECLs.

For financial assets for which the company has no reasonable expectations of recovering either the entire outstanding amount, or a proportion thereof, the gross carrying amount of the financial asset is reduced. This is considered a (partial) de-recognition of the financial asset.

3.15.2 The calculation of ECL

The Company calculates ECLs based on a probability-weighted scenarios and historical data to measure the expected cash shortfalls. A cash shortfall is the difference between the cash flows that are due to an entity in accordance with the contract and the cash flows that the entity expects to receive.

ECL consists of three key components: Probability of Default (PD), Exposure at Default (EAD) and Loss given default (LGD). ECL is calculated by multiplying them. Refer Note 42 for explanation of the relevant terms.

The maximum period for which the credit losses are determined is the expected life of a financial instrument.

The mechanics of the ECL method are summarised below:

Stage 1: The 12mECL is calculated as the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date. The Company calculates the 12mECL allowance based on the expectation of a default occurring in the 12 months following the reporting date. These expected 12-month default probabilities are applied to an EAD and multiplied by the expected LGD.

Stage 2: When a loan has shown a significant increase in credit risk since origination, the Company records an allowance for the LTECLs. The mechanics are similar to those explained above, but PDs and LGDs are estimated over the lifetime of the instrument.

Stage 3: For loans considered credit-impaired, the Company recognizes the lifetime expected credit losses for these loans. The method is similar to that for Stage 2 assets, with the PD set at 100%.

3.16 Write-offs

Financial assets are written off either partially or in their entirety only when the Company has stopped pursuing the recovery. If the amount to be written off is greater than the accumulated loss allowance, the difference is first treated as an addition to the allowance that is then applied against the gross carrying amount. Any subsequent recoveries are credited to the reformatted statement profit and loss account.

3.17 Hedge accounting

The Company enters into swap contracts and other derivative financial instruments to hedge its exposure to foreign exchange and interest rates. The Company does not hold derivative financial instruments for speculative purpose. Hedges of foreign exchange risk on firm commitments are accounted as cash flow hedges.

At the inception of the hedge relationship, the entity documents the relationship between the hedging instrument and the hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Company documents whether the hedging instrument is highly effective in offsetting changes in cash flows of the hedged item attributable to the hedged risk.

Cash flow hedge

A cash flow hedge is a hedge of the exposure to variability in cash flows that is attributable to a particular risk associated with a recognised asset or liability and could affect profit or loss.

Here, the effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in other comprehensive income and accumulated in equity as 'hedging reserve'.

The ineffective portion of the gain or loss on the hedging instrument is recognised immediately in the reformatted Statement of Profit and Loss.

Amounts previously recognised in other comprehensive income and accumulated in equity relating to the effective portion are reclassified to profit or loss in the periods when the hedged item affects profit or loss, in the same head as the hedged item.

The effective portion of the hedge is determined at the lower of the cumulative gain or loss on the hedging instrument from inception of the hedge and the cumulative change in the fair value of the hedged item from the inception of the hedge and the remaining gain or loss on the hedging instrument is treated as ineffective portion.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. Any gain or loss recognised in other comprehensive income and accumulated in equity at that time remains in equity and is recognised in profit or loss when the forecast transaction is ultimately recognised in profit or loss. When a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity is recognised immediately in profit or loss.

A derivative with a positive fair value is recognised as a financial asset whereas a derivative with a negative fair value is recognised as a financial liability.

3.18 Fair value measurement

The Company measures certain financial instruments at fair value at each balance sheet date using valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
 - In the absence of a principal market, in the most advantageous market for the asset or liability.
- The principal or the most advantageous market must be accessible by the Company.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured are categorised with fair value hierarchy into Level I, Level II and Level III based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are as follows:

- i. Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- ii. Level 2 - Other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- iii. Level 3 - Unobservable inputs for the asset or liability.

3.19 Segment information

The Company operates in a single business segment i.e. lending to members, having similar risks and returns for the purpose of Ind AS 108 on 'Operating Segments'. The Company operates in a single geographical segment i.e. domestic.

3.20 Business combinations

A) Business combinations under common control

Common control business combination means a business combination involving entities or businesses in which all the combining entities or businesses are ultimately controlled by the same party or parties both before and after the business combination, and that control is not transitory. The Company accounts for business combinations under common control as per the pooling of interest method. The pooling of interest method involves the following:

- (i) The assets and liabilities of the combining entities are reflected at their carrying amounts.
- (ii) No adjustments are made to reflect fair values, or recognise any new assets or liabilities. The only adjustments that are made are to harmonise accounting policies.
- (iii) The financial information in the Reformatted financial information in respect of prior periods should be restated as if the business combination had occurred from the beginning of the preceding period in the financial information, irrespective of the actual date of the combination. However, if business combination had occurred after that date, the prior period information shall be restated only from that date.

B) Other business combinations

The Company uses the acquisition method of accounting to account for business combinations other than those under common control. The acquisition date is the date on which control is transferred to the acquirer. Judgement is applied in determining the acquisition date and determining whether control is transferred from one party to another. Control exists when the Company is exposed to, or has rights to variable returns from its involvement with the entity and has the ability to affect those returns through power over the entity. In assessing control, potential voting rights are considered only if the rights are substantive. Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. Consideration transferred includes the fair values of the assets transferred, liabilities incurred by the Company to the previous owners of the acquiree, and equity interests issued by the Company. Consideration transferred also includes the fair value of any contingent consideration. Any goodwill that arises on account of such business combination is tested annually for impairment. Any contingent consideration is measured at fair value at the date of acquisition. A contingent liability of the acquiree is assumed in a business combination only if such a liability represents a present obligation and arises from a past event, and its fair value can be measured reliably. On an acquisition-by-acquisition basis, the Company recognises any non-controlling interest in the acquiree either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets. Transaction costs that the Company incurs in connection with a business combination, such as Stamp Duty for title transfer in the name of the Company, finder's fees, legal fees, due diligence fees and other professional and consulting fees, are expensed as incurred.

3.21 Foreign currency

3.21.1 All transactions in foreign currency are recognised at the exchange rate prevailing on the date of the transaction.

3.21.2 Foreign currency monetary items are reported using the exchange rate prevailing at the close of the period.

3.21.3 Exchange differences arising on the settlement of monetary items or on the restatement of Company's monetary items at rates different from those at which they were initially recorded during the period, or reported in previous reformatted financial information, are recognised as income or as expenses in the period in which they arise.

3.22 Leases (where the Company is the lessee)

Short term leases not covered under Ind AS 116 are classified as operating lease. Lease payments during the year are charged to reformatted statement of profit and loss.

The Company as a lessee

The Company's lease asset classes primarily consist of leases for office premises and servers. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset;
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease; and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised. The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

3.23 Investments

Investment in subsidiaries

Investment in subsidiaries is recognised at cost. Cost of investment represents amount paid for acquisition of the said investment. The Company assesses at the end of each reporting period, if there are any indications that the said investment may be impaired. If so, the Company estimates the recoverable value/amount of the investment and provides for impairment, if any i.e. the deficit in the recoverable value over cost.

Other investments

Other Investments in equity instruments are classified as FVTPL, unless the related instruments are not held for trading and the Company irrevocably elects on initial recognition of financial asset on an asset-by-asset basis to present subsequent changes in fair value in other comprehensive income (FVTOCI).

3.24 Recent Accounting Pronouncements

3.24.1 Key New and amended standards adopted by the Group (FY 2021-22)

(a) Interest rate Benchmark reform-Amendments to Ind AS 107 and Ind AS 109;

The Ministry of Corporate Affairs had earlier notified amendments to Ind AS 109, Financial Instruments and Ind AS 107, Financial Instruments: Disclosures which were effective from April 1, 2020 (the Phase 1 amendments). Those amendments provided temporary reliefs from applying specific hedge accounting requirements to relationships affected by IBOR reform.

The amendments to Ind AS 109, Financial Instruments and Ind AS 107, Financial Instruments: Disclosures which are effective from April 1, 2021 (the Phase 2 amendments) address the issues that arise during the reform of an interest rate benchmark rate, including the replacement of one benchmark rate with an alternative one.

The key reliefs provided by the Phase 2 amendments are as follows:

* Changes to contractual cash flows

When changing the basis for determining contractual cash flows for financial asset and liabilities (including lease liabilities), the reliefs have the effect that the changes, that are necessary as a direct consequence of IBOR reform and which are considered economically equivalent, will not result in an immediate gain or loss in profit and loss.

*Hedge accounting

The hedge accounting reliefs will allow most Ind AS 109 hedge relationships that are directly affected by IBOR reform to continue. However, additional ineffectiveness might need to be recorded.

(b) Covid-19- related rent concessions- Amendments to Ind AS 116;

As a result of the COVID-19 pandemic, rent concessions have been granted to lessees. Such concessions might take a variety of forms, including payment holidays and deferral of lease payments. Previously, an amendment to Ind AS 116, Leases provided lessees

With an option to treat qualifying rent concessions in the same way as they would if they were not lease modifications. In many cases, this will result in accounting for the concessions as variable lease payments in the period in which they are granted. Entities applying the practical expedients must disclose this fact, whether the expedient has been applied to all qualifying rent concessions or, if not, information about the nature of the contracts to which it has been applied as well as the amount recognised in profit or loss arising from the rent concessions. The relief was originally limited to reduction in lease payments that were due on or before 30 June 2021. However, it was subsequently extended to 30 June 2022.

None of these amendments has any material effect on the Company's reformatted financial information.

3.24.2 Key Amendments applicable from next Financial year (FY 2022-23)

(a) Ind AS 16, Property Plant and Equipment; Proceeds before intended use of property, plant and equipment

The amendment clarifies that an entity shall not deduct from the cost of an item of property, plant and equipment any proceeds received from selling items produced while the entity is preparing the asset for its intended use (for example, the proceeds from selling samples produced when testing a machine to see if it is functioning properly).

(b) Ind AS 37, Provisions, contingent Liabilities and contingent Assets; Onerous contracts - Cost of fulfilling a contract

The amendment explains that the cost of fulfilling a contract comprises; the incremental costs of fulfilling that contract and an allocation of other costs that relate directly to fulfilling contracts.

(c) Ind AS 109, Financial instruments; Fees Included in the 10% test for derecognition of financial Liabilities.

The amendment clarifies which fees an entity includes when it applies the '10%' test in assessing whether to derecognise a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf.

The Company does not expect any of these amendments to have any material effect on the financial statements.

* For detailed movement of reserves refer statement of changes in equity for the year ended March 31, 2022, March 31, 2021 and March 31, 2020.

Nature and purpose of reserve

21.1 **Securities premium**

Securities premium is used to record the premium on issue of shares. The reserve can be utilised in accordance with the provisions of the Companies Act, 2013.

21.2 **Capital reserve**

During the year ended 2018, the Company pursuant to the scheme of amalgamation acquired MV Microfin Private Limited with effect from April 1, 2017, per the accounting treatment of the scheme of amalgamation approved by the Honourable High Court of Karnataka the differential amount between the carrying value of investments and net assets acquired from the transferor companies has been accounted as Capital reserve.

21.3 **Statutory reserve (As required by Sec 45-IC of Reserve Bank of India Act, 1934)**

Statutory reserve represents the accumulation of amount transferred from surplus year on year based on the fixed percentage of profit for the year, as per section 45-IC of Reserve Bank of India Act 1934.

21.4 **Share option outstanding account**

The share option outstanding account is used to recognise the grant date fair value of option issued to employees under employee stock option scheme.

21.5 **Retained earnings**

Retained earnings are the profits that the Company has earned till date, less any transfers to statutory reserve, general reserve or any other such other appropriations to specific reserves.

21.6 **Other comprehensive income**

(i) **Effective portion of Cash Flow Hedge**

For designated and qualifying cash flow hedges, the effective portion of the cumulative gain or loss on the hedging instrument is initially recognised directly in OCI within equity (cash flow hedge reserve). When the hedged cash flow affects the statement of profit and loss, the effective portion of the gain or loss on the hedging instrument is recorded in the corresponding income or expense line of the statement of profit and loss.

(ii) **Other comprehensive income**

Debt instruments through Other Comprehensive Income

The Company has elected to recognize changes in the fair value of loans in other comprehensive income. These changes are accumulated as reserve within equity. The Company transfers amount from this reserve to retained earnings when the relevant loans are derecognized.

32 Employee benefits

A. Defined benefit plan

Gratuity

The Company provides for the gratuity, a defined benefit retirement plan covering qualifying employees. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied by the number of years of service. The gratuity is a funded plan and the Company makes contributions to Gratuity scheme administered by the insurance company through its Gratuity fund.

B. Defined contribution plan

The Company makes Provident fund and Employee State Insurance Scheme contributions which are defined contribution plans for qualifying employees. Under the schemes, the Company is required to contribute a specified percentage of the basic salary to fund the benefits. The contributions payable to these plans by the Company are administered by the Government. The obligation of the Company is limited to the amount contributed and it has no further contractual nor any constructive obligation. The Company recognised ₹ 20.25 crore (March 31, 2021: ₹ 15.31 crore and March 31, 2020 : ₹ 12.26 crore) for Provident fund contributions and ₹ 4.88 crore (March 31, 2021: ₹ 4.75 crore and March 31, 2020 : ₹ 4.62 crore) for Employee State Insurance Scheme contributions in the Statement of Profit and Loss.

32.6 Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below:

Particulars	March 31, 2022		March 31, 2021		March 31, 2020	
	Increase	Decrease	Increase	Decrease	Increase	Decrease
Discount rate (1% movement)	(1.57)	1.83	(1.45)	1.72	(1.13)	1.34
Future salary growth (1% movement)	1.58	(1.39)	1.48	(1.29)	1.13	(0.99)
Attrition rate (1% movement)	(0.30)	0.32	(0.48)	0.54	(0.41)	0.47

32.7 Expected contribution to the plan for the next annual reporting period is ₹ 7.55 crore (March 31, 2021: ₹ 5.74 crore and March 31, 2020: ₹ 5.19 crore).

The weighted average duration of the defined benefit obligation is 6.57 years (March 2021-7.79 years and March 2020- 9.47 years). The expected maturity analysis of undiscounted gratuity is as follows:

Particulars	Less than a year	Between 1-2 years	Between 2-3 years	Between 3-4 years	Between 4-5 years	Between 5-10 years	Beyond 10 years	Total

32.8 Mortality:

Published rates under the Indian Assured Lives Mortality (2012-14) Ultimate.

32.9 Through its defined benefit plans the company is exposed to a number of risks, the most significant of which are detailed below:

Demographic risks

This is the risk of volatility of results due to unexpected nature of decrements that include mortality attrition, disability and retirement. The effects of this decrement on the defined benefit obligations depend upon the combination salary increase, discount rate, and vesting criteria and therefore not very straight forward.

Change in bond yields -

A decrease in government bond yields will increase plan liabilities, although this is expected to be partially offset by an increase in the value of the plan's investment in debt instruments.

Inflation risk -

The present value of some of the defined benefit plan obligations are calculated with reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Life expectancy -

The present value of defined benefit plan obligation is calculated by reference to the best estimate of the mortality of plan participants, both during and after the employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

32.10 C. Code on Social Security

The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come into effect has not been notified and the final rules/interpretation have not yet been issued. The Company will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code becomes effective.

34 Transfer of financial assets

a) Transferred financial assets that are not derecognised in their entirety.

The Company has not transferred any assets that are not derecognised in their entirety.

b) Transferred financial assets that are derecognised.

The Company has assigned loans (earlier measured at FVTOCI) by way of direct assignment. As per the terms of these deals, since substantial risk and rewards related to these assets were transferred to the extent of 85%-95% of the assets transferred to the buyer, the assets have been de-recognised from the Company's Balance Sheet. The table below summarises the carrying amount of the derecognised financial assets measured at fair value and the gain/(loss) on derecognition during the year:

₹ in crore			
Particulars	March 31,2022	March 31,2021	March 31,2020
Direct assignments			
Carrying amount of derecognised financial assets	1,120.30	1,203.83	649.64
Gain from derecognition	75.69	100.14	45.96

Since the Company transferred the above financial asset in a transfer that qualified for derecognition in its entirety, therefore the whole of the interest spread (over the expected life of the asset) is recognised on the date of derecognition itself as 'Receivable from assignment of portfolio' with a corresponding profit on derecognition of financial asset.

c) Transferred financial assets that are derecognised in their entirety.

The Company has not transferred any assets that are derecognised in their entirety where the Company continues to have continuing involvement.

35 Contingent liabilities

Contingent liabilities not provided for in respect of the below:

₹ in crore			
(a) Particulars	March 31, 2022	March 31, 2021	March 31, 2020
Performance security provided by the Company pursuant to service provider agreement	0.10	0.11	0.12

(b) Pertaining to Assessment Year 2017-18 (Financial year 2016-17)

The Assessing Officer, Income Tax, Bangalore, through an order dated 28th December 2019, has confirmed the demand of ₹2.62 crore (net demand after adjusting of payment made is ₹ 1.16 crore) from the Company. The Company has preferred an appeal before Commissioner of Income Tax against said assessment order. The Company is of view that the said demand is not tenable and expects to succeed in its appeal.

(c) In addition, the Company is involved in other legal proceedings and claims, which have arisen in the ordinary course of business. The management believes that the ultimate outcome of these proceedings will not have a material adverse effect on the Company's financial position and result of operations.

41 Financial instruments – fair values

41.1 Accounting classification and fair values:

Carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy, are presented below. It does not include the fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The carrying amounts of cash and cash equivalents, bank balances other than cash and cash equivalents, other receivables, other financial assets/liabilities and trade and other payables approximate the fair value because of their short-term nature.

There were no transfers between Level 3 and Level 1/Level 2 during the year ended March 31, 2022, March 31, 2021 and March 31, 2020.

Fair values of Loans measured at amortised cost have been measured based on a discounted cash flow model of the contractual cash flows of solely payment of principal and interest. The Significant Unobservable Input is the Discount rate, determined using the cost of lending of the company.

Valuation methodologies of financial instruments not measured at fair value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the Company's financial statements. These fair values were calculated for disclosure purposes only. The below methodologies and assumptions relate only to the instruments in the above tables.

Loans (measured at amortised cost)

Fair values of Loans measured at amortised cost have been measured based on a discounted cash flow model of the contractual cash flows of solely payment of principal and interest. The Significant Unobservable Input is the Discount rate, determined using the cost of lending of the company.

Financial liabilities measured at amortised cost

The fair value of fixed rate borrowings is determined by discounting expected future contractual cash flows using current market interest rate being charged for new borrowings. The fair value of floating rate borrowing is deemed to equal its carrying value.

42.1 Risk Management (For Financial year ended March 31, 2022)

42.1.1 Introduction and risk profile

CreditAccess Grameen Limited ("Company") is one of the leading microfinance institutions in India focused on providing financial support to women from low income households engaged in economic activity with limited access to financial services. The Company predominantly offers collateral free loans to women from low income households, willing to borrow in a group and agreeable to take joint liability. The wide range of lending products address the critical needs of customers throughout their lifecycle and include income generation, home improvement, children's education, sanitation and personal emergency loans. With a view to diversifying the product profile, the company has introduced individual loans for matured group lending customers. These loans are offered to customers having requirement of larger loans to expand an existing business in their individual capacity.

The common risks for the company are operational, business environment, political, regulatory, concentration, expansion and liquidity. As a matter of policy, these risks are assessed and steps as appropriate, are taken to mitigate the same.

42.1.1.a Risk management structure

The Board of Directors are responsible for the overall risk management approach and for approving the risk management strategies and principles. The Risk Management framework approved by the Board has laid down the governance structure supporting the identification, assessment, monitoring, reporting and mitigation of risk throughout the company. The objective of the risk management platform is to make a conscious effort in developing risk culture within the organisation and having appropriate systems and tools for timely identification, measurement and reporting of risks for managing them.

The Board has a Risk Management committee which is responsible for monitoring the overall risk process within the Company and reports to the Board of Directors.

The Risk Management guidelines will be implemented through the established organization structure of Risk Department. The overall monitoring of the Risks is done by the Chief Risk Officer (CRO) with the support from all the department heads of the Company. The Board will reviews the status and progress of the risk and risk management system, on quarterly basis through the Audit Committee and Risk Management Committee. The individual departments are responsible for ensuring implementation of the risk management framework and policies, systems and methodologies as approved by the Board. Assignment of responsibilities in relation to risk management is prerogative of the Heads of Departments, in coordination with CRO. While each department focuses on its specific area of activity, the Risk Management Unit operates in coordination with all other departments, utilising all significant information sourced to ensure effective management of risks in accordance with the guidelines approved by the Board. The unit works closely with and reports to the Risk Committee, to ensure that procedures are compliant with the overall framework.

Heads of Departments is accountable to a Risk Management committee comprising of MD&CEO, CFO, CAO, Deputy CEO & CBO and CRO. The departmental heads will report for the implementation of above mentioned guideline within their respective areas of responsibility. The department heads are also accountable to the MLRC for identification, assessment, aggregation, reporting and monitoring of the risk related to their respective domain.

The Company's policy is that risk management processes throughout the Company are audited quarterly by the Internal Audit function, which examines both the adequacy of the procedures and the Company's compliance with the procedures. Internal Audit discusses the results of all assessments with management, and reports its findings and recommendations to the Audit Committee.

42.1.1.b Risk mitigation and risk culture

Risk assessments are conducted for all business activities. The assessments are to address potential risks and to comply with relevant legal and regulatory requirements. Risk assessments are performed by competent personnel from individual departments and risk management department including, where appropriate, expertise from outside the Company. Procedures are established to update risk assessments at appropriate intervals and to review these assessments regularly. Based on the Risk Control and Self Assessment (RCSA), the Company formulates its Risk Management Strategy / Risk Management plan on annual basis. The strategy will broadly entail choosing among the various options for risk mitigation for each identified risk. The risk mitigation is planned using the following key strategies:

Risk Avoidance: By not performing an activity that could carry risk. Avoidance may seem the answer to all risks, but avoiding risks also means losing out on the potential gain that accepting (retaining) the risk may have allowed.

Risk Transfer: Mitigation by having another party to accept the risk, either partial or total, typically by contract or by hedging.

Risk Reduction: Employing methods/solutions that reduce the severity of the loss.

Risk Retention: Accepting the loss when it occurs. Risk retention is a viable strategy for small risks where the cost of insuring against the risk would be greater over time than the total losses sustained. All risks that are not avoided or transferred are retained by default. This includes risks that are so large or catastrophic that they either cannot be insured against or the premiums would be infeasible.

42.1.1.c Risk measurement and reporting systems

The heads of all the departments in association with risk management department are responsible for coordinating the systems for identifying risks within their own department or business activity through RCSA exercise to be conducted at regular intervals.

Based on a cost / benefit assessment of a risk, as is undertaken, some risks may be judged as having to be accepted because it is believed mitigation is not possible or warranted.

As the risk exposure of any business may undergo change from time to time due to continuously changing environment, the updation of the Risk Register will be done on a regular basis.

All the strategies with respect to managing these major risks shall be monitored by the CRO and MLRC.

The Management Level Risk Committee meetings are held as necessary or at least once a month. The Management Level Risk Committee would monitor the management of major risks specifically and other risks of the Company in general. The Committee takes an integrated view of the risks facing the entity and monitor implementation of the directives received from Risk Management Committee and actionable items drawn from the risk management framework.

Accordingly, the Management Level Risk Committee reviews the following aspects of business specifically from a risk indicator perspective and suitably record the deliberations during the monthly meeting.

- Review of business growth and portfolio quality.
- Discuss and review the reported details of Key Risk Threshold breaches (KRI's), consequent actions taken and review of operational loss events, if any.
- Review of process compliances including audit performance across organisation.
- Review of HR management, training and employee attrition.
- Review of new initiatives and product/policy/process changes.
- Discuss and review performance of IT systems.
- Review the status of strategic projects initiated.
- Review, where necessary, policies that have a bearing on the operational & credit risk management and recommend amendments.
- Discuss and recommend suitable controls/mitigations for managing operational & credit risk and assure that adequate resources are being assigned to mitigate the risks.
- Review analysis of frauds, potential losses, non-compliance, breaches etc. and determine corrective measures to prevent their recurrences.
- Understand changes and threats, concur on areas of high priority and possible actions for managing/mitigating the same.

42.1.1.d Risk Management Strategies

Excessive risk concentrations

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Group's performance to developments affecting a particular industry or geographical location.

The following management strategies and policies are adopted by the Company to manage the various key risks.

Political Risk mitigation measures:

- Low cost operations and low pricing for customers.
- Customer centric approach, high customer retention.
- Rural focus.
- Systematic customer awareness activities.
- High social focused activities.
- Adherence to client protection guidelines.
- Robust grievance redressal mechanism.
- Adherence to regulatory guidelines in letter and spirit.

Concentration risk mitigation measures:

- District centric approach.
- District exposure cap.
- Restriction on growth in urban locations.
- Maximum disbursement cap per loan account.
- Maximum loan exposure cap per customer.
- Diversified funding resources.

Operational & HR Risk mitigation measures:

- Stringent customer enrolment process.
- Multiple products.
- Proper recruitment policy and appraisal system.
- Adequately trained field force.
- Weekly & fortnightly collections – higher customer touch, lower amount instalments.
- Multilevel monitoring framework.
- Strong, Independent and fully automated Internal Audit function.
- Strong IT system with access to real time client and loan data.

Liquidity risk mitigation measures:

- Diversified funding resources.
- Asset liability management.
- Effective fund management.
- Maximum cash holding cap.

Expansion risk mitigation measures:

- Contiguous growth.
- District centric approach.
- Rural focus.
- Branch selection based on census data & credit bureau data.
- Three level survey of the location selected.

Credit risk

Credit risk is the risk of financial loss to the Company if the counterparty to a financial instrument, whether a customer or otherwise, fails to meet its contractual obligations towards the Company. Credit risk is the core business risk of the Company. The Company therefore has high appetite for this risk but low tolerance and the governance structures including the internal control systems are particularly designed to manage and mitigate this risk. The Company is mainly exposed to credit risk from loans to customers (including loans transferred to SPVs under securitization agreements, excluding loans sold under assignment presented as off-balance sheet assets).

The credit risk may arise due to, over borrowing by customers or over lending by other financial institutions competitors, gaps in joint-liability collateral and repayment issues due to external factors such as political, community influence, regulatory changes and natural disasters (storm, earthquakes, fires, floods) and intentional default by customers.

To address credit risk, the Company has stringent credit policies for customer selection. To ensure the credit worthiness of the customers, stringent underwriting policies such as credit investigation, both in-house and field credit verification, is in place. In addition, the company follows a systematic methodology in the selection of new geographies where to open branches considering factors such as the portfolio at risk and over indebtedness of the proposed area/region, potential for micro-lending and socio-economic risk evaluation (e.g., the risk of local riots or natural disasters). Loan sanction and rejections are carried out at the head office. A credit bureau rejections analysis is also regularly carried out in company. Credit risk is being managed by continuously monitoring the borrower's performance if borrowers are paying on time based on their amortization dues. The company ensures stringent monitoring and quality operations through both field supervision (branch/area/region staff supervision, quality control team supervision) and management review. Management at each company's head office closely monitors credit risk through system generated reports (e.g., PAR status and PAR movement, portfolio concentration analysis, vintage analysis, flow-rate analysis) and Key Risk Indicators (KRIs) which include proactive actionable thresholds limits (acceptable, watch and breach) developed by CRO, revised at the the MLRC and at the Risk Committee at the Board level.

Some of the main strategies to mitigate credit risk are:

1. Maintain stringent customer enrolment process,
2. Undertake systematic customer awareness activities/ programs,
3. Reduce geographical concentration of portfolio,
4. Maximum loan exposure to member as determined from time to time,
5. Modify product characteristics if needed (e.g., longer maturity for group clients in case the loan is above a certain threshold),
6. Carry out due diligence of new employees and adequate training at induction,
7. Decrease field staff turnover,
8. Supporting technologies: credit bureau checks, GPS, automated KYC checks and biometric.

The exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the demographics of the Company's customer base, including the default risk of the country in which the customers are located, as these factors may have an influence on the credit risk.

42.1.2 Impairment assessment

The references below show where the Company's impairment assessment and measurement approach is set out in this report. It should be read in conjunction with the summary of significant accounting policies.

42.1.2.a Definition of default, significant increase in credit risk and stage assessment

For the measurement of ECL, Ind AS 109 distinguishes between three impairment stages. All loans need to be allocated to one of these stages, depending on the increase in credit risk since initial recognition (i.e. disbursement date):

Stage 1: includes loans for which the credit risk at the reporting date is in line with the credit risk at the initial recognition (i.e. disbursement date).

Stage 2: includes loans for which the credit risk at reporting date is significantly higher than at the risk at the initial recognition (Significant Increase in Credit Risk i.e. SICR).

Stage 3: includes default loans. A loan is considered default at the earlier of (i) the Company considers that the obligor is unlikely to pay its credit obligations to the company in full, without recourse by the company to actions such as realizing collateral (if held); or (ii) the obligor is past due more than 60 / 90 days on any material credit obligation to the company.

Further, the RBI on March 27, 2020, April 17, 2020 and May 23, 2020, announced 'COVID-19 Regulatory Package' on asset classification and provisioning. In terms of these RBI guidelines, the Company granted a moratorium on the repayment of all Installments and/or Interest, as applicable, due between March 1, 2020 and August 31, 2020 to all eligible borrowers. In respect of such accounts that were granted moratorium, the moratorium period has been excluded from determining overdue days.

An assessment of whether credit risk has increased significantly since initial recognition is performed at each reporting date by considering the change in the risk of default occurring over the remaining life of the financial instrument.

(i) Joint liability loans (JLG)

Unlike banks which have more of monthly repayments, the Company offers products with primarily weekly repayment frequency, whereby 15 and above Days past due ('DPD') means already 2 missed instalments from the borrower, and accordingly, the Company has identified the following stage classification to be the most appropriate for its JLG :

Stage 1: 0 to 15 DPD.

Stage 2: 16 to 60 DPD (SICR).

Stage 3: above 60 DPD (Default).

(ii) Individual loans

Since Individual loans are on monthly repayment model, the Company has identified the following stage classification to be the most appropriate for these loans :

Stage 1: 0 to 30 DPD.

Stage 2: 30 to 90 DPD (SICR).

Stage 3: Above 90 DPD (Default).

42.1.2.b Probability of Default ('PD')

(i) Joint Liability Loans (JLG)

PD describes the probability of a loan to eventually falling into Stage 3. PD %age is calculated for each loan account separately and is determined by using available historical observations.

PD for stage 1: is derived as %age of all loans in stage 1 moving into stage 3 in 12-months' time.

PD for stage 2: is derived as %age of all loans in stage 2 moving into stage 3 in the maximum lifetime of the loans under observation.

PD for stage 3: is derived as 100% considering that the default occurs as soon as the loan becomes overdue for 60 days which matches the definition of stage 3.

(ii) Individual loans

Individual loans is a relatively new portfolio that was started in November 2016. Performance history of matured vintage loan is not available in adequate number to build PD or LGD model. The ECL estimation for Individual loans portfolio is carried out using a which is based on management judgement.

42.1.2.c Exposure at default (EAD)

Exposure at default (EAD) is the sum of outstanding principal and the interest amount accrued but not received on each loan as at reporting date.

42.1.2.d Loss given default (LGD)

LGD is the opposite of recovery rate. $LGD = 1 - (\text{Recovery rate})$. LGD is calculated based on past observations of Stage 3 loans.

(i) Joint liability loans (JLG)

LGD is computed as below:

The Company determines its expectation of lifetime loss by estimating recoveries towards its loan through analysis of historical information. The Company determines its recovery rates by analysing the recovery trends over different periods of time after a loan has defaulted. LGD is the difference between the exposure at default and its recovery rate.

In estimating LGD, the Company reviews macro-economic developments taking place in the economy. A select group of Stage 2 and Stage 3 loans exhibiting specific payment pattern has been applied an LGD which is lower than the regular LGD estimate.

(ii) Individual loans

Individual loans is a relatively new portfolio that was started in November 2016. Performance history of matured vintage loan is not available in adequate number to build PD or LGD model. The ECL estimation for individual loans portfolio is carried out using a methodology which is based on management judgement.

42.1.2.e Grouping financial assets measured on a collective basis

The Company believes that the Joint Liability Group (JLG) loans have shared risk characteristics (i.e. homogeneous) which are different from those of Individual loans (IL). Therefore, JLG and IL are treated as two separate groups for the purpose of determining impairment allowance.

42.1.2.f The Company's Loan book consists of a large number of customers spread over diverse geographical area, hence the Company is not exposed to concentration risk with respect to any particular customer.

42.1.2.g Analysis of inputs to the ECL model under multiple economic scenarios

Adjusting the ECL to reflect the expected changes (if any) in the economic environment for forward looking information in the form of management overlay.

42.1.2.h Pursuant to the RBI circular dated November 12, 2021 - "Prudential norms on Income Recognition, Asset-Classification and Provisioning (IRACP) pertaining to Advances - Clarifications", the Company changed its NPA definition to comply with the norms/ changes for regulatory reporting, as applicable. This has resulted in classification of loans amounting to 3.48 Crore as additional non-performing assets (Stage 3) as at March 31, 2022. However, the said change does not have a material impact on the financial results for the quarter / year ended March 31, 2022. On 15 February 2022, the RBI allowed deferment pertaining to the upgradation of Non Performing accounts till 30 September 2022. However, the Company has not opted for such deferment and continues to align Stage 3 definition to revised NPA definition.

42.1.3 Capital

The Company actively manages its capital base to cover risks inherent to its business and meet the capital adequacy requirement of RBI. The adequacy of the Company's capital is monitored using, among other measures, the regulations issued by RBI.

(i) Capital management

The Company's objectives when managing capital are to -

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- Maintain an optimal capital structure to reduce the cost of capital.

The Company manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend payment to shareholders, return capital to shareholders or issue capital securities.

Planning

The Company's assessment of capital requirement is aligned to its planned growth which forms part of an annual operating plan which is approved by the Board and also a long range strategy. These growth plans are aligned to assessment of risks– which include credit, liquidity and interest rate.

The Company monitors its capital to risk-weighted assets ratio (CRAR) on a monthly basis through its Assets Liability Management Committee (ALCO).

The Company endeavours to maintain its CRAR higher than the mandated regulatory norm of 15%. Accordingly, increase in capital is planned well in advance to ensure adequate funding for its growth.

(ii) Regulatory capital

Particulars	As at March 31, 2022
Tier I CRAR	25.87%
Tier II CRAR	0.67%
	26.54%

42.1.4 Liquidity risk and funding management

Liquidity risk arises due to the unavailability of adequate amount of funds at an appropriate cost and tenure. The Company may face an asset-liability mismatch caused by a difference in the maturity profile of its assets and liabilities. This risk may arise from the unexpected increase in the cost of funding an asset portfolio at the appropriate maturity and the risk of being unable to liquidate a position in a timely manner and at a reasonable price. We monitor liquidity risk through our Asset Liability Management Committee. Monitoring liquidity risk involves categorizing all assets and liabilities into different maturity profiles and evaluating them for any mismatches in any particular maturities, particularly in the short-term. We actively monitor our liquidity position to ensure that we can meet all borrower and lender-related funding requirements.

There are Liquidity Risk mitigation measures put in place which helps in maintaining the following:

Diversified funding resources:

The Company's treasury department secures funds from multiple sources, including banks, financial institutions and capital markets and is responsible for diversifying our capital sources, managing interest rate risks and maintaining strong relationships with banks, financial institutions, mutual funds, insurance companies, other domestic and foreign financial institutions and rating agencies. The Company continuously seek to diversify its sources of funding to facilitate flexibility in meeting our funding requirements. Due to the composition of the loan portfolio, which also qualifies for priority sector lending, it also engages in securitization and assignment transactions.

Asset Liability Management (ALM) can be termed as a risk management technique designed to earn an adequate return while maintaining a comfortable surplus of assets over liabilities. ALM, among other functions, is also concerned with risk management and provides a comprehensive as well as dynamic framework for measuring, monitoring and managing liquidity and interest rate risks. ALM is an integral part of the financial management process of CAGL. It is concerned with strategic balance sheet management, involving risks caused by changes in the interest rates and the liquidity position of CAGL. It involves assessment of various types of risks and altering the asset-liability portfolio in a dynamic way in order to manage risks.

ALM committee constitutes of Board of Directors who would review the tolerance limits for liquidity/ interest rate risks and would recommend to Board of Directors for its approval from time to time. As per the directions of the Board, the ALM statements would be reported to the ALM committee on quarterly basis for necessary guidance.

The scope of ALM function can be described as follows:

- Funding and Capital Management,
- Liquidity risk management,
- Interest Rate risk management,
- Forecasting and analyzing 'What if scenario' and preparation of contingency plans.

Capital guidelines ensure the maintenance and independent management of prudent capital levels for CAGL to preserve the safety and soundness of the company, to support desired balance sheet growth and the realization of new business; and to provide a cushion against unexpected losses. Refer Note 40.3 with respect to regulatory capital of the Company as at the reporting dates.

42.1.5 Market Risk

42.1.5.1 Market risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates and equity prices. The Company classifies exposures to market risk into either trading or non-trading portfolios and manages each of those portfolios separately.

42.1.5.2 Interest rate risk

Interest rate risk is the risk where changes in market interest rates might adversely affect CAGL's financial condition. The immediate impact of changes in interest rates is on earnings (i.e. reported profits) by changing its Net Interest Margin (NIM). The risk from the earnings perspective can be measured as changes in Net Interest Margin (NIM). In line with RBI guidelines, the traditional Gap analysis is considered as a suitable method to measure the Interest Rate Risk for CAGL.

In case of CAGL it may be noted that portfolio loans are not rate sensitive as there is no re-pricing of existing loans are carried out. Only some of the liabilities in the form of borrowings are rate sensitive and considering the size of our business the quantum of impact of change of interest rate of borrowings on liquidity is not significant and can be managed with appropriate treasury action.

The following table demonstrates the sensitivity to a reasonably possible charge in interest rates (all other variables being constant) of the Company's reformatted profit and loss

42.1.5.3 Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency risk arise majorly on account of foreign currency borrowings. The Company manages its foreign currency risk by entering in to cross currency swaps and forward contract.

Particulars	March 31, 2022
	USD
Liability – External Commercial Borrowings	1,50,00,000
Assets – Cross Currency Interest rate Swap Contract	1,50,00,000

42.1.5.4 Hedging Policy

The Company's Hedging Policy only allows for effective hedging relationships to be considered as hedges as per the relevant Ind AS. Hedge effectiveness is determined at the inception of the hedge relationship, and through periodic prospective effectiveness assessments to ensure that an economic relationship exists between the hedged item and hedging instrument. The Company enters into hedge relationship where the critical terms of the hedging instrument match with the terms of the hedged item, and so a qualitative and quantitative assessment of effectiveness is performed.

In respect of Interest rate swaps, there is an economic relationship between the hedged item and the hedging instrument as the terms of the Interest Rate swap contract match that of the foreign currency borrowing (notional amount, interest repayment date etc.). The Company has established a hedge ratio of 1:1 for the hedging relationships as the underlying risk of the interest rate swap are identical to the hedged risk components.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in other comprehensive income and accumulated under the heading cash flow hedging reserve within equity. The gain or loss relating to the ineffective portion is recognised immediately in the statement of profit and loss, and is included in the '(Gain) / Loss in Fair Value of Derivatives' line item.

42.2 Risk Management (For Financial year ended March 31, 2021)

42.2.1 Introduction and risk profile

CreditAccess Grameen Limited ("Company") is one of the leading microfinance institutions in India focused on providing financial support to women from low income households engaged in economic activity with limited access to financial services. The Company predominantly offers collateral free loans to women from low income households, willing to borrow in a group and agreeable to take joint liability. The wide range of lending products address the critical needs of customers throughout their lifecycle and include income generation, home improvement, children's education, sanitation and personal emergency loans. With a view to diversifying the product profile, the company has introduced individual loans for matured group lending customers. These loans are offered to customers having requirement of larger loans to expand an existing business in their individual capacity.

The common risks for the company are operational, business environment, political, regulatory, concentration, expansion and liquidity. As a matter of policy, these risks are assessed and steps as appropriate, are taken to mitigate the same.

42.2.1.a Risk management structure

The Board of Directors are responsible for the overall risk management approach and for approving the risk management strategies and principles. The Risk Management framework approved by the Board has laid down the governance structure supporting the identification, assessment, monitoring, reporting and mitigation of risk throughout the company. The objective of the risk management platform is to make a conscious effort in developing risk culture within the organisation and having appropriate systems and tools for timely identification, measurement and reporting of risks for managing them.

The Board has a Risk Management committee which is responsible for monitoring the overall risk process within the Company and reports to the Board of Directors.

The Risk Management guidelines will be implemented through the established organization structure of Risk Department. The overall monitoring of the Risks is done by the Chief Risk Officer (CRO) with the support from all the department heads of the Company. The Board will reviews the status and progress of the risk and risk management system, on quarterly basis through the Audit Committee and Risk Management Committee. The individual departments are responsible for ensuring implementation of the risk management framework and policies, systems and methodologies as approved by the Board. Assignment of responsibilities in relation to risk management is prerogative of the Heads of Departments, in coordination with CRO. While each department focuses on its specific area of activity, the Risk Management Unit operates in coordination with all other departments, utilising all significant information sourced to ensure effective management of risks in accordance with the guidelines approved by the Board. The unit works closely with and reports to the Risk Committee, to ensure that procedures are compliant with the overall framework.

Heads of Departments is accountable to a Risk Management committee comprising of MD&CEO, CFO, CAO, CBO and CRO. The departmental heads will report for the implementation of above mentioned guideline within their respective areas of responsibility. The department heads are also accountable to the MLRC for identification, assessment, aggregation, reporting and monitoring of the risk related to their respective domain.

The Company's policy is that risk management processes throughout the Company are audited quarterly by the Internal Audit function, which examines both the adequacy of the procedures and the Company's compliance with the procedures. Internal Audit discusses the results of all assessments with management, and reports its findings and recommendations to the Audit Committee.

42.2.1.b Risk mitigation and risk culture

Risk assessments are conducted for all business activities. The assessments are to address potential risks and to comply with relevant legal and regulatory requirements. Risk assessments are performed by competent personnel from individual departments and risk management department including, where appropriate, expertise from outside the Company. Procedures are established to update risk assessments at appropriate intervals and to review these assessments regularly. Based on the Risk Control and Self Assessment (RCSA), the Company formulates its Risk Management Strategy / Risk Management plan on annual basis. The strategy will broadly entail choosing among the various options for risk mitigation for each identified risk. The risk mitigation is planned using the following key strategies:

Risk Avoidance: By not performing an activity that could carry risk. Avoidance may seem the answer to all risks, but avoiding risks also means losing out on the potential gain that accepting (retaining) the risk may have allowed.

Risk Transfer: Mitigation by having another party to accept the risk, either partial or total, typically by contract or by hedging.

Risk Reduction: Employing methods/solutions that reduce the severity of the loss.

Risk Retention: Accepting the loss when it occurs. Risk retention is a viable strategy for small risks where the cost of insuring against the risk would be greater over time than the total losses sustained. All risks that are not avoided or transferred are retained by default. This includes risks that are so large or catastrophic that they either cannot be insured against or the premiums would be infeasible.

42.2.1.c Risk measurement and reporting systems

The heads of all the departments in association with risk management department are responsible for coordinating the systems for identifying risks within their own department or business activity through RCSA exercise to be conducted at regular intervals. Based on a cost / benefit assessment of a risk, as is undertaken, some risks may be judged as having to be accepted because it is believed mitigation is not possible or warranted.

As the risk exposure of any business may undergo change from time to time due to continuously changing environment, the updation of the Risk Register will be done on a regular basis.

All the strategies with respect to managing these major risks shall be monitored by the CRO and MLRC.

The Management Level Risk Committee meetings are held as necessary or at least once a month. The Management Level Risk Committee would monitor the management of major risks specifically and other risks of the Company in general. The Committee takes an integrated view of the risks facing the entity and monitor implementation of the directives received from Risk Management Committee and actionable items drawn from the risk management framework.

Accordingly, the Management Level Risk Committee reviews the following aspects of business specifically from a risk indicator perspective and suitably record the deliberations during the monthly meeting.

- Review of business growth and portfolio quality.
- Discuss and review the reported details of Key Risk Threshold breaches (KRI's), consequent actions taken and review of operational loss events, if any.
- Review of process compliances including audit performance across organisation.
- Review of HR management, training and employee attrition.
- Review of new initiatives and product/policy/process changes.
- Discuss and review performance of IT systems.
- Review the status of strategic projects initiated.
- Review, where necessary, policies that have a bearing on the operational & credit risk management and recommend amendments.
- Discuss and recommend suitable controls/mitigations for managing operational & credit risk and assure that adequate resources are being assigned to mitigate the risks.
- Review analysis of frauds, potential losses, non-compliance, breaches etc. and determine corrective measures to prevent their recurrences.
- Understand changes and threats, concur on areas of high priority and possible actions for managing/mitigating the same.

42.2.1.d Risk Management Strategies

Excessive risk concentrations

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Group's performance to developments affecting a particular industry or geographical location.

The following management strategies and policies are adopted by the Company to manage the various key risks.

Political Risk mitigation measures:

- Low cost operations and low pricing for customers.
- Customer centric approach, high customer retention.
- Rural focus.
- Systematic customer awareness activities.
- High social focused activities.
- Adherence to client protection guidelines.
- Robust grievance redressal mechanism.
- Adherence to regulatory guidelines in letter and spirit.

Concentration risk mitigation measures:

- District centric approach.
- District exposure cap.
- Restriction on growth in urban locations.
- Maximum disbursement cap per loan account.
- Maximum loan exposure cap per customer.
- Diversified funding resources.

Operational & HR Risk mitigation measures:

- Stringent customer enrolment process.
- Multiple products.
- Proper recruitment policy and appraisal system.
- Adequately trained field force.
- Weekly & fortnightly collections – higher customer touch, lower amount instalments.
- Multilevel monitoring framework.
- Strong, Independent and fully automated Internal Audit function.
- Strong IT system with access to real time client and loan data.

Liquidity risk mitigation measures:

- Diversified funding resources.
- Asset liability management.
- Effective fund management.
- Maximum cash holding cap.

Expansion risk mitigation measures:

- Contiguous growth.
- District centric approach.
- Rural focus.
- Branch selection based on census data & credit bureau data.
- Three level survey of the location selected.

Credit risk

Credit risk is the risk of financial loss to the Company if the counterparty to a financial instrument, whether a customer or otherwise, fails to meet its contractual obligations towards the Company. Credit risk is the core business risk of the Company. The Company therefore has high appetite for this risk but low tolerance and the governance structures including the internal control systems are particularly designed to manage and mitigate this risk. The Company is mainly exposed to credit risk from loans to customers (including loans transferred to SPVs under securitization agreements, excluding loans sold under assignment presented as off-balance sheet assets).

The credit risk may arise due to, over borrowing by customers or over lending by other financial institutions competitors, gaps in joint-liability collateral and repayment issues due to external factors such as political, community influence, regulatory changes and natural disasters (storm, earthquakes, fires, floods) and intentional default by customers.

To address credit risk, the Company has stringent credit policies for customer selection. To ensure the credit worthiness of the customers, stringent underwriting policies such as credit investigation, both in-house and field credit verification, is in place. In addition, the company follows a systematic methodology in the selection of new geographies where to open branches considering factors such as the portfolio at risk and over indebtedness of the proposed area/region, potential for micro-lending and socio-economic risk evaluation (e.g., the risk of local riots or natural disasters). Loan sanction and rejections are carried out at the head office. A credit bureau rejections analysis is also regularly carried out in company. Credit risk is being managed by continuously monitoring the borrower's performance if borrowers are paying on time based on their amortization dues. The company ensures stringent monitoring and quality operations through both field supervision (branch/area/region staff supervision, quality control team supervision) and management review. Management at each company's head office closely monitors credit risk through system generated reports (e.g., PAR status and PAR movement, portfolio concentration analysis, vintage analysis, flow-rate analysis) and Key Risk Indicators (KRIs) which include proactive actionable thresholds limits (acceptable, watch and breach) developed by CRO, revised at the the MLRC and at the Risk Committee at the Board level.

Some of the main strategies to mitigate credit risk are:

1. Maintain stringent customer enrolment process,
2. Undertake systematic customer awareness activities/ programs,
3. Reduce geographical concentration of portfolio,
4. Maximum loan exposure to member as determined from time to time,
5. Modify product characteristics if needed (e.g., longer maturity for group clients in case the loan is above a certain threshold),
6. Carry out due diligence of new employees and adequate training at induction,
7. Decrease field staff turnover,
8. Supporting technologies: credit bureau checks, GPS, automated KYC checks and biometric.

The exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the demographics of the Company's customer base, including the default risk of the country in which the customers are located, as these factors may have an influence on the credit risk

42.2.2 Impairment assessment

The references below show where the Company's impairment assessment and measurement approach is set out in this report. It should be read in conjunction with the summary of significant accounting policies.

42.2.2.a Definition of default, significant increase in credit risk and stage assessment

For the measurement of ECL, Ind AS 109 distinguishes between three impairment stages. All loans need to be allocated to one of these stages, depending on the increase in credit risk since initial recognition (i.e. disbursement date):

Stage 1: includes loans for which the credit risk at the reporting date is in line with the credit risk at the initial recognition (i.e. disbursement date).

Stage 2: includes loans for which the credit risk at reporting date is significantly higher than at the risk at the initial recognition (Significant Increase in Credit Risk i.e. SICR).

Stage 3: includes default loans. A loan is considered default at the earlier of (i) the Company considers that the obligor is unlikely to pay its credit obligations to the company in full, without recourse by the company to actions such as realizing collateral (if held); or (ii) the obligor is past due more than 60 / 90 days on any material credit obligation to the company.

Further, the RBI on March 27, 2020, April 17, 2020 and May 23, 2020, announced 'COVID-19 Regulatory Package' on asset classification and provisioning. In terms of these RBI guidelines, the Company granted a moratorium on the repayment of all Installments and/or Interest, as applicable, due between March 1, 2020 and August 31, 2020 to all eligible borrowers. In respect of such accounts that were granted moratorium, the moratorium period has been excluded from determining overdue days.

An assessment of whether credit risk has increased significantly since initial recognition is performed at each reporting date by considering the change in the risk of default occurring over the remaining life of the financial instrument.

(i) Joint liability loans (JLG)

Unlike banks which have more of monthly repayments, the Company offers products with primarily weekly repayment frequency, whereby 15 and above Days past due ('DPD') means already 2 missed instalments from the borrower, and accordingly, the Company has identified the following stage classification to be the most appropriate for its JLG :

Stage 1: 0 to 15 DPD.

Stage 2: 16 to 60 DPD (SICR).

Stage 3: above 60 DPD (Default).

(ii) Individual loans

Since Individual loans are on monthly repayment model, the Company has identified the following stage classification to be the most appropriate for these loans :

Stage 1: 0 to 30 DPD.

Stage 2: 30 to 90 DPD (SICR).

Stage 3: Above 90 DPD (Default).

42.2.2.b Probability of Default ('PD')

(i) Joint Liability Loans (JLG)

PD describes the probability of a loan to eventually falling into Stage 3. PD %age is calculated for each loan account separately and is determined by using available historical observations.

PD for stage 1: is derived as %age of all loans in stage 1 moving into stage 3 in 12-months' time.

PD for stage 2: is derived as %age of all loans in stage 2 moving into stage 3 in the maximum lifetime of the loans under observation.

PD for stage 3: is derived as 100% considering that the default occurs as soon as the loan becomes overdue for 60 days which matches the definition of stage 3.

(ii) Individual loans

Individual loans is a relatively new portfolio that was started in November 2016. Performance history of matured vintage loan is not available in adequate number to build PD or LGD model. The ECL estimation for Individual loans portfolio is carried out using a which is based on management judgement.

42.2.2.c Exposure at default (EAD)

Exposure at default (EAD) is the sum of outstanding principal and the interest amount accrued but not received on each loan as at reporting date.

42.2.2.d Loss given default (LGD)

LGD is the opposite of recovery rate. $LGD = 1 - (\text{Recovery rate})$. LGD is calculated based on past observations of Stage 3 loans.

(i) Joint liability loans (JLG)

LGD is computed as below:

The Company determines its expectation of lifetime loss by estimating recoveries towards its loan through analysis of historical information. The Company determines its recovery rates by analysing the recovery trends over different periods of time after a loan has defaulted. LGD is the difference between the exposure at default and its recovery rate.

In estimating LGD, the Company reviews macro-economic developments taking place in the economy.

A select group of Stage 2 and Stage 3 loans exhibiting specific payment pattern has been applied an LGD which is lower than the regular LGD estimate.

(ii) Individual loans

Individual loans is a relatively new portfolio that was started in November 2016. Performance history of matured vintage loan is not available in adequate number to build PD or LGD model. The ECL estimation for individual loans portfolio is carried out using a methodology which is based on management judgement.

42.2.2.e Grouping financial assets measured on a collective basis

The Company believes that the Joint Liability Group (JLG) loans have shared risk characteristics (i.e. homogeneous) which are different from those of Individual loans (IL). Therefore, JLG and IL are treated as two separate groups for the purpose of determining impairment allowance.

42.2.2.f The Company's Loan book consists of a large number of customers spread over diverse geographical area, hence the Company is not exposed to concentration risk with respect to any particular customer.

42.2.2.g Analysis of inputs to the ECL model under multiple economic scenarios

Adjusting the ECL to reflect the expected changes (if any) in the economic environment for forward looking information in the form of management overlay.

Based on the historical loss experience, adjustments need to be made on the average PD/ LGD computed to give effect of the current conditions which is done through management overlay by assigning probability weightages to different scenarios. The methodology and assumptions used for estimating future cash flows is reviewed regularly so that there is minimum difference between expected loss and the actual loss expenses. Refer Note 42.

42.2.3 Capital

The Company actively manages its capital base to cover risks inherent to its business and meet the capital adequacy requirement of RBI. The adequacy of the Company's capital is monitored using, among other measures, the regulations issued by RBI.

(i) Capital management

The Company's objectives when managing capital are to -

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- Maintain an optimal capital structure to reduce the cost of capital.

The Company manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend payment to shareholders, return capital to shareholders or issue capital securities.

Planning

The Company's assessment of capital requirement is aligned to its planned growth which forms part of an annual operating plan which is approved by the Board and also a long range strategy. These growth plans are aligned to assessment of risks- which include credit, liquidity and interest rate.

The Company monitors its capital to risk-weighted assets ratio (CRAR) on a monthly basis through its Assets Liability Management Committee (ALCO).

The Company endeavours to maintain its CRAR higher than the mandated regulatory norm of 15%. Accordingly, increase in capital is planned well in advance to ensure adequate funding for its growth.

(ii) Regulatory capital

Particulars	As at March 31, 2021	As at March 31, 2020
Tier I CRAR	30.50%	22.30%
Tier II CRAR	1.25%	1.30%
	31.75%	23.60%

42.2.4 Liquidity risk and funding management

Liquidity risk arises due to the unavailability of adequate amount of funds at an appropriate cost and tenure. The Company may face an asset-liability mismatch caused by a difference in the maturity profile of its assets and liabilities. This risk may arise from the unexpected increase in the cost of funding an asset portfolio at the appropriate maturity and the risk of being unable to liquidate a position in a timely manner and at a reasonable price. We monitor liquidity risk through our Asset Liability Management Committee. Monitoring liquidity risk involves categorizing all assets and liabilities into different maturity profiles and evaluating them for any mismatches in any particular maturities, particularly in the short-term. We actively monitor our liquidity position to ensure that we can meet all borrower and lender-related funding requirements.

There are Liquidity Risk mitigation measures put in place which helps in maintaining the following:

Diversified funding resources:

The Company's treasury department secures funds from multiple sources, including banks, financial institutions and capital markets and is responsible for diversifying our capital sources, managing interest rate risks and maintaining strong relationships with banks, financial institutions, mutual funds, insurance companies, other domestic and foreign financial institutions and rating agencies. The Company continuously seek to diversify its sources of funding to facilitate flexibility in meeting our funding requirements. Due to the composition of the loan portfolio, which also qualifies for priority sector lending, it also engages in securitization and assignment transactions.

Asset Liability Management (ALM) can be termed as a risk management technique designed to earn an adequate return while maintaining a comfortable surplus of assets over liabilities. ALM, among other functions, is also concerned with risk management and provides a comprehensive as well as dynamic framework for measuring, monitoring and managing liquidity and interest rate risks. ALM is an integral part of the financial management process of CAGL. It is concerned with strategic balance sheet management, involving risks caused by changes in the interest rates and the liquidity position of CAGL. It involves assessment of various types of risks and altering the asset-liability portfolio in a dynamic way in order to manage risks.

ALM committee constitutes of Board of Directors who would review the tolerance limits for liquidity/ interest rate risks and would recommend to Board of Directors for its approval from time to time. As per the directions of the Board, the ALM statements would be reported to the ALM committee on quarterly basis for necessary guidance.

The scope of ALM function can be described as follows:

- i. Funding and Capital Management,
- ii. Liquidity risk management,
- iii. Interest Rate risk management,
- iv. Forecasting and analyzing 'What if scenario' and preparation of contingency plans.

Capital guidelines ensure the maintenance and independent management of prudent capital levels for CAGL to preserve the safety and soundness of the company, to support desired balance sheet growth and the realization of new business; and to provide a cushion against unexpected losses. Refer Note 40.3 with respect to regulatory capital of the Company as at the reporting dates.

42.2.5 Market Risk

42.2.5.1 Market risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates and equity prices. The Company classifies exposures to market risk into either trading or non-trading portfolios and manages each of those portfolios separately.

42.2.5.2 Interest rate risk

Interest rate risk is the risk where changes in market interest rates might adversely affect CAGL's financial condition. The immediate impact of changes in interest rates is on earnings (i.e. reported profits) by changing its Net Interest Margin (NIM). The risk from the earnings perspective can be measured as changes in Net Interest Margin (NIM). In line with RBI guidelines, the traditional Gap analysis is considered as a suitable method to measure the Interest Rate Risk for CAGL.

In case of CAGL it may be noted that portfolio loans are not rate sensitive as there is no re-pricing of existing loans are carried out. Only some of the liabilities in the form of borrowings are rate sensitive and considering the size of our business the quantum of impact of change of interest rate of borrowings on liquidity is not significant and can be managed with appropriate treasury action.

The following table demonstrates the sensitivity to a reasonably possible charge in interest rates (all other variables being constant) of the Company's profit and loss statement.

Borrowings		
Increase in basis points	+ 25	(11.21)
Decrease in basis points	- 25	11.21

42.2.5.3 Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency risk arise majorly on account of foreign currency borrowings. The Company manages its foreign currency risk by entering in to cross currency swaps and forward contract. The Company currently does not have any exposure to Foreign currency.

42.3 Risk Management (For Financial year ended March 31, 2020)

42.3.1 Introduction and risk profile

CreditAccess Grameen Limited ("Company") is one of the leading microfinance institutions in India focused on providing financial support to women from low income households engaged in economic activity with limited access to financial services. The Company predominantly offers collateral free loans to women from low income households, willing to borrow in a group and agreeable to take joint liability. The wide range of lending products address the critical needs of customers throughout their lifecycle and include income generation, home improvement, children's education, sanitation and personal emergency loans. With a view to diversifying the product profile, the company has introduced individual loans for matured group lending customers. These loans are offered to customers having requirement of larger loans to expand an existing business in their individual capacity.

The common risks for the company are operational, business environment, political, regulatory, concentration, expansion and liquidity. As a matter of policy, these risks are assessed and steps as appropriate, are taken to mitigate the same.

42.3.1.a Risk management structure

The Board of Directors are responsible for the overall risk management approach and for approving the risk management strategies and principles. The Risk Management framework approved by the Board has laid down the governance structure supporting the identification, assessment, monitoring, reporting and mitigation of risk throughout the company. The objective of the risk management platform is to make a conscious effort in developing risk culture within the organisation and having appropriate systems and tools for timely identification, measurement and reporting of risks for managing them.

The Board has a Risk Management committee which is responsible for monitoring the overall risk process within the Company and reports to the Board of Directors.

The Risk Management guidelines will be implemented through the established organization structure of Risk Department. The overall monitoring of the Risks is done by the Chief Risk Officer (CRO) with the support from all the department heads of the Company. The Board will reviews the status and progress of the risk and risk management system, on quarterly basis through the Audit Committee and Risk Management Committee. The individual departments are responsible for ensuring implementation of the risk management framework and policies, systems and methodologies as approved by the Board. Assignment of responsibilities in relation to risk management is prerogative of the Heads of Departments, in coordination with CRO. While each department focuses on its specific area of activity, the Risk Management Unit operates in coordination with all other departments, utilising all significant information sourced to ensure effective management of risks in accordance with the guidelines approved by the Board. The unit works closely with and reports to the Risk Committee, to ensure that procedures are compliant with the overall framework.

Heads of Departments is accountable to a Risk Management committee comprising of MD&CEO, CFO, CAO, CBO and CRO. The departmental heads will report for the implementation of above mentioned guideline within their respective areas of responsibility. The department heads are also accountable to the MLRC for identification, assessment, aggregation, reporting and monitoring of the risk related to their respective domain.

The Company's policy is that risk management processes throughout the Company are audited quarterly by the Internal Audit function, which examines both the adequacy of the procedures and the Company's compliance with the procedures. Internal Audit discusses the results of all assessments with management, and reports its findings and recommendations to the Audit Committee.

42.3.1.b Risk mitigation and risk culture

Risk assessments are conducted for all business activities. The assessments are to address potential risks and to comply with relevant legal and regulatory requirements. Risk assessments are performed by competent personnel from individual departments and risk management department including, where appropriate, expertise from outside the Company. Procedures are established to update risk assessments at appropriate intervals and to review these assessments regularly. Based on the Risk Control and Self Assessment (RCSA), the Company formulates its Risk Management Strategy / Risk Management plan on annual basis. The strategy will broadly entail choosing among the various options for risk mitigation for each identified risk. The risk mitigation is planned using the following key strategies:

Risk Avoidance: By not performing an activity that could carry risk. Avoidance may seem the answer to all risks, but avoiding risks also means losing out on the potential gain that accepting (retaining) the risk may have allowed.

Risk Transfer: Mitigation by having another party to accept the risk, either partial or total, typically by contract or by hedging.

Risk Reduction: Employing methods/solutions that reduce the severity of the loss.

Risk Retention: Accepting the loss when it occurs. Risk retention is a viable strategy for small risks where the cost of insuring against the risk would be greater over time than the total losses sustained. All risks that are not avoided or transferred are retained by default. This includes risks that are so large or catastrophic that they either cannot be insured against or the premiums would be infeasible.

42.3.1.c Risk measurement and reporting systems

The heads of all the departments in association with risk management department are responsible for coordinating the systems for identifying risks within their own department or business activity through RCSA exercise to be conducted at regular intervals.

Based on a cost / benefit assessment of a risk, as is undertaken, some risks may be judged as having to be accepted because it is believed mitigation is not possible or warranted.

As the risk exposure of any business may undergo change from time to time due to continuously changing environment, the updation of the Risk Register will be done on a regular basis.

All the strategies with respect to managing these major risks shall be monitored by the CRO and MLRC.

The Management Level Risk Committee meetings are held as necessary or at least once a month. The Management Level Risk Committee would monitor the management of major risks specifically and other risks of the Company in general. The Committee takes an integrated view of the risks facing the entity and monitor implementation of the directives received from Risk Management Committee and actionable items drawn from the risk management framework.

Accordingly, the Management Level Risk Committee reviews the following aspects of business specifically from a risk indicator perspective and suitably record the deliberations during the monthly meeting.

- Review of business growth and portfolio quality.
- Discuss and review the reported details of Key Risk Threshold breaches (KRI's), consequent actions taken and review of operational loss events, if any.
- Review of process compliances including audit performance across organisation.
- Review of HR management, training and employee attrition.
- Review of new initiatives and product/policy/process changes.
- Discuss and review performance of IT systems.
- Review the status of strategic projects initiated.
- Review, where necessary, policies that have a bearing on the operational & credit risk management and recommend amendments.
- Discuss and recommend suitable controls/mitigations for managing operational & credit risk and assure that adequate resources are being assigned to mitigate the risks.
- Review analysis of frauds, potential losses, non-compliance, breaches etc. and determine corrective measures to prevent their recurrences.
- Understand changes and threats, concur on areas of high priority and possible actions for managing/mitigating the same.

42.3.1.d Risk Management Strategies

Excessive risk concentrations

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Company performance to developments affecting a particular industry or geographical location.

The following management strategies and policies are adopted by the Company to manage the various key risks.

Political Risk mitigation measures:

- Low cost operations and low pricing for customers.
- Customer centric approach, high customer retention.
- Rural focus.
- Systematic customer awareness activities.
- High social focused activities.
- Adherence to client protection guidelines.
- Robust grievance redressal mechanism.
- Adherence to regulatory guidelines in letter and spirit.

Concentration risk mitigation measures:

- District centric approach.
- District exposure cap.
- Restriction on growth in urban locations.
- Maximum disbursement cap per loan account.
- Maximum loan exposure cap per customer.
- Diversified funding resources.

Operational & HR Risk mitigation measures:

- Stringent customer enrolment process.
- Multiple products.
- Proper recruitment policy and appraisal system.
- Adequately trained field force.
- Weekly & fortnightly collections – higher customer touch, lower amount instalments.
- Multilevel monitoring framework.
- Strong, Independent and fully automated Internal Audit function.
- Strong IT system with access to real time client and loan data.

Liquidity risk mitigation measures:

- Diversified funding resources.
- Asset liability management.
- Effective fund management.
- Maximum cash holding cap.

Expansion risk mitigation measures:

- Contiguous growth.
- District centric approach.
- Rural focus.
- Branch selection based on census data & credit bureau data.
- Three level survey of the location selected.

42.3.2 Impairment assessment

42.3.2.a Definition of default, significant increase in credit risk and stage assessment

For the measurement of ECL, Ind AS 109 distinguishes between three impairment stages. All loans need to be allocated to one of these stages, depending on the increase in credit risk since initial recognition (i.e. disbursement date):

Stage 1: includes loans for which the credit risk at the reporting date is in line with the credit risk at the initial recognition (i.e. disbursement date).

Stage 2: includes loans for which the credit risk at reporting date is significantly higher than at the risk at the initial recognition (Significant Increase in Credit Risk).

Stage 3: includes default loans. A loan is considered default at the earlier of (i) the Company considers that the obligor is unlikely to pay its credit obligations to the company in full, without recourse by the company to actions such as realizing collateral (if held); or (ii) the obligor is past due more than 90 days on any material credit obligation to the company.

(i) Joint liability loans (JLG)

Unlike banks which have more of monthly repayments, the Company offers products with primarily weekly repayment frequency, whereby 15 and above Days past due ('DPD') means already 2 missed instalments from the borrower, and accordingly, the Company has identified the following stage classification to be the most appropriate for its JLG :

Stage 1: 0 to 15 DPD.

Stage 2: 16 to 60 DPD (SICR).

Stage 3: above 60 DPD (Default).

(ii) Individual loans

Since Individual loans are on monthly repayment model, the Company has identified the following stage classification to be the most appropriate for these loans :

Stage 1: 0 to 30 DPD.

Stage 2: 30 to 90 DPD (SICR).

Stage 3: Above 90 DPD (Default).

42.3.2.b Probability of Default ('PD')

PD describes the probability of a loan to eventually falling into Stage 3. PD %age is calculated based on available historical observations.

PD for stage 1: is derived as %age of all loans in stage 1 moving into stage 3 in 12-months' time.

PD for stage 2: is derived as %age of all loans in stage 2 moving into stage 3 in the maximum lifetime of the loans under observation.

PD for stage 3: is derived as 100% considering that the default occurs as soon as the loan becomes overdue for 60 days for JLG and 90 days for Individual loans which matches the definition of stage 3.

42.3.2.c Exposure at default (EAD)

Exposure at default (EAD) is the sum of outstanding principal and the interest amount accrued but not received on each loan as at reporting date.

42.3.2.d Loss given default (LGD)

LGD is the opposite of recovery rate. $LGD = 1 - (\text{Recovery rate})$. LGD is calculated based on past observations of Stage 3 loans.

(i) Joint liability loans (JLG)

LGD is computed as below:

1. All Loans which are above 60 DPD as on 31 March 2013, are taken and the difference in the principal outstanding as on 31st March 2013 and 31st March 2020 is considered as recovery.
2. Likewise the same is done for all the loans (excluding the loans which are already considered in previous years) which are above 60 DPD as on 31 March 2014, 31 March 2015, 31 March 2016, 31 March 2017, 31 March 2018, 31 March 2019 and recovery rate is computed for each year.
3. $LGD = 1 - \text{Recovery rate}$ which is computed for each period of observation.

(ii) Individual loans

LGD is computed as below:

1. All Loans which are above 90 DPD as on 31 March 2018, are taken and the difference in the principal outstanding as on 31st March 2018 and 31st March 2020 is considered as recovery.
2. Likewise the same is done for all the loans (excluding the loans which are already considered in previous years) which are above 60 DPD as on each month end from March 31, 2018 till February 29, 2020 and recovery rate is computed for each month.
3. $LGD = 1 - \text{Recovery rate}$ which is computed for each period of observation.

42.3.2.e Grouping financial assets measured on a collective basis

The Company believes that the Joint Liability Group (JLG) loans have shared risk characteristics (i.e. homogeneous) which are different from those of Individual loans (IL). Therefore, JLG and IL are treated as two separate groups for the purpose of determining impairment allowance.

42.3.2.f Analysis of inputs to the ECL model under multiple economic scenarios

Adjusting the ECL to reflect the expected changes (if any) in the economic environment for forward looking information in the form of management overlay.

Based on the historical loss experience, adjustments need to be made on the average PD computed to give effect of the current conditions which is done through management overlay by assigning probability weightages to different scenarios.

The methodology and assumptions used for estimating future cash flows should be reviewed regularly so that there is minimum difference between expected loss and the actual loss expenses.

Interest Rate Risk (IRR)

RBI has allowed NBFCs to price most of their assets and liabilities. Interest rate risk is the risk where changes in market interest rates might adversely affect CAGL's financial condition and the changes in interest rates affect CAGL in a larger way. The immediate impact of changes in interest rates is on earnings (i.e. reported profits) by changing its Net Interest Margin (NIM). The risk from the earnings perspective can be measured as changes in Net Interest Margin (NIM). In line with RBI guidelines, the traditional GAP analysis is considered as a suitable method to measure the Interest Rate Risk for CAGL.

CAGL shall also adhere to these prudential limits and the tolerance/prudential limits for structural liquidity under different time bucket.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible charge in interest rates (all other variables being constant) of the Company's profit and loss statement.

Particulars	Basis points	Effect on profit / loss for the year 2019-20
Borrowings		
Increase in basis points	+ 25	(7.82)
Decrease in basis points	- 25	7.82

42.3.3 Capital

The Company actively manages its capital base to cover risks inherent to its business and meet the capital adequacy requirement of RBI. The adequacy of the Company's capital is monitored using, among other measures, the regulations issued by RBI.

(i) Capital management

The Company's objective is to maintain appropriate levels of capital to support its business strategy taking into account the regulatory, economic and commercial environment. The Company aims to maintain a strong capital base to support the risks inherent to its business and growth strategies. The Company endeavours to maintain a higher capital base than the mandated regulatory capital at all times.

Planning

The Company's assessment of capital requirement is aligned to its planned growth which forms part of an annual operating plan which is approved by the Board and also a long range strategy. These growth plans are aligned to assessment of risks– which include credit, liquidity and interest rate.

The Company monitors its capital to risk-weighted assets ratio (CRAR) on a monthly basis through its Assets Liability Management Committee (ALCO).

The Company endeavours to maintain its CRAR higher than the mandated regulatory norm of 15%. Accordingly, increase in capital is planned well in advance to ensure adequate funding for its growth.

(ii) Regulatory capital

Particulars	As at March 31, 2020
Tier I CRAR	22.30%
Tier II CRAR	1.30%
	23.60%

42.3.4 Liquidity risk and funding management

Liquidity risk arises due to the unavailability of adequate amount of funds at an appropriate cost and tenure. The Company may face an asset-liability mismatch caused by a difference in the maturity profile of its assets and liabilities. This risk may arise from the unexpected increase in the cost of funding an asset portfolio at the appropriate maturity and the risk of being unable to liquidate a position in a timely manner and at a reasonable price. We monitor liquidity risk through our Asset Liability Management Committee. Monitoring liquidity risk involves categorizing all assets and liabilities into different maturity profiles and evaluating them for any mismatches in any particular maturities, particularly in the short-term. We actively monitor our liquidity position to ensure that we can meet all borrower and lender-related funding requirements.

There are Liquidity Risk mitigation measures put in place which helps in maintaining the following:

Diversified funding resources:

The Company's treasury department secures funds from multiple sources, including banks, financial institutions and capital markets and is responsible for diversifying our capital sources, managing interest rate risks and maintaining strong relationships with banks, financial institutions, mutual funds, insurance companies, other domestic and foreign financial institutions and rating agencies. The Company continuously seek to diversify its sources of funding to facilitate flexibility in meeting our funding requirements. Due to the composition of the loan portfolio, which also qualifies for priority sector lending, it also engages in securitization and assignment transactions.

Asset Liability Management (ALM) can be termed as a risk management technique designed to earn an adequate return while maintaining a comfortable surplus of assets over liabilities. ALM, among other functions, is also concerned with risk management and provides a comprehensive as well as dynamic framework for measuring, monitoring and managing liquidity and interest rate risks. ALM is an integral part of the financial management process of CAGL. It is concerned with strategic balance sheet management, involving risks caused by changes in the interest rates and the liquidity position of CAGL. It involves assessment of various types of risks and altering the asset-liability portfolio in a dynamic way in order to manage risks.

ALM committee constitutes of Board of Directors who would review the tolerance limits for liquidity/ interest rate risks and would recommend to Board of Directors for its approval from time to time. As per the directions of the Board, the ALM statements would be reported to the ALM committee on quarterly basis for necessary guidance.

The scope of ALM function can be described as follows:

- Funding and Capital Management,
- Liquidity risk management,
- Interest Rate risk management,
- Forecasting and analyzing 'What if scenario' and preparation of contingency plans.

Capital guidelines ensure the maintenance and independent management of prudent capital levels for CAGL to preserve the safety and soundness of the company, to support desired balance sheet growth and the realization of new business; and to provide a cushion against unexpected losses. Refer Note 40.3 with respect to regulatory capital of the Company as at the reporting dates.

42.3.5 Market Risk

42.3.5.1 Market risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates and equity prices. The Company classifies exposures to market risk into either trading or non-trading portfolios and manages each of those portfolios separately.

42.3.5.2 Interest rate risk

Interest rate risk is the risk where changes in market interest rates might adversely affect CAGL's financial condition. The immediate impact of changes in interest rates is on earnings (i.e. reported profits) by changing its Net Interest Margin (NIM). The risk from the earnings perspective can be measured as changes in Net Interest Margin (NIM). In line with RBI guidelines, the traditional Gap analysis is considered as a suitable method to measure the Interest Rate Risk for CAGL.

In case of CAGL it may be noted that portfolio loans are not rate sensitive as there is no re-pricing of existing loans are carried out. Only some of the liabilities in the form of borrowings are rate sensitive and considering the size of our business the quantum of impact of change of interest rate of borrowings on liquidity is not significant and can be managed with appropriate treasury action.

The following table demonstrates the sensitivity to a reasonably possible charge in interest rates (all other variables being constant) of the Company's profit and loss statement.

42.3.5.3 Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency risk arise majorly on account of foreign currency borrowings. The Company manages its foreign currency risk by entering in to cross currency swaps and forward contract. When a derivative is entered in to for the purpose of being as hedge. The Company currently doesnot have any exposure to Foreign currency.

44 Impact of COVID 19

(a) Expected Credit Losses (For the year ended March 31, 2022)

The outbreak of COVID-19 pandemic across the globe and in India has contributed to a significant volatility in the financial markets and slowdown in the economic activities. Consequent to the outbreak of the COVID-19 pandemic, the Indian government announced a lockdown in March 2020. Subsequently, the national lockdown was lifted by the government, but regional restrictions continued to be implemented in areas as India witnessed two more waves of the Covid-19 pandemic during the year ended 31 March 2022.

Currently, the number of new Covid-19 cases have reduced significantly and the Government of India has withdrawn most of the Covid-19 related restrictions. As at March 31, 2022, the Company holds an aggregate provision of ₹ 403.84 crore against the advances which includes provision of ₹ 42.16 crore for the accounts restructured under the RBI resolution framework.

(b) (i) Expected Credit Losses (For the year ended March 31, 2021)

The COVID -19 pandemic continues to spread across the globe and India, which has contributed to a significant volatility in global and Indian financial markets and a significant decrease in global and local economic activities. The potential impact of the COVID-19 pandemic on the Company's financial performance are dependent on future developments, which are highly uncertain, including, among other things, any new information concerning the severity of the second wave of COVID-19 pandemic and any action to contain its spread or mitigate its impact whether Government mandated or elected by the Company and its subsequent impact on the recoverability's on the Company's assets. The Company has, based on current available information and based on the policy approved by the board, determined the provision for impairment of financial assets including the additional overlay of approximately ₹ 103 crore for uncertainty over the potential macro-economic impact of the pandemic.

Based on the current indicators of future economic conditions, the Company considers this provision to be adequate and expects to recover the carrying amount of these financial assets. Given the uncertainty over the potential macro-economic condition, the impact of the global health pandemic may be different from that estimated as at the date of approval of these financial statement and the Company will continue to closely monitor any material changes to future economic conditions.

(b) (ii) Payment of Ex-gratia benefit (For the year ended March 31, 2021)

The Government of India, Ministry of Finance, vide its notification dated 23 October 2020, had announced COVID-19 Relief Scheme for grant of ex-gratia payment of difference between compound interest and simple interest ("differential amount") for six months to borrowers in specified loan accounts ("the Scheme"), as per the eligibility criteria and other aspects specified therein and irrespective of whether RBI moratorium was availed or not. The Company has not charged compound interest to any of its customers except 151 cases of Individual lending, wherein the differential amount of ₹ 0.03 cores has been credited on November 5, 2020 to the respective customer account.

(b) (iii) Interest on interest (For the year ended March 31, 2021)

In accordance with the instructions in the circular RBI/2021-22/17 DOR.STR.REC.4/21.04.048/2021-22 dated April 7, 2021, the Company shall refund / adjust 'interest on interest' to all borrowers including those who had availed of working capital facilities during the moratorium period, irrespective of whether moratorium had been fully or partially availed, or not availed. Pursuant to these instructions, the methodology for calculation of the amount of such 'interest on interest' has been finalised by the Indian Banks Association (IBA) in consultation with other industry participants / bodies, on April 19, 2021. The Company does not have any such refund/interest reversal liability as at March 31, 2021.

(c) Expected Credit Losses (For the year ended March 31, 2020)

(i) The Novel Coronavirus (COVID-19) pandemic (declared as such by the World Health Organisation on March 11, 2020), has contributed to a significant decline and volatility, and a significant decrease in economic activity, in global and Indian markets. The Government of India announced a strict 40-day nation-wide lockdown to contain the spread of the virus till May 3, 2020, which was further extended till May 31, 2020. This has led to significant disruptions and dislocations for individuals and businesses, impacting Company's regular operations including lending and collection activities due to inability of employees to physically reach borrowers.

(ii) As discussed in Note No 44 , the COVID-19 pandemic has led to a significant impact on Company's regular operations including lending and collection activities.

Further, pursuant to the Reserve Bank of India circulars dated March 27, 2020 and May 23, 2020 allowing lending institutions to offer moratorium to borrowers on payment of instalments falling due between March 1, 2020 and August 31, 2020, the Company has extended/ will be extending moratorium to its borrowers in accordance with its Board approved policy.

In management's view and considering the guidance provided by the Institute of Chartered Accountants of India, providing moratorium to borrowers at a mass scale based on RBI directives, by itself is not considered to result in a significant increase in credit risk ('SICR') for such borrowers. The Company has recorded a management overlay allowance of approximately ₹ 83 crore as part of its Expected Credit Loss, to reflect, among other things, an increased risk of deterioration in macro-economic factors caused by COVID-19 pandemic based on the information available at this point in time. Given the unique nature and scale of the economic impact of this pandemic, and its timing being close to the year-end, the management overlay is based on various variables and assumptions, which could result in actual credit loss being different than that being estimated.

However, the full extent of impact of the pandemic on the Company's operations and financial metrics (including impact on impairment allowances for loan portfolio) will depend on future developments including governmental and regulatory measures and the Company's responses thereto, which are highly uncertain at this time.

Average effective cost of borrowing (b)	8.86%	9.15%	9.79%
Net interest margin (a-b)	9.76%	9.79%	9.82%

Note:

1. Above computation is in accordance with the method accepted by RBI vide its letter no DNBS.PD.NO.4906/03.10.038/2012-13 dated April 4, 2013 to Micro-finance Institutions Network (the "MFIN format") read with the FAQs issued by RBI on October 14, 2016 and RBI circulated dated March 13, 2020 on implementation of Indian Accounting Standards.

2. Average loan outstanding determined for the purpose of calculating NIM is based on carrying value of loans under Ind AS, excluding effect of following:

- Fair value changes recognised through other comprehensive income;
- Securitized loans qualifying for de-recognition as per RBI's "true sale" criteria and related interest income have not been considered for computation of "average interest charged" in accordance with the MFIN format. Accordingly, the purchase consideration received towards such securitisations and related finance costs have also not been considered for computation of "average effective cost of borrowings".
- Impairment allowance adjusted from the carrying value of loans in accordance with Ind AS 109;
- Carrying value of loans classified as Stage III loans (i.e. erstwhile NPA classification) as per specific communication from RBI.

3. Interest income considered for computation of "average interest charged" excludes loan processing fee collected from customers in accordance with para 56 (vi) of the RBI Master Directions. As per Ind AS 109, such loan processing fee forms part of interest income in the Ind AS standalone financial statements.

ah. Liquidity Coverage Ratio Disclosure

Institutional set-up for liquidity risk management

The RBI has issued final guidelines on Liquidity Risk Management Framework for Non-Banking Financial Companies and Core Investment Companies on November 04, 2019. As per the said guidelines, LCR requirement shall be binding on all non-deposit taking systemically important NBFCs with asset size of ₹ 10,000 crore and above from December 1, 2020, with the minimum LCR to be 50%, progressively increasing, till it reaches the required level of 100%, by December 1, 2024.

The Company follows the criteria laid down by RBI for calculation of High Quality Liquid Assets (HQLA), gross outflows and inflows within the next 30-day period. HQLA predominantly comprises cash and balance with other banks in current account. All significant outflows and inflows determined in accordance with RBI guidelines are included in the prescribed LCR computation template.

 - a) Section 26 of Part I of Chapter III of the Companies Act, 2013 (the "Act");
 - b) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008, as amended (the "Regulations"); and
 - c) The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India ("ICAI"), as amended from time to time (the "Guidance Note").
2. The Company's Board of Directors is responsible for the preparation of the Reformatted Consolidated Financial Information for the purpose of inclusion in the Offer Documents to be filed with Securities and Exchange Board of India, BSE Limited, National Stock Exchange of India Limited and Registrar of Companies, Bengaluru, Karnataka in connection with the proposed public issue of NCDs. The Reformatted Consolidated Financial Information have been prepared by the management of the Company on the basis of preparation stated in Note 2 to the Reformatted Consolidated Financial Information. The respective Board of Directors of the companies included in the Group are responsible for designing, implementing and maintaining adequate internal control relevant to the preparation and presentation of the Reformatted Consolidated Financial Information. The Company's Board of Directors are also responsible for identifying and ensuring that the Group complies with the Act, the Regulations and the Guidance Note.
3. We have examined such Reformatted Consolidated Financial Information taking into consideration:
 - a) The terms of reference and terms of our engagement agreed upon with you in accordance with our engagement letter dated August 2022 in connection with the proposed public issue of NCDs of the Company;
 - b) The Guidance Note. The Guidance Note also requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI;
 - c) Concepts of test checks and materiality to obtain reasonable assurance based on verification of evidence supporting the Reformatted Consolidated Financial Information; and
 - d) The requirements of Section 26 of the Act and the Regulations. Our work was performed solely to assist you in meeting your responsibilities in relation to your compliance with the Act, the Regulations and the Guidance Note in connection with the proposed public issue of NCDs.
4. These Reformatted Consolidated Financial Information have been compiled by the management from the audited consolidated financial statements of the Group as at and for the years ended March 31, 2022, 2021 and 2020 prepared in accordance with the Accounting Standards as prescribed under Section 133 of the Act, as amended, and other accounting principles generally accepted in India, which have been approved by the Board of Directors at their meeting held on May 12, 2022, May 6, 2021 and May 30, 2020 respectively.
5. For the purpose of our examination, we have relied on:

- a) Auditors' reports issued by us dated May 12, 2022 on the consolidated financial statements of the Company as at and for the year ended March 31, 2022 as referred in Paragraph 4 above;
- b) Auditors' reports issued by Deloitte Haskins & Sells (DHS) dated May 6, 2021 on the consolidated financial statements of the Company as at and for the year ended March 31, 2021 as referred in Paragraph 4 above; and
- c) Auditors' reports issued by the Previous Auditors dated May 30, 2020 on the consolidated financial statements of the Company as at and for the year ended March 31, 2020, as referred in Paragraph 4 above.

The audit for the financial year ended March 31, 2020 was conducted by the Company's previous auditors (the "Previous Auditors"), and accordingly reliance has been placed on the reformatted consolidated statement of assets and liabilities, the reformatted consolidated statements of profit and loss and reformatted consolidated cash flow statements, the Summary Statement of Significant Accounting Policies, and other explanatory information and (collectively, the "2020 Reformatted Standalone Financial Information") examined by them for the said years. The examination report included for the said year is based solely on the report submitted by the Previous Auditors.

6. The audit report on the consolidated financial statements issued by us included following other matter paragraph on the consolidated financial statements as at and for the year ended March 31, 2022:

"We did not audit the financial statements of three subsidiaries whose financial statements reflect total assets of ₹ 2,598.28 crore as at March 31, 2022, total revenues of ₹ 117.93 crore and net cash inflows amounting to ₹ 405.27 crore for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors."

7. The audit reports on the consolidated financial statements issued by DHS was unmodified and included following emphasis of matter paragraph on the consolidated financial statements as at and for the year ended March 31, 2021:

"We draw attention to Note 42 to the consolidated financial statements, which describes the continuing uncertainties arising from the COVID 19 pandemic.

Our report is not modified in respect of this matter."

8. The audit reports on the consolidated financial statements issued by DHS was unmodified and included following other matter paragraph on the consolidated financial statements as at and for the year ended March 31, 2021:

"We did not audit the financial statements of two subsidiaries whose financial statements reflect total assets of ₹ 2,598.28 crore as at March 31, 2021, total revenues of ₹ 117.93 crore and net cash inflows amounting to ₹ 405.27 crore for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors."

9. The audit report on the consolidated financial statements issued by the previous auditor was unmodified and included following emphasis of matter paragraph on the consolidated financial statements as at and for the year ended March 31, 2020:

“We draw attention to Note 42 (b) to these consolidated Ind AS financial statements, which describes the economic and social disruption as a result of COVID-19 pandemic of the Group's business and financial metrics including the Group's estimates of impairment of loans to customers and assumptions used in testing the impairment of the carrying value of goodwill, which are highly dependent on uncertain future developments. Our opinion is not modified in respect of this matter.

We draw attention to the following paragraphs in the 'Emphasis of Matter' section in the audit opinion on the consolidated financial statements of Madura Micro Finance Limited, a subsidiary of the Holding Company, issued by their auditors as follows:

'Pursuant to Reserve Bank Of India (RBI) issuing 'COVID-19 Regulatory package-Asset classification and Provisioning' on 17th April 2020, the holding company has granted a three month moratorium and consequential asset classification benefit until May 31st 2020 to its borrowers. As at 31st March 2020, for determination of Expected Credit Loss (ECL) provisioning, the ageing of these Loans and Advances and their Asset Classification will remain unchanged as per the Regulatory package. Moreover, the estimates and assumptions made by management in determining the ECL provision required for its loans are subject to uncertainties that are associated with the outcome of the pandemic. Hence the actual results may vary from these estimates. Refer note 43 to the financial statements.'

The appointment and payment of remuneration to the Managing director of the holding company for the period from October 2013 to September 2016 is subject to the approval of the Central government. A sum of ₹ 132.50 lakhs (excluding gratuity) had been paid as remuneration to the Managing Director for this period subject to central government approval and charged to the Statement of Profit and Loss in the respective years. Refer note 39 to the financial statements.

Our opinion is not modified in respect of the above matters.

10. The audit reports on the consolidated financial statements issued by the previous auditor was unmodified and included following emphasis of matter paragraph on the consolidated financial statements as at and for the year ended March 31, 2020:

We did not audit the financial statements and other financial information, in respect of two subsidiaries whose Ind AS financial statements include total assets of ₹ 2,148.14 crore as at March 31, 2020, and total revenues of ₹ 21.02 crore and net cash inflows of ₹ 63.54 crore for the year ended on that date. These Ind AS financial statement and other financial information have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management. Our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the report(s) of such other auditors.

We draw attention to the following paragraph in the other matters section of the audit opinion on the consolidated financial statements of MMFL issued by their auditors:

'The financial information of the Group for the year ended March 31, 2019 and the transition date opening balance sheet as at April 1, 2018 included in these Ind AS information, are based on the previously issued statutory financial statements for the years ended March 31, 2019 and March 31, 2018 prepared in accordance with the Companies (Accounting Standards) Rules, 2006 (as amended) which were audited by us for the holding company and on which we expressed modified opinion dated 27 May 2019 and 4 May 2018 respectively and which were audited by another auditor for the subsidiary and on which an unmodified opinion had been expressed by him in his reports dated 24 May 2019 and 2 May 2018. The adjustments to those financial statements for the differences in accounting principles adopted by the Company on transition to the Ind AS have been audited by us for the holding company and by the other auditor for the subsidiary.'

Our opinion above on the consolidated Ind AS financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

11. Based on our examination and according to the information and explanations given to us and also as per the reliance placed on the report of the Previous Auditors and other auditor as mentioned in Paragraph 9 and 10 above, we report

that the Reformatted Consolidated Financial Information are prepared, in all material aspects, on the basis described in Note 1 to the Reformatted Consolidated Financial Information.

12. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.
13. The Reformatted Consolidated Financial Information do not reflect the effects of events that occurred subsequent to the respective dates of the reports on the audited financial statements mentioned in paragraph 4 above.
14. This report should not in any way be construed as a reissuance or re-dating of any of the previous audit reports issued by us, nor should this report be construed as a new opinion on any of the financial statements referred to herein.
15. We have no responsibility to update our report for events and circumstances occurring after the date of the report.
16. Our report is intended solely for use of the Board of Directors for inclusion in the Offer Documents to be filed with Securities and Exchange Board of India, BSE Limited, National Stock Exchange of India Limited and Registrar of Companies, Bengaluru, Karnataka in connection with proposed issue of NCDs. Our report should not be used, referred to, or distributed for any other purpose except with our prior consent in writing. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing.

The Reformatted consolidated financial information has been presented in the format prescribed by Division III of Schedule III to the Act, as amended.

The Reformatted Consolidated Financial Information have been prepared after incorporating adjustments for regrouping / reclassifications retrospectively in the financial year ended March 31, 2021 and 2020 to reflect the same accounting treatment as per the grouping / classifications followed the audited consolidated financial statements as at and for the year ended March 31, 2022 except in respect of disclosures arising from RBI guidelines which are presented as applicable to the respective years.

The Reformatted Consolidated Financial Information do not reflect the effects of events that occurred subsequent to the respective dates of auditor's reports on the audited consolidated financial statements mentioned above.

2.1. Presentation of consolidated financial Information

The Group presents its balance sheet in order of liquidity.

The Group generally reports financial assets and financial liabilities on a gross basis in the balance sheet. They are offset and reported net only when Ind AS specifically permits the same or it has an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event. Similarly, the Group offsets incomes and expenses and reports the same on a net basis when permitted by Ind AS specifically.

Details of Companies Consolidated in these Reformatted consolidated financial information:

Name of the Company	Type	Country of Incorporation	Holding as at March 31, 2022	Holding as at March 31, 2021	Holding as at March 31, 2020

2.2. Critical accounting estimates and judgements

The preparation of the Group's Reformatted financial Information requires Management to make use of estimates and judgements. In view of the inherent uncertainties and a level of subjectivity involved in measurement of items, it is possible that the outcomes in the subsequent financial years could differ from those on which the Management's estimates are based. Accounting estimates and judgements are used in various line items in the financial information for e.g.:

- Business model assessment (Refer Note no. 3.14)
- Fair value of financial instruments (Refer Note no. 3.17)
- Effective interest rate (EIR) (Refer Note no. 3.1.1)
- Impairment of financial assets (Refer Note no. 3.15)
- Provisions (Refer Note no. 3.8)
- Contingent liabilities and assets (Refer Note no.3.9)
- Provision for tax expenses (Refer note no. 3.11)
- Residual value and useful life of property, plant and equipment (Refer Note no. 3.6.1)
- Hedge accounting (Refer Note no. 3.17)

2.3 Principles of consolidation

The Reformatted consolidated financial information incorporate the financial Information of the Holding Company and its subsidiary, being the entity that it controls. Control is evidenced where the investor is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Power is demonstrated through existing rights that give the ability to direct relevant activities, which significantly affect the entity returns.

1. The financial Information of the Holding Company and its subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, equity, incomes, expenses and cash flows, after fully eliminating intra-group balances and intra-group transactions.
2. Profits or losses resulting from intra-group transactions that are recognised in assets, such as Property, Plant and Equipment, are eliminated in full.
3. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.
4. The Reformatted Consolidated Financial information have been prepared using uniform accounting policies for like transactions and other events in similar circumstances.
5. The carrying amount of the parent's investment in subsidiary is offset (eliminated) against the parent's portion of equity in subsidiary.
6. Non-Controlling Interest's share of net assets of consolidated subsidiaries is identified and presented in the Reformatted consolidated statement of asset & liabilities.

3. Summary of significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial information. These policies have been consistently applied to all the years presented, unless otherwise stated.

3.1 Revenue recognition

3.1.1 Interest income

Interest income for all financial instruments measured either at amortised cost or at fair value through other comprehensive income, is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. The calculation takes into account all contractual terms of the financial instrument (for example, prepayment options) and includes any fees or incremental costs that are directly attributable and are an integral part of the EIR, but not future credit losses.

3.1.2 Interest on financial assets at fair value through profit and loss (FVTPL) is recognised in accordance with the contractual terms of the instrument.

3.1.3 The Group recognises revenue from contracts with customers (other than financial assets to which Ind AS 109 'Financial Instruments' is applicable) based on a comprehensive assessment model as set out in Ind AS 115 'Revenue From Contracts with Customers'. The Group identifies contract(s) with a customer and its performance obligations under the contract, determines the transaction price and its allocation to the performance obligations in the contract and recognises revenue only on satisfactory completion of performance obligations. Revenue is measured at fair value of the consideration received or receivable.

(a) Distribution income is earned by selling of services and products of other entities under distribution arrangements. The income so earned is recognised on successful sales on behalf of other entities subject to there being no significant uncertainty of its recovery.

3.1.4 The Group recognises gains on fair value change of financial assets measured at FVTPL and realised gains on derecognition of financial asset measured at FVTPL and FVOCI on net basis.

3.1.5 Income from assignment transactions

Income from assignment transactions i.e. present value of excess interest spread is recognised when the related loan assets are de-recognised.

3.1.6 Dividend Income

Dividend income is recognised when the right to receive payment is established.

3.2 Finance cost

Borrowing cost on financial liabilities including towards securitisation transactions not derecognised by the Group are recognised by applying the EIR.

3.3 Cash and cash equivalents

Cash and cash equivalents, comprise cash in hand, cash at bank and short-term investments with an original maturity of three months or less, that are readily convertible to cash with an insignificant risk of changes in value.

3.4 Property, plant and equipment ('PPE')

Initial Recognition and measurement:

PPE are stated at cost (including incidental expenses directly attributable to bringing the asset to its working condition for its intended use) less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Subsequent expenditure related to PPE is capitalized only when it is probable that future economic benefits associated with these will flow to the group and the cost of item can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

3.5 Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

3.6 Depreciation and amortization

3.6.1 Depreciation

Depreciation on property, plant and equipment is measured using the straight line method as per the useful lives of the assets estimated by the management. The useful life estimated by the management is as under:

Category of Asset	Useful life (Years)
Furniture and fittings	10
Office equipments	05
Vehicles	08
Buildings	30
Electrical equipment	10
Computers (including Servers)	03

Leasehold improvement is amortised on a straight line basis over the primary period of lease.

The management has estimated, the useful life of servers and two-wheeler vehicles as 3 years and 8 years respectively, which are lower than those prescribed under Schedule II to the Act.

Property, plant and equipment costing less than ₹ 5000 per unit are fully depreciated in the year of purchase.

3.6.2 Amortisation of intangible assets and Impairment of Goodwill

Intangible assets are amortized on a straight line basis over the estimated useful economic life. The management has determined its estimate of useful economic life as five years. Customer relationship is amortised over the 10 years. The useful lives of intangible assets are reviewed at each financial year and adjusted.

Goodwill is initially recognised as an asset at cost and is subsequently measured at cost less any accumulated impairment losses.

For the purpose of impairment testing, goodwill is allocated to each of the Group's cash-generating units or groups of cash generating units that are expected to benefit from the synergies of the combination. Cash-generating units to which goodwill has been allocated are tested for impairment annually, or more frequently when there is an indication that the unit's value may be impaired. If the recoverable amount of the cash-generating unit is less than the carrying value of the unit, the impairment loss is allocated first to reduce the carrying value of any goodwill allocated to the unit and then to the other assets of the unit in proportion to the carrying value of each asset in the unit.

An impairment loss recognised for goodwill is not reversed in a subsequent period. On disposal of a subsidiary, the attributable amount of goodwill is included in the determination of profit or loss on disposal.

3.7 Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

3.8 Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

3.9 Contingent liabilities and assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Group does not recognise a contingent liability but discloses its existence in the financial information.

Contingent assets are not recognised. A contingent asset is disclosed, where an inflow of economic benefits is probable.

3.10 Retirement and other employee benefits

3.10.1 Defined contribution plan

Retirement benefits in the form of provident fund and superannuation are defined contribution schemes. The Group has no obligation, other than the contribution payable to the respective funds. The Group recognises contribution payable to the respective funds as expenditure, when an employee renders the related service.

3.10.2 Defined benefit plan

Gratuity liability is a defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each year. Gains or losses through remeasurements of net benefit liabilities/ assets are recognised with corresponding charge/credit to the retained earnings through other comprehensive income in the period in which they occur.

3.10.3 Other employee benefits

The Group treats accumulated leave expected to be carried forward beyond twelve months as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the end of each financial year. The Group presents the leave as a current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Group measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

3.11 Taxes

3.11.1 Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities in accordance with Income tax Act, 1961. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognised outside the statement profit or loss is recognised outside the statement profit or loss (either in other comprehensive income or in equity).

3.11.2 Deferred tax

Deferred tax is provided using the balance sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside the statement profit or loss is recognised outside the statement profit or loss (either in other comprehensive income or in equity).

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

3.12 Earning per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

3.13 Share based payments

Equity-settled share based payments to employees are measured at the fair value of the equity instruments at the grant date. Details regarding the determination of the fair value of equity-settled share based payments transactions are set out in Note 38.

The cost of equity-settled transactions is measured using the fair value method and recognised, together with a corresponding increase in the "Share options outstanding account" in reserves. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The expense or credit recognised in the statement of profit and loss for the year represents the movement in cumulative expense recognised as at the beginning and end of that year and is recognised in employee benefits expense.

3.14 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

3.14.1 Financial Assets

3.14.1.1 Initial recognition and measurement

Financial assets are initially recognised on the trade date, i.e., the date that the Group becomes a party to the contractual provisions of the instrument. The classification of financial instruments at initial recognition depends on their purpose and characteristics and the management's intention when acquiring them. All financial assets (not measured subsequently at fair value through profit or loss) are recognised initially at fair value plus transaction costs that are attributable to the acquisition of the financial asset.

3.14.1.2 Classification and Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in three categories:

- Loans at amortised cost
- Loans at fair value through other comprehensive income (FVTOCI)
- Investments in debt instruments and equity instruments at fair value through profit or loss (FVTPL)

3.14.1.3 Loans at amortised costs

Loans are measured at the amortised cost if both the following conditions are met:

- (a) Such loan is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- (b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method less impairment. Amortised cost is calculated by taking into account fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the statement of profit or loss. The losses arising from impairment are recognised in the statement of profit and loss.

3.14.1.4 Loans at fair value through other comprehensive income (FVTOCI)

Loans are classified as at the FVTOCI if both of the following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- The asset's contractual cash flows represent SPPI.

Loans included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Group recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the statement of profit and loss. On de-recognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to the statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is recognised as interest income using the EIR method.

3.14.1.5 Investment in debt instruments and equity instruments at fair value through profit or loss (FVTPL)

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

3.14.2 Financial Liabilities

3.14.2.1 Initial recognition and measurement

Financial liabilities are classified and measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for trading or it is designated as on initial recognition. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments, which are measured at amortised cost.

3.14.2.2 Borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. The EIR amortisation is included as finance costs in the statement of profit and loss.

3.14.3 Reclassification of financial assets and liabilities

The Group doesn't reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Group acquires, disposes of, or terminates a business line. Financial liabilities are never reclassified.

3.14.4 De-recognition of financial assets and liabilities

3.14.4.1 De-recognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is de-recognised when the rights to receive cash flows from the financial asset have expired. The Group also de-recognises the financial asset if it has transferred the financial asset and the transfer qualifies for de-recognition.

The Group has transferred the financial asset if, and only if, either:

- It has transferred its contractual rights to receive cash flows from the financial asset

Or

- It retains the rights to the cash flows, but has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement.

Pass-through arrangements are transactions whereby the Group retains the contractual rights to receive the cash flows of a financial asset (the 'original asset'), but assumes a contractual obligation to pay those cash flows to one or more entities (the 'eventual recipients'), when all of the following three conditions are met:

- The Group has no obligation to pay amounts to the eventual recipients unless it has collected equivalent amounts from the original asset, excluding short-term advances with the right to full recovery of the amount lent plus accrued interest at market rates.
- The Group cannot sell or pledge the original asset other than as security to the eventual recipients.
- The Group has to remit any cash flows it collects on behalf of the eventual recipients without material delay.

In addition, the Group is not entitled to reinvest such cash flows, except for investments in cash or cash equivalents including interest earned, during the period between the collection date and the date of required remittance to the eventual recipients. A transfer only qualifies for de-recognition if either:

- The Group has transferred substantially all the risks and rewards of the asset

or

- The Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

The Group considers control to be transferred if and only if, the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer. When the Group has neither transferred nor retained substantially all the risks and rewards and has retained control of the asset, the asset continues to be recognised only to the extent of the Group's continuing involvement, in which case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

On derecognition of a financial asset in its entirety, the difference between: (a) the carrying amount (measured at the date of derecognition) and (b) the consideration received (including any new asset obtained less any new liability assumed) is recognised in the statement of profit or loss account.

3.14.4.2 De-recognition of financial liabilities

Financial liability is de-recognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

3.15 Impairment of financial assets

3.15.1 Overview of the Expected Credit Loss (ECL) allowance principles

The Group is recording the allowance for expected credit losses for all loans at amortised cost and FVOCI and other debt financial assets not held at FVTPL.

The ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss or LTECL), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss (12mECL) as outlined in Note 3.15.2). The Group's policies for determining if there has been a significant increase in credit risk are set out in Note 41.

The 12mECL is the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date.

Both LTECLs and 12mECLs are calculated on a collective basis for identified homogenous pool of loans. The Group's policy for grouping financial assets measured on a collective basis is explained in Note 41.

Accordingly, the Group groups its loans into Stage 1, Stage 2, Stage 3, as described below:

Stage 1: When loans are first recognised, the Group recognises an allowance based on 12mECLs. Stage 1 loans also include facilities where the credit risk has improved and the loan has been reclassified from Stage 2 or Stage 3.

Stage 2: When a loan has shown a significant increase in credit risk since origination, the Group records an allowance for the LTECLs.

Stage 3: Loans considered credit-impaired (as outlined in Note 41). The Group records an allowance for the LTECLs.

For financial assets for which the Group has no reasonable expectations of recovering either the entire outstanding amount, or a proportion thereof, the gross carrying amount of the financial asset is reduced. This is considered a (partial) de-recognition of the financial asset.

3.15.2 The calculation of ECL

The Group calculates ECLs based on a probability-weighted scenarios and historical data to measure the expected cash shortfalls. A cash shortfall is the difference between the cash flows that are due to an entity in accordance with the contract and the cash flows that the entity expects to receive.

ECL consists of three key components: Probability of Default (PD), Exposure at Default (EAD) and Loss given default (LGD). ECL is calculated by multiplying them. Refer Note 41 for explanation of the relevant terms.

The maximum period for which the credit losses are determined is the expected life of a financial instrument.

The mechanics of the ECL method are summarised below:

Stage 1: The 12mECL is calculated as the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date. The Group calculates the 12mECL allowance based on the expectation of a default occurring in the 12 months following the reporting date. These expected 12-month default probabilities are applied to an EAD and multiplied by the expected LGD.

Stage 2: When a loan has shown a significant increase in credit risk since origination, the Group records an allowance for the LTECLs. The mechanics are similar to those explained above, but PDs and LGDs are estimated over the lifetime of the instrument.

Stage 3: For loans considered credit-impaired, the Group recognizes the lifetime expected credit losses for these loans. The method is similar to that for Stage 2 assets, with the PD set at 100%.

3.16 Write-offs

Financial assets are written off either partially or in their entirety only when the Group has stopped pursuing the recovery. If the amount to be written off is greater than the accumulated loss allowance, the difference is first treated as an addition to the allowance that is then applied against the gross carrying amount. Any subsequent recoveries are credited to the statement profit and loss account.

3.17 Hedge accounting

The Group enters into swap contracts and other derivative financial instruments to hedge its exposure to foreign exchange and interest rates. The Group does not hold derivative financial instruments for speculative purpose. Hedges of foreign exchange risk on firm commitments are accounted as cash flow hedges.

At the inception of the hedge relationship, the entity documents the relationship between the hedging instrument and the hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Company documents whether the hedging instrument is highly effective in offsetting changes in cash flows of the hedged item attributable to the hedged risk.

Cash flow hedge

A cash flow hedge is a hedge of the exposure to variability in cash flows that is attributable to a particular risk associated with a recognised asset or liability and could affect profit or loss.

Here, the effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in other comprehensive income and accumulated in equity as 'hedging reserve'.

The ineffective portion of the gain or loss on the hedging instrument is recognised immediately in the Statement of Profit and Loss.

Amounts previously recognised in other comprehensive income and accumulated in equity relating to the effective portion are reclassified to profit or loss in the periods when the hedged item affects profit or loss, in the same head as the hedged item.

The effective portion of the hedge is determined at the lower of the cumulative gain or loss on the hedging instrument from inception of the hedge and the cumulative change in the fair value of the hedged item from the inception of the hedge and the remaining gain or loss on the hedging instrument is treated as ineffective portion.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. Any gain or loss recognised in other comprehensive income and accumulated in equity at that time remains in equity and is recognised in profit or loss when the forecast transaction is ultimately recognised in profit or loss. When a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity is recognised immediately in profit or loss.

A derivative with a positive fair value is recognised as a financial asset whereas a derivative with a negative fair value is recognised as a financial liability.

3.18 Fair value measurement

The Group measures certain financial instruments at fair value at each balance sheet date using valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured are categorised with fair value hierarchy into Level I, Level II and Level III based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are as follows:

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date;
- Level 2 - Other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 - Unobservable inputs for the asset or liability.

3.19 Segment information

The Group operates in a single business segment i.e. lending to members, having similar risks and returns for the purpose of Ind AS 108 on 'Operating Segments'. The Group operates in a single geographical segment i.e. domestic.

3.20 Business combination

3.20.1 Business combinations under common control

Common control business combination means a business combination involving entities or businesses in which all the combining entities or businesses are ultimately controlled by the same party or parties both before and after the business combination, and that control is not transitory. The Company accounts for business combinations under common control as per the pooling of interest method. The pooling of interest method involves the following:

- (i) The assets and liabilities of the combining entities are reflected at their carrying amounts.
- (ii) No adjustments are made to reflect fair values, or recognise any new assets or liabilities. The only adjustments that are made are to harmonise accounting policies.
- (iii) The financial information in the financial information in respect of prior periods should be restated as if the business combination had occurred from the beginning of the preceding period in the financial Information, irrespective of the actual date of the combination. However, if business combination had occurred after that date, the prior period information shall be restated only from that date.

3.20.2 Other business combinations

The Group uses the acquisition method of accounting to account for business combinations other than those under common control. The acquisition date is the date on which control is transferred to the acquirer. Judgement is applied in determining the acquisition date and determining whether control is transferred from one party to another. Control exists when the Group is exposed to, or has rights to variable returns from its involvement with the entity and has the ability to affect those returns through power over the entity. In assessing control, potential voting rights are considered only if the rights are substantive. Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. Consideration transferred includes the fair values of the assets transferred, liabilities incurred by the Group to the previous owners of the acquiree, and equity interests issued by the Group. Consideration transferred also includes the fair value of any contingent consideration. Any goodwill that arises on account of such business combination is tested annually for impairment. Any contingent consideration is measured at fair value at the date of acquisition. A contingent liability of the acquiree is assumed in a business combination only if such a liability represents a present obligation and arises from a past event, and its fair value can be measured reliably. On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets. Transaction costs that the Group incurs in connection with a business combination, such as Stamp Duty for title transfer in the name of the Group, finder's fees, legal fees, due diligence fees and other professional and consulting fees, are expensed as incurred.

3.21 Foreign currency

- 3.21.1 All transactions in foreign currency are recognised at the exchange rate prevailing on the date of the transaction.
- 3.21.2 Foreign currency monetary items are reported using the exchange rate prevailing at the close of the period.
- 3.21.3 Exchange differences arising on the settlement of monetary items or on the restatement of Group's monetary items at rates different from those at which they were initially recorded during the period, or reported in previous financial information, are recognised as income or as expenses in the period in which they arise.

3.22 Leases (where the Group is the lessee)

Short term leases not covered under Ind AS 116 are classified as operating lease. Lease payments during the year are charged to statement of profit and loss. Future minimum rentals payable under non-cancellable operating leases.

The Group as a lessee

The Group's lease asset classes primarily consist of leases for office premises and servers. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

(i) the contract involves the use of an identified asset; (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease; and (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised. The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment if whether it will exercise an extension or a termination option.

3.23 Investments

Investments in equity instruments are classified as FVTPL, unless the related instruments are not held for trading and the Group irrevocably elects on initial recognition of financial asset on an asset-by-asset basis to present subsequent changes in fair value in other comprehensive income (FVTOCI). All other investments are classified and measured as FVTPL only.

3.24.1 Key New and amended standards adopted by the Group (For the financial year 2021-22)

(a) Interest rate Benchmark reform-Amendments to Ind AS 107 and Ind AS 109;

The Ministry of Corporate Affairs had earlier notified amendments to Ind AS 109, Financial Instruments and Ind AS 107, Financial Instruments: Disclosures which were effective from April 1, 2020 (the Phase 1 amendments). Those amendments provided temporary reliefs from applying specific hedge accounting requirements to relationships affected by IBOR reform.

The amendments to Ind AS 109, Financial Instruments and Ind AS 107, Financial Instruments: Disclosures which are effective from April 1, 2021 (the Phase 2 amendments) address the issues that arise during the reform of an interest rate benchmark rate, including the replacement of one benchmark rate with an alternative one.

The key reliefs provided by the Phase 2 amendments are as follows:

*** Changes to contractual cash flows**

When changing the basis for determining contractual cash flows for financial asset and liabilities (including lease liabilities), the reliefs have the effect that the changes, that are necessary as a direct consequence of IBOR reform and which are considered economically equivalent, will not result in an immediate gain or loss in profit and loss.

***Hedge accounting**

The hedge accounting reliefs will allow most Ind AS 109 hedge relationships that are directly affected by IBOR reform to continue. However, additional ineffectiveness might need to be recorded.

(b) Covid-19- related rent concessions- Amendments to Ind AS 116;

As a result of the COVID-19 pandemic, rent concessions have been granted to lessees. Such concessions might take a variety of forms, including payment holidays and deferral of lease payments. Previously, an amendment to Ind AS 116, Leases provided lessees with an option to treat qualifying rent concessions in the same way as they would if they were not lease modifications. In many cases, this will result in accounting for the concessions as variable lease payments in the period in which they are granted. Entities applying the practical expedients must disclose this fact, whether the expedient has been applied to all qualifying rent concessions or, if not, information about the nature of the contracts to which it has been applied as well as the amount recognised in profit or loss arising from the rent concessions. The relief was originally limited to reduction in lease payments that were due on or before 30 June 2021. However, it was subsequently extended to 30 June 2022.

None of these amendments has any material effect on the Group's financial Information.

3.24.2 Amended applicable from financial year 2022-23

(a) Ind AS 16, Property Plant and Equipment; Proceeds before intended use of property, plant and equipment

The amendment clarifies that an entity shall not deduct from the cost of an item of property, plant and equipment any proceeds received from selling items produced while the entity is preparing the asset for its intended use (for example, the proceeds from selling samples produced when testing a machine to see if it is functioning properly).

(b) Ind AS 37, Provisions, contingent Liabilities and contingent Assets; Onerous contracts - Cost of fulfilling a contract

The amendment explains that the cost of fulfilling a contract comprises; the incremental costs of fulfilling that contract and an allocation of other costs that relate directly to fulfilling contracts.

(c) Ind AS 109, Financial instruments; Fees Included in the 10% test for derecognition of financial Liabilities.

The amendment clarifies which fees an entity includes when it applies the '10%' test in assessing whether to derecognise a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf.

The Group does not expect any of these amendments to have any material effect on the financial Information.

* For detailed movement of reserves refer statement of changes in equity for the year ended March 31, 2022, March 31, 2021 and March 31, 2020.

Nature and purpose of reserve

21.1 **Statutory reserve (As required by Sec 45-IC of Reserve Bank of India Act, 1934)**

Statutory reserve represents the accumulation of amount transferred from surplus year on year based on the fixed percentage of profit for the year, as per section 45-IC of Reserve Bank of India Act 1934.

21.2 **Capital reserve**

During the year ended 2018, the Holding Company pursuant to the scheme of amalgamation acquired MV Microfin Private Limited with effect from April 1, 2017, per the accounting treatment of the scheme of amalgamation approved by the Honourable High Court of Karnataka the differential amount between the carrying value of investments and net assets acquired from the transferor companies has been accounted as Capital reserve.

21.3 **Securities premium**

Securities premium is used to record the premium on issue of shares. The reserve can be utilised in accordance with the provisions of the Companies Act, 2013.

21.4 **Share option outstanding account**

The share option outstanding account is used to recognise the grant date fair value of option issued to employees under employee stock option scheme.

21.5 **Retained earnings**

Retained earnings are the profits that the Group has earned till date, less any transfers to statutory reserve, general reserve or any other such other appropriations to specific reserves.

21.6 **Other comprehensive income**

(i) **Effective portion of Cash Flow Hedge**

For designated and qualifying cash flow hedges, the effective portion of the cumulative gain or loss on the hedging instrument is initially recognised directly in OCI within equity (cash flow hedge reserve). When the hedged cash flow affects the statement of profit and loss, the effective portion of the gain or loss on the hedging instrument is recorded in the corresponding income or expense line of the statement of profit and loss.

Fair valuation of loans through other comprehensive income (FVTOCI)

The Group has elected to recognize changes in the fair value of loans in other comprehensive income. These changes are accumulated as reserve within equity. The Group transfers amount from this reserve to retained earnings when the relevant loans are derecognized.

32 Employee benefits

A. Defined benefit plan

The Group provides for the gratuity, a defined benefit retirement plan covering qualifying employees. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied by the number of years of service. The gratuity is a funded plan for Holding Company and unfunded plan for Subsidiary Company and the Company makes contributions to Gratuity scheme administered by the insurance company through its Gratuity fund.

B. Defined contribution plan

The Group makes Provident fund and Employee State Insurance Scheme contributions which are defined contribution plans for qualifying employees. Under the schemes, the Group is required to contribute a specified percentage of the basic salary to fund the benefits. The contributions payable to these plans by the Group are administered by the Government. The obligation of the Group is limited to the amount contributed and it has no further contractual nor any constructive obligation. The Group recognised ₹ 26.65 crore (March 31, 2021: ₹ 20.68 and March 31, 2020: ₹ 16.70) for Provident fund contributions and ₹ 6.09 crore (March 31, 2021: ₹ 5.88 crore and March 31, 2020: ₹ 5.59 crore) for Employee State Insurance Scheme contributions in the Statement of Profit and Loss.

32.8 Through its defined benefit plans the Group is exposed to a number of risks, the most significant of which are detailed below:

Demographic risks

This is the risk of volatility of results due to unexpected nature of decrements that include mortality attrition, disability and retirement. The effects of this decrement on the defined benefit obligations depend upon the combination salary increase, discount rate, and vesting criteria and therefore not very straight forward.

Change in bond yields

A decrease in government bond yields will increase plan liabilities, although this is expected to be partially offset by an increase in the value of the plan's investment in debt instruments

Inflation risk

The present value of some of the defined benefit plan obligations are calculated with reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Life expectancy

The present value of defined benefit plan obligation is calculated by reference to the best estimate of the mortality of plan participants, both during and after the employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

32.9 Code on Social Security

The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come into effect has not been notified and the final rules/interpretation have not yet been issued. The Group will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code becomes effective.

34 Transfer of financial assets

a) *Transferred financial assets that are not derecognised in their entirety.*

The following table provides a summary of financial assets that have been transferred in such a way that part or all of the transferred financial assets do not qualify for derecognition, together with the associated liabilities.

₹ in crore

Particulars	March 31,2022	March 31,2021	March 31,2020
Securitisations			
Carrying amount of transferred assets	-	15.89	98.14
Carrying amount of associated liabilities (debt securities - measured at amortised cost)	-	9.15	80.79
Net position at amortised cost	-	6.74	17.35

b) *Transferred financial assets that are derecognised in their entirety.*

The Group has assigned loans (earlier measured at FVTOCI/amortised cost) by way of direct assignment. As per the terms of these deals, since substantial risk and rewards related to these assets were transferred to the extent of 85%-95% of the assets transferred to the buyer, the assets have been de-recognised from the Group's Balance Sheet. The table below summarises the carrying amount of the derecognised financial assets measured at fair value and the gain/(loss) on derecognition during the year:

₹ in crore

Particulars	March 31,2022	March 31,2021	March 31,2020
Direct assignments			
Carrying amount of derecognised financial assets	1,120.30	1,329.36	649.64
Gain from derecognition	75.69	109.82	45.96

Since the Group transferred the above financial asset in a transfer that qualified for derecognition in its entirety, therefore the whole of the interest spread (over the expected life of the asset) is recognised on the date of derecognition itself as 'Receivable from assignment of portfolio' with a corresponding profit on derecognition of financial asset.

The Group has not transferred any assets that are derecognised in their entirety where the Group continues to have continuing involvement.

(b) Pertaining to Assessment Year 2017-18 (Financial year 2016-17)

The Assessing Officer, Income Tax, Bangalore, through an order dated 28th December 2019, has confirmed the demand of ₹2.62 crore (net demand after adjusting of payment made is ₹ 1.16 crore) from the Group. The Group has preferred an appeal before Commissioner of Income Tax against said assessment order. The Group is of view that the said demand is not tenable and expects to succeed in its appeal.

(c) In addition, the Holding Company is involved in other legal proceedings and claims, which have arisen in the ordinary course of business. The management believes that the ultimate outcome of these proceedings will not have a material adverse effect on the Holding Company's financial position and result of operations.

41 Financial instruments – fair values

Accounting classification and fair values:

Carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy, are presented below. It does not include the fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

Note: The carrying amounts of cash and cash equivalents, bank balances other than cash and cash equivalents, other receivables, other financial assets and payables are considered to be the same as their fair values, due to their short-term nature.

There were no transfers between Level 3 and Level 1 / Level 2 during the current year.

Fair values of Loans measured at amortised cost have been measured based on a discounted cash flow model of the contractual cash flows of solely payment of principal and interest. The significant unobservable input is the discount rate, determined using the cost of lending of the Group.

Valuation methodologies of financial instruments not measured at fair value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the Group's financial statements. These fair values were calculated for disclosure purposes only. The below methodologies and assumptions relate only to the instruments in the above tables.

Loans (measured at amortised cost)

Fair values of Loans measured at amortised cost have been measured based on a discounted cash flow model of the contractual cash flows of solely payment of principal and interest. The significant unobservable input is the discount rate, determined using the cost of lending of the Group.

Financial liabilities measured at amortised cost

The fair value of fixed rate borrowings is determined by discounting expected future contractual cash flows using current market interest rate being charged for new borrowings. The fair value of floating rate borrowing is deemed to equal its carrying value.

42.1 Risk Management (for the financial year 2021-22)

42.1.1 Introduction and risk profile

CreditAccess Grameen Limited ("Company") is one of the leading microfinance institutions in India focused on providing financial support to women from low income households engaged in economic activity with limited access to financial services. The Company predominantly offers collateral free loans to women from low income households, willing to borrow in a group and agreeable to take joint liability. The wide range of lending products address the critical needs of customers throughout their lifecycle and include income generation, home improvement, children's education, sanitation and personal emergency loans. With a view to diversifying the product profile, the company has introduced individual loans for matured group lending customers. These loans are offered to customers having requirement of larger loans to expand an existing business in their individual capacity.

The common risks for the company are operational, business environment, political, regulatory, concentration, expansion and liquidity. As a matter of policy, these risks are assessed and steps as appropriate, are taken to mitigate the same.

42.1.1.a Risk management structure

The Board of Directors are responsible for the overall risk management approach and for approving the risk management strategies and principles. The Risk Management framework approved by the Board has laid down the governance structure supporting the identification, assessment, monitoring, reporting and mitigation of risk throughout the Group. The objective of the risk management platform is to make a conscious effort in developing risk culture within the organisation and having appropriate systems and tools for timely identification, measurement and reporting of risks for managing them.

The Board has a Risk Management committee which is responsible for monitoring the overall risk process within the Group and reports to the Board of Directors.

The Risk Management guidelines will be implemented through the established organization structure of Risk Department. The overall monitoring of the Risks is done by the Chief Risk Officer (CRO) with the support from all the department heads of the Company. The Board will reviews the status and progress of the risk and risk management system, on quarterly basis through the Audit Committee and Risk Management Committee. The individual departments are responsible for ensuring implementation of the risk management framework and policies, systems and methodologies as approved by the Board. Assignment of responsibilities in relation to risk management is prerogative of the Heads of Departments, in coordination with CRO. While each department focuses on its specific area of activity, the Risk Management Unit operates in coordination with all other departments, utilising all significant information sourced to ensure effective management of risks in accordance with the guidelines approved by the Board. The unit works closely with and reports to the Risk Committee, to ensure that procedures are compliant with the overall framework.

Heads of Departments is accountable to a Risk Management committee comprising of MD&CEO, CFO, CAO, CBO and CRO. The departmental heads will report for the implementation of above mentioned guideline within their respective areas of responsibility. The department heads are also accountable to the MLRC for identification, assessment, aggregation, reporting and monitoring of the risk related to their respective domain.

The Group's policy is that risk management processes throughout the Group are audited quarterly by the Internal Audit function, which examines both the adequacy of the procedures and the Group's compliance with the procedures. Internal Audit discusses the results of all assessments with management, and reports its findings and recommendations to the Audit Committee.

42.1.1.b Risk mitigation and risk culture

Risk assessments are conducted for all business activities. The assessments are to address potential risks and to comply with relevant legal and regulatory requirements. Risk assessments are performed by competent personnel from individual departments and risk management department including, where appropriate, expertise from outside the Group. Procedures are established to update risk assessments at appropriate intervals and to review these assessments regularly. Based on the Risk Control and Self Assessment (RCSA), the Group formulates its Risk Management Strategy / Risk Management plan on annual basis. The strategy will broadly entail choosing among the various options for risk mitigation for each identified risk. The risk mitigation is planned using the following key strategies:

Risk Avoidance: By not performing an activity that could carry risk. Avoidance may seem the answer to all risks, but avoiding risks also means losing out on the potential gain that accepting (retaining) the risk may have allowed.

Risk Transfer: Mitigation by having another party to accept the risk, either partial or total, typically by contract or by hedging.

Risk Reduction: Employing methods/solutions that reduce the severity of the loss.

Risk Retention: Accepting the loss when it occurs. Risk retention is a viable strategy for small risks where the cost of insuring against the risk would be greater over time than the total losses sustained. All risks that are not avoided or transferred are retained by default. This includes risks that are so large or catastrophic that they either cannot be insured against or the premiums would be infeasible.

42.1.1.c Risk measurement and reporting systems

The heads of all the departments in association with risk management department are responsible for coordinating the systems for identifying risks within their own department or business activity through RCSA exercise to be conducted at regular intervals.

Based on a cost / benefit assessment of a risk, as is undertaken, some risks may be judged as having to be accepted because it is believed mitigation is not possible or warranted.

As the risk exposure of any business may undergo change from time to time due to continuously changing environment, the updation of the Risk Register will be done on a regular basis.

All the strategies with respect to managing these major risks shall be monitored by the CRO and MLRC.

The Management Level Risk Committee meetings are held as necessary or at least once a month. The Management Level Risk Committee would monitor the management of major risks specifically and other risks of the Group in general. The Committee takes an integrated view of the risks facing the entity and monitor implementation of the directives received from Risk Management Committee and actionable items drawn from the risk management framework.

Accordingly, the Management Level Risk Committee reviews the following aspects of business specifically from a risk indicator perspective and suitably record the deliberations during the monthly meeting.

- Review of business growth and portfolio quality.
- Discuss and review the reported details of Key Risk Threshold breaches (KRI's), consequent actions taken and review of operational loss events, if any.
- Review of process compliances including audit performance across organisation.
- Review of HR management, training and employee attrition.
- Review of new initiatives and product/policy/process changes.
- Discuss and review performance of IT systems.
- Review the status of strategic projects initiated.
- Review, where necessary, policies that have a bearing on the operational & credit risk management and recommend amendments.
- Discuss and recommend suitable controls/mitigations for managing operational & credit risk and assure that adequate resources are being assigned to mitigate the risks.
- Review analysis of frauds, potential losses, non-compliance, breaches etc. and determine corrective measures to prevent their recurrences.
- Understand changes and threats, concur on areas of high priority and possible actions for managing/mitigating the same.

42.1.1.d Risk Management Strategies

Excessive risk concentrations

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Group's performance to developments affecting a particular industry or geographical location.

The following management strategies and policies are adopted by the Group to manage the various key risks.

Political Risk mitigation measures:

- Low cost operations and low pricing for customers.
- Customer centric approach, high customer retention.
- Rural focus.
- Systematic customer awareness activities.
- High social focused activities.
- Adherence to client protection guidelines.
- Robust grievance redressal mechanism.
- Adherence to regulatory guidelines in letter and spirit.

Concentration risk mitigation measures:

- District centric approach.
- District exposure cap.
- Restriction on growth in urban locations.
- Maximum disbursement cap per loan account.
- Maximum loan exposure cap per customer.
- Diversified funding resources.

Operational & HR Risk mitigation measures:

- Stringent customer enrolment process.
- Multiple products.
- Proper recruitment policy and appraisal system.
- Adequately trained field force.
- Weekly & fortnightly collections – higher customer touch, lower amount instalments.
- Multilevel monitoring framework.
- Strong, Independent and fully automated Internal Audit function.
- Strong IT system with access to real time client and loan data.

Liquidity risk mitigation measures:

- Diversified funding resources.
- Asset liability management.
- Effective fund management.
- Maximum cash holding cap.

Expansion risk mitigation measures:

- Contiguous growth.
- District centric approach.
- Rural focus.
- Branch selection based on census data & credit bureau data.
- Three level survey of the location selected.

Credit risk

Credit risk is the risk of financial loss to the Group if the counterparty to a financial instrument, whether a customer or otherwise, fails to meet its contractual obligations towards the Group. Credit risk is the core business risk of the Group. The Group therefore has high appetite for this risk but low tolerance and the governance structures including the internal control systems are particularly designed to manage and mitigate this risk. The Group is mainly exposed to credit risk from loans to customers (including loans transferred to SPVs under securitization agreements, excluding loans sold under assignment presented as off-balance sheet assets).

The credit risk may arise due to, over borrowing by customers or over lending by other financial institutions competitors, gaps in joint-liability collateral and repayment issues due to external factors such as political, community influence, regulatory changes and natural disasters (storm, earthquakes, fires, floods) and intentional default by customers.

To address credit risk, the Group has stringent credit policies for customer selection. To ensure the credit worthiness of the customers, stringent underwriting policies such as credit investigation, both in-house and field credit verification, is in place. In addition, the group follows a systematic methodology in the selection of new geographies where to open branches considering factors such as the portfolio at risk and over indebtedness of the proposed area/region, potential for micro-lending and socio-economic risk evaluation (e.g., the risk of local riots or natural disasters). Loan sanction and rejections are carried out at the head office. A credit bureau rejections analysis is also regularly carried out in group.

Credit risk is being managed by continuously monitoring the borrower's performance if borrowers are paying on time based on their amortization dues. The group ensures stringent monitoring and quality operations through both field supervision (branch/area/region staff supervision, quality control team supervision) and management review. Management at each Group's head office closely monitors credit risk through system generated reports (e.g., PAR status and PAR movement, portfolio concentration analysis, vintage analysis, flow-rate analysis) and Key Risk Indicators (KRIs) which include proactive actionable thresholds limits (acceptable, watch and breach) developed by CRO, revised at the the MLRC and at the Risk Committee at the Board level.

Some of the main strategies to mitigate credit risk are:

1. Maintain stringent customer enrolment process,
2. Undertake systematic customer awareness activities/ programs,
3. Reduce geographical concentration of portfolio,
4. Maximum loan exposure to member as determined from time to time,
5. Modify product characteristics if needed (e.g., longer maturity for group clients in case the loan is above a certain threshold),
6. Carry out due diligence of new employees and adequate training at induction,
7. Decrease field staff turnover,
8. Supporting technologies: credit bureau checks, GPS, automated KYC checks and biometric.

The exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the demographics of the Group's customer base, including the default risk of the country in which the customers are located, as these factors may have an influence on the credit risk.

42.1.2 Impairment assessment

The references below show where the Group's impairment assessment and measurement approach is set out in this report. It should be read in conjunction with the summary of significant accounting policies.

42.1.2.a Definition of default, significant increase in credit risk and stage assessment

For the measurement of ECL, Ind AS 109 distinguishes between three impairment stages. All loans need to be allocated to one of these stages, depending on the increase in credit risk since initial recognition (i.e. disbursement date):

Stage 1: includes loans for which the credit risk at the reporting date is in line with the credit risk at initial recognition (i.e. disbursement date).

Stage 2: includes loans for which the credit risk at reporting date is significantly higher than at the risk at the initial recognition (Significant Increase in Credit Risk i.e. SICR).

Stage 3: includes default loans. A loan is considered default at the earlier of (i) the Group considers that the obligor is unlikely to pay its credit obligations to the company in full, without recourse by the Group to actions such as realizing collateral (if held); or (ii) the obligor is past due more than 90 days on any material credit obligation to the Group.

Further, the RBI on March 27, 2020, April 17, 2020 and May 23, 2020, announced 'COVID-19 Regulatory Package' on asset classification and provisioning. In terms of these RBI guidelines, the Group granted a moratorium on the repayment of all Installments and/or Interest, as applicable, due between March 1, 2020 and August 31, 2020 to all eligible borrowers. In respect of such accounts that were granted moratorium, the moratorium period has been excluded from determining overdue days.

An assessment of whether credit risk has increased significantly since initial recognition is performed at each reporting date by considering the change in the risk of default occurring over the remaining life of the financial instrument.

(i) Staging classification of Group Lending loans of Holding Company

Unlike banks which have more of monthly repayments, the Holding Company offers products with primarily weekly repayment frequency, whereby 15 and above Days past due ("DPD") means already 2 missed instalments from the borrower, and accordingly, the Holding Company has identified the following stage classification to be the most appropriate for such products :

Stage 1: 0 to 15 DPD.

Stage 2: 16 to 60 DPD (SICR).

Stage 3: above 60 DPD (Default).

(ii) Staging classification of Subsidiary Company

Joint liability loans (JLG)

The Subsidiary Company has identified the following stage classification to be the most appropriate for its loans as these loans are mainly on weekly or bi-weekly repayment basis:

Stage 1: 0 to 15 DPD.

Stage 2: 16 to 60 DPD (SICR).

Stage 3: above 60 DPD (Default).

Self Help groups (SHG)

The Subsidiary Company has identified the following stage classification to be the most appropriate for its loans as these loans are mainly on monthly repayment basis:

Stage 1: 0 to 30 DPD.

Stage 2: 30 to 90 DPD (SICR).

Stage 3: Above 90 DPD (Default).

(iii) Staging classification of Individual Loans of the Holding Company

For monthly repayment model, the Group has identified the following stage classification to be the most appropriate for these loans :

Stage 1: 0 to 30 DPD.

Stage 2: 30 to 90 DPD (SICR).

Stage 3: Above 90 DPD (Default).

42.1.2.b Probability of Default ('PD')

(i) Group lending

PD describes the probability of a loan to eventually falling into Stage 3. PD %age is calculated for each loan account separately and is determined by using available historical observations.

PD for stage 1: is derived as %age of all loans in stage 1 moving into stage 3 in 12-months' time.

PD for stage 2: is derived as %age of all loans in stage 2 moving into stage 3 in the maximum lifetime of the loans under observation.

PD for stage 3: is derived as 100% considering that the default occurs as soon as the loan becomes overdue for 60 days which matches the definition of stage 3.

(ii) Individual Loans

Individual loans is a relatively new portfolio that was started in November 2016. Performance history of matured vintage loan is not available in adequate number to build PD or LGD model. The ECL estimation for Individual loans portfolio is carried out using a which is based on management judgement.

42.1.2.c Exposure at default (EAD)

Exposure at default (EAD) is the sum of outstanding principal and the interest amount accrued but not received on each loan as at reporting date.

42.1.2 .d Loss given default (LGD)

LGD is the opposite of recovery rate. $LGD = 1 - (\text{Recovery rate})$. LGD is calculated based on past observations of Stage 3 loans.

(i) Group lending loans

LGD is computed as below:

The Group determines its expectation of lifetime loss by estimating recoveries towards its loan through analysis of historical information. The Group determines its recovery rates by analysing the recovery trends over different periods of time after a loan has defaulted. LGD is the difference between the exposure at default and its recovery rate.

In estimating LGD, the Group reviews macro-economic developments taking place in the economy.

A select group of Stage 2 and Stage3 loans of the Holding Company exhibiting specific payment pattern has been applied an LGD which is lower than the regular LGD estimate.

(ii) Individual loans

Individual loans is a relatively new portfolio that was started in November 2016. Performance history of matured vintage loan is not available in adequate number to build PD or LGD model. The ECL estimation for individual loans portfolio is carried out using a methodology which is based on management judgement.

42.1.2 .e Grouping financial assets measured on a collective basis

The Group believes that the Group Lending loans (GL) have shared risk characteristics (i.e. homogeneous) and Individual loans (IL) have not shared risk characteristics. Therefore, GL and IL are treated as two separate groups for the purpose of determining impairment allowance.

42.1.2 .f The Group's Loan book consists of a large number of customers spread over diverse geographical area, hence the Group is not exposed to concentration risk with respect to any particular customer.

42.1.2 .g Analysis of inputs to the ECL model under multiple economic scenarios

Adjusting the ECL to reflect the expected changes (if any) in the economic environment for forward looking information in the form of management overlay.

Based on the historical loss experience, adjustments need to be made on the average PD/ LGD computed to give effect of the current conditions which is done through management overlay by assigning probability weightages to different scenarios. The methodology and assumptions used for estimating future cash flows is reviewed regularly so that there is minimum difference between expected loss and the actual loss expenses. Refer Note 42.

42.1.3 Capital

The Company actively manages its capital base to cover risks inherent to its business and meet the capital adequacy requirement of RBI. The adequacy of the Company's capital is monitored using, among other measures, the regulations issued by RBI.

Capital management

The Group's objectives when managing capital are to

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- Maintain an optimal capital structure to reduce the cost of capital.

The Group manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividend payment to shareholders, return capital to shareholders or issue capital securities.

Planning

The Group's assessment of capital requirement is aligned to its planned growth which forms part of an annual operating plan which is approved by the Board and also a long range strategy. These growth plans are aligned to assessment of risks– which include credit, liquidity and interest rate.

The Group monitors its capital to risk-weighted assets ratio (CRAR) on a monthly basis through its Assets Liability Management Committee (ALCO).

The Group endeavours to maintain its CRAR higher than the mandated regulatory norm of 15%. Accordingly, increase in capital is planned well in advance to ensure adequate funding for its growth.

42.1.4 Liquidity risk and funding management

Liquidity risk arises due to the unavailability of adequate amount of funds at an appropriate cost and tenure. The Group may face an asset-liability mismatch caused by a difference in the maturity profile of its assets and liabilities. This risk may arise from the unexpected increase in the cost of funding an asset portfolio at the appropriate maturity and the risk of being unable to liquidate a position in a timely manner and at a reasonable price. We monitor liquidity risk through our Asset Liability Management Committee. Monitoring liquidity risk involves categorizing all assets and liabilities into different maturity profiles and evaluating them for any mismatches in any particular maturities, particularly in the short-term. We actively monitor our liquidity position to ensure that we can meet all borrower and lender-related funding requirements.

There are Liquidity Risk mitigation measures put in place which helps in maintaining the following:

Diversified funding resources:

The Group's treasury department secures funds from multiple sources, including banks, financial institutions and capital markets and is responsible for diversifying our capital sources, managing interest rate risks and maintaining strong relationships with banks, financial institutions, mutual funds, insurance companies, other domestic and foreign financial institutions and rating agencies. The Group continuously seek to diversify its sources of funding to facilitate flexibility in meeting our funding requirements. Due to the composition of the loan portfolio, which also qualifies for priority sector lending, it also engages in securitization and assignment transactions.

Asset Liability Management (ALM) can be termed as a risk management technique designed to earn an adequate return while maintaining a comfortable surplus of assets over liabilities. ALM, among other functions, is also concerned with risk management and provides a comprehensive as well as dynamic framework for measuring, monitoring and managing liquidity and interest rate risks. ALM is an integral part of the financial management process of the Group. It is concerned with strategic balance sheet management, involving risks caused by changes in the interest rates and the liquidity position of CAGL. It involves assessment of various types of risks and altering the asset-liability portfolio in a dynamic way in order to manage risks.

ALM committee constitutes of Board of Directors who would review the tolerance limits for liquidity/ interest rate risks and would recommend to Board of Directors for its approval from time to time. As per the directions of the Board, the ALM statements would be reported to the ALM committee on quarterly basis for necessary guidance.

The scope of ALM function can be described as follows:

- i. Funding and Capital Managementm,
- ii. Liquidity risk management,
- iii. Interest Rate risk management,
- iv. Forecasting and analyzing 'What if scenario' and preparation of contingency plans.

Capital guidelines ensure the maintenance and independent management of prudent capital levels for CAGL to preserve the safety and soundness of the Group, to support desired balance sheet growth and the realization of new business; and to provide a cushion against unexpected losses.

42.1.5 Market Risk

42.1.5.1 Market risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates and equity prices. The Group classifies exposures to market risk into either trading or non-trading portfolios and manages each of those portfolios separately.

42.1.5.2 Interest rate risk

Interest rate risk is the risk where changes in market interest rates might adversely affect the Group's financial condition. The immediate impact of changes in interest rates is on earnings (i.e. reported profits) by changing its Net Interest Margin (NIM). The risk from the earnings perspective can be measured as changes in Net Interest Margin (NIM). In line with RBI guidelines, the traditional Gap analysis is considered as a suitable method to measure the Interest Rate Risk for the Group.

In case of CAGL it may be noted that portfolio loans are not rate sensitive as there is no re-pricing of existing loans are carried out. Only some of the liabilities in the form of borrowings are rate sensitive and considering the size of our business the quantum of impact of change of interest rate of borrowings on liquidity is not significant and can be managed with appropriate treasury action.

The following table demonstrates the sensitivity to a reasonably possible charge in interest rates (all other variables being constant) of the Group's profit and loss statement.

42.1.5.3 Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency risk arise majorly on account of foreign currency borrowings. The Group manages its foreign currency risk by entering in to cross currency swaps and forward contract.

Particulars	March 31, 2022
	USD
Liability – External Commercial Borrowings	1,50,00,000
Assets – Corrss Currency Interest rate Swap Contract	1,50,00,000

42.1.5.4 Hedging Policy

The Group's Hedging Policy only allows for effective hedging relationships to be considered as hedges as per the relevant Ind AS. Hedge effectiveness is determined at the inception of the hedge relationship, and through periodic prospective effectiveness assessments to ensure that an economic relationship exists between the hedged item and hedging instrument. The Group enters into hedge relationship where the critical terms of the hedging instrument match with the terms of the hedged item, and so a qualitative and qualitative assessment of effectiveness is performed.

In respect of Interest rate swaps, there is an economic relationship between the hedged item and the hedging instrument as the terms of the Interest Rate swap contract match that of the foreign currency borrowing (notional amount, interest repayment date etc.). The Group has established a hedge ratio of 1:1 for the hedging relationships as the underlying risk of the interest rate swap are identical to the hedged risk components.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in other comprehensive income and accumulated under the heading cash flow hedging reserve within equity. The gain or loss relating to the ineffective portion is recognised immediately in the statement of profit and loss, and is included in the '(Gain) / Loss in Fair Value of Derivatives' line item.

42.2 Risk Management (for the financial year 2020-21)

42.2.1 Introduction and risk profile

CreditAccess Grameen Limited ("Company") is one of the leading microfinance institutions in India focused on providing financial support to women from low income households engaged in economic activity with limited access to financial services. The Company predominantly offers collateral free loans to women from low income households, willing to borrow in a group and agreeable to take joint liability. The wide range of lending products address the critical needs of customers throughout their lifecycle and include income generation, home improvement, children's education, sanitation and personal emergency loans. With a view to diversifying the product profile, the company has introduced individual loans for matured group lending customers. These loans are offered to customers having requirement of larger loans to expand an existing business in their individual capacity.

The common risks for the company are operational, business environment, political, regulatory, concentration, expansion and liquidity. As a matter of policy, these risks are assessed and steps as appropriate, are taken to mitigate the same.

42.2.1.a Risk management structure

The Board of Directors are responsible for the overall risk management approach and for approving the risk management strategies and principles. The Risk Management framework approved by the Board has laid down the governance structure supporting the identification, assessment, monitoring, reporting and mitigation of risk throughout the Group. The objective of the risk management platform is to make a conscious effort in developing risk culture within the organisation and having appropriate systems and tools for timely identification, measurement and reporting of risks for managing them.

The Board has a Risk Management committee which is responsible for monitoring the overall risk process within the Group and reports to the Board of Directors.

The Risk Management guidelines will be implemented through the established organization structure of Risk Department. The overall monitoring of the Risks is done by the Chief Risk Officer (CRO) with the support from all the department heads of the Company. The Board will reviews the status and progress of the risk and risk management system, on quarterly basis through the Audit Committee and Risk Management Committee. The individual departments are responsible for ensuring implementation of the risk management framework and policies, systems and methodologies as approved by the Board. Assignment of responsibilities in relation to risk management is prerogative of the Heads of Departments, in coordination with CRO. While each department focuses on its specific area of activity, the Risk Management Unit operates in coordination with all other departments, utilising all significant information sourced to ensure effective management of risks in accordance with the guidelines approved by the Board. The unit works closely with and reports to the Risk Committee, to ensure that procedures are compliant with the overall framework.

Heads of Departments is accountable to a Risk Management committee comprising of MD&CEO, CFO, CAO, CBO and CRO. The departmental heads will report for the implementation of above mentioned guideline within their respective areas of responsibility. The department heads are also accountable to the MLRC for identification, assessment, aggregation, reporting and monitoring of the risk related to their respective domain.

The Group's policy is that risk management processes throughout the Group are audited quarterly by the Internal Audit function, which examines both the adequacy of the procedures and the Group's compliance with the procedures. Internal Audit discusses the results of all assessments with management, and reports its findings and recommendations to the Audit Committee.

42.2.1.b Risk mitigation and risk culture

Risk assessments are conducted for all business activities. The assessments are to address potential risks and to comply with relevant legal and regulatory requirements. Risk assessments are performed by competent personnel from individual departments and risk management department including, where appropriate, expertise from outside the Group. Procedures are established to update risk assessments at appropriate intervals and to review these assessments regularly. Based on the Risk Control and Self Assessment (RCSA), the Group formulates its Risk Management Strategy / Risk Management plan on annual basis. The strategy will broadly entail choosing among the various options for risk mitigation for each identified risk. The risk mitigation is planned using the following key strategies:

Risk Avoidance: By not performing an activity that could carry risk. Avoidance may seem the answer to all risks, but avoiding risks also means losing out on the potential gain that accepting (retaining) the risk may have allowed.

Risk Transfer: Mitigation by having another party to accept the risk, either partial or total, typically by contract or by hedging.

Risk Reduction: Employing methods/solutions that reduce the severity of the loss.

Risk Retention: Accepting the loss when it occurs. Risk retention is a viable strategy for small risks where the cost of insuring against the risk would be greater over time than the total losses sustained. All risks that are not avoided or transferred are retained by default. This includes risks that are so large or catastrophic that they either cannot be insured against or the premiums would be infeasible.

42.2.1.c Risk measurement and reporting systems

The heads of all the departments in association with risk management department are responsible for coordinating the systems for identifying risks within their own department or business activity through RCSA exercise to be conducted at regular intervals.

Based on a cost / benefit assessment of a risk, as is undertaken, some risks may be judged as having to be accepted because it is believed mitigation is not possible or warranted.

As the risk exposure of any business may undergo change from time to time due to continuously changing environment, the updation of the Risk Register will be done on a regular basis.

All the strategies with respect to managing these major risks shall be monitored by the CRO and MLRC.

The Management Level Risk Committee meetings are held as necessary or at least once a month. The Management Level Risk Committee would monitor the management of major risks specifically and other risks of the Group in general. The Committee takes an integrated view of the risks facing the entity and monitor implementation of the directives received from Risk Management Committee and actionable items drawn from the risk management framework.

Accordingly, the Management Level Risk Committee reviews the following aspects of business specifically from a risk indicator perspective and suitably record the deliberations during the monthly meeting.

- Review of business growth and portfolio quality.
- Discuss and review the reported details of Key Risk Threshold breaches (KRI's), consequent actions taken and review of operational loss events, if any.
- Review of process compliances including audit performance across organisation.
- Review of HR management, training and employee attrition.
- Review of new initiatives and product/policy/process changes.
- Discuss and review performance of IT systems.
- Review the status of strategic projects initiated.
- Review, where necessary, policies that have a bearing on the operational & credit risk management and recommend amendments.
- Discuss and recommend suitable controls/mitigations for managing operational & credit risk and assure that adequate resources are being assigned to mitigate the risks.
- Review analysis of frauds, potential losses, non-compliance, breaches etc. and determine corrective measures to prevent their recurrences.
- Understand changes and threats, concur on areas of high priority and possible actions for managing/mitigating the same.

42.2.1.d Risk Management Strategies

Excessive risk concentrations

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Group's performance to developments affecting a particular industry or geographical location.

The following management strategies and policies are adopted by the Group to manage the various key risks.

Political Risk mitigation measures:

- Low cost operations and low pricing for customers.
- Customer centric approach, high customer retention.
- Rural focus.
- Systematic customer awareness activities.
- High social focused activities.
- Adherence to client protection guidelines.
- Robust grievance redressal mechanism.
- Adherence to regulatory guidelines in letter and spirit.

Concentration risk mitigation measures:

- District centric approach.
- District exposure cap.
- Restriction on growth in urban locations.
- Maximum disbursement cap per loan account.
- Maximum loan exposure cap per customer.
- Diversified funding resources.

Operational & HR Risk mitigation measures:

- Stringent customer enrolment process.
- Multiple products.
- Proper recruitment policy and appraisal system.
- Adequately trained field force.
- Weekly & fortnightly collections – higher customer touch, lower amount instalments.
- Multilevel monitoring framework.
- Strong, Independent and fully automated Internal Audit function.
- Strong IT system with access to real time client and loan data.

Liquidity risk mitigation measures:

- Diversified funding resources.
- Asset liability management.
- Effective fund management.
- Maximum cash holding cap.

Expansion risk mitigation measures:

- Contiguous growth.
- District centric approach.
- Rural focus.
- Branch selection based on census data & credit bureau data.
- Three level survey of the location selected.

Credit risk

Credit risk is the risk of financial loss to the Group if the counterparty to a financial instrument, whether a customer or otherwise, fails to meet its contractual obligations towards the Group. Credit risk is the core business risk of the Group. The Group therefore has high appetite for this risk but low tolerance and the governance structures including the internal control systems are particularly designed to manage and mitigate this risk. The Group is mainly exposed to credit risk from loans to customers (including loans transferred to SPVs under securitization agreements, excluding loans sold under assignment presented as off-balance sheet assets).

The credit risk may arise due to, over borrowing by customers or over lending by other financial institutions competitors, gaps in joint-liability collateral and repayment issues due to external factors such as political, community influence, regulatory changes and natural disasters (storm, earthquakes, fires, floods) and intentional default by customers.

To address credit risk, the Group has stringent credit policies for customer selection. To ensure the credit worthiness of the customers, stringent underwriting policies such as credit investigation, both in-house and field credit verification, is in place. In addition, the group follows a systematic methodology in the selection of new geographies where to open branches considering factors such as the portfolio at risk and over indebtedness of the proposed area/region, potential for micro-lending and socio-economic risk evaluation (e.g., the risk of local riots or natural disasters). Loan sanction and rejections are carried out at the head office. A credit bureau rejections analysis is also regularly carried out in group.

Credit risk is being managed by continuously monitoring the borrower's performance if borrowers are paying on time based on their amortization dues. The group ensures stringent monitoring and quality operations through both field supervision (branch/area/region staff supervision, quality control team supervision) and management review. Management at each Group's head office closely monitors credit risk through system generated reports (e.g., PAR status and PAR movement, portfolio concentration analysis, vintage analysis, flow-rate analysis) and Key Risk Indicators (KRIs) which include proactive actionable thresholds limits (acceptable, watch and breach) developed by CRO, revised at the MLRC and at the Risk Committee at the Board level.

Some of the main strategies to mitigate credit risk are:

1. Maintain stringent customer enrolment process,
2. Undertake systematic customer awareness activities/ programs,
3. Reduce geographical concentration of portfolio,
4. Maximum loan exposure to member as determined from time to time,
5. Modify product characteristics if needed (e.g., longer maturity for group clients in case the loan is above a certain threshold),
6. Carry out due diligence of new employees and adequate training at induction,
7. Decrease field staff turnover,
8. Supporting technologies: credit bureau checks, GPS, automated KYC checks and biometric.

The exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the demographics of the Group's customer base, including the default risk of the country in which the customers are located, as these factors may have an influence on the credit risk.

42.2.2 Impairment assessment

The references below show where the Group's impairment assessment and measurement approach is set out in this report. It should be read in conjunction with the summary of significant accounting policies.

42.2.2.a Definition of default, significant increase in credit risk and stage assessment

For the measurement of ECL, Ind AS 109 distinguishes between three impairment stages. All loans need to be allocated to one of these stages, depending on the increase in credit risk since initial recognition (i.e. disbursement date):

Stage 1: includes loans for which the credit risk at the reporting date is in line with the credit risk at initial recognition (i.e. disbursement date).

Stage 2: includes loans for which the credit risk at reporting date is significantly higher than at the risk at the initial recognition (Significant Increase in Credit Risk i.e. SICR).

Stage 3: includes default loans. A loan is considered default at the earlier of (i) the Group considers that the obligor is unlikely to pay its credit obligations to the company in full, without recourse by the Group to actions such as realizing collateral (if held); or (ii) the obligor is past due more than 90 days on any material credit obligation to the Group.

Further, the RBI on March 27, 2020, April 17, 2020 and May 23, 2020, announced 'COVID-19 Regulatory Package' on asset classification and provisioning. In terms of these RBI guidelines, the Group granted a moratorium on the repayment of all Installments and/or Interest, as applicable, due between March 1, 2020 and August 31, 2020 to all eligible borrowers. In respect of such accounts that were granted moratorium, the moratorium period has been excluded from determining overdue days.

An assessment of whether credit risk has increased significantly since initial recognition is performed at each reporting date by considering the change in the risk of default occurring over the remaining life of the financial instrument.

(i) Staging classification of Group Lending loans of Holding Company

Unlike banks which have more of monthly repayments, the Holding Company offers products with primarily weekly repayment frequency, whereby 15 and above Days past due ('DPD') means already 2 missed instalments from the borrower, and accordingly, the Holding Company has identified the following stage classification to be the most appropriate for such products :

- Stage 1: 0 to 15 DPD.
- Stage 2: 16 to 60 DPD (SICR).
- Stage 3: above 60 DPD (Default).

(ii) Staging classification of Subsidiary Company

The Subsidiary Company has identified the following stage classification to be the most appropriate for its loans as these loans are mainly on monthly repayment basis:

- Stage 1: 0 to 30 DPD.
- Stage 2: 30 to 90 DPD (SICR).
- Stage 3: Above 90 DPD (Default).

(ii) Staging classification of Individual Loans of the Holding Company

For monthly repayment model, the Group has identified the following stage classification to be the most appropriate for these loans :

- Stage 1: 0 to 30 DPD.
- Stage 2: 30 to 90 DPD (SICR).
- Stage 3: Above 90 DPD (Default).

42.2.2.b Probability of Default ('PD')

(i) Group lending

PD describes the probability of a loan to eventually falling into Stage 3. PD %age is calculated for each loan account separately and is determined by using available historical observations.

PD for stage 1: is derived as %age of all loans in stage 1 moving into stage 3 in 12-months' time.

PD for stage 2: is derived as %age of all loans in stage 2 moving into stage 3 in the maximum lifetime of the loans under observation.

PD for stage 3: is derived as 100% considering that the default occurs as soon as the loan becomes overdue for 60 days which matches the definition of stage 3.

(ii) Individual Loans

Individual loans is a relatively new portfolio that was started in November 2016. Performance history of matured vintage loan is not available in adequate number to build PD or LGD model. The ECL estimation for Individual loans portfolio is carried out using a which is based on management judgement.

42.2.2.c Exposure at default (EAD)

Exposure at default (EAD) is the sum of outstanding principal and the interest amount accrued but not received on each loan as at reporting date.

42.2.2 .d Loss given default (LGD)

LGD is the opposite of recovery rate. $LGD = 1 - (\text{Recovery rate})$. LGD is calculated based on past observations of Stage 3 loans.

(i) Joint liability loans (JLG)

LGD is computed as below:

The Group determines its expectation of lifetime loss by estimating recoveries towards its loan through analysis of historical information. The Group determines its recovery rates by analysing the recovery trends over different periods of time after a loan has defaulted. LGD is the difference between the exposure at default and its recovery rate.

In estimating LGD, the Group reviews macro-economic developments taking place in the economy.

A select group of Stage 2 and Stage3 loans of the Holding Company exhibiting specific payment pattern has been applied an LGD which is lower than the regular LGD estimate.

(ii) Individual loans

Individual loans is a relatively new portfolio that was started in November 2016. Performance history of matured vintage loan is not available in adequate number to build PD or LGD model. The ECL estimation for individual loans portfolio is carried out using a methodology which is based on management judgement.

42.2.2 .e Grouping financial assets measured on a collective basis

The Group believes that the Group Lending loans (GL) have shared risk characteristics (i.e. homogeneous) and Individual loans (IL) have not shared risk characteristics. Therefore, GL and IL are treated as two separate groups for the purpose of determining impairment allowance.

42.2.2 .f The Group's Loan book consists of a large number of customers spread over diverse geographical area, hence the Group is not exposed to concentration risk with respect to any particular customer.

42.2.2 .g Analysis of inputs to the ECL model under multiple economic scenarios

Adjusting the ECL to reflect the expected changes (if any) in the economic environment for forward looking information in the form of management overlay.

Based on the historical loss experience, adjustments need to be made on the average PD/ LGD computed to give effect of the current conditions which is done through management overlay by assigning probability weightages to different scenarios. The methodology and assumptions used for estimating future cash flows is reviewed regularly so that there is minimum difference between expected loss and the actual loss expenses. Refer Note 42.

42.2.3 Capital

The Company actively manages its capital base to cover risks inherent to its business and meet the capital adequacy requirement of RBI. The adequacy of the Company's capital is monitored using, among other measures, the regulations issued by RBI.

Capital management

The Group's objectives when managing capital are to

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- Maintain an optimal capital structure to reduce the cost of capital.

The Group manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividend payment to shareholders, return capital to shareholders or issue capital securities.

Planning

The Group's assessment of capital requirement is aligned to its planned growth which forms part of an annual operating plan which is approved by the Board and also a long range strategy. These growth plans are aligned to assessment of risks– which include credit, liquidity and interest rate.

The Group monitors its capital to risk-weighted assets ratio (CRAR) on a monthly basis through its Assets Liability Management Committee (ALCO).

The Group endeavours to maintain its CRAR higher than the mandated regulatory norm of 15%. Accordingly, increase in capital is planned well in advance to ensure adequate funding for its growth.

42.2.4 Liquidity risk and funding management

Liquidity risk arises due to the unavailability of adequate amount of funds at an appropriate cost and tenure. The Group may face an asset-liability mismatch caused by a difference in the maturity profile of its assets and liabilities. This risk may arise from the unexpected increase in the cost of funding an asset portfolio at the appropriate maturity and the risk of being unable to liquidate a position in a timely manner and at a reasonable price. We monitor liquidity risk through our Asset Liability Management Committee. Monitoring liquidity risk involves categorizing all assets and liabilities into different maturity profiles and evaluating them for any mismatches in any particular maturities, particularly in the short-term. We actively monitor our liquidity position to ensure that we can meet all borrower and lender-related funding requirements.

There are Liquidity Risk mitigation measures put in place which helps in maintaining the following:

Diversified funding resources:

The Group's treasury department secures funds from multiple sources, including banks, financial institutions and capital markets and is responsible for diversifying our capital sources, managing interest rate risks and maintaining strong relationships with banks, financial institutions, mutual funds, insurance companies, other domestic and foreign financial institutions and rating agencies. The Group continuously seek to diversify its sources of funding to facilitate flexibility in meeting our funding requirements. Due to the composition of the loan portfolio, which also qualifies for priority sector lending, it also engages in securitization and assignment transactions.

Asset Liability Management (ALM) can be termed as a risk management technique designed to earn an adequate return while maintaining a comfortable surplus of assets over liabilities. ALM, among other functions, is also concerned with risk management and provides a comprehensive as well as dynamic framework for measuring, monitoring and managing liquidity and interest rate risks. ALM is an integral part of the financial management process of the Group. It is concerned with strategic balance sheet management, involving risks caused by changes in the interest rates and the liquidity position of CAGL. It involves assessment of various types of risks and altering the asset-liability portfolio in a dynamic way in order to manage risks.

ALM committee constitutes of Board of Directors who would review the tolerance limits for liquidity/ interest rate risks and would recommend to Board of Directors for its approval from time to time. As per the directions of the Board, the ALM statements would be reported to the ALM committee on quarterly basis for necessary guidance.

The scope of ALM function can be described as follows:

- i. Funding and Capital Management,
- ii. Liquidity risk management,
- iii. Interest Rate risk management,
- iv. Forecasting and analyzing 'What if scenario' and preparation of contingency plans.

Capital guidelines ensure the maintenance and independent management of prudent capital levels for CAGL to preserve the safety and soundness of the Group, to support desired balance sheet growth and the realization of new business; and to provide a cushion against unexpected losses. Refer Note 40.3 with respect to regulatory capital of the Group as at the reporting dates.

* All borrowings are disclosed based on the contractual maturities since loan covenant breaches, if any have been waived off by the lenders.

42.2.5 Market Risk

42.2.5.1 Market risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates and equity prices. The Group classifies exposures to market risk into either trading or non-trading portfolios and manages each of those portfolios

42.2.5.2 Interest rate risk

Interest rate risk is the risk where changes in market interest rates might adversely affect the Group's financial condition. The immediate impact of changes in interest rates is on earnings (i.e. reported profits) by changing its Net Interest Margin (NIM). The risk from the earnings perspective can be measured as changes in Net Interest Margin (NIM). In line with RBI guidelines, the traditional Gap analysis is considered as a suitable method to measure the Interest Rate Risk for the Group.

In case of CAGL it may be noted that portfolio loans are not rate sensitive as there is no re-pricing of existing loans are carried out. Only some of the liabilities in the form of borrowings are rate sensitive and considering the size of our business the quantum of impact of change of interest rate of borrowings on liquidity is not significant and can be managed with appropriate treasury action.

The following table demonstrates the sensitivity to a reasonably possible charge in interest rates (all other variables being constant) of the Group's profit and loss

₹ in crore

Particulars	Basis points	Effect on profit / loss and equity for the year 2020-21
Borrowings		
Increase in basis points	+ 25	(14.46)
Decrease in basis points	- 25	14.46

42.2.5.3 Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency risk arise majorly on account of foreign currency borrowings. The Group manages its foreign currency risk by entering in to cross currency swaps and forward contract. The Group currently does not have any exposure to Foreign currency.

42.2.5.4 Changes in liabilities arising from financing activities

42.3 Risk Management (for the financial year 2019-20)

42.3.1 Introduction and risk profile

The Group is focused on providing financial support to women from low income households engaged in economic activity with limited access to financial services. The Company predominantly offers collateral free loans to women from low income households, willing to borrow in a group and agreeable to take joint liability. The wide range of lending products address the critical needs of customers throughout their lifecycle and include income generation, home improvement, children's education, sanitation and personal emergency loans. With a view to diversifying the product profile, the company has introduced individual loans for matured group lending customers. These loans are offered to customers having requirement of larger loans to expand an existing business in their individual capacity.

The common risks for the company are operational, business environment, political, regulatory, concentration, expansion and liquidity. As a matter of policy, these risks are assessed and steps as appropriate, are taken to mitigate the same.

42.3.1.a Risk management structure

The Board of Directors are responsible for the overall risk management approach and for approving the risk management strategies and principles. The Risk Management framework approved by the Board has laid down the governance structure supporting the identification, assessment, monitoring, reporting and mitigation of risk throughout the Group. The objective of the risk management platform is to make a conscious effort in developing risk culture within the organisation and having appropriate systems and tools for timely identification, measurement and reporting of risks for managing them.

The Board has a Risk Management committee which is responsible for monitoring the overall risk process within the Group and reports to the Board of Directors.

The Risk Management guidelines will be implemented through the established organization structure of Risk Department. The overall monitoring of the Risks is done by the Chief Risk Officer (CRO) with the support from all the department heads of the Company. The Board will reviews the status and progress of the risk and risk management system, on quarterly basis through the Audit Committee and Risk Management Committee. The individual departments are responsible for ensuring implementation of the risk management framework and policies, systems and methodologies as approved by the Board. Assignment of responsibilities in relation to risk management is prerogative of the Heads of Departments, in coordination with CRO. While each department focuses on its specific area of activity, the Risk Management Unit operates in coordination with all other departments, utilising all significant information sourced to ensure effective management of risks in accordance with the guidelines approved by the Board. The unit works closely with and reports to the Risk Committee, to ensure that procedures are compliant with the overall framework.

Heads of Departments is accountable to a Risk Management committee comprising of MD&CEO, CFO, CAO, CBO and CRO. The departmental heads will report for the implementation of above mentioned guideline within their respective areas of responsibility. The department heads are also accountable to the MLRC for identification, assessment, aggregation, reporting and monitoring of the risk related to their respective domain.

The Group's policy is that risk management processes throughout the Group are audited quarterly by the Internal Audit function, which examines both the adequacy of the procedures and the Group's compliance with the procedures. Internal Audit discusses the results of all assessments with management, and reports its findings and recommendations to the Audit Committee.

42.3.1.b Risk mitigation and risk culture

Risk assessments are conducted for all business activities. The assessments are to address potential risks and to comply with relevant legal and regulatory requirements. Risk assessments are performed by competent personnel from individual departments and risk management department including, where appropriate, expertise from outside the Group. Procedures are established to update risk assessments at appropriate intervals and to review these assessments regularly. Based on the Risk Control and Self Assessment (RCSA), the Group formulates its Risk Management Strategy / Risk Management plan on annual basis. The strategy will broadly entail choosing among the various options for risk mitigation for each identified risk. The risk mitigation is planned using the following key strategies:

Risk Avoidance: By not performing an activity that could carry risk. Avoidance may seem the answer to all risks, but avoiding risks also means losing out on the potential gain that accepting (retaining) the risk may have allowed.

Risk Transfer: Mitigation by having another party to accept the risk, either partial or total, typically by contract or by hedging.

Risk Reduction: Employing methods/solutions that reduce the severity of the loss.

Risk Retention: Accepting the loss when it occurs. Risk retention is a viable strategy for small risks where the cost of insuring against the risk would be greater over time than the total losses sustained. All risks that are not avoided or transferred are retained by default. This includes risks that are so large or catastrophic that they either cannot be insured against or the premiums would be infeasible.

42.3.1.c Risk measurement and reporting systems

The heads of all the departments in association with risk management department are responsible for coordinating the systems for identifying risks within their own department or business activity through RCSA exercise to be conducted at regular intervals. Based on a cost / benefit assessment of a risk, as is undertaken, some risks may be judged as having to be accepted because it is believed mitigation is not possible or warranted.

As the risk exposure of any business may undergo change from time to time due to continuously changing environment, the updation of the Risk Register will be done on a regular basis.

All the strategies with respect to managing these major risks shall be monitored by the CRO and MLRC.

The Management Level Risk Committee meetings are held as necessary or at least once a month. The Management Level Risk Committee would monitor the management of major risks specifically and other risks of the Group in general. The Committee takes an integrated view of the risks facing the entity and monitor implementation of the directives received from Risk Management Committee and actionable items drawn from the risk management framework.

Accordingly, the Management Level Risk Committee reviews the following aspects of business specifically from a risk indicator perspective and suitably record the deliberations during the monthly meeting.

- Review of business growth and portfolio quality.
- Discuss and review the reported details of Key Risk Threshold breaches (KRI's), consequent actions taken and review of operational loss events, if any.
- Review of process compliances including audit performance across organisation.
- Review of HR management, training and employee attrition.
- Review of new initiatives and product/policy/process changes.
- Discuss and review performance of IT systems.
- Review the status of strategic projects initiated.
- Review, where necessary, policies that have a bearing on the operational & credit risk management and recommend amendments.
- Discuss and recommend suitable controls/mitigations for managing operational & credit risk and assure that adequate resources are being assigned to mitigate the risks.
- Review analysis of frauds, potential losses, non-compliance, breaches etc. and determine corrective measures to prevent their recurrences.
- Understand changes and threats, concur on areas of high priority and possible actions for managing/mitigating the same.

42.3.1.d Risk Management Strategies

Excessive risk concentrations

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Group's performance to developments affecting a particular industry or geographical location.

The following management strategies and policies are adopted by the Group to manage the various key risks.

Political Risk mitigation measures:

- Low cost operations and low pricing for customers.
- Customer centric approach, high customer retention.
- Rural focus.
- Systematic customer awareness activities.
- High social focused activities.
- Adherence to client protection guidelines.
- Robust grievance redressal mechanism.
- Adherence to regulatory guidelines in letter and spirit.

Concentration risk mitigation measures:

- District centric approach.
- District exposure cap.
- Restriction on growth in urban locations.
- Maximum disbursement cap per loan account.
- Maximum loan exposure cap per customer.
- Diversified funding resources.

Operational & HR Risk mitigation measures:

- Stringent customer enrolment process.
- Multiple products.
- Proper recruitment policy and appraisal system.
- Adequately trained field force.
- Weekly & fortnightly collections – higher customer touch, lower amount instalments.
- Multilevel monitoring framework.
- Strong, Independent and fully automated Internal Audit function.
- Strong IT system with access to real time client and loan data.

Liquidity risk mitigation measures:

- Diversified funding resources.
- Asset liability management.
- Effective fund management.
- Maximum cash holding cap.

Expansion risk mitigation measures:

- Contiguous growth.
- District centric approach.
- Rural focus.
- Branch selection based on census data & credit bureau data.
- Three level survey of the location selected.

42.3.2 Impairment assessment

42.3.2.a Definition of default, significant increase in credit risk and stage assessment

For the measurement of ECL, Ind AS 109 distinguishes between three impairment stages. All loans need to be allocated to one of these stages, depending on the increase in credit risk since initial recognition (i.e. disbursement date):

Stage 1: includes loans for which the credit risk at the reporting date is in line with the credit risk at initial recognition (i.e. disbursement date).

Stage 2: includes loans for which the credit risk at reporting date is significantly higher than at the risk at the initial recognition (Significant Increase in Credit Risk i.e. SICR).

Stage 3: includes default loans. A loan is considered default at the earlier of (i) the Group considers that the obligor is unlikely to pay its credit obligations to the company in full, without recourse by the Group to actions such as realizing collateral (if held); or (ii) the obligor is past due more than 90 days on any material credit obligation to the Group.

The group offers products with weekly repayment frequency, whereby 15 and above Days past due ('DPD') means already 2 missed instalments from the borrower, and accordingly, the group has identified the following stage classification to be the most appropriate for weekly repayment Loans:

Stage 1: 0 to 15 DPD.

Stage 2: 16 to 60 DPD (SICR).

Stage 3: above 60 DPD (Default).

For loan portfolio with monthly repayment frequency, group has identified the following stage classification to be the most appropriate.

Stage 1: 0 to 30 DPD.

Stage 2: 31 to 90 DPD (SICR).

Stage 3: above 90 DPD (Default).

42.3.2.b Probability of Default ('PD')

PD describes the probability of a loan to eventually falling into Stage 3. PD %age is calculated based on available historical observations.

PD for stage 1: is derived as %age of all loans in stage 1 moving into stage 3 in 12-months' time.

PD for stage 2: is derived as %age of all loans in stage 2 moving into stage 3 in the maximum lifetime of the loans under observation.

PD for stage 3: is derived as 100% considering that the default occurs as soon as the loan becomes overdue for 60 days for Group loan and 90 days for Individual Loans which matches the definition of stage 3.

42.3.2.c Exposure at default (EAD)

Exposure at default (EAD) is the sum of outstanding principal and the interest amount accrued but not received on each loan as at reporting date.

41.2.d Loss given default (LGD)

LGD is the opposite of recovery rate. $LGD = 1 - (\text{Recovery rate})$. LGD is calculated based on past observations of Stage 3 loans.

Joint liability loans (JLG)

LGD is computed as below:

1. All Loans which are above 60 DPD as on 31 March 2013, are taken and the difference in the principal outstanding as on 31st March 2013 and 31st March 2020 is considered as recovery.

2. Likewise the same is done for all the loans (excluding the loans which are already considered in previous years) which are above 60 DPD as on 31 March 2014, 31 March 2015, 31 March 2016, 31 March 2017, 31 March 2018, 31 March 2019 and recovery rate is computed for each year.

3. $LGD = 1 - \text{Recovery rate}$ which is computed for each period of observation.

Individual loans

LGD is computed as below:

1. All Loans which are above 90 DPD as on 31 March 2018, are taken and the difference in the principal outstanding as on 31st March 2018 and 31st March 2020 is considered as recovery.

2. Likewise the same is done for all the loans (excluding the loans which are already considered in previous years) which are above 60 DPD as on each month end from March 31, 2018 till February 29, 2020 and recovery rate is computed for each month.

3. $LGD = 1 - \text{Recovery rate}$ which is computed for each period of observation.

In relation to loan portfolio of MMFL

LGD is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral. It is usually expressed as a percentage of the Exposure at Default.

41.2.e Grouping financial assets measured on a collective basis

The Group believes that the Joint Liability Group (JLG) loans & Self help group (SHG) loans have shared risk characteristics (i.e. homogeneous) and Individual loans (IL) have not shared risk characteristics. Therefore, JLG/SHG and IL are treated as two separate groups for the purpose of determining impairment allowance.

Analysis of inputs to the ECL model under multiple economic scenarios

Adjusting the ECL to reflect the expected changes (if any) in the economic environment for forward looking information in the form of management overlay.

Based on the historical loss experience, adjustments need to be made on the average PD computed to give effect of the current conditions which is done through management overlay by assigning probability weightages to different scenarios.

The methodology and assumptions used for estimating future cash flows should be reviewed regularly so that there is minimum difference between expected loss and the actual loss expenses.

42.3.3 Interest Rate Risk (IRR)

RBI has allowed NBFCs to price most of their assets and liabilities. Interest rate risk is the risk where changes in market interest rates might adversely affect CAGL's financial condition and the changes in interest rates affect CAGL in a larger way. The immediate impact of changes in interest rates is on earnings (i.e. reported profits) by changing its Net Interest Margin (NIM). The risk from the earnings perspective can be measured as changes in Net Interest Margin (NIM). In line with RBI guidelines, the traditional GAP analysis is considered as a suitable method to measure the Interest Rate Risk for CAGL.

CAGL shall also adhere to these prudential limits and the tolerance/prudential limits for structural liquidity under different time bucket.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible charge in interest rates (all other variables being constant) of the Company's profit and loss statement.

₹ in crore		
Particulars	Basis points	Effect on profit / loss for the year 2019-20
Borrowings		
Increase in basis points	+ 25	(9.22)
Decrease in basis points	- 25	9.22

42.3.4 Capital management

Capital

The Company actively manages its capital base to cover risks inherent to its business and meet the capital adequacy requirement of RBI. The adequacy of the Company's capital is monitored using, among other measures, the regulations issued by RBI.

Capital management

The Company's objective is to maintain appropriate levels of capital to support its business strategy taking into account the regulatory, economic and commercial environment. The Company aims to maintain a strong capital base to support the risks inherent to its business and growth strategies. The Company endeavours to maintain a higher capital base than the mandated regulatory capital at all times.

Planning

The Group's assessment of capital requirement is aligned to its planned growth which forms part of an annual operating plan which is approved by the Board and also a long range strategy. These growth plans are aligned to assessment of risks— which include credit, liquidity and interest rate.

The Group monitors its capital to risk-weighted assets ratio (CRAR) on a monthly basis through its Assets Liability Management Committee (ALCO).

The Group endeavours to maintain its CRAR higher than the mandated regulatory norm of 15%. Accordingly, increase in capital is planned well in advance to ensure adequate funding for its growth.

42.3.5 Liquidity risk and funding management

Liquidity risk arises due to the unavailability of adequate amount of funds at an appropriate cost and tenure. The Group may face an asset-liability mismatch caused by a difference in the maturity profile of its assets and liabilities. This risk may arise from the unexpected increase in the cost of funding an asset portfolio at the appropriate maturity and the risk of being unable to liquidate a position in a timely manner and at a reasonable price. We monitor liquidity risk through our Asset Liability Management Committee. Monitoring liquidity risk involves categorizing all assets and liabilities into different maturity profiles and evaluating them for any mismatches in any particular maturities, particularly in the short-term. We actively monitor our liquidity position to ensure that we can meet all borrower and lender-related funding requirements.

There are Liquidity Risk mitigation measures put in place which helps in maintaining the following:

Diversified funding resources:

The Group's treasury department secures funds from multiple sources, including banks, financial institutions and capital markets and is responsible for diversifying our capital sources, managing interest rate risks and maintaining strong relationships with banks, financial institutions, mutual funds, insurance companies, other domestic and foreign financial institutions and rating agencies. The Group continuously seek to diversify its sources of funding to facilitate flexibility in meeting our funding requirements. Due to the composition of the loan portfolio, which also qualifies for priority sector lending, it also engages in securitization and assignment transactions.

Asset Liability Management (ALM) can be termed as a risk management technique designed to earn an adequate return while maintaining a comfortable surplus of assets over liabilities. ALM, among other functions, is also concerned with risk management and provides a comprehensive as well as dynamic framework for measuring, monitoring and managing liquidity and interest rate risks. ALM is an integral part of the financial management process of the Group. It is concerned with strategic balance sheet management, involving risks caused by changes in the interest rates and the liquidity position of CAGL. It involves assessment of various types of risks and altering the asset-liability portfolio in a dynamic way in order to manage risks.

ALM committee constitutes of Board of Directors who would review the tolerance limits for liquidity/ interest rate risks and would recommend to Board of Directors for its approval from time to time. As per the directions of the Board, the ALM statements would be reported to the ALM committee on quarterly basis for necessary guidance.

The scope of ALM function can be described as follows:

- i. Funding and Capital Management,
- ii. Liquidity risk management,
- iii. Interest Rate risk management,
- iv. Forecasting and analyzing 'What if scenario' and preparation of contingency plans.

Capital guidelines ensure the maintenance and independent management of prudent capital levels for CAGL to preserve the safety and soundness of the Group, to support desired balance sheet growth and the realization of new business; and to provide a cushion against unexpected losses. Refer Note 40.3 with respect to regulatory capital of the Group as at the reporting dates.

42.3.6 Market Risk

42.3.6.1 Market risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates and equity prices. The Group classifies exposures to market risk into either trading or non-trading portfolios and manages each of those portfolios separately.

42.3.6.2 Interest rate risk

Interest rate risk is the risk where changes in market interest rates might adversely affect the Group's financial condition. The immediate impact of changes in interest rates is on earnings (i.e. reported profits) by changing its Net Interest Margin (NIM). The risk from the earnings perspective can be measured as changes in Net Interest Margin (NIM). In line with RBI guidelines, the traditional Gap analysis is considered as a suitable method to measure the Interest Rate Risk for the Group.

In case of CAGL it may be noted that portfolio loans are not rate sensitive as there is no re-pricing of existing loans are carried out. Only some of the liabilities in the form of borrowings are rate sensitive and considering the size of our business the quantum of impact of change of interest rate of borrowings on liquidity is not significant and can be managed with appropriate treasury action.

42.3.6.3 Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency risk arise majorly on account of foreign currency borrowings. The Group manages its foreign currency risk by entering in to cross currency swaps and forward contract. The Group currently does not have any exposure to Foreign currency.

43 Operating segments

There is no separate reportable segment as per Ind AS 108 on 'Operating Segments' in respect of the Group. The Group operates in single segment only. There are no operations outside India and hence there is no external revenue or assets which require disclosure. No revenue from transactions with a single external customer amounted to 10% or more of the Group's total revenue in year ended March 31, 2022 or March 31, 2021 and March 31, 2020.

44 (a) Impact of COVID 19 on Expected Credit Losses (For the year ended March 31, 2022)

The outbreak of COVID-19 pandemic across the globe and in India has contributed to a significant volatility in the financial markets and slowdown in the economic activities. Consequent to the outbreak of the COVID-19 pandemic, the Indian government announced a lockdown in March 2020. Subsequently, the national lockdown was lifted by the government, but regional restrictions continued to be implemented in areas as India witnessed two more waves of the Covid-19 pandemic during the year ended 31 March 2022.

Currently, the number of new Covid-19 cases have reduced significantly and the Government of India has withdrawn most of the Covid-19 related restrictions. As at March 31, 2022, the Group holds an aggregate provision of ₹ 533.86 crore against the advances which includes provision of ₹ 44.61 crore for the accounts restructured under the RBI resolution framework.

(b) (i) Impact of COVID 19 on Expected Credit Losses (For the year ended March 31, 2021)

The COVID -19 pandemic continues to spread across the globe and India, which has contributed to a significant volatility in global and Indian financial markets and a significant decrease in global and local economic activities. The potential impact of the COVID-19 pandemic on the Group's financial performance are dependent on future developments, which are highly uncertain, including, among other things, any new information concerning the severity of the second wave of COVID-19 pandemic and any action to contain its spread or mitigate its impact whether Government mandated or elected by the Group and its subsequent impact on the recoverability's on the Group's assets. The Group has, based on current available information and based on the policy approved by the board, determined the provision for impairment of financial assets including the additional overlay of approximately ₹ 111.78 crore for uncertainty over the potential macro-economic impact of the pandemic.

Based on the current indicators of future economic conditions, the Group considers this provision to be adequate and expects to recover the carrying amount of these financial assets. Given the uncertainty over the potential macro-economic condition, the impact of the global health pandemic may be different from that estimated as at the date of approval of these financial statement and the Group will continue to closely monitor any material changes to future economic conditions.

(b) (ii) Payment of Ex-gratia benefit (For the year ended March 31, 2021)

The Government of India, Ministry of Finance, vide its notification dated 23 October 2020, had announced COVID-19 Relief Scheme for grant of ex-gratia payment of difference between compound interest and simple interest ("differential amount") for six months to borrowers in specified loan accounts ("the Scheme"), as per the eligibility criteria and other aspects specified therein and irrespective of whether RBI moratorium was availed or not. The Holding Company has not charged compound interest to any of its customers except 151 cases of Individual lending, wherein the differential amount of Rs. 0.03 crore has been credited on November 5, 2020 to the respective customer account. The Subsidiary Company had earlier debited interest on interest to various borrowers which was however not taken to income as it was accrued and provided for in books. However, based on GoI scheme, the amounts debited to borrowers was claimed. The Subsidiary Company has credited the accounts of borrowers and received refund of Rs 10.36 crore claimed from the government under this scheme.

(b) (iii) Interest on interest (For the year ended March 31, 2021)

In accordance with the instructions in the circular RBI/2021-22/17 DOR.STR.REC.4/21.04.048/2021-22 dated April 07, 2021, the Group shall refund / adjust 'interest on interest' to all borrowers including those who had availed of working capital facilities during the moratorium period, irrespective of whether moratorium had been fully or partially availed, or not availed. Pursuant to these instructions, the methodology for calculation of the amount of such 'interest on interest' has been finalised by the Indian Banks Association (IBA) in consultation with other industry participants / bodies, on April 19, 2021. The Group does not have any such refund/interest reversal liability as at March 31, 2021.

(c) Impact of COVID 19 on Expected Credit Losses (For the year ended March 31, 2020)

(i) The Novel Coronavirus (COVID-19) pandemic (declared as such by the World Health Organisation on March 11, 2020), has contributed to a significant decline and volatility, and a significant decrease in economic activity, in global and Indian markets. The Government of India announced a strict 40-day nation-wide lockdown to contain the spread of the virus till May 3, 2020, which was further extended till May 31, 2020. This has led to significant disruptions and dislocations for individuals and businesses, impacting Group's regular operations including lending and collection activities due to inability of employees to physically reach borrowers.

(ii) As discussed in Note 42 (a) above, the COVID-19 pandemic has led to a significant impact on Group's regular operations including lending and collection activities.

Further, pursuant to the Reserve Bank of India circulars dated March 27, 2020 and May 23, 2020 allowing lending institutions to offer moratorium to borrowers on payment of instalments falling due between March 1, 2020 and August 31, 2020, the Group has extended/ will be extending moratorium to its borrowers in accordance with policies approved by the respective Board of Directors of the Holding Company and the subsidiary company.

In Holding Company's management's view and considering the guidance provided by the Institute of Chartered Accountants of India, providing moratorium to borrowers at a mass scale based on RBI directives, by itself is not considered to result in a significant increase in credit risk ('SICR') for such borrowers. The Group has recorded a management overlay allowance of approximately Rs.93 crore as part of its Expected Credit Loss, to reflect, among other things, an increased risk of deterioration in macro-economic factors caused by COVID-19 pandemic based on the information available at this point in time. Given the unique nature and scale of the economic impact of this pandemic, and its timing being close to the year-end, the management overlay is based on various variables and assumptions, which could result in actual credit loss being different than that being estimated.

However, the full extent of impact of the pandemic on the Company's operations and financial metrics (including impact on impairment allowances for loan portfolio and the assumptions used in testing the impairment of the carrying value of goodwill) will depend on future developments including governmental and regulatory measures and the Group's response thereto, which are highly uncertain at this time.

The goodwill is attributable to the assembled workforce and the synergy benefits of the acquired business. It will not be deductible for tax purposes.

(f) **Significant judgement:**

(i) **Contingent liability**

A contingent liability of ₹. 0.28 crore was recognised on the acquisition of Madura Micro Finance Limited for a pending demand under Income tax act, 1961 & Employee provident fund act, 1952. It is expected that the these will have reached a decision on this case by June 2020. As at 31 March 2020, there has been no change in the amount recognised for the liability in March 2020, as there has been no change in the probability of the outcome of the lawsuit.

(ii) **Acquired receivables**

The fair value of acquired Loan is ₹. 1,976 crore. The gross contractual amount for loan due is ₹. 1,973 crore, with a loss allowance of ₹ 46 crore.

(iii) **Accounting policy choice for non-controlling interests**

The group recognises non-controlling interests in an acquired entity either at fair value or at the non-controlling interest's proportionate share of the acquired entity's net identifiable assets. This decision is made on an acquisition-by-acquisition basis. For the non-controlling interests in MMFL, the group elected to recognise the non-controlling interests in at its proportionate share of the acquired net identifiable assets.

(v) **Revenue and profit contribution**

The acquired business contributed revenues of ₹. 20.81 crore and net profit of ₹. 7.97 crore to the group for the period from 19 March to 31 March 2020. If the acquisition had occurred on 1 April 2019, consolidated pro-forma revenue and profit for the year ended 31 March 2020 would have been ₹. 471.51 crore and ₹. 79.67 crore respectively. These amounts have been calculated using the subsidiary's results and adjusting them for:

- differences in the accounting policies between the group and the subsidiary, and
- the additional depreciation and amortisation that would have been charged assuming the fair value adjustments to property, plant and equipment and intangible assets had applied from 1 April 2019, together with the consequential tax effects.

(g) **Acquisition related costs**

Acquisition-related costs of Rs.15.23 crore that were not directly attributable to the issue of shares are included in other expenses in the statement of profit and loss and in operating cash flows in the statement of cash flows. These costs are recognised under "Professional and consultancy charges".

INDEPENDENT AUDITORS' REPORT ON REVIEW OF INTERIM STANDALONE FINANCIAL RESULTS**TO THE BOARD OF DIRECTORS OF CREDITACCESS GRAMEEN LIMITED**

1. We have reviewed the accompanying Statement of Unaudited Standalone Financial Results of CreditAccess Grameen Limited (the "Company"), for the quarter and half year ended September 30, 2022 (the "Statement"), being submitted by the Company pursuant to the requirement of Regulation 33 and Regulation 52 read with Regulation 63(2) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.
2. This Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements ("SRE") 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the Institute of Chartered Accountants of India ("ICAI"). A review of interim financial information consists of making inquiries, primarily of the Company's personnel responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing specified under section 143(10) of the Companies Act, 2013 and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. Based on our review conducted as stated in paragraph 3 above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 and Regulation 52 read with Regulation 63(2) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, including the manner in which it is to be disclosed, or that it contains any material misstatement.

5. The Statement includes comparative figures for the quarter and half year ended September 30, 2021, which was reviewed by Deloitte Haskins & Sells, Chartered Accountants, one of the joint statutory auditors of the Company, whose report dated November 09, 2021 expressed an unmodified conclusion on those standalone financial results. Accordingly, we, PKF Sridhar & Santhanam LLP, Chartered Accountants, do not express any conclusion on the comparative figures reported in the standalone financial results for the quarter and half year ended September 30, 2021.

Our conclusion is not modified in respect of this matter.

INDEPENDENT AUDITORS' REPORT ON REVIEW OF INTERIM CONSOLIDATED FINANCIAL RESULTS

TO THE BOARD OF DIRECTORS OF CREDITACCESS GRAMEEN LIMITED

1. We have reviewed the accompanying Statement of Unaudited Consolidated Financial Results of **CreditAccess Grameen Limited** (the "Parent") and its subsidiaries (the Parent and its subsidiaries together referred to as the "Group"), for the quarter and half year ended September 30, 2022 (the "Statement"), being submitted by the Parent pursuant to the requirement of Regulation 33 and Regulation 52 read with Regulation 63(2) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.
2. This Statement, which is the responsibility of the Parent's Management and approved by the Parent's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements ("SRE") 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India ("ICAI"). A review of interim financial information consists of making inquiries, primarily of Parent's personnel responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing specified under Section 143(10) of the Companies Act, 2013 and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33(8) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, to the extent applicable.

4. The Statement includes the results of the following entities:

Sr. No.	Name of the Company	Nature of relationship
1	CreditAccess Grameen Limited	Parent
2	Madura Micro Finance Limited	Subsidiary
3	Madura Micro Education Private Limited	Subsidiary
4	CreditAccess India Foundation	Subsidiary

5. Based on our review conducted and procedures performed as stated in paragraph 3 above and based on the consideration of the review reports of the other auditors referred to in paragraph 6 below, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 and Regulation 52 read with Regulation 63(2) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, including the manner in which it is to be disclosed, or that it contains any material misstatement.
6. We did not review the interim financial results of one subsidiary included in the Statement, whose interim financial results reflect total assets of ₹2,849.13 crore as at September 30, 2022, total revenues of ₹147.19 crore and ₹ 291.59 crore for the quarter and half year ended September 30, 2022 respectively, total net profit after tax of ₹20.50 crore and ₹ 30.59 crore for the quarter and half year ended September 30, 2022 respectively, total comprehensive income of ₹20.32 crore and ₹ 30.87 crore for the quarter and half year ended September 30, 2022 respectively, and net cash inflows of ₹72.58 crore for the half year ended September 30, 2022 as considered in the Statement. These interim financial results have been reviewed by the other auditors whose reports have been furnished to us by the Management, and our conclusion on the Statement, in so far as it relates to the amounts and disclosures included in respect of this subsidiary, is based solely on the reports of the other auditors and the procedures performed by us as stated in paragraph 3 above.

Our conclusion is not modified in respect of this matter.

7. The unaudited consolidated financial results include the interim financial information of two subsidiaries which have not been reviewed/audited by their auditors, whose interim financial results reflect total assets of ₹2.03 crore as at September 30, 2022, total revenues of ₹ Nil for the quarter and half year ended September 30, 2022, total net loss after tax of ₹0.01 crore and ₹0.02 crore for the quarter and half year ended September 30, 2022 respectively, total comprehensive loss of ₹0.01 crore and ₹0.02 crore for the quarter and half year ended September 30, 2022 respectively, and net cash flows of ₹0.71 crore for the half year ended September 30, 2022 as considered in the Statement. According to the information and explanations given to us by the Management, this interim financial information is not material to the Group.

Our Conclusion is not modified in respect of our reliance on the interim financial information certified by the Management.

8. The Statement includes comparative figures for the quarter and half year ended September 30, 2021, which was reviewed by Deloitte Haskins & Sells, Chartered Accountants, one of the joint statutory auditors of the Company, whose report dated November 09, 2021 expressed an unmodified conclusion on those consolidated financial results. Accordingly, we, PKF Sridhar & Santhanam LLP, Chartered Accountants, do not

Deloitte Haskins & Sells

PKF Sridhar & Santhanam LLP

express any conclusion on the comparative figures reported in the consolidated financial results for the quarter and half year ended September 30, 2021.

Our conclusion is not modified in respect of this matter.

Event of Default

The occurrence of any of the following events shall constitute an event of default by the company in relation to the secured Debentures:

(a) Payment Defaults

The Company does not pay any amount payable pursuant to the debenture trust at the place and in the currency in which it is expressed to be payable, unless its failure to pay is caused by technical error and payment is made within such time as may be prescribed by the debenture holders.

(b) Misrepresentation

Any representation or warranty made by the Company in any transaction document or in any certificate, financial statement or other document delivered to the debenture trustee/debenture holders by the Company shall prove to have been incorrect, false or misleading in any respect when made or deemed made.

- (c) The Company is unable or admits inability to discharge the secured obligations in accordance with the transaction documents and/or is unable or admits inability to pay any of its debts as they fall due.

(d) Liquidation or Dissolution of the Company / Appointment of Receiver or Liquidator/Resolution Professional

Any corporate action, legal proceedings or other procedure or step is taken in relation to: (i) the suspension of payments, a moratorium of any financial indebtedness, winding-up, insolvency, dissolution, administration or reorganisation (by way of voluntary arrangement, scheme of arrangement or otherwise) of the Company. Provided that the foregoing shall not apply to (A) any moratorium provided to the Company, or financial indebtedness of the Company rescheduled; or (B) any proceeding in respect of winding up or insolvency that is stayed, dismissed, or discharged within 150 (one hundred and fifty) days of occurrence; (ii) a composition, compromise, assignment or arrangement with any creditor of the Company, (iii) the appointment of a liquidator, receiver, administrative receiver, administrator, resolution professional, compulsory manager or other similar officer in respect of the Company.

(e) Creditors' Process and Expropriation

(i) Any expropriation, attachment, restraint, garnishee, sequestration, distress or execution affects any material Assets (other than the charged receivables) of the Company, and such proceedings are either final and non-appealable or have not been vacated, discharged or stayed pending appeal for any period of 150 (one hundred and fifty) calendar days; (ii) Any expropriation, attachment, restraint, garnishee, sequestration, distress or execution affects any charged receivables or part thereof.

(f) Cessation of Business

(i) The Company without obtaining the prior consent of the super majority debenture holders (A) ceases to carry on its business, or (B) gives notice of its intention to, or displays any intention to, cease to carry on its business; (ii) No event of default in respect of sub-Clause (i)(B) above shall be deemed to have occurred if any occurrence referred in sub-Clause (i)(B) above is remedied within the specified timeline in the respective transaction document.

(g) Material Adverse Effect

The occurrence of a material adverse effect, in the sole determination of the debenture trustee (acting on the instructions on the majority debenture holders).

(h) Transaction Documents

The debenture trust deed or any other transaction document (in whole or in part), is terminated or ceases to be effective or ceases to be in full force or no longer constitutes valid, binding and enforceable obligations of the Company.

(i) **Unlawfulness**

It is or becomes unlawful for the Company to perform any of its obligations under the transaction documents and/or any of its obligations under any transaction document are not or cease to be valid, binding or enforceable.

(j) **Repudiation**

The Company repudiates any of the transaction documents or evidences an intention to repudiate any of the transaction documents.

(k) **Charged receivables**

The Company creates or attempts to create any charge on the charged receivables or any part thereof that is in addition to the charge created under the relevant transaction document.

(l) **Security in jeopardy**

In the opinion of the debenture trustee any of the charged receivables is in jeopardy including any depreciation in the value of the charged receivables to such an extent that in the opinion of the debenture trustee, there is a requirement to provide further security to the satisfaction of the secured parties and such additional security is not provided within the specified timeline of written notice served by the debenture trustee.

(m) **End use**

The Company utilises the proceeds raised from the issue of debentures for any activity other than the purpose or in a manner contrary to any other provisions of the debenture trust deed and such action, if capable of remedy, is not cured within the specified timeline in the transaction documents.

I. Litigation involving our Company

Material Civil Litigation against our Company

A public interest litigation (“**PIL**”) bearing number 5640 of 2017 dated February 24, 2017, has been filed before the High Court of Judicature at Bombay (the “**High Court**”) by Shivaji Anappa Kate and others (the “**Petitioners**”) against the State of Maharashtra and nine others including six Micro Finance Institutions including our Company (“**MFIs**”) operating in Maharashtra (the “**Respondents**”). The Petitioners *inter alia* alleged that the agents of the MFIs adopted coercive methods including alleged harassment and torture for recovering loan dues that consequently led the relatives of certain Petitioners to commit suicide. The Petitioners further alleged that the MFIs charged high interest rates which exceeded the rates prescribed by the RBI. The Petitioners also sought direction from the High Court to register FIR under Sections 306 and 304 of the IPC for abetment to suicide and culpable homicide and under the provisions of the Prevention of Money Laundering Act, 2002 and for certain other reliefs against the Respondents. The Court found that no orders are required to be passed in the matter at the given stage. However,

in case the Petitioners are in a position to bring to the notice of the Court any specific instance about coercive recovery as alleged by the Petitioners then the Petitioners may file additional affidavit in the Court. Till then, the PIL is adjourned indefinitely.

Actions Taken by Regulatory and Statutory Authorities against our Subsidiaries

1. An enquiry under Section 7-A of the Employees' Provident Funds and Miscellaneous Provisions Act, 1952 ("Act") was initiated against our Subsidiary, MMFL, by the Assistant Provident Fund Commissioner on the basis of a report dated November 12, 2012, filed by the Enforcement Officer. The Enforcement Officer in his report alleged that (i) 15 employees were found not enrolled as member of Employees Provident Fund Scheme, 1952 with a sum of ₹ 0.003 crores due towards contribution in respect of such employees, and (ii) the salary paid to the employees during the period October to November with the wage structure comprising of basic, HRA, medical allowance, conveyance allowance and other allowance which was altered by MMFL two times thereafter in November and December was less than the minimum wages in various categories as prescribed by the Government of Tamil Nadu. MMFL in its response contended that (i) the 15 people were given some data entry work occasionally and were not required to work in the premises of the establishment, (ii) they engaged certain part time employees from Member Welfare Associations who work in their spare time and hence all statutory contributions were not due for them, and (iii) many employees had already left the service of the establishment and therefore dues shall not be determined on wages paid to them. The Regional Provident Fund Commissioner II after observing the evidence, imposed a penalty of ₹ 0.253 crores on MMFL by an order dated February 28, 2013 ("Order") under Section 7-A of the Act.

MMFL filed an appeal before the Employees Provident Fund, Appellate Tribunal, Delhi (“**Tribunal**”) challenging the said Order. The Tribunal on December 24, 2013, set aside the Order on the grounds that such part time and casual employees are not treated as employees under section 2(f) of the Act and hence provident fund contributions shall not be attracted. Aggrieved by the Tribunal’s judgement the Central Board of Trustees, Employee Provident Fund Organization through the Regional Provident Fund Commission filed a Writ Petition No. 6759/2016 before the High Court of Madras (“**HC**”) to set aside the Tribunal’s order and stay all further proceedings. MMFL in response filed a counter affidavit dated August 26, 2018, before the HC for dismissal of the same. The matter is currently pending before the HC.

2. The Financial Intelligence Unit of the Ministry of Finance (“**FIU**”), issued a show-cause notice dated March 6, 2020 (“**SCN**”) to MMFL under Section 13 of Prevention of Money Laundering Act, 2002, (“**PML Act**”) for contravention of Section 12 of the PML Act and Rules 7 and 9 of the Prevention of Money Laundering Rules, 2005 for failing to carry out, (i) risk assessment to mitigate money laundering and terrorist financing risk, (ii) internal mechanism for detecting the transactions with its clients, (iii) screening of customers with watch lists/sanction list, designated individuals/entities under the Unlawful Activities (Prevention) Act, 1962, and those suspected of having terrorist links and (iv) client due diligence, and to show cause as to why suitable directions including penalty should not be imposed on it. On August 28, 2020, FIU issued a notice to MMFL to respond to the SCN within a period of 15 days, or for the matter to be decided ex-parte. MMFL submitted its response dated September 1, 2020, stating that (i) it has complied with guidelines issued by the RBI, (ii) was conducting borrowers verification, money laundering and terrorist financing checks and (iii) has developed a stringent Know Your Customer (KYC) policy. MMFL has requested for condonation of delay pursuant to the response letter dated September 1, 2020, and to accept the clarifications in relation to the non-compliances. The matter is currently pending.

Compounding of offences in the last three years immediately preceding the year of this Shelf Prospectus involving our Subsidiaries

1. MMFL has filed an application dated December 9, 2019, under Section 441(1) of the Companies Act, 2013 for compounding of potential lapse under Section 67 and other applicable provisions of the Companies Act, 2013 with the Regional Director, Chennai (“**Regional Director**”) for contravention of provisions of the Section 67(3) of Companies Act, 1956 and the erstwhile SEBI (Disclosure and Investor Protection) Guidelines, 2000 (“**SEBI DIP Guidelines, 2000**”). On July 4, 2006, and September 1, 2006, MMFL had allotted 1,34,300 equity shares to 350 shareholders, in violation of the said provisions of the Companies Act, 1956 and the SEBI DIP Guidelines, 2000. The 350 shareholders were part of the select offerees list and known to or identified by MMFL and were not members of the general public. MMFL submitted that the lapse committed was inadvertent, unintentional and was not prejudicial to public interest. MMFL, pursuant to its response dated September 24, 2020, stated that the managing director at the time of the occurrence of the contravention, had passed away in 2007 and accordingly cannot file a compounding application.

Further, MMFL also filed a settlement application with SEBI to settle the violation of provisions of Section 67(3) of Companies Act, 1956 and the SEBI (Disclosure and Investor Protection) Guidelines, 2000 on October 19, 2020. However, the settlement application filed with the SEBI was returned by the SEBI pursuant to its letter dated August 10, 2020 (“**SEBI Letter**”). In terms of the SEBI Letter, SEBI directed MMFL to refile the settlement application after having completed the exit offer process as laid down by SEBI in circular bearing reference no. CIR/CFD/DIL3/18/2015 dated December 31, 2015 amended by Circular dated May 3, 2016 on the issue of Shares to selected offerees in 2006, the board of directors of MMFL pursuant to a resolution passed by circulation on September 7, 2020 had approved providing exit to the current shareholders of MMFL as per the exit offer process as laid down by the SEBI Circulars and accordingly, Mr. M Narayanan, one of the promoters, had provided exit option to 57 identified shareholders and post which filed a compounding application with the SEBI for violation of Section 67 of the Companies Act, 2013. Thereafter, MMFL had filed application with the Regional Director, Ministry of Corporate Affairs, Southern Region, Chennai as well as SEBI. The application filed with Regional Director, Ministry of Corporate Affairs, Southern Region, Chennai has been rejected vide its order dated April 26, 2021 and MMFL vide its letter to the SEBI dated June 28, 2021, had withdrawn the Settlement Application stating that the proceedings before the Regional Director, Chennai for compounding of offence under the Companies Act, in relation to the same fact scenario have not yet been concluded and undertaken to re-submit a fresh voluntary settlement application to resolve the aforesaid issue, once the Compounding Proceedings have been completed by the Regional Director, Chennai. However, as on the current date, the matter is pending before the Regional Director, Chennai. See, “*Risk Factors - One of our Subsidiaries, MMFL had allotted certain equity shares to shareholders in violation of Section 67(3) of Companies Act, 1956 and the Securities and Exchange Board of India (erstwhile SEBI (Disclosure and Investor Protection) Guidelines, 2000)*” on page 36.

Filing of the Shelf Prospectus and relevant Tranche Prospectus with the RoC

This Shelf Prospectus and relevant Tranche Prospectus shall be filed with the RoC in accordance with Section 26 and Section 31 of the Companies Act, 2013.

Debenture Redemption Reserve (“DRR”)

In accordance with amendments to the Companies Act, 2013, and the Companies (Share Capital & Debentures) Rules 2014, read with the SEBI NCS Regulations, a NBFC that intends to issue debentures to the public is not required to create a DRR for the purpose of redemption of debentures. Pursuant to the amendment to the Companies (Share Capital & Debentures) Rules 2014, notified on August 16, 2019, and as on the date of filing of this Shelf Prospectus, our Company is not required to create DRR for the purpose of redemption of the NCDs. Accordingly, no debenture redemption reserve shall be created by our Company for the purpose of redemption of the NCDs or in connection with the Issue.

Our Company shall, as per the Companies (Share Capital & Debentures) Rules 2014 and other laws applicable from time to time, invest or deposit, as the case may be, the applicable amounts, within the specified timelines, in respect of debentures maturing during the year ending on the 31st day of March of the next year, in any one or more methods of investments or deposits stipulated under the applicable law. Provided that the amount remaining invested or deposited, as the case may be, shall not at any time fall below the specified percentage, which is presently stipulated at 15% (fifteen percent) of the amount of the debentures maturing during the year ending on March 31 of the next year, in any of the following instruments or such other instruments as may be permitted under the applicable laws.

1. in deposits with any scheduled bank, free from any charge or lien;
2. in unencumbered securities of the Central Government or any State Government;
3. in unencumbered securities mentioned in sub-clause (a) to (d) and (ee) of section 20 of the Indian Trusts Act, 1882;
4. in unencumbered bonds issued by any other company which is notified under sub-clause (f) of section 20 of the Indian Trusts Act, 1882;

Provided further that the amount invested or deposited as above shall not be used for any purpose other than for redemption of debentures maturing during the year referred above.

Recovery Expense Fund

Our Company will create a recovery expense fund in the manner as specified by SEBI in circular no. SEBI/HO/MIRSD/CRADT/CIR/P/2020/207 dated October 22, 2020 as amended from time to time and Regulation 11 of SEBI NCS Regulations with the Designated Stock Exchange and has informed the Debenture Trustee regarding the creation of such fund. The recovery expense fund may be utilised by Debenture Trustee, in the event of default by our Company under the terms of the Debenture Trust Deed, for taking appropriate legal action to enforce the security.

Kindly note, any default committed by the Company in terms of the NCDs proposed to be issued shall be reckoned at each respective International Securities Identification Number level assigned to the respective Option(s) of NCDs issued.

Disclosures in accordance with the DT Circular

Appointment of Debenture Trustee

The Company has appointed Catalyst Trusteeship Limited, as the Debenture Trustee in accordance with the terms of the Debenture Trustee Agreement.

Terms and Conditions of Debenture Trustee Agreement

Fees charged by Debenture Trustee

Separately, the Company and the Debenture Trustee have agreed the payment of an acceptance fee of ₹ 15,00,000 plus applicable taxes and a service charge of ₹ 22,50,000 on an annual basis, plus applicable taxes in terms of the letter dated May 30, 2022.

Debenture Trustee Agreement provides for, inter alia, the following terms and conditions:

1. The Debenture Trustee, either through itself or its agents / advisors / consultants, shall carry out requisite diligence to verify the status of encumbrance and valuation of the assets and whether all permissions or consents (if any) as may be required to create the security as stipulated in the Offer Documents and the applicable laws, has been obtained. For the purpose of carrying out the due diligence as required in terms of the applicable laws, the Debenture Trustee, either through itself or its agents/ advisors/ consultants, shall have the power to examine the books of account of the Company and to have the Company's assets inspected by its officers and/or external auditors/ valuers/ consultants/ lawyers/ technical experts/ management consultants appointed by the Debenture Trustee.
2. The Company shall provide all assistance to the Debenture Trustee to enable verification from the Registrar of Companies, Sub-registrar of Assurances (as applicable), CERSAI, depositories, information utility or any other authority, as may be relevant, where the assets and/ or encumbrances in relation to the assets of the Company or any third party security provider are registered / disclosed.
3. Further, in the event that existing charge holders have provided conditional consent / permissions to the Company to create further charge on the assets, the Debenture Trustee shall also have the power to verify such conditions by reviewing the relevant transaction documents or any other documents executed between existing charge holders and the Company. The Debenture Trustee shall also have the power to intimate the existing charge holders about proposal of creation of further encumbrance and seeking their comments/ objections, if any, if Company is required to do so under the respective financing documents executed with the said existing charge holders.
4. The Debenture Trustee shall have the power to either independently appoint, or direct our Company to (after consultation with the Debenture Trustee) appoint intermediaries, valuers, chartered accountant firms, practicing company secretaries, consultants, lawyers and other entities in order to assist in the diligence by the Debenture Trustee and the Debenture Trustee shall subsequently form an independent assessment that the assets for creation of

security are sufficient to discharge the outstanding amounts on NCDs at all times. All costs, charges, fees and expenses that are associated with and incurred in relation to the diligence as well as preparation of the reports / certificates / documentation, including all out of pocket expenses towards legal or inspection costs, travelling and other costs, shall be solely borne by our Company.

Terms of carrying out due diligence

As per the SEBI Circular “SEBI/HO/MIRSD/CRADT/CIR/P/2020/218 dated November 3, 2020 titled “*Creation of Security in issuance of listed debt securities and due diligence by debenture trustee(s)*”, as amended and/ or supplemented from time to time, the Debenture Trustee is required to exercise independent due diligence to ensure that the assets of the Issuer company are sufficient to discharge the interest and principal amount with respect to the debt securities of the Issuer at all times. Accordingly, the Debenture Trustee shall exercise due diligence as per the following process, for which our company has consented to.

- (a) The Debenture Trustee, either through itself or its agents /advisors/consultants, shall carry out requisite diligence to verify the status of encumbrance and valuation of the assets and whether all permissions or consents (if any) as may be required to create the security as stipulated in the offer document and other applicable laws has been obtained. For the purpose of carrying out the due diligence as required in terms of the Relevant Laws, the Debenture Trustee, either through itself or its agents /advisors/consultants, shall have the power to examine the books of account of the Company and to have the Company’s assets inspected by its officers and/or external auditors/ valuers/ consultants/ lawyers/ technical experts/ management consultants appointed by the Debenture Trustee.
- (b) The Company shall provide all assistance to the Debenture Trustee to enable verification from the Registrar of Companies, Sub-registrar of Assurances (as applicable), CERSAI, depositories, information utility or any other authority, as may be relevant, where the assets and/or encumbrances in relation to the assets of the Company or any third-party security provider are registered / disclosed.
- (c) Further, in the event that existing charge holders have provided conditional consent / permissions to the Company to create further charge on the assets, the Debenture Trustee shall also have the power to verify such conditions by reviewing the relevant transaction documents or any other documents executed between existing charge holders and the Company. The Debenture Trustee shall also have the power to intimate the existing charge holders about proposal of creation of further encumbrance and seeking their comments/ objections, if any, if Company is required to do so under the respective financing documents executed with the said existing charge holders.
- (d) Without prejudice to the aforesaid, the Company shall ensure that it provides and procures all information, representations, confirmations and disclosures as may be required in the sole discretion of the Debenture Trustee to carry out the requisite diligence in connection with the issuance and allotment of the Debentures, in accordance with the relevant laws/ Applicable Law.
- (e) The Debenture Trustee shall have the power to either independently appoint or direct the Company to (after consultation with the Debenture Trustee) appoint intermediaries, valuers, chartered accountant firms, practicing company secretaries, consultants, lawyers and other entities in order to assist in the diligence by the Debenture Trustee. All costs, charges, fees and expenses that are associated with and incurred in relation to the diligence as well as preparation of the reports/certificates/documentation, including all out of pocket expenses towards legal or inspection costs, travelling and other costs, shall be solely borne by the Company.

In addition to the above terms of carrying out the due diligence, the Debenture Trustee Agreement provides for, inter alia, the following terms and conditions:

- (a) The Company undertakes to promptly furnish all and any information as may be required by the Debenture Trustee in terms of the Companies Act and the Debenture Trust Deed on a regular basis, including without limitation the following documents, as may be applicable
- (b) The Debenture Trustee does not have the obligations of a borrower or a principal debtor or a guarantor as to the monies paid/invested by investors for the NCDs.

Process of Due Diligence to be carried out by the Debenture Trustee

Due Diligence will be carried out as per SEBI (Debenture Trustees) Regulations, 1993, SEBI NCS Regulations and circulars issued by SEBI from time to time. This would broadly include the following:

- A Chartered Accountant (“CA”) appointed by Debenture Trustee will conduct independent due diligence as per scope provided, regarding security offered by the Issuer.
- CA will ascertain, verify, and ensure that the assets offered as security by the Issuer is free from any encumbrances or necessary permission / consent / NOC has been obtained from all existing charge holders.
- CA will conduct independent due diligence on the basis of data / information provided by the Issuer.
- CA will, periodically undertake due diligence as envisaged in SEBI circulars depending on the nature of security.
- On basis of the CA’s report / finding Due Diligence certificate will be issued by Debenture Trustee and will be filed with relevant Stock Exchange.
- Due Diligence conducted is premised on data / information made available to the Debenture Trustee appointed agency and there is no onus of responsibility on Debenture Trustee or its appointed agency for any acts of omission/ commission on the part of the Issuer.

While the Debt Security is secured as per terms of the Offer Document and charge is held in favour of the Debenture Trustee, the extent of recovery would depend upon realization of asset value and the Debenture Trustee in no way guarantees / assures full recovery / partial of either principal or interest.

Other Confirmations

The Debenture Trustee confirms that they have undertaken the necessary due diligence in accordance with Applicable Law, including the SEBI (Debenture Trustees) Regulations, 1993, read with the SEBI circulars titled (i) “Creation of Security in issuance of listed debt securities and ‘due diligence’ by debenture trustee(s)” dated November 3, 2020; and (ii) “Monitoring and Disclosures by Debenture Trustee(s)” dated November 12, 2020.

The Debenture Trustee undertakes that the NCDs shall be considered as secured only if the charged asset is registered with sub-registrar and Registrar of Companies or CERSAI or depository, etc., as applicable, or is independently verifiable by the Debenture Trustee.

TERMS OF THE ISSUE

Authority for the Issue

At the meeting of the Board of Directors of our Company held on March 23, 2022, the Board of Directors approved the issuance of NCDs of the face value ₹ 1,000 each, for an amount up to ₹ 1,500 crores. Further, the present borrowing is within the borrowing limits of ₹ 20,000 crores under Section 180(1)(c) of the Companies Act, 2013 duly approved by the members of our Company vide their resolution passed at the Annual General Meeting held on July 30, 2021.

The NCDs pursuant to this Issue will be issued on terms and conditions as set out in the relevant Tranche Prospectus for each Tranche Issue.

Principal Terms & Conditions of the Issue

The NCDs being offered as part of the Issue are subject to the provisions of the SEBI NCS Regulations, the relevant provisions of the Companies Act, 2013, the Memorandum and Articles of Association of our Company, the terms of the Draft Shelf Prospectus, this Shelf Prospectus, the relevant Tranche Prospectus, the Abridged Prospectus, the Application Forms, the terms and conditions of the Debenture Trust Agreement and the Debenture Trust Deed, other applicable statutory and/or regulatory requirements including those issued from time to time by SEBI/the Government of India/BSE/NSE, RBI, and/or other statutory/regulatory authorities relating to the offer, issue and listing of securities and any other documents that may be executed in connection with the NCDs.

Ranking of NCDs

The NCDs would constitute secured and senior obligations of our Company and subject to any obligations under applicable statutory and/or regulatory requirements, shall also, with regard to the amount invested, thereof shall be secured by way of exclusive charge by way of hypothecation of identified book debts of the Company, created in favour of the Debenture Trustee, as specifically set out in and fully described in the Debenture Trust Deed, such that a security cover to the extent of 1.10 times of the outstanding principal amounts of the NCDs and all interest due and payable thereon is maintained at all times until the Maturity Date. We have received necessary consents from the relevant debenture trustees and security trustees for creating an exclusive charge in favour of the Debenture Trustee in relation to the NCDs.

Our Company is required to obtain permissions or consents from the prior creditors for proceeding with this Issue. Pursuant to SEBI Circular no. SEBI/HO/MIRSD/CRADT/CIR/P/2020/218 dated November 3, 2020, our Company undertakes, *inter alia*, that the assets on which charge is created are free from any encumbrances and if the assets are already charged, the permissions or consent to create second or pari passu charge on the assets of the Issuer have been obtained from the earlier creditors. Our Company has applied to the prior creditors for such permissions or consents and has received such permissions or consents from all prior creditors.

Security

The principal amount of the NCDs to be issued in terms of this Shelf Prospectus together with all interest due and payable on the NCDs, thereof shall be secured by an exclusive charge by way of hypothecation of identified book debts of the Company, created in favour of the Debenture Trustee, as specifically set out in and fully described in the Debenture Trust Deed, such that a security cover to the extent of 1.10 times of the outstanding principal amounts of the NCDs and all interest due and payable thereon in respect of the NCDs is maintained at all times as security until the Maturity Date. We have received necessary consents from the relevant debenture trustees and security trustees for creating an exclusive charge in favour of the Debenture Trustee in relation to the NCDs.

Our Company intends to enter into an indenture/deed with the Debenture Trustee, (“**Debenture Trust Deed**”) terms of which will govern the powers, authorities and obligations of the Debenture Trustee. Our Company proposes to complete the execution and registration of the Debenture Trust Deed within the stipulated timeframe and shall utilize the funds only after the stipulated security has been created. Under the terms of the Debenture Trust Deed, our Company will covenant with the Debenture Trustee that it will pay the NCD Holders the principal amount on the NCDs on the relevant redemption date and also that it will pay the interest due on NCDs on the rate specified in the relevant Tranche Prospectus for each Tranche Issue and in the Debenture Trust Deed. The Debenture Trust Deed will also provide that our Company may withdraw any portion of the security and replace with another asset of the same or a higher value.

Without prejudice to the aforesaid, in the event our Company fails to execute the Debenture Trust Deed within the period

specified in Regulation 18(1) of the SEBI NCS Regulations or such other time frame as may be stipulated from time-to-time, our Company shall also pay interest of at least 2% (two per cent) per annum to the NCD holders, over and above the interest rate on the NCDs specified in the relevant Tranche Prospectus for each Tranche Issue, till the execution of the Debenture Trust Deed.

Debenture Redemption Reserve

In accordance with the Companies Act, 2013, and the Companies (Share Capital & Debentures) Rules 2014, read with Rule 16 of the SEBI NCS Regulations, any non-banking finance company that intends to issue debentures to the public is not required to create a DRR for the purpose of redemption of debentures.

Our Company shall, as per the Companies (Share Capital & Debentures) Rules 2014 and other laws applicable from time to time, invest or deposit, as the case may be, the applicable amounts, within the specified timelines, in respect of debentures maturing during the year ending on the 31st day of March of the next year, in any one or more methods of investments or deposits stipulated under the applicable law. Provided that the amount remaining invested or deposited, as the case may be, shall not at any time fall below the specified percentage, which is presently stipulated at 15% (fifteen percent) of the amount of the debentures maturing during the year ending on March 31 of the next year, in any of the following instruments or such other instruments as may be permitted under the applicable laws.

1. in deposits with any scheduled bank, free from any charge or lien;
2. in unencumbered securities of the Central Government or any State Government;
3. in unencumbered securities mentioned in sub-clause (a) to (d) and (ee) of section 20 of the Indian Trusts Act, 1882;
4. in unencumbered bonds issued by any other company which is notified under sub-clause (f) of section 20 of the Indian Trusts Act, 1882:

Provided further that the amount invested or deposited as above shall not be used for any purpose other than for redemption of debentures maturing during the year referred above.

Face Value

The face value of each NCD shall be ₹1,000.

Trustees for the NCD Holders

Our Company has appointed Catalyst Trusteeship Services Limited to act as the Debenture Trustee for the NCD Holders in terms of Regulation 8 of the SEBI NCS Regulations and Section 71 (5) of the Companies Act, 2013 and the rules prescribed thereunder. Our Company and the Debenture Trustee will execute a Debenture Trust Deed, *inter alia*, specifying the powers, authorities and obligations of the Debenture Trustee and us. The NCD Holder(s) shall, without further act or deed, be deemed to have irrevocably given their consent to the Debenture Trustee or any of its agents or authorized officials to do all such acts, deeds, matters and things in respect of or relating to the NCDs as the Debenture Trustee may in its absolute discretion deem necessary or require to be done in the interest of the NCD Holder(s). Any payment made by us to the Debenture Trustee on behalf of the NCD Holder(s) shall discharge us *pro tanto* to the NCD Holder(s).

The Debenture Trustee will protect the interest of the NCD Holders in the event of default by us in regard to timely payment of interest and repayment of principal and they will take necessary action at our cost.

- xxii. Cross default where other lender(s) have declared the Company to be in default;
- xxiii. Revocation of business, operating license and/or any other material contract of the Company; and
- xxiv. Any other event described as an Event of Default in the Draft Shelf Prospectus, this Shelf Prospectus, the relevant Tranche Prospectus and the Transaction Documents.

Any event of default shall be called by the Debenture Trustee, upon request in writing of or by way of resolution passed by holders of 75% (seventy five percent) of the outstanding nominal value of all NCDs at any point of time, as set out in the Debenture Trust Deed, except for any default relating to points i, ii, iii and iv under the "Indicative list of Events of Default" given above, where no such consent/ resolution of NCD holders will be required for calling of event of default.

In accordance with the circular (SEBI/HO/MIRSD/CRADT/CIR/P/2020/203) dated October 13, 2020 issued by SEBI on “Standardisation of procedure to be followed by Debenture Trustee(s) in case of ‘Default’ by Issuers of listed debt securities”, post the occurrence of a “default”, the consent of the NCD Holders for entering into an inter-creditor agreement (the “ICA”)/enforcement of security shall be sought by the debenture trustee after providing a notice to the investors in the manner stipulated under applicable law. Further, the meeting of the NCD Holders shall be held within the period stipulated under applicable law. In case(s) where majority of investors express their consent to enter into the ICA, the debenture trustee shall enter into the ICA on behalf of the investors upon compliance with the conditions as stipulated in the abovementioned circular. In case consents are not received for signing the ICA, the debenture trustee shall take further action, if any, as per the decision taken in the meeting of the investors. The consent of the majority of investors shall mean the approval of not less than 75% of the investors by value of the outstanding debt and 60% of the investors by number at the ISIN level.

Regulation 51 read with the Explanation to Clause A (11) in Part B of Schedule III of the SEBI Listing Regulations, defines ‘default’ as non-payment of interest or principal amount in full on the pre-agreed date which shall be recognized at the first instance of delay in the servicing of any interest or principal on debt.

It is hereby confirmed, in case of an occurrence of a “default”, the Debenture Trustee shall abide and comply with the procedures mentioned in the abovementioned circular (SEBI/HO/MIRSD/CRADT/CIR/P/2020/203) dated October 13, 2020 issued by SEBI.

NCD Holder not a Shareholder

The NCD Holders will not be entitled to any of the rights and privileges available to the equity and/or preference shareholders of our Company, except to the extent of the right to receive the annual reports of our Company and such other rights as may be prescribed under the Companies Act, 2013 and the rules prescribed thereunder and the SEBI Listing Regulations.

Rights of NCD Holders

Some of the significant rights available to the NCD Holders are as follows:

1. The NCDs shall not, except as provided in the Companies Act, 2013, our Memorandum and Articles of Association and/or the Debenture Trust Deed, confer upon the holders thereof any rights or privileges available to our Company’s members/shareholders including, without limitation, the right to attend and/or vote at any general meeting of our Company’s members/shareholders. However, if any resolution affecting the rights attached to the NCDs is to be placed before the members/shareholders of our Company, the said resolution will first be placed before the concerned registered NCD Holders for their consideration.
2. In terms of Section 136 (1) of the Companies Act, 2013, holders of NCDs shall be entitled to a copy of the balance sheet and copy of trust deed at the Registered Office of our Company during business hours.
3. Subject to the above and the applicable statutory/regulatory requirements and terms of the Debenture Trust Deed, including requirements of the RBI, the rights, privileges and conditions attached to the NCDs may be varied, modified and/or abrogated with the consent in writing of the holders of at least three-fourths of the outstanding amount of the NCDs or with the sanction of a special resolution passed at a meeting of the concerned NCD Holders, provided that nothing in such consent or resolution shall be operative against us, where such consent or resolution modifies or varies the terms and conditions governing the NCDs, if the same are not acceptable to us.
4. Subject to applicable statutory/regulatory requirements and terms of the Debenture Trust Deed, the registered NCD Holder or in case of joint-holders, the one whose name stands first in the register of debenture holders shall be entitled to vote in respect of such NCDs, either in person or by proxy, at any meeting of the concerned NCD Holders and every such holder shall be entitled to one vote on a show of hands and on a poll, his/her voting rights on every resolution placed before such meeting of the NCD Holders shall be in proportion to the outstanding nominal value of NCDs held by him/her.
5. The NCDs are subject to the provisions of the SEBI NCS Regulations, the Companies Act, 2013, the Memorandum and Articles of Association of our Company, the terms of the Draft Shelf Prospectus, this Shelf Prospectus, the relevant Tranche Prospectus for each Tranche Issue, the Application Forms, the terms and conditions of the Debenture Trust Deed, requirements of the RBI, other applicable statutory and/or regulatory requirements relating to the issue and listing, of securities and any other documents that may be executed in connection with the NCDs.

6. For the NCDs issued in dematerialized form, the Depositories shall also maintain the upto date record of holders of the NCDs in dematerialized Form. For NCDs in dematerialized form, all interest and principal sums becoming due and payable in respect of the NCDs will be paid to the person for the time being appearing in the register of beneficial owners of the Depository. In terms of Section 88(3) of the Companies Act, 2013, the register and index of beneficial of NCDs maintained by a Depository for any NCDs in dematerialized form under Section 11 of the Depositories Act shall be deemed to be a Register of NCD Holders for this purpose. The same shall be maintained at the registered office of our Company under Section 94 of the Companies Act, 2013 unless the same has been moved to another location after obtaining the consent of the NCD holders.
7. Subject to compliance with RBI requirements, the NCDs can be rolled over only with the consent of the holders of at least 75% of the outstanding amount of the NCDs after providing 15 days prior notice for such roll over and in accordance with the SEBI NCS Regulations. Our Company shall redeem the debt securities of all the debt securities holders, who have not given their positive consent to the roll-over.

The aforementioned rights of the NCD holders are merely indicative. The final rights of the NCD holders will be as per the terms of this Shelf Prospectus and the Debenture Trust Deed.

Nomination facility to NCD Holder

In accordance with Section 72 of the Companies Act, 2013 (read with Rule 19 of the Companies (Share Capital and Debentures) Rules, 2014, the sole NCD holder, or first NCD holder, along with other joint NCD Holders' (being individual(s)), may nominate, in the **Form No. SH.13**, any one person with whom, in the event of the death of Applicant the NCDs were Allotted, if any, will vest. Where the nomination is made in respect of the NCDs held by more than one person jointly, all joint holders shall together nominate in **Form No.SH.13** any person as nominee. A nominee entitled to the NCDs by reason of the death of the original holder(s), will, in accordance with Rule 19 and Section 56 of the Companies Act, 2013, be entitled to the same benefits to which he or she will be entitled if he or she were the registered holder of the NCDs. Where the nominee is a minor, the NCD holder(s) may make a nomination to appoint, in **Form No. SH.14**, any person to become entitled to NCDs in the event of the holder's death during minority. A nomination will stand rescinded on a sale/transfer/alienation of NCDs by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or with the Registrar to the Issue.

NCD Holder(s) are advised to provide the specimen signature of the nominee to us to expedite the transmission of the NCD(s) to the nominee in the event of demise of the NCD Holder(s). The signature can be provided in the Application Form or subsequently at the time of making fresh nominations. This facility of providing the specimen signature of the nominee is purely optional.

In accordance with Section 72 (read with Rule 19 of the Companies (Share Capital and Debentures) Rules, 2014), any person who becomes a nominee by virtue of the Rule 19, will on the production of such evidence as may be required by the Board, elect either:

- to register himself or herself as holder of NCDs; or
- to make such transfer of the NCDs, as the deceased holder could have made.

Further, our Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the NCDs, and if the notice is not complied with, within a period of 90 days, our Board may thereafter withhold payment of all interests or other monies payable in respect of the NCDs, until the requirements of the notice have been complied with.

A nomination may be cancelled or varied by nominating any other person in place of the present nominee, by the Secured NCD Holder who has made the nomination, by giving a notice of such cancellation or variation in the prescribed manner as per applicable laws. The cancellation or variation shall take effect from the date on which the notice of such variation or cancellation is received.

Since the allotment of NCDs will be made only in dematerialized mode, there is no need to make a separate nomination with our Company. Nominations registered with the respective Depository Participant of the Applicant would prevail. If the investors require changing their nomination, they are requested to inform their respective Depository Participant.

Jurisdiction

Exclusive jurisdiction for the purpose of the Issue is with the competent courts of jurisdiction in Mumbai, Maharashtra.

Application in the Issue

Applicants shall apply in the Issue in dematerialised form only, through a valid Application Form filled in by the Applicant along with attachment, as applicable. Further, Applications in the Issue shall be made through the ASBA facility only (including Applications made by UPI Investors under the UPI Mechanism).

In terms of Regulation 7 of the SEBI NCS Regulations, our Company will make public issue of the NCDs in the dematerialised form only.

Form of Allotment and Denomination of NCDs

As per the SEBI NCS Regulations, the trading of the NCDs on the Stock Exchanges shall be in dematerialized form only in multiples of 1 (one) NCD (“**Market Lot**”). Allotment in the Issue to all Allottees, will be in electronic form i.e. in dematerialised form and in multiples of one NCD.

For details of allotment refer to chapter titled “*Issue Procedure*” beginning on page 501.

Transfer/Transmission of NCD(s)

The NCDs shall be transferred or transmitted freely in accordance with the applicable provisions of the Companies Act, 2013. The NCDs shall be transferred subject to and in accordance with the rules/procedures as prescribed by the Depositories and the relevant DPs of the transfer or transferee and any other applicable laws and rules notified in respect thereof. The transferee(s) should ensure that the transfer formalities are completed prior to the Record Date. In the absence of the same, interest will be paid/redemption will be made to the person, whose name appears in the register of debenture holders maintained by the Depositories. In such cases, claims, if any, by the transferees would need to be settled with the transferor(s) and not with the Issuer or Registrar.

The seller should give delivery instructions containing details of the buyer’s DP account to his depository participant.

Please see “*Terms of the Issue – Interest*” on page 491 for the implications on the interest applicable to NCDs held by Individual Investors on the Record Date and NCDs held by Non-Individual Investors on the Record Date.

Pursuant to the SEBI (Listing Obligations and Disclosure Requirements) (Fourth Amendment) Regulations, 2018 (“**SEBI LODR IV Amendment**”), NCDs held in physical form, pursuant to any rematerialisation, as above, cannot be transferred except by way of transmission or transposition, from December 4, 2018. However, any trading of the NCDs issued pursuant to the Issue shall be compulsorily in dematerialized form only.

Title

In case of:

- NCDs held in the dematerialised form, the person for the time being appearing in the register of beneficial owners maintained by the Depositories; and
- the NCDs held in physical form pursuant to rematerialization, the person for the time being appearing in the register of NCD Holders shall be treated for all purposes by our Company, the Debenture Trustee, the Depositories and all other persons dealing with such person, as the holder thereof and its absolute owner for all purposes whether or not it is overdue and regardless of any notice of ownership, trust or any interest in it or any writing on, theft or loss of the consolidated NCD certificates issued in respect of the NCDs and no person will be liable for so treating the NCD holder.

No transfer of title of an NCD will be valid unless and until entered on the register of NCD holders or the register of beneficial owners maintained by the Depositories prior to the Record Date. In the absence of transfer being registered, interest and/or maturity amount, as the case may be, will be paid to the person, whose name appears first in the register of the NCD Holders maintained by the Depositories and/or our Company and/or the Registrar, as the case may be. In such cases, claims, if any, by the purchasers of the NCDs will need to be settled with the seller of the NCDs and not with our Company or the Registrar. The provisions relating to transfer and transmission and other related matters in respect

of our Company's shares contained in the Articles of Association of our Company and the relevant provisions of the Companies Act, 2013, shall apply, mutatis mutandis (to the extent applicable) to the NCD(s) as well.

Procedure for rematerialisation of NCDs

NCD Holders who wish to hold the NCDs in physical form may do so by submitting a request to their DP at any time after Allotment in accordance with the applicable procedure stipulated by the DP, in accordance with the Depositories Act and/or rules as notified by the Depositories from time to time. Holders of the NCDs who propose to rematerialize their NCDs, would have to mandatorily submit details of their bank mandate along with a copy of any document evidencing that the bank account is in the name of the holder of such NCDs and their Permanent Account Number to our Company and the Depository Participant. No proposal for rematerialisation of NCDs would be considered if the aforementioned documents and details are not submitted along with the request for such rematerialisation.

Pursuant to the SEBI (Listing Obligations and Disclosure Requirements) (Fourth Amendment) Regulations, 2018 ("**SEBI LODR IV Amendment**"), NCDs held in physical form, pursuant to any rematerialisation, as above, cannot be transferred except by way of transmission or transposition, from December 4, 2018. However, any trading of the NCDs issued pursuant to the Issue shall be compulsorily in dematerialized form only.

Register of NCD Holders

No transfer of title of a NCD will be valid unless and until entered on the Register of NCD Holders (for re materialized NCDs) or the register and index of NCD Holders maintained by the Depository prior to the Record Date. In the absence of transfer being registered, interest and/or Redemption Amount, as the case may be, will be paid to the person, whose name appears first in the Register of NCD Holders maintained by the Depositories and/or our Company and/or the Registrar, as the case may be. In such cases, claims, if any, by the purchasers of the NCDs will need to be settled with the seller of the NCDs and not with our Company or the Registrar. The provisions relating to transfer and transmission and other related matters in respect of our Company's shares contained in the Articles of Association of our Company and the Companies Act shall apply, mutatis mutandis (to the extent applicable) to the NCDs as well.

Restriction on transfer of NCDs

There are no restrictions on transfers and transmission of NCDs allotted pursuant to the Issue. NCDs held in physical form, pursuant to any re-materialisation, as above, cannot be transferred except by way of transmission or transposition. However, any trading of the NCDs issued pursuant to the Issue shall be compulsorily in dematerialized form only.

Succession

Where NCDs are held in joint names and one of the joint holders dies, the survivor(s) will be recognized as the NCD Holder(s). It will be sufficient for our Company to delete the name of the deceased NCD Holder after obtaining satisfactory evidence of his death. Provided, a third person may call on our Company to register his name as successor of the deceased NCD Holder after obtaining evidence such as probate of a will for the purpose of proving his title to the debentures. In the event of demise of the sole or first holder of the Debentures, our Company will recognise the executors or administrator of the deceased NCD Holders, or the holder of the succession certificate or other legal representative as having title to the Debentures only if such executor or administrator obtains and produces probate or letter of administration or is the holder of the succession certificate or other legal representation, as the case may be, from an appropriate court in India. The directors of our Company in their absolute discretion may, in any case, dispense with production of probate or letter of administration or succession certificate or other legal representation. In case of death of NCD Holders who are holding NCDs in dematerialised form, third person is not required to approach our Company to register his name as successor of the deceased NCD Holder. The successor of the deceased NCD Holder shall approach the respective Depository Participant for this purpose and submit necessary documents as required by the Depository Participant.

Where a non-resident Indian becomes entitled to the NCDs by way of succession, the following steps have to be complied with:

1. Documentary evidence to be submitted to the Legacy Cell of the RBI to the effect that the NCDs were acquired by the non-resident Indian as part of the legacy left by the deceased NCD Holder.
2. Proof that the non-resident Indian is an Indian national or is of Indian origin.
3. Such holding by a non-resident Indian will be on a non-repatriation basis.

Joint-holders

Where two or more persons are holders of any NCD(s), they shall be deemed to hold the same as joint holders with benefits of survivorship subject to other provisions contained in the Articles of Association.

Please note that the Basis of Allotment under the Issue will be on date priority basis except on the day of oversubscription, if any, where the Allotment will be proportionate.

Interest/Premium and Payment of Interest/ Premium

Interest/ Coupon on NCDs

As specified in the relevant Tranche Prospectus for each Tranche Issue.

Basis of payment of Interest

The Tenor, Coupon Rate / Yield and Redemption Amount applicable for each Series of NCDs shall be determined at the time of Allotment of NCDs pursuant to the relevant Tranche Prospectus. NCDs once allotted under any particular Series of NCDs shall continue to bear the applicable Tenor, Coupon/Yield and Redemption Amount as at the time of original Allotment irrespective of the category of NCD Holder on any Record Date, and such tenor, coupon/ yield and redemption amount as at the time of original allotment will not be impacted by trading of any series of NCDs between the categories of persons or entities in the secondary market.

We may enter into an arrangement with one or more banks in one or more cities for direct credit of interest to the account of the Investors. In such cases, interest, on the interest payment date, would be directly credited to the account of those

Investors who have given their bank mandate.

We may offer the facility of NACH, NEFT, RTGS, Direct Credit and any other method permitted by RBI and SEBI from time to time to help NCD Holders. The terms of this facility (including towns where this facility would be available) would be as prescribed by RBI. Please see “*Manner of Payment of Interest / Refund*” at page 494.

Amount of interest payable shall be rounded off to the nearest Rupee. In the event, the interest / payout of total coupon / redemption amount is a fraction and not an integer, such amount will be rounded off to the nearest integer. By way of illustration if the redemption amount is ₹ 1,837.50 then the amount shall be rounded off to ₹ 1,838.

Taxation

Any tax exemption certificate/document must be lodged at the office of the Registrar at least 7 (seven) days prior to the Record Date or as specifically required, failing which tax applicable on interest will be deducted at source on accrual thereof in our Company's books and/or on payment thereof, in accordance with the provisions of the IT Act and/or any other statutory modification, enactment or notification as the case may be. A tax deduction certificate will be issued for the amount of tax so deducted.

As per clause (ix) of Section 193 of the I.T. Act, no tax is required to be withheld on any interest payable on any security issued by a company, where such security is in dematerialized form and is listed on a recognized stock exchange in India in accordance with the Securities Contracts (Regulation) Act, 1956 and the rules made thereunder. Accordingly, no tax will be deducted at source from the interest on listed NCDs held in the dematerialized form.

However in case of NCDs held in physical form, as per the current provisions of the IT Act, tax will not be deducted at source from interest payable on such NCDs held by the investor, if such interest does not exceed ₹ 5,000 in any Fiscal. If interest exceeds the prescribed limit of ₹ 5,000 on account of interest on the NCDs, then the tax will be deducted at applicable rate. However in case of NCD Holders claiming non-deduction or lower deduction of tax at source, as the case may be, the NCD Holder should furnish either (a) a declaration (in duplicate) in the prescribed form i.e. (i) Form 15H which can be given by individuals who are of the age of 60 years or more (ii) Form 15G which can be given by all applicants (other than companies, and firms), or (b) a certificate, from the Assessing Officer which can be obtained by all applicants (including companies and firms) by making an application in the prescribed form i.e. Form No.13. The aforesaid documents, as may be applicable, should be submitted at the office of the Registrar to the Issue quoting the name of the sole/ first NCD Holder, NCD folio number and the distinctive number(s) of the NCD held, at least seven days prior to the Record Date to ensure non-deduction/lower deduction of tax at source from interest on the NCD. The investors need to submit Form 15H/ 15G/certificate in original with the Assessing Officer for each Fiscal during the currency of the NCD to ensure non-deduction or lower deduction of tax at source from interest on the NCD.

If the Interest Payment Date falls on a day other than a Working Day, the interest payment shall be made by our Company on the immediately succeeding Working Day and calculation of such interest payment shall be as per original schedule as if such Interest Payment Date were a Working Day, in accordance with the Working Day Convention. Payment of interest would be subject to the deduction as prescribed in the I.T. Act or any statutory modification or re-enactment thereof for the time being in force, as applicable.

Subject to the terms and conditions in connection with computation of applicable interest on the Record Date as stated in the section titled “Issue Procedure” on page 501, please note that in case the NCDs are transferred and/or transmitted in accordance with the provisions of this Shelf Prospectus read with the provisions of the Articles of Association of our Company, the transferee of such NCDs or the deceased holder of NCDs, as the case may be, shall be entitled to any interest which may have accrued on the NCDs.

Mode of payment of Interest to NCD Holders

Payment of interest will be made (i) in case of NCDs in dematerialised form, the persons who, for the time being appear in the register of beneficial owners of the NCDs as per the Depositories, as on the Record Date and (ii) in case of NCDs in physical form on account of re-materialization, to the persons whose names appear in the register of debenture holders maintained by us (or to first holder in case of joint-holders) as on the Record Date.

We may enter into an arrangement with one or more banks in one or more cities for direct credit of interest to the account of the NCD Holders. In such cases, interest, on the interest payment date, would be directly credited to the account of those investors who have given their bank mandate.

We may offer the facility of NACH, NEFT, RTGS, Direct Credit and any other method permitted by RBI and SEBI from time to time to effect payments to NCD Holders. The terms of this facility (including towns where this facility would be available) would be as prescribed by RBI. For further details, see the “*Terms of the Issue - Manner of Payment of Interest / Refund / Redemption*” beginning on page 494.

Day Count Convention

Interest shall be computed on an actual/actual basis on the principal outstanding on the NCDs as per the SEBI Operational Circular.

Effect of holidays on payments

If the Interest Payment Date falls on a day other than a Working Day (Sundays or holidays of commercial banks in Mumbai), the interest payment as due and payable on such day shall be made by our Company on the immediately succeeding Working Day and calculation of such interest payment shall be as per original schedule as if such Interest Payment Date were a Working Day. Further, the future Interest Payment Dates shall remain intact as per the originally stipulated schedule and shall not be changed because of postponement of such interest payment on account of it falling on a non-Working Day. Payment of interest will be subject to the deduction of tax as per Income Tax Act or any statutory modification or re-enactment thereof for the time being in force, as applicable.

If Redemption Date (also being the last Interest Payment Date) falls on a day that is not a Working Day, the Redemption Amount shall be paid by our Company on the immediately preceding Working Day along with interest accrued on the NCDs until but excluding the date of such payment. The interest/redemption payments shall be made only on the days when the money market is functioning in Mumbai.

Illustration for guidance in respect of the day count convention and effect of holidays on payments:

The illustration for guidance in respect of the day count convention and effect of holidays on payments, as required by SEBI Operational Circular will be disclosed in the relevant Tranche Prospectus.

Maturity and Redemption

As specified in the relevant Tranche Prospectus.

Put / Call Option

As specified in the relevant Tranche Prospectus.

Deemed Date of Allotment

The date on which our Board of Directors or the committee thereof approves the Allotment of the NCDs for the Issue. The actual Allotment of NCDs may take place on a date other than the Deemed Date of Allotment. All benefits relating to the NCDs including interest on NCDs (as specified in the relevant Tranche Prospectus) shall be available to the Debenture holders from the deemed date of allotment.

Application in the Issue

NCDs being issued through this Shelf Prospectus can be applied for, through a valid Application Form filled in by the applicant along with attachments, as applicable. Further, Applications in this Issue shall be made through the ASBA facility only.

In terms of Regulation 7 of SEBI NCS Regulations, our Company will make public issue of the NCDs in the dematerialised form only.

However, in the terms of Section 8(1) of the Depositories Act, our Company at the request of the Investors who wish to hold the NCDs in physical form will rematerialise the NCDs. However, trading of the NCDs shall be compulsorily in dematerialised form only.

Application Size

Each Application should be for a minimum of 10 NCDs across all series collectively and multiples of one NCD thereof (for all series of NCDs taken individually or collectively). The minimum application size for each application for NCDs would be ₹10,000 across all series collectively and in multiples of ₹1,000 thereafter. Applicants can apply for any or all types of NCDs offered hereunder (any/all series) provided the Applicant has applied for minimum application size using the same Application Form.

Applicants are advised to ensure that applications made by them do not exceed the investment limits or maximum number of NCDs that can be held by them under applicable statutory and or regulatory provisions.

Terms of Payment

The entire issue price of ₹ 1,000 per NCD is payable on application itself. In case of allotment of lesser number of NCDs than the number of NCDs applied for, our Company shall instruct the SCSBs to unblock the excess amount blocked on application in accordance with the terms of this Shelf Prospectus(es).

Record Date

The date for payment of interest in connection with the NCDs or repayment of principal in connection therewith which shall be 15 trading days prior to the date of payment of interest, and/or the date of redemption under the relevant Tranche Prospectus. In case the Record Date falls on a day when the Stock Exchanges are having a trading holiday, the immediate subsequent trading day or a date notified by our Company to the Stock Exchanges, will be deemed as the Record Date.

Manner of Payment of Interest / Refund / Redemption*

The manner of payment of interest / refund / redemption in connection with the NCDs is set out below:

The bank details will be obtained from the Depositories for payment of Interest / refund / redemption as the case may be. Applicants are advised to keep their bank account details as appearing on the records of the depository participant updated at all points of time. Please note that failure to do so could result in delays in credit of Interest/ Redemption Amounts at the Applicant's sole risk, and the Lead Manager, our Company or the Registrar shall have no responsibility and undertake no liability for the same.

In case of NCDs held in physical form, on account of rematerialisation, the bank details will be obtained from the documents submitted to the Company along with the rematerialisation request. For further details, please see “- *Procedure for Re-materialisation of NCDs*” on page 489.

The Registrar to the Issue will issue requisite instructions to the relevant SCSBs to un-block amounts in the ASBA Accounts of the Applicants representing the amounts to unblocked for the Applicants.

The mode of interest / refund / redemption payments shall be undertaken in the following order of preference:

1. Direct Credit

Investors having their bank account with the Refund Bank, shall be eligible to receive refunds, if any, through direct credit. The refund amount, if any, would be credited directly to their bank account with the Refund Bank.

2. NACH

National Automated Clearing House which is a consolidated system of ECS. Payment would be done through NACH for Applicants having an account at one of the centres specified by the RBI, where such facility has been made available. This would be subject to availability of complete bank account details including Magnetic Ink Character Recognition (“MICR”) code wherever applicable from the depository. Payments through NACH are mandatory for Applicants having a bank account at any of the centres where NACH facility has been made available by the RBI (subject to availability of all information for crediting the refund through NACH including the MICR code as appearing on a cheque leaf, from the depositories), except where applicant is otherwise disclosed as eligible to get payments through NEFT or Direct Credit or RTGS.

3. RTGS

Applicants having a bank account with a participating bank and whose interest payment/ refund/ redemption amounts exceed ₹ 200,000, or such amount as may be fixed by RBI from time to time, have the option to receive payments

through RTGS. Such eligible Applicants who indicate their preference to receive interest payment/ refund/ redemption through RTGS are required to provide the IFSC code in the Application Form or intimate our Company and the Registrar to the Issue at least seven days prior to the Record Date. Charges, if any, levied by the Applicant's bank receiving the credit would be borne by the Applicant. In the event the same is not provided, interest payment/ refund/ redemption shall be made through NACH subject to availability of complete bank account details for the same as stated above.

4. NEFT

Payment of interest/ refunds/ redemption shall be undertaken through NEFT wherever the Applicants' banks have been assigned the Indian Financial System Code ("IFSC"), which can be linked to a MICR, if any, available to that particular bank branch. The IFSC Code will be obtained from the website of RBI as on a date immediately prior to the date of payment of refund, duly mapped with MICR numbers. Wherever the Applicants have registered their nine digit MICR number and their bank account number while opening and operating the demat account, the same will be duly mapped with the IFSC Code of that particular bank branch and the payment of interest/ refund/ redemption will be made to the applicants through this method.

5. Registered Post/Speed Post

For all other applicants, including those who have not updated their bank particulars with the MICR code, the interest payment / refund / redemption orders shall be dispatched through speed post/registered post.

Please note that applicants are eligible to receive payments through the modes detailed in (1), (2) (3), and (4) herein above provided they provide necessary information for the above modes and where such payment facilities are allowed / available.

Please note that our Company shall not be responsible to the holder of NCDs, for any delay in receiving credit of interest / refund / redemption so long as our Company has initiated the process of such request in time.

In case of ASBA Applicants, the Registrar to the Issue will issue requisite instructions to the relevant SCSBs to unblock amounts in the ASBA Accounts of the Applicants representing the amounts to be refunded to the Applicants.

6. The Registrar to the Issue shall instruct the relevant SCSB or in case of Bids by Retail Individual Investors applying through the UPI Mechanism to the Sponsor Bank, to revoke the mandate and to unblock the funds in the relevant ASBA Account to the extent of the Application Amount specified in the Application Forms for withdrawn, rejected or unsuccessful or partially successful Applications within six Working Days of the Tranche I Issue Closing Date.

Printing of Bank Particulars on Interest/redemption Warrants

As a matter of precaution against possible fraudulent encashment of refund orders and interest/redemption warrants due to loss or misplacement, the particulars of the Applicant's bank account are mandatorily required to be given for printing on the orders/ warrants. NCDs applied and held in dematerialized form, these particulars would be taken directly from the depositories. In case of NCDs held in physical form on account of rematerialisation, the NCD Holders are advised to submit their bank account details with our Company/ Registrar to the Issue at least seven days prior to the Record Date failing which the orders/ warrants. Bank account particulars will be printed on the orders/ warrants which can then be deposited only in the account specified.

Loan against NCDs

Pursuant to RBI Circular dated June 27, 2013, our Company, being an NBFC, is not permitted to extend any loans against the security of its NCDs.

Buy Back of NCDs

Our Company may, at its sole discretion, from time to time, consider, subject to applicable statutory and/or regulatory requirements, buyback of NCDs, upon such terms and conditions as may be decided by our Company.

Our Company may from time to time invite the NCD Holders to offer the NCDs held by them through one or more buy-back schemes and/or letters of offer upon such terms and conditions as our Company may from time to time determine, subject to applicable statutory and/or regulatory requirements. Such NCDs which are bought back may be extinguished,

re-issued and/or resold in the open market with a view of strengthening the liquidity of the NCDs in the market, subject to applicable statutory and/or regulatory requirements.

Form and Denomination of NCDs

In case of NCDs held in physical form on account of rematerialisation, a single certificate will be issued to the NCD Holder for the aggregate amount of the NCDs held ("**Consolidated Certificate**"). The Applicant can also request for the issue of NCD certificates in denomination of one NCD ("**Market Lot**"). In case of NCDs held under different Options, by an NCD Holder, separate Consolidated Certificates will be issued to the NCD Holder for the aggregate amount of the NCDs held under each Option.

It is, however, distinctly to be understood that the NCDs pursuant to this issue shall be traded only in dematerialized form.

In respect of Consolidated Certificates, only upon receipt of a request from the NCD Holder, the Consolidated Certificates would be split into smaller denominations, subject to the minimum of Market Lot. No fee would be charged for splitting of NCD certificates in Market Lots, but stamp duty payable, if any, would be borne by the NCD Holder. The request for splitting should be accompanied by the original NCD certificate, which would then be treated as cancelled.

Procedure for redemption by NCD Holders

The procedure for redemption is set out below:

NCDs held in electronic form

No action is required on the part of NCD Holder(s) at the time of redemption of NCDs.

Payment on redemption

The manner of payment of redemption is set out below:

NCDs held in physical form on account of re-materialization

The payment on redemption of the NCDs will be made by way of cheque/pay order/ electronic modes. However, if our Company so requires, the aforementioned payment would only be made on the surrender of NCD certificates, duly discharged by the sole holder/ all the joint-holders (signed on the reverse of the NCD certificates). Dispatch of cheques/ pay orders, etc. in respect of such payment will be made on the redemption date or (if so requested by our Company in this regard) within a period of 30 days from the date of receipt of the duly discharged NCD certificate.

In case we decide to do so, the redemption proceeds in the manner stated above would be paid on the redemption date to those NCD Holders whose names stand in the register of debenture holders maintained by us on the Record Date fixed for the purpose of Redemption. Hence the transferees, if any, should ensure lodgment of the transfer documents with us at least seven days prior to the Record Date. In case the transfer documents are not lodged with us at least 7 days prior to the Record Date and we dispatch the redemption proceeds to the transferor, claims in respect of the redemption proceeds should be settled amongst the parties inter se and no claim or action shall lie against us or the Registrar to the Issue.

Our liability to NCD Holders towards their rights including for payment or otherwise shall stand extinguished from the redemption in all events and when we dispatch the redemption amounts to the NCD Holders.

NCDs held in electronic form

On the redemption date, redemption proceeds would be paid by cheque /pay order / electronic mode to those NCD Holders whose names appear on the list of beneficial owners given by the Depositories to us. These names would be as per the Depositories' records on the Record Date fixed for the purpose of redemption. These NCDs will be simultaneously extinguished to the extent of the amount redeemed through appropriate debit corporate action upon redemption of the corresponding value of the NCDs. It may be noted that in the entire process mentioned above, no action is required on the part of NCD Holders.

Our liability to NCD Holder(s) towards his/their rights including for payment or otherwise shall stand extinguished from the date of redemption in all events and when we dispatch the redemption amounts to the NCD Holder(s).

Further, we will not be liable to pay any interest, income or compensation of any kind from the date of redemption of the NCD(s).

Right to Reissue NCD(s)

Subject to the provisions of the Companies Act, 2013, where we have fully redeemed or repurchased any NCD(s), we shall have and shall be deemed always to have had the right to keep such NCDs in effect without extinguishment thereof, for the purpose of resale or reissue and in exercising such right, we shall have and be deemed always to have had the power to resell or reissue such NCDs either by reselling or reissuing the same NCDs or by issuing other NCDs in their place. The aforementioned right includes the right to reissue original NCDs.

Transfer/ Transmission of NCDs

For NCDs held in physical form on account of rematerialisation

The NCDs shall be transferred or transmitted freely in accordance with the applicable provisions of Companies Act, 2013 applicable as on the date of this Shelf Prospectus and all other applicable laws. The provisions relating to transfer and transmission and other related matters in respect of our shares contained in the Articles and the relevant provisions of the Companies Act, 2013 applicable as on the date of this Shelf Prospectus, and all applicable laws including FEMA and the rules and regulations thereunder, shall apply, mutatis mutandis (to the extent applicable to debentures) to the NCDs as well. In respect of the NCDs held in physical form on account of rematerialisation, a common form of transfer shall be used for the same. The NCDs held in dematerialised form shall be transferred subject to and in accordance with the rules/ procedures as prescribed by NSDL/CDSL and the relevant Depository Participants of the transferor and the transferee and any other applicable laws and rules notified in respect thereof. The transferees should ensure that the transfer formalities are completed prior to the Record Date. In the absence of the same, interest will be paid/ redemption will be made to the person, whose name appears in the register of debenture holders or the records as maintained by the Depositories. In such cases, claims, if any, by the transferees would need to be settled with the transferors and not with the Issuer or Registrar.

For NCDs held in electronic form

The normal procedure followed for transfer of securities held in dematerialised form shall be followed for transfer of the NCDs held in electronic form. The seller should give delivery instructions containing details of the buyer's Depository Participant account to his depository participant.

In case the transferee does not have a Depository Participant account, the transferor can rematerialise the NCDs and thereby convert his dematerialised holding into physical holding. Thereafter these NCDs can be transferred in the manner as stated above for transfer of NCDs held in physical form.

Any trading of the NCDs issued pursuant to this Issue shall be compulsorily in dematerialised form only.

Sharing of Information

Our Company may, at its option, use on our own, as well as exchange, share or part with any financial or other information about the NCD Holders available with us, with our subsidiaries, if any and affiliates and other banks, financial institutions, credit bureaus, agencies, statutory bodies, as may be required and neither we or our affiliates nor their agents shall be liable for use of the aforesaid information.

Notices

All notices to the NCD Holder(s) required to be given by us or the Debenture Trustee shall be published in one English language newspaper having wide circulation and one regional language daily newspaper at the place where the registered office of the Company is situated and/or will be sent by speed post/ courier or through email or other electronic media to the Registered Holders of the NCD(s) from time to time.

Future Borrowings

Our Company will be entitled to borrow/raise loans or avail of financial assistance in whatever form as also to issue debentures/ NCDs/other securities in any manner by creating a charge on any assets, subject to applicable consents,

approvals or permissions that may be required under any statutory/regulatory/contractual requirement as may be required under applicable law or existing financing agreements, including any intimation, if applicable under the Transaction Documents, provided stipulated security cover is maintained on the NCDs and after obtaining the consent of, or intimation to, the NCD Holders or the Debenture Trustee and compliance with other terms of the Transaction Documents.

Impersonation

As a matter of abundant caution, attention of the Investors is specifically drawn to the provisions of sub-section(1) of Section 38 of the Companies Act, 2013 which is reproduced below:

“Any person who- (a) makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or (b) makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or (c) otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name, shall be liable for action under Section 447 of the Companies Act, 2013.”

The liability prescribed under Section 447 of the Companies Act 2013 for fraud involving an amount of at least ₹ 10 lakh or 1.00% of the turnover of our Company, whichever is lower, includes imprisonment for a term which shall not be less than six months extending up to 10 years (provided that where the fraud involves public interest, such term shall not be less than three years) and fine of an amount not less than the amount involved in the fraud, extending up to three times of such amount. In case the fraud involves (i) an amount which is less than ₹ 10 lakh or 1.00% of the turnover of our Company, whichever is lower; and (ii) does not involve public interest, then such fraud is punishable with an imprisonment for a term extending up to five years or a fine of an amount extending up to ₹50 lakh or with both.

Pre-closure

Our Company, in consultation with the Lead Manager reserves the right to close the Issue at any time prior to the Issue Closing Date, subject to receipt of minimum subscription or as may be specified in this Shelf Prospectus. Our Company shall allot NCDs with respect to the Applications received until the time of such pre-closure in accordance with the Basis of Allotment as described hereinabove and subject to applicable statutory and/or regulatory requirements. In the event of such early closure of the Issue, our Company shall ensure that public notice of such early closure is published on or before such early date of closure is published on or before such early date of closure or the Issue Closing Date, as applicable, through advertisement(s) in all those newspapers in which pre-issue advertisement have been given.

Minimum subscription

In terms of the SEBI NCS Regulations, for an issuer undertaking a public issue of debt securities the minimum subscription for public issue of debt securities shall be 75% of the Base Issue Size. If our Company does not receive the minimum subscription of 75% of Base Issue Size, prior to the Issue Closing Date the entire Application Amount shall be unblocked in the relevant ASBA Account(s) of the Applicants within 8 Working Days from the Issue Closing Date provided wherein, the Application Amount has been transferred to the Public Issue Account from the respective ASBA Accounts, such Application Amount shall be refunded from the Refund Account to the relevant ASBA Accounts(s) of the Applicants within 6 Working Days from the Issue Closing Date, failing which our Company will become liable to refund the Application Amount along with interest at the rate 15 (fifteen) percent per annum for the delayed period.

Under Section 39(3) of the Companies Act, 2013 and Rule 11(2) of the Companies (Prospectus and Allotment of Securities) Rules, 2014 if the stated minimum subscription amount is not received within the specified period, the application money received is to be credited only to the bank account from which the subscription was remitted. To the extent possible, where the required information for making such refunds is available with our Company and/or Registrar, refunds will be made to the account prescribed. However, where our Company and/or Registrar does not have the necessary information for making such refunds, our Company and/or Registrar will follow the guidelines prescribed by SEBI in the SEBI Operational Circular.

Market Lot and Trading Lot

The NCDs shall be allotted in dematerialized form. As per the SEBI NCS Regulations, the trading of the NCDs is in dematerialised form and the tradable lot is one NCD.

Please note that the NCDs shall cease to trade from the Record Date (for payment of the principal amount and the applicable interest for such NCDs) prior to redemption of the NCDs.

Allotment in this Issue will be in electronic form multiples of one NCD. For further details of Allotment, see the “*Issue Procedure*” beginning on page 501.

Utilisation of Application Amount

The sum received in respect of the Issue will be kept in separate bank account(s) and we will have access to such funds only upon allotment of the NCDs, execution of Debenture Trust Deeds and on receipt of listing and trading approval from the Stock Exchanges as per applicable provisions of law(s), regulations and approvals.

Utilisation of Issue Proceeds

Our Board of Directors certifies that:

- (i) all monies received out of the Issue of the NCDs to the public shall be transferred to a separate bank account maintained with a scheduled bank, other than the bank account referred to in section 40(3) of the Companies Act 2013 and the SEBI NCS Regulations, and our Company will comply with the conditions as stated therein, and these monies will be transferred to Company’s bank account after receipt of listing and trading approvals;
- (ii) the allotment letter shall be issued, or application money shall be refunded in accordance with the Applicable Law failing which interest shall be due to be paid to the applicants at the rate of 15% per annum for the delayed period
- (iii) details of all monies utilised out of the Issue referred to in sub-item (i) shall be disclosed under an appropriate separate head in our balance sheet indicating the purpose for which such monies were utilised;
- (iv) details of all unutilised monies out of the Issue referred to in sub-item (i), if any, shall be disclosed under an appropriate separate head in our balance sheet indicating the form of financial assets in which such unutilised monies have been invested;
- (v) we shall utilize the Issue proceeds only upon creation of security as stated in this Shelf Prospectus in the section titled “*Terms of the Issue*” on page 484 and after (a) permissions or consents for creation of charge over the assets of the Company and for further raising of funds have been obtained from the creditors; (b) receipt of the minimum subscription of 75% of the Base Issue Size pertaining to the Issue; (c) completion of Allotment and refund process in compliance with Section 40 of the Companies Act, 2013; (d) creation of security and confirmation of the same in terms of NCDs and (e) receipt of listing and trading approval from Stock Exchanges;
- (vi) the Issue proceeds shall not be utilized towards full or part consideration for the purchase or any other acquisition, *inter alia* by way of a lease, of any property;
- (vii) the Issue proceeds shall be utilized in compliance with various guidelines, regulations and clarifications issued by RBI, SEBI or any other statutory authority from time to time. Further the Issue proceeds shall be utilised only for the purpose and objects stated in the Offer Documents; and
- (viii) If Allotment is not made, application monies will be refunded/unblocked in the ASBA Accounts within 6 Working Days from the Issue Closing Date or such lesser time as specified by SEBI, failing which interest will be due to be paid to the Applicants in accordance with applicable laws.

Filing of the Shelf Prospectus and the relevant Tranche Prospectus with the RoC

A copy of the Shelf Prospectus and the relevant Tranche Prospectus will be filed with the RoC, in accordance with Section 26 and Section 31 of Companies Act, 2013.

Pre-Issue Advertisement

Subject to Section 30 of the Companies Act, 2013, our Company will issue a statutory advertisement on or before the Issue Opening Date. This advertisement will be issued in compliance with the Regulation 30(1) of SEBI NCS Regulations and shall contain the information as prescribed in the SEBI NCS Regulations and Section 30 of the Companies Act, 2013.

Material updates, if any, between the date of filing of the Shelf Prospectus and the relevant Tranche Prospectus with ROC and the date of release of the statutory advertisement will be included in the statutory advertisement information as

prescribed under SEBI NCS Regulations.

Payment of Interest

If Allotment is not made within the prescribed time period under applicable law, the entire subscription amount will be unblocked within the time prescribed under applicable law, failing which interest may be due to be paid to the Applicants, for the delayed period, as prescribed in applicable law. Our Company shall not be liable to pay any interest on monies liable to be refunded in case of (a) invalid applications or applications liable to be rejected, (b) applications which are withdrawn by the Applicant and/or (c) monies paid in excess of the amount of NCDs applied for in the Application Form. For further details, see “*Issue Procedure - Rejection of Applications*” beginning on page 527.

Listing

The NCDs offered through this Shelf Prospectus are proposed to be listed on BSE and the NSE. Our Company has obtained an ‘in-principle’ approval for the Issue from the BSE *vide* their letter bearing reference number DCS/BM/PI-BOND/013/22-23 dated October 3, 2022 and from NSE *vide* their letter bearing reference number NSE/LIST/D/2022/0142 dated October 3, 2022. For the purposes of the Issue, NSE shall be the Designated Stock Exchange. Final Application for listing of the NCDs will be made to the Stock Exchanges in terms of SEBI NCS Regulations and the SEBI Operations Circular for each relevant Tranche Issue.

If permissions to deal in and for an official quotation of our NCDs are not granted by the Stock Exchanges, our Company will forthwith repay, without interest, all moneys received from the Applicants in pursuance of this Shelf Prospectus.

Our Company will use best efforts to ensure that all steps for the completion of the necessary formalities for listing and commencement of trading at the Stock Exchanges are taken within 6 Working Days of the Issue Closing Date. For the avoidance of doubt, it is hereby clarified that in the event of non-subscription to any one or more of the series, such series(s) of NCDs shall not be listed.

Guarantee/Letter of Comfort

The Issue is not backed by a guarantee or letter of comfort or any other document and/or letter with similar intent.

Monitoring and Reporting of Utilisation of Issue Proceeds

There is no requirement for appointment of a monitoring agency in terms of the SEBI NCS Regulations. The Audit Committee shall monitor the utilization of the proceeds of the Issue. For the relevant quarters, our Company will disclose in our quarterly financial statements, the utilization of the net proceeds of the Issue under a separate head along with details, if any, in relation to all such proceeds of the Issue that have not been utilized thereby also indicating investments, if any, of such unutilized proceeds of the Issue.

Lien

Our Company will have the right of set-off and lien, present as well as future on the moneys due and payable to the NCD Holder, to the extent of all outstanding dues, if any by the NCD Holder to our Company.

Lien on Pledge of NCDs

Subject to applicable law, our Company, at its discretion, may record a lien on pledge of NCDs if such pledge of NCDs is accepted by any bank or institution for any loan provided to the NCD Holder against pledge of such NCDs as part of the funding.

Recovery Expense Fund

Our Company shall create a recovery expense fund in the manner as specified by SEBI in circular no. SEBI/HO/MIRSD/CRADT/CIR/P/2020/207 dated October 22, 2020 as amended from time to time and Regulation 11 of the SEBI NCS Regulations with the Designated Stock Exchange and informed the Debenture Trustee regarding the creation of such fund. The recovery expense fund may be utilised by Debenture Trustee, in the event of default by our Company under the terms of the Debenture Trust Deed, for taking appropriate legal action to enforce the security.

ISSUE PROCEDURE

This section applies to all Applicants. Specific attention of all Applicants is invited to the SEBI Operational Circular, which provides, inter-alia, that for all public issues of debt securities all Applicants shall mandatorily use the ASBA facility for participating in the Issue. ASBA Applicants and Applicants applying through the Direct Online Application Mechanism (as defined hereinafter) should note that the ASBA process and the Direct Online Application Mechanism involve application procedures that are different from the procedure applicable to all other Applicants. Please note that all Applicants are required to pay the full Application Amount or ensure that the ASBA Account has sufficient credit balance such that the entire Application Amount can be blocked by the SCSB while making an Application. Method of Application

In terms of the SEBI Operational Circular an eligible investor desirous of applying in this Issue can make Applications through the ASBA mechanism only.

Applicants are requested to note that in terms of the SEBI Operational Circular, SEBI has mandated issuers to provide, through a recognized Stock Exchanges which offers such a facility, an online interface enabling direct application by investors to a public issue of debt securities with an online payment facility (“**Direct Online Application Mechanism**”).

All Applicants shall mandatorily apply in the Issue through the ASBA process only. Applicants intending to subscribe in the Issue shall submit a duly filled Application form to any of the Designated Intermediaries.

Designated Intermediaries (other than SCSBs) shall submit/deliver the Application Form (except the Application Form from a Retail Individual Investor bidding using the UPI mechanism) to the respective SCSB, where such investor has a bank account and shall not submit it to any non-SCSB bank or any Escrow Bank.

Applicants should submit the Application Form only at the Bidding Centres, i.e. to the respective Members of the Consortium at the Specified Locations, the SCSBs at the Designated Branches, the Registered Broker at the Broker Centres, the RTAs at the Designated RTA Locations or CDPs at the Designated CDP Locations. Kindly note that Application Forms submitted by Applicants at the Specified Locations will not be accepted if the SCSB with which the ASBA Account, as specified in the Application Form is maintained has not named at least one branch at that location for the Designated Intermediaries for deposit of the Application Forms. A list of such branches is available at <http://www.sebi.gov.in>.

The relevant Designated Intermediaries, upon receipt of physical Application Forms from Applicants, shall upload the details of these Application Forms to the online platform of the Stock Exchanges and submit these Application Forms with the SCSB (except Application Form from RIBs using the UPI Mechanism) with whom the relevant ASBA Accounts are maintained.

For RIBs using UPI Mechanism, the Stock Exchange shall share the bid details (including UPI ID) with the Sponsor Bank on a continuous basis to enable the Sponsor Bank to initiate UPI Mandate Request to RIBs for blocking of funds. An Applicant shall submit the Application Form, in physical form, the Application Form shall be stamped at the relevant Designated Branch of the SCSB. Application Forms in physical mode, which shall be stamped, can also be submitted to be the Designated Intermediaries at the Specified Locations. The SCSB shall block an amount in the ASBA Account equal to the Application Amount specified in the Application Form.

An Applicant shall submit the Application Form, which shall be stamped at the relevant Designated Branch of the SCSB. Application Forms in physical mode, which shall be stamped, can also be submitted to be the Designated Intermediaries at the Specified Locations. The SCSB shall block an amount in the ASBA Account equal to the Application Amount specified in the Application Form. Further, the Application may also be submitted through the app or web interface developed by Stock Exchanges wherein the Application is automatically uploaded onto the Stock Exchange bidding platform and the amount is blocked using the UPI mechanism, as applicable.

Our Company, the Directors, affiliates, associates and their respective directors and officers, Lead Manager and the Registrar to the Issue shall not take any responsibility for acts, mistakes, errors, omissions and commissions etc. in relation to ASBA Applications accepted by the Designated Intermediaries, Applications uploaded by SCSBs, Applications accepted but not uploaded by SCSBs or Applications accepted and uploaded without blocking funds in the ASBA Accounts. It shall be presumed that for Applications uploaded by SCSBs, the Application Amount has been blocked in the relevant ASBA Account. Further, all grievances against Designated Intermediaries in relation to the Issue should be made by Applicants directly to the relevant Stock Exchanges.

In terms of the SEBI Operational Circular, an eligible investor desirous of applying in this Issue can make Applications through the following modes:

1. Self-Certified Syndicate Bank (SCSB) or intermediaries (viz. Syndicate members, Registered Stock Brokers, Registrar and Transfer agent and Depository Participants)

- a. An investor may submit the bid-cum-application form, with ASBA as the sole mechanism for making payment, physically at the branch of a SCSB, i.e. investor's bank. For such applications, the existing process of uploading of bid on the Stock Exchanges bidding platform and blocking of funds in investors account by the SCSB would continue.
- b. An investor may submit the completed bid-cum-application form to intermediaries mentioned above along with details of his/her bank account for blocking of funds. The intermediary shall upload the bid on the Stock Exchanges bidding platform and forward the application form to a branch of a SCSB for blocking of funds.
- c. An investor may submit the bid-cum-application form with a SCSB or the intermediaries mentioned above and use his / her bank account linked UPI ID for the purpose of blocking of funds, if the application value is ₹5 Lakh or less. The intermediary shall upload the bid on the Stock Exchanges bidding platform. The application amount would be blocked through the UPI mechanism in this case.

2. Through Stock Exchanges

- a. An investor may submit the bid-cum-application form through the App or web interface developed by Stock Exchanges (or any other permitted methods) wherein the bid is automatically uploaded onto the Stock Exchanges bidding platform and the amount is blocked using the UPI Mechanism.
- b. The Stock Exchanges have extended their web-based platforms i.e. 'BSE Direct' to facilitate investors to apply in public issues of debt securities through the web based platform and mobile app with a facility to block funds through Unified Payments Interface (UPI) mechanism for application value upto ₹ 5 Lakh. To place bid through 'BSEDirect' platform and NSE goBID platform / mobile app the eligible investor is required to register himself/herself with BSE Direct/ NSE goBID.
- c. An investor may use the following links to access the web-based interface developed by the Stock Exchanges to

bid using the UPI Mechanism: BSE: <https://www.bsedirect.com>; and NSE: <https://www.nseindiaipo.com>.

- d. The BSE Direct and NSE goBID mobile application can be downloaded from play store in android phones. Kindly search for 'BSEdirect' or 'NSE goBID' on Google Playstore for downloading mobile applications
- e. To further clarify the submission of bids through the App or web interface, the BSE has issued operational guidelines and circulars dated December 28, 2020 available at <https://www.bseindia.com/markets/MarketInfo/DispNewNoticesCirculars.aspx?page=20201228-60>, and <https://www.bseindia.com/markets/MarketInfo/DispNewNoticesCirculars.aspx?page=20201228-61>. Similar circulars by NSE can be found here: x <https://www1.nseindia.com/content/circulars/IPO46907.zip> x <https://www1.nseindia.com/content/circulars/IPO46867.zip> Further, NSE has allowed its 'GoBid' mobile application which is currently available for placing bids for non-competitive bidding shall also be available for applications of public issues of debt securities.

Payment instructions

Payment mechanism for Applicants

An Applicant shall specify details of the ASBA Account Number in the Application Form and the relevant SCSB shall block an amount equivalent to the Application Amount in the ASBA Account specified in the Application Form.

An Applicant may submit the completed Application Form to designated intermediaries along with details of his/her bank account for blocking of funds. The intermediary shall upload the bid on the Designated Stock Exchanges bidding platform and forward the application form to a branch of a SCSB for blocking of funds.

An Applicant (belonging to Category IV) may also submit the Application Form with a SCSB or the intermediaries mentioned above and use his / her bank account linked UPI ID for the purpose of blocking of funds, if the application value is ₹5 lakh or less. The intermediary shall upload the bid on the Stock Exchanges bidding platform. The application amount would be blocked through the UPI Mechanism once the mandate request has been successfully accepted by the Applicant in this case.

An Applicant may submit the Application Form through the App or web interface developed by Stock Exchanges wherein

the bid is automatically uploaded onto the Stock Exchanges bidding platform and the amount is blocked using the UPI Mechanism once the mandate request has been successfully accepted by the Applicant.

Upon receipt of an intimation from the Registrar to the Issue, the SCSBs shall, on the Designated Date, transfer such blocked amount from the ASBA Account to the Public Issue Account in terms of the Public Issue Account and Sponsor Bank Agreement. The balance amount remaining after the finalisation of the Basis of Allotment shall be unblocked by the SCSBs on the basis of the instructions issued in this regard by the Registrar to the Issue to the respective SCSB within 5 (five) Working Days of the Issue Closing Date. The Application Amount shall remain blocked in the ASBA Account until transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the Application, as the case may be.

For ASBA Applications submitted to the Lead Manager or Consortium Member or Trading Members of the Stock Exchanges at the Specified Cities, the ASBA Application will be uploaded onto the electronic system of the Stock Exchanges and deposited with the relevant branch of the SCSB at the Specified City named by such SCSB to accept such ASBA Applications from the Lead Manager or Trading Members of the Stock Exchanges, as the case may be (A list of such branches is available at <http://www.sebi.gov.in/sebiweb/home/list/5/33/0/0/Recognised-Intermediaries>). The relevant branch of the SCSB shall perform verification procedures and block an amount in the ASBA Account equal to the Application Amount specified in the ASBA Application.

For ASBA Applications submitted directly to the SCSBs, the relevant SCSB shall block an amount in the ASBA Account equal to the Application Amount specified in the ASBA Application, before entering the ASBA Application into the electronic system of the Stock Exchanges. SCSBs may provide the electronic mode of application either through an internet enabled application and banking facility or such other secured, electronically enabled mechanism for application and blocking of funds in the ASBA Account.

Applicants should ensure that they have funds equal to the Application Amount in the ASBA Account before submitting the ASBA Application to the Lead Manager or Consortium Member or Trading Members of the Stock Exchanges, as the case may be, at the Specified Cities or to the Designated Branches of the SCSBs. An ASBA Application where the corresponding ASBA Account does not have sufficient funds equal to the Application Amount at the time of blocking the ASBA Account is liable to be rejected.

The Application Amount shall remain blocked in the ASBA Account until approval of the Basis of Allotment and consequent transfer of the amount against the Allotted NCDs to the Public Issue Account(s), or until withdrawal/ failure of the Issue or until withdrawal/ rejection of the Application Form, as the case may be. Once the Basis of Allotment is approved, the Registrar to the Issue shall send an appropriate request to the controlling branch of the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount pertaining to NCDs allotted to the successful Applicants to the Public Issue Account(s). The balance amount remaining after the finalisation of the Basis of Allotment shall be unblocked by the SCSBs on the basis of the instructions issued in this regard by the Registrar to the respective SCSB within 5 Working Days of the Issue Closing Date. The Application Amount shall remain blocked in the ASBA Account until transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the ASBA Application, as the case may be. In case of withdrawal/ failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Issue.

Payment mechanism for Direct Online Applicants

Please note that clarifications and/or confirmations regarding the implementation of the requisite infrastructure and facilities in relation to direct online applications and online payment facility have been sought from the Stock Exchanges. In the event the Direct Online Application facility is implemented by the Stock Exchanges, relevant “know your customer” details of such Applicants will be validated online from the Depositories, on the basis of the DP ID and Client ID provided by them in the Application Form. On successful submission of a Direct Online Application, the Applicant will receive a system-generated unique application number (“UAN”) and an SMS or an email confirmation on credit of the requisite Application Amount paid through the online payment facility with the Direct Online Application. On Allotment, the Registrar to the Issue shall credit NCDs to the beneficiary account of the Applicant and in case of refund, the refund amount shall be credited directly to the Applicant’s bank account. Applicants applying through the Direct Online Application facility must preserve their UAN and quote their UAN in: (a) any cancellation/withdrawal of their Application; (b) in queries in connection with Allotment of NCDs and/or refund(s); and/or (c) in all investor grievances/complaints in connection with the Issue.

As per the SEBI Operational Circular, the availability of the Direct Online Applications facility is subject to the Stock Exchanges putting in place the necessary systems and infrastructure, and accordingly the aforementioned

disclosures are subject to any further clarifications, notification, modification deletion, direction, instructions and/or correspondence that may be issued by the Stock Exchanges and/or SEBI. The Stock Exchanges have confirmed that the necessary infrastructure and facilities for the same have not been implemented by the Stock Exchange. Hence, the Direct Online Application facility will not be available for the Issue.

After reviewing the details properly, the investor shall be required to proceed to authorize the mandate. Such mandate raised by the Sponsor Bank would be a one-time mandate for each application in the Issue.
11. The investor is required to accept the UPI mandate latest by 5 pm on the third working day from the day of bidding on the stock exchange platform except for the last day of the Issue period or any other modified closure date of the

- Issue period in which case, he / she is required to accept the UPI mandate latest by 5 pm the next Working Day.
12. The investor shall not be allowed to add or modify the bid(s) of the application except for modification of either DP ID/Client ID, or PAN ID but not both. However, the investor can withdraw the bid(s) and reapply.
 13. For mismatch bids, on successful validation of PAN and DP ID/ Client ID combination during T+1 (T being the Issue Closing Date) modification session, such bids will be sent to Sponsor Bank for further processing by the Exchange on T+1 (T being the Issue Closing Date) day till 1 pm
 14. The facility of Re-initiation/ Resending the UPI mandate shall be available only till 5 pm on the day of bidding.
 15. Upon successful validation of block request by the investor, as above, the said information would be electronically received by the investors' bank, where the funds, equivalent to application amount, would get blocked in investors account. Intimation regarding confirmation of such block of funds in investors account would also be received by the investor.
 16. The information containing status of block request (e.g., accepted / decline / pending) would also be shared with the Sponsor Bank, which in turn would be shared with the Stock Exchange(s). The block request status would also be displayed on the Stock Exchange(s) platform for information of the intermediary.
 17. The information received from Sponsor Bank, would be shared by Stock Exchange(s) with the Registrar to the Issue in the form of a file for the purpose of reconciliation.
 18. Post closure of the Issue, the Stock Exchange(s) shall share the bid details with the Registrar to the Issue. Further, the Stock Exchange(s) shall also provide the Registrar to the Issue, the final file received from the Sponsor Bank, containing status of blocked funds or otherwise, along with the bank account details with respect to applications made using UPI ID.
 19. The allotment of debt securities shall be done as per SEBI Operational Circular.
 20. The RTA, based on information of bidding and blocking received from the Stock Exchange, shall undertake reconciliation of the bid data and block confirmation corresponding to the bids by all investor category applications (with and without the use of UPI) and prepare the basis of allotment.
 21. Upon approval of the basis of allotment, the RTA shall share the 'debit' file with Sponsor bank (through Stock Exchange) and SCSBs, as applicable, for credit of funds in the public issue account and unblocking of excess funds in the investor's account. The Sponsor Bank, based on the mandate approved by the investor at the time of blocking of funds, shall raise the debit / collect request from the investor's bank account, whereupon funds will be transferred from investor's account to the public issue account and remaining funds, if any, will be unblocked without any manual intervention by investor or their bank.
 22. Upon confirmation of receipt of funds in the public issue account, the securities would be credited to the investor's account. The investor will be notified for full/partial allotment. For partial allotment, the remaining funds would be unblocked. For no allotment, mandate would be revoked and application amount would be unblocked for the investor.
 23. Thereafter, Stock Exchange will issue the listing and trading approval.
 24. Further, in accordance with the Operational Instructions and Guidelines for Making Application for Public Issue of Debt Securities through BSEDirect issued by BSE on December 28, 2020 the investor shall also be responsible for the following:
 - i. Investor shall check the Issue details before placing desired bids;
 - ii. Investor shall check and understand the UPI mandate acceptance and block of funds process before placing the bid;
 - iii. The receipt of the SMS for mandate acceptance is dependent upon the system response/integration of UPI on Debt Public Issue System;
 - iv. Investor shall accept the UPI Mandate Requests within the stipulated timeline;
 - v. Investor shall note that the transaction will be treated as completed only after the acceptance of mandates by the investor by way of authorising the transaction by entering their UPI pin and successfully blocking funds through the ASBA process by the investor's bank;
 - vi. Investor shall check the status of their bid with respect to the mandate acceptance and blocking of funds for the completion of the transaction; and
 - vii. In case the investor does not accept the mandate within stipulated timelines, in such case their bid will not be considered for allocation.
 25. Further, in accordance with circular issued by National Stock Exchange of India Limited for Introduction of Unified Payment Interface (UPI) for Debt IPO through NSE goBID on January 5, 2021 the investor shall also be responsible for the following:
 - i. After successful registration & log-in, the investors shall view and check the active Debt IPO's available from IPO dashboard.
 - ii. Investors shall check the issue/series details. Existing registered users of NSE goBID shall also be able to

- access once they accept the updated terms and condition.
- iii. After successfully bidding on the platform, investors shall check the NSE goBID app/psp/sms for receipt of mandate & take necessary action.
- iv. UPI mandate can be accepted latest by 5 pm on the third working day from the day of bidding on the stock exchange platform except for the last day of the issue period or any other modified closure date of the issue period in which case, he / she is required to accept the UPI mandate latest by 5 pm the next working day.
- v. For UPI bid the facility of re-initiation/ resending the UPI mandate shall be available only till 5 pm on the day of bidding.
- vi. Investors can use the re-initiation/ resending facility only once in case of any issue in receipt/acceptance of mandate.

The series, mode of allotment, PAN, demat account number, etc. should be captured by the relevant Designated Intermediaries in the data entries as such data entries will be considered for allotment.

Applicants should note that neither the Members of the Consortium nor the other Designated Intermediaries, as the case may be, will be liable for error in data entry due to incomplete or illegible Application Forms. Our Company would allot the NCDs, as specified in the relevant Tranche Prospectus for the Issue to all valid Applications, wherein the Applicants have not indicated their choice of the relevant series of NCDs.

Applicants' PAN, Depository Account and Bank Account Details

ALL APPLICANTS APPLYING FOR ALLOTMENT OF THE NCDs SHOULD MENTION THEIR DP ID, CLIENT ID, PAN AND UPI ID (IN CASE APPLYING THROUGH UPI MECHANISM) IN THE APPLICATION FORM. APPLICANTS MUST ENSURE THAT THE DP ID, CLIENT ID PAN AND UPI ID GIVEN IN THE APPLICATION FORM IS EXACTLY THE SAME AS THE DP ID, CLIENT ID, PAN AND UPI ID AVAILABLE IN THE DEPOSITORY DATABASE. IF THE BENEFICIARY ACCOUNT IS HELD IN JOINT NAMES, THE APPLICATION FORM SHOULD CONTAIN THE NAME AND PAN OF BOTH THE HOLDERS OF THE BENEFICIARY ACCOUNT AND SIGNATURES OF BOTH HOLDERS WOULD BE REQUIRED IN THE APPLICATION FORM.

On the basis of the DP ID, Client ID, PAN and UPI ID provided by them in the Application Form, the Registrar to the Issue will obtain from the Depository the Demographic Details of the Applicants including PAN and MICR code. These Demographic Details would be used for giving Allotment Advice and refunds, if any, to the Applicants. Hence, Applicants are advised to immediately update their Demographic Details (including bank account details) as appearing on the records of the Depository Participant and ensure that they are true and correct. Please note that failure to do so could result in delays in despatch/ credit of refunds, if any, to Applicants, delivery of Allotment Advice or unblocking of ASBA Accounts at the Applicants' sole risk, and neither the Members of the Consortium nor the Designated Intermediaries, nor the Registrar, nor the Banker(s) to the Issue, nor the SCSBs, nor our Company shall have any responsibility and undertake any liability for the same.

Applicants should note that in case the DP ID, Client ID and PAN mentioned in the Application Form, as the case may be and entered into the electronic Application system of the Stock Exchanges by the Members of the Consortium or the Designated Intermediaries, as the case may be, do not match with the DP ID, Client ID and PAN available in the Depository database or in case PAN is not available in the Depository database, the Application Form is liable to be rejected and our Company, the Members of the Consortium and the other Designated Intermediaries shall not be liable for losses, if any.

These Demographic Details would be used for all correspondence with the Applicants including mailing of the Allotment Advice and for refunds (if any) as applicable. The Demographic Details given by Applicants in the Application Form would not be used for any other purpose by the Registrar to the Issue except in relation to this Issue.

By signing the Application Form, Applicants applying for the NCDs would be deemed to have authorised the Depositories to provide, upon request, to the Registrar, the required Demographic Details as available on its records.

Allotment Advice would be mailed by post or e-mail at the address of the Applicants in accordance with the Demographic Details received from the Depositories. Applicants may note that delivery of Allotment Advice may get delayed if the same once sent to the address obtained from the Depositories are returned undelivered. Further, please note that any such delay shall be at such Applicants' sole risk and neither our Company, Banker(s) to the Issue, Registrar to the Issue nor the Lead Manager shall be liable to compensate the Applicant for any losses caused to the Applicants due to any such delay or liable to pay any interest for such delay. In case of refunds through electronic modes as detailed in the relevant

Tranche Prospectus, refunds may be delayed if bank particulars obtained from the Depository Participant are incorrect.

In case of Applications made under powers of attorney, our Company in its absolute discretion, reserves the right to permit the holder of a power of attorney to request the Registrar to the Issue that for the purpose of printing particulars on and mailing of the Allotment Advice through post, the Demographic Details obtained from the Depository of the Applicant shall be used.

With effect from August 16, 2010, the beneficiary accounts of Applicants for whom PAN details have not been verified shall be suspended for credit and no credit of NCDs pursuant to this Issue will be made into the accounts of the Applicants. Application Forms submitted by Applicants whose beneficiary accounts are inactive shall be rejected. Furthermore, in case no corresponding record is available with the Depositories, which matches the four parameters, namely, DP ID, Client ID, PAN and UPI ID then such Applications are liable to be rejected.

Applicants should note that the NCDs will be allotted to all successful Applicants only in dematerialized form. The Application Forms which do not have the details of the Applicant's depository account, including DP ID, Client ID and PAN and UPI ID (for Retail Individual Investor Applicants bidding using the UPI mechanism), shall be treated as incomplete and will be rejected.

APPLICATIONS FOR ALLOTMENT OF NCDs IN THE DEMATERIALIZED FORM

Submission of Applications

Applicants can apply for NCDs only using the ASBA facility pursuant to SEBI Operational Circular. ASBA Applications can be submitted through either of the following modes:

- (a) Physically or electronically to the Designated Branches of the SCSB(s) with whom an Applicant's ASBA Account is maintained. In case of ASBA Application in physical mode, the Applicant shall submit the Application Form at the relevant Designated Branch of the SCSB(s). The Designated Branch shall verify if sufficient funds equal to the Application Amount are available in the ASBA Account and shall also verify that the signature on the Application Form matches with the Investor's bank records, as mentioned in the ASBA Application, prior to uploading such ASBA Application into the electronic system of the Stock Exchanges. If sufficient funds are not available in the ASBA Account, the respective Designated Branch shall reject such ASBA Application and shall not upload such ASBA Application in the electronic system of the Stock Exchanges. If sufficient funds are available in the ASBA Account, the Designated Branch shall block an amount equivalent to the Application Amount and upload details of the ASBA Application in the electronic system of the Stock Exchanges. The Designated Branch of the SCSBs shall stamp the Application Form and issue an acknowledgement as proof of having accepted the Application. In case of Application in the electronic mode, the Applicant shall submit the ASBA Application either through the internet banking facility available with the SCSB, or such other electronically enabled mechanism for application and blocking funds in the ASBA Account held with SCSB, and accordingly register such ASBA Applications.
- (b) Physically through the Consortium Member, Lead Manager, or Trading Members of the Stock Exchanges only at the Specified Cities i.e. Syndicate ASBA. Kindly note that ASBA Applications submitted to the Consortium Member, Lead Manager or Trading Members of the Stock Exchanges at the Specified Cities will not be accepted if the SCSB where the ASBA Account is maintained, as specified in the ASBA Application, is maintained has not named at least one branch at that Specified City for the Consortium Member, Lead Manager or Trading Members of the Stock Exchanges, as the case may be, to deposit ASBA Applications (A list of such branches is available at <http://www.sebi.gov.in/sebiweb/home/list/5/33/0/0/Recognised-Intermediaries>).
- (c) A UPI Investor making an Application in the Issue under the UPI Mechanism, where the Application Amount is upto ₹5 lakhs, can submit his Application Form physically to a SCSB or a Designated Intermediary. The Designated Intermediary shall upload the application details along with the UPI ID on the Stock Exchanges' bidding platform using appropriate protocols. Kindly note that in this case, the Application Amount will be blocked through the UPI Mechanism.

A UPI Investor may also submit the Application Form for the Issue through BSE Direct, wherein the Application will be automatically uploaded onto the Stock Exchanges' bidding platform and an amount equivalent to the Application Amount shall be blocked using the UPI Mechanism.

Upon receipt of the Application Form by the Designated Intermediaries, an acknowledgement shall be issued by giving the counter foil of the Application Form to the Applicant as proof of having accepted the Application. Thereafter, the

details of the Application shall be uploaded in the electronic system of the Stock Exchanges and the Application Form shall be forwarded to the relevant branch of the SCSB, in the relevant Specified City, named by such SCSB to accept such ASBA Applications from the Designated Intermediaries (A list of such branches is available at <http://www.sebi.gov.in/sebiweb/home/list/5/33/0/0/Recognised-Intermediaries>). Upon receipt of the ASBA Application, the relevant branch of the SCSB shall perform verification procedures including verification of the Applicant's signature with his bank records and check if sufficient funds equal to the Application Amount are available in the ASBA Account, as mentioned in the ASBA Form. If sufficient funds are not available in the ASBA Account, the relevant ASBA Application is liable to be rejected. If sufficient funds are available in the ASBA Account, the relevant branch of the SCSB shall block an amount equivalent to the Application Amount mentioned in the ASBA Application. The Application Amount shall remain blocked in the ASBA Account until approval of the Basis of Allotment and consequent transfer of the amount against the Allotted NCDs to the Public Issue Account(s), or until withdrawal/ failure of the Issue or until withdrawal/ rejection of the Application Form, as the case may be.

In case of Application involving an Application by an RIB through UPI Mechanism, if an Applicant submits the Application Form with a Designated Intermediary and uses his/ her bank account linked UPI ID for the purpose of blocking of funds, where the application value is up to UPI Application Limit, the Application Amount will be blocked through the UPI Mechanism once the mandate request has been successfully accepted by the Applicant and the Designated Intermediary shall upload the Application on the bidding platform developed by the Stock Exchange. If an Applicant submits the Application Form through the application or web interface developed by Stock Exchange, the bid will automatically be uploaded onto the Stock Exchange bidding platform and the amount will be blocked using the UPI Mechanism once the mandate request has been successfully accepted by the Applicant.

Applicants must note that:

- (a) Physical Application Forms will be available with the Designated Branches of the SCSBs and with the Lead Manager and Trading Members of the Stock Exchanges at the Specified Cities; and electronic Application Forms will be available on the websites of the SCSBs and the Stock Exchanges at least one day prior to the Issue Opening Date. Application Forms will also be provided to the Trading Members of the Stock Exchanges at their request. The Application Forms would be serially numbered. Further, the SCSBs will ensure that the Shelf Prospectus and relevant Tranche Prospectus is made available on their websites. The physical Application Form submitted to the Designated Intermediaries shall bear the stamp of the relevant Designated Intermediary. In the event the Application Form does not bear any stamp, the same shall be liable to be rejected.
- (b) The Designated Branches of the SCSBs shall accept ASBA Applications directly from Applicants only during the Issue Period. The SCSB shall not accept any ASBA Applications directly from Applicants after the closing time of acceptance of Applications on the Issue Closing Date. However, in case of Syndicate ASBA, the relevant branches of the SCSBs at Specified Cities can accept ASBA Applications from the Lead Manager or Trading Members of the Stock Exchanges, as the case may be, after the closing time of acceptance of Applications on the Issue Closing Date. For further information on the Issue programme, please see section titled "*Issue Related Information*" on page 479.
- (c) In case of Applications through Syndicate ASBA, the physical Application Form shall bear the stamp of the Lead Manager or Consortium Member or Trading Members of the Stock Exchanges, as the case maybe, if not, the same shall be rejected. Application Forms directly submitted to SCSBs should bear the stamp of SCSBs, if not, the same are liable to be rejected.

Please note that Applicants can make an Application for Allotment of NCDs in the dematerialized form only.

INSTRUCTIONS FOR FILLING-UP THE APPLICATION FORM

General Instructions

A. General instructions for completing the Application Form

- Applications must be made in prescribed Application Form only;
- Applicants should ensure that their Application Form is submitted either at a Designated Branch of a SCSB where the ASBA Account is maintained or with the Members of the Syndicate or Trading Members of the stock exchange(s) at the Specified Cities, and not directly to the escrow collecting banks (assuming that such bank is not a SCSB) or to the Company or the Registrar to the Issue.
- Applications through Syndicate ASBA, before submitting the physical Application Form to the Members of the Syndicate or Trading Members of the stock exchange(s), ensure that the SCSB where the ASBA Account, as

specified in the ASBA Form, is maintained has named at-least one branch in that Specified City for the Members of the Syndicate or Trading Members of the stock exchange(s), as the case may be, to deposit ASBA Forms (A list of such branches is available at <http://www.sebi.gov.in/sebiweb/home/list/5/33/0/0/> Recognised-Intermediaries)

- Applications should be in single or joint names and not exceeding three names, and in the same order as their Depository Participant details (in case of Applicants applying for Allotment of the Bonds in dematerialised form) and Applications should be made by Karta in case the Applicant is an HUF. Please ensure that such Applications contain the PAN of the HUF and not of the Karta. If the Application is submitted in joint names, the Application Form should contain only the name of the first Applicant whose name should also appear as the first holder of the depository account held in joint names.
- Applicants must apply for Allotment in dematerialised form and must provide details of valid and active DP ID, Client ID and PAN clearly and without error. On the basis of such Applicant's active DP ID, Client ID and PAN provided in the Application Form, and as entered into the electronic Application system of Stock Exchanges by SCSBs, the Members of the Syndicate at the Syndicate ASBA Application Locations and the Trading Members, as the case may be, the Registrar will obtain from the Depository the Demographic Details. Invalid accounts, suspended accounts or where such account is classified as invalid or suspended may not be considered for Allotment of the NCDs.
- The minimum number of Applications and minimum application size shall be specified in the Shelf Prospectus and the relevant Tranche Prospectus. Applicants may apply for one or more series of NCDs Applied for in a single Application Form.
- Applications must be for a minimum of 10 (Ten) NCDs and in multiples of 1 NCD thereafter. For the purpose of fulfilling the requirement of minimum application size of 10 (Ten) NCDs, an Applicant may choose to apply for 10 (Ten) NCDs or more in a single Application Form.
- If the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form. This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form.
- Applications should be made by Karta in case of HUFs. Applicants are required to ensure that the PAN details of the HUF are mentioned and not those of the Karta;
- Thumb impressions and signatures other than in English/Hindi/Gujarati/Marathi or any other languages specified in the 8th Schedule of the Constitution needs to be attested by a Magistrate or Notary Public or a Special Executive Magistrate under his/her seal;
- No separate receipts will be issued for the money payable on the submission of the Application Form. However, the Lead Manager, Consortium Member, Trading Members of the Stock Exchanges or the Designated Branches of the SCSBs, as the case may be, will acknowledge the receipt of the Application Forms by stamping and returning to the Applicants the acknowledgement slip. This acknowledgement slip will serve as the duplicate of the Application Form for the records of the Applicant. Applicants must ensure that the requisite documents are attached to the Application Form prior to submission and receipt of acknowledgement from the relevant Lead Manager, Consortium Member, Trading Member of the Stock Exchanges or the Designated Branch of the SCSBs, as the case may be.
- The Designated Intermediaries or the Designated Branches of the SCSBs, as the case may be, will acknowledge the receipt of the Application Forms by stamping and returning to the Applicants the acknowledgement slip. This acknowledgement slip will serve as the duplicate of the Application Form for the records of the Applicant. Applicants must ensure that the requisite documents are attached to the Application Form prior to submission and receipt of acknowledgement from the relevant Designated Intermediaries or the Designated Branch of the SCSBs, as the case may be.
- Every Applicant should hold valid Permanent Account Number (PAN) and mention the same in the Application Form and submit the same. Applicant without PAN is liable to be rejected, irrespective of the amount.
- All Applicants are required to tick the relevant column of "Category of Investor" in the Application Form.
- ASBA will be the default "Mode of Application" as per the SEBI Operational Circular.
- Applicants should correctly mention the ASBA Account number and ensure that funds equal to the Application Amount are available in the ASBA Account before submitting the Application Form to the Designated Branch and also ensure that the signature in the Application Form matches with the signature in Applicant's bank records, otherwise the Application is liable to be rejected.
- Applicants must provide details of valid and active DP ID, UPI ID, Client ID and PAN clearly and without error. On the basis of such Applicant's active DP ID, UPI ID, Client ID and PAN provided in the Application Form,

and as entered into the electronic Application system of Stock Exchanges by SCSBs, the Designated Intermediaries, the Registrar will obtain from the Depository the Demographic Details. Invalid accounts, suspended accounts or where such account is classified as invalid or suspended may not be considered for Allotment of the NCDs. If the ASBA Account holder is different from the Applicant, the Application Form should be signed by the ASBA Account holder, in accordance with the instructions provided in the Application Form. Not more than five Applications can be made from one single ASBA Account

- For Applicants, the Applications in physical mode should be submitted to the SCSBs or a member of the Syndicate or to the Trading Members of the Stock Exchanges on the prescribed Application Form. SCSBs may provide the electronic mode for making Application either through an internet enabled banking facility or such other secured, electronically enabled mechanism for Application and blocking funds in the ASBA Account;
- Application Forms should bear the stamp of the Member of the Syndicate, Trading Member of the Stock Exchanges, Designated Intermediaries and/or Designated Branch of the SCSB. Application Forms which do not bear the stamp will be rejected.

The series, mode of allotment, PAN, demat account no. etc. should be captured by the relevant Lead Manager, Consortium Member, Trading Member of the Stock Exchanges in the data entries as such data entries will be considered for allotment.

Applicants should note that neither the Designated Intermediaries nor SCSBs, as the case may be, will be liable for error in data entry due to incomplete or illegible Application Forms.

Our Company would allot such series of NCDs, as specified in the relevant Tranche Prospectus to all valid Applications, wherein the Applicants have not indicated their choice of the relevant series of NCDs.

B. Applicant's Beneficiary Account and Bank Account Details

ALL APPLICANTS APPLYING FOR ALLOTMENT OF THE NCDs SHOULD MENTION THEIR DP ID, UPI ID (IN CASE APPLYING THROUGH UPI MECHANISM), CLIENT ID AND PAN IN THE APPLICATION FORM. APPLICANTS MUST ENSURE THAT THE DP ID, UPI ID, CLIENT ID AND PAN GIVEN IN THE APPLICATION FORM IS EXACTLY THE SAME AS THE DP ID, UPI ID, CLIENT ID AND PAN AVAILABLE IN THE DEPOSITORY DATABASE. IF THE BENEFICIARY ACCOUNT IS HELD IN JOINT NAMES, THE APPLICATION FORM SHOULD CONTAIN THE NAME AND PAN OF BOTH THE HOLDERS OF THE BENEFICIARY ACCOUNT AND SIGNATURES OF BOTH HOLDERS WOULD BE REQUIRED IN THE APPLICATION FORM.

Applicants applying for Allotment in dematerialized form must mention their DP ID, Client ID, PAN and UPI ID (in case applying through UPI Mechanism) in the Application Form and ensure that the name provided in the Application Form is exactly the same as the name in which the Beneficiary Account is held. In case the Application Form for Allotment in dematerialized form is submitted in the first Applicant's name, it should be ensured that the Beneficiary Account is held in the same joint names and in the same sequence in which they appear in the Application Form. In case the DP ID, Client ID and PAN mentioned in the Application Form for Allotment in dematerialized form and entered into the electronic system of the Stock Exchanges do not match with the DP ID, Client ID and PAN available in the Depository database or in case PAN is not available in the Depository database, the Application Form for Allotment in dematerialized form is liable to be rejected. Further, Application Forms submitted by Applicants applying for Allotment in dematerialized form, whose beneficiary accounts are inactive, will be rejected.

On the basis of the DP ID and Client ID provided by the Applicant in the Application Form for Allotment in dematerialized form and entered into the electronic system of the Stock Exchanges, the Registrar to the Issue will obtain from the Depositories the Demographic Details of the Applicant including PAN, address, bank account details for printing on refund orders/sending refunds through electronic mode, Magnetic Ink Character Recognition ("MICR") Code and occupation. These Demographic Details would be used for giving Allotment Advice and refunds (including through physical refund warrants, direct credit, NACH, NEFT and RTGS), if any, to the Applicants. Hence, Applicants are advised to immediately update their Demographic Details as appearing on the records of the DP and ensure that they are true and correct, and carefully fill in their Beneficiary Account details in the Application Form. Failure to do so could result in delays in dispatch/credit of refunds to Applicants and delivery of Allotment Advice at the Applicants' sole risk, and neither our Company, the Lead Manager, Trading Members of

the Stock Exchanges, Public Issue Account Bank(s), SCSBs, Registrar to the Issue nor the Stock Exchanges will bear any responsibility or liability for the same.

Applicants should note that in case the DP ID, Client ID and PAN mentioned in the Application Form, as the case may be and entered into the electronic Application system of the Stock Exchanges by the Members of the Consortium or the Designated Intermediaries, as the case may be, do not match with the DP ID, Client ID and PAN available in the Depository database or in case PAN is not available in the Depository database, the Application Form is liable to be rejected and our Company, the Members of the Consortium and the other Designated Intermediaries shall not be liable for losses, if any.

The Demographic Details would be used for correspondence with the Applicants including mailing of the Allotment Advice and printing of bank particulars on the refund orders, or for refunds through electronic transfer of funds, as applicable. Allotment Advice and physical refund orders (as applicable) would be mailed at the address of the Applicant as per the Demographic Details received from the Depositories. Applicants may note that delivery of refund orders/ Allotment Advice may get delayed if the same once sent to the address obtained from the Depositories are returned undelivered. In such an event, the address and other details given by the Applicant in the Application Form would be used only to ensure dispatch of refund orders. Please note that any such delay shall be at such Applicants sole risk and neither our Company, the Lead Manager, Trading Members of the Stock Exchanges, Public Issue Account Banks, SCSBs, Registrar to the Issue nor the Stock Exchanges shall be liable to compensate the Applicant for any losses caused to the Applicant due to any such delay or liable to pay any interest for such delay. In case of refunds through electronic modes as detailed in the relevant Tranche Prospectus, refunds may be delayed if bank particulars obtained from the Depository Participant are incorrect.

In case of Applications made under power of attorney, our Company in its absolute discretion, reserves the right to permit the holder of Power of Attorney to request the Registrar that for the purpose of printing particulars on the refund order and mailing of refund orders/ Allotment Advice, the demographic details obtained from the Depository of the Applicant shall be used. By signing the Application Form, the Applicant would have deemed to have authorized the Depositories to provide, upon request, to the Registrar to the Issue, the required Demographic Details as available on its records. The Demographic Details given by Applicant in the Application Form would not be used for any other purpose by the Registrar to the Issue except in relation to the Issue.

With effect from August 16, 2010, the beneficiary accounts of Applicants for whom PAN details have not been verified shall be suspended for credit and no credit of NCDs pursuant to the Issue will be made into the accounts of such Applicants. Application Forms submitted by Applicants whose beneficiary accounts are inactive shall be rejected. Furthermore, in case no corresponding record is available with the Depositories, which matches the three parameters, namely, DP ID, Client ID and PAN, then such Application are liable to be rejected.

Applicants should note that the NCDs will be allotted to all successful Applicants only in dematerialized form. The Application Forms which do not have the details of the Applicant's depository account, including DP ID, Client ID and PAN and UPI ID (for retail individual investor Applicants bidding using the UPI mechanism), shall be treated as incomplete and will be rejected.

C. Permanent Account Number (PAN)

The Applicant should mention his or her Permanent Account Number (PAN) allotted under the IT Act. For minor Applicants, applying through the guardian, it is mandatory to mention the PAN of the minor Applicant. However, Applications on behalf of the Central or State Government officials and the officials appointed by the courts in terms of a SEBI circular dated June 30, 2008 and Applicants residing in the state of Sikkim who in terms of a SEBI circular dated July 20, 2006 may be exempt from specifying their PAN for transacting in the securities market. In accordance with Circular No. MRD/DOP/Cir-05/2007 dated April 27, 2007 issued by SEBI, the PAN would be the sole identification number for the participants transacting in the securities market, irrespective of the amount of transaction. Any Application Form, without the PAN is liable to be rejected, irrespective of the amount of transaction. It is to be specifically noted that the Applicants should not submit the GIR number instead of the PAN as the Application is liable to be rejected on this ground.

However, the exemption for the Central or State Government and the officials appointed by the courts and for investors residing in the State of Sikkim is subject to the Depository Participants' verifying the veracity of such claims by collecting sufficient documentary evidence in support of their claims. At the time of ascertaining the validity of these Applications, the Registrar to the Issue will check under the Depository records for the appropriate description under the PAN field i.e. either Sikkim category or exempt category.

D. Joint Applications

Applications can be made in joint names (not exceeding three). In the case of joint Applications, all payments will be made out in favour of the first Applicant. All communications will be addressed to first named in the Application whose name appears in the Application Form and at the address mentioned therein. If the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form. This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form

E. Additional/ Multiple Applications

An Applicant is allowed to make one or more Applications for the NCDs, for the same or other Options of NCDs, subject to a minimum application size of ₹10,000 and in multiples of ₹1,000 thereafter as specified in the relevant Tranche Prospectus. Any Application for an amount below the aforesaid minimum application size will be deemed as an invalid application and shall be rejected. However, multiple Applications by the same individual Applicant aggregating to a value exceeding ₹1,000,000 shall be deemed such individual Applicant to be a HNI Applicant and all such Applications shall be grouped in the HNI Portion, for the purpose of determining the basis of allotment to such Applicant. However, any Application made by any person in his individual capacity and an Application made by such person in his capacity as a karta of a Hindu Undivided family and/or as Applicant (second or third Applicant), shall not be deemed to be a multiple Application. For the purposes of allotment of NCDs under the Issue, Applications shall be grouped based on the PAN, i.e. Applications under the same PAN shall be grouped together and treated as one Application. Two or more Applications will be deemed to be multiple Applications if the sole or first Applicant is one and the same. For the sake of clarity, two or more applications shall be deemed to be a multiple Application for the aforesaid purpose if the PAN of the sole or the first Applicant is one and the same.

F. Unified Payments Interface (UPI)

Pursuant to the SEBI Operational Circular, the UPI Mechanism is an applicable payment mechanism for public debt issues (in addition to the mechanism of blocking funds maintained with SCSBs under ASBA) for applications by retail individual bidders through Designated Intermediaries. All SCSBs offering the facility of making applications in public issues shall also provide the facility to make applications using UPI. The Company will be required to appoint one SCSB as a Sponsor Bank to act as a conduit between the Stock Exchange and National Payments Corporation of India in order to facilitate the collection of requests and/or payment instructions of the investors.

Electronic registration of Applications

- (a) The Designated Intermediaries and Designated Branches of the SCSBs, as the case may be, will register the Applications using the on-line facilities of the Stock Exchanges. Direct Online Applications will be registered by Applicants using the online platform offered by the Stock Exchanges. The Lead Manager, our Company, and the Registrar to the Issue are not responsible for any acts, mistakes or errors or omission and commissions in relation to (i) the Applications accepted by the SCSBs, (ii) the Applications uploaded by the SCSBs, (iii) the Applications accepted but not uploaded by the SCSBs, (iv) Applications accepted and uploaded by the SCSBs without blocking funds in the ASBA Accounts or (v) Applications accepted and uploaded by Trading members of the Stock Exchanges or (vi) the Applications accepted by and/or uploaded by and/or accepted but not uploaded by Consortium Member, Trading Members, Registered Brokers, CDPs, CRTAs and SCSBs who are authorised to collect Application Forms. In case of apparent data entry error by the Designated Intermediaries or Designated Branches of the SCSBs, as the case may be, in entering the Application Form number in their respective schedules other things remaining unchanged, the Application Form may be considered as valid and such exceptions may be recorded in minutes of the meeting submitted to the Designated Stock Exchanges. However, the series, mode of allotment, PAN, demat account no. etc. should be captured by the relevant Designated Intermediaries or Designated Branches of the SCSBs in the data entries as such data entries will be considered for allotment/rejection of Application.
- (b) The Stock Exchanges will offer an electronic facility for registering Applications for the Issue. This facility will be available on the terminals of Designated Intermediaries and the SCSBs during the Issue Period. Designated Intermediaries can also set up facilities for off-line electronic registration of Applications subject to the condition that they will subsequently upload the off-line data file into the on-line facilities for Applications on a regular basis, and before the expiry of the allocated time on the Issue Closing Date. On the Issue Closing Date, Designated Intermediaries and Designated Branches of SCSBs shall upload the Applications till such time as may be permitted

by the Stock Exchanges. This information will be available with the Syndicate Members and the other Designated Intermediaries on a regular basis. Applicants are cautioned that a high inflow of high volumes on the last day of the Issue Period may lead to some Applications received on the last day not being uploaded and such Applications will not be considered for allocation. For further information on the Issue programme, please see “*Issue Structure*” on page 479.

- (c) Based on the aggregate demand for Applications registered on the electronic facilities of the Stock Exchanges, a graphical representation of consolidated demand for the NCDs, as available on the websites of the Stock Exchanges, would be made available at the Application centres as provided in the Application Form during the Issue Period.
- (d) At the time of registering each Application, the Designated Intermediaries, shall enter the details of the Applicant, such as the Application Form number, PAN, Applicant category, DP ID, Client ID, number and Option(s) of NCDs applied, Application Amounts and any other details that may be prescribed by the online uploading platform of the Stock Exchanges.
- (e) With respect to Applications submitted directly to the SCSBs at the time of registering each Application, other than Direct Online Applications, the Designated Branches of the SCSBs shall enter the requisite details of the Applicants in the on-line system including:
 - Application Form number
 - PAN (of the first Applicant, in case of more than one Applicant)
 - Investor category and sub-category
 - DP ID
 - Client ID
 - UPI ID (if applicable)
 - Number of NCDs applied for
 - Price per NCD
 - Bank code for the SCSB where the ASBA Account is maintained
 - Bank account number
 - Application amount
- (f) With respect to Applications submitted to the Designated Intermediaries at the time of registering each Application, the requisite details of the Applicants shall be entered in the on-line system including:
 - Application Form number
 - PAN (of the first Applicant, in case of more than one Applicant)
 - Investor category and sub-category
 - DP ID
 - Client ID
 - UPI ID (if applicable)
 - Number of NCDs applied for
 - Price per NCD
 - Bank code for the SCSB where the ASBA Account is maintained

- (g) A system generated Acknowledgement Slip will be given to the Applicant as a proof of the registration of his Application. It is the Applicant’s responsibility to obtain the Acknowledgement Slip from the Syndicate Members or the other Designated Intermediaries, as the case may be. The registration of the Applications by the Designated Intermediaries does not guarantee that the NCDs shall be allocated/ Allotted by our Company. Such Acknowledgement Slip will be non-negotiable and by itself will not create any obligation of any kind.
- (h) The permission given by the Stock Exchanges to use their network and software of the online system should not in any way be deemed or construed to mean that the compliance with various statutory and other requirements by our Company, and/or the Lead Manager are cleared or approved by the Stock Exchanges; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the compliance with the statutory and other requirements nor does it take any responsibility for the financial or other soundness of our Company, the management or any scheme or project of our Company; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of this Shelf Prospectus; nor does it warrant that the NCDs will be listed or will

continue to be listed on the Stock Exchanges.

- (i) In case of apparent data entry error by the Designated Intermediaries, in entering the Application Form numbers in their respective schedules, other things remaining unchanged, the Application Form may be considered as valid or such exceptions may be recorded in minutes of the meeting submitted to the Designated Stock Exchanges.
- (j) Only Applications that are uploaded on the online system of the Stock Exchanges shall be considered for Allotment. The Designated Intermediaries shall capture all data relevant for the purposes of finalizing the Basis of Allotment while uploading Application data in the electronic systems of the Stock Exchanges. In order that the data so captured is accurate, Designated Intermediaries will be given up to one Working Day after the Issue Closing Date to modify/verify certain selected fields uploaded in the online system during the Issue Period after which the data will be sent to the Registrar to the Issue for reconciliation with the data available with the NSDL and CDSL.

OTHER INSTRUCTIONS

Depository Arrangements

Our Company has made depository arrangements with NSDL and CDSL for issue and holding of the NCDs in dematerialised form. In this context:

1. Tripartite Agreements dated December 26, 2017 between us, the Registrar to the Issue and CDSL for offering depository option to the Applicants.
2. Tripartite Agreements dated April 10, 2014 between us, the Registrar to the Issue and NSDL for offering depository option to the Applicants.
3. An Applicant must have at least one beneficiary account with any of the Depository Participants (DPs) of NSDL or CDSL prior to making the Application.
4. The Applicant must necessarily provide the DP ID and Client ID details in the Application Form.
5. NCDs Allotted to an Applicant in the electronic form will be credited directly to the Applicant's respective beneficiary account(s) with the DP.
6. Non-transferable Allotment Advice/ refund orders will be directly sent to the Applicant by the Registrar to the Issue.

7. It may be noted that NCDs in electronic form can be traded only on Stock Exchanges having electronic connectivity with NSDL or CDSL. The Stock Exchanges have connectivity with NSDL and CDSL.
8. Interest or other benefits with respect to the NCDs held in dematerialised form would be paid to those NCD holders whose names appear on the list of beneficial owners given by the Depositories to us as on Record Date. In case of those NCDs for which the beneficial owner is not identified by the Depository as on the Record Date/ book closure date, we would keep in abeyance the payment of interest or other benefits, till such time that the beneficial owner is identified by the Depository and conveyed to us, whereupon the interest or benefits will be paid to the beneficiaries, as identified, within a period of 30 days.
9. The trading of the NCDs on the floor of the Stock Exchanges shall be in dematerialized form in multiples of One NCD only.

Allottees will have the option to rematerialise the NCDs Allotted under the Issue as per the provisions of the Companies Act, 2013 and the Depositories Act.

PLEASE NOTE THAT TRADING OF NCDs ON THE FLOOR OF THE STOCK EXCHANGES SHALL BE IN DEMATERIALISED FORM ONLY IN MULTIPLE OF ONE NCD.

For further information relating to Applications for Allotment of the NCDs in dematerialised form, please see the section titled “*Issue Procedure*” on page 501.

Communications

All future communications in connection with Applications made in the Issue should be addressed to the Registrar to the Issue quoting all relevant details as regards the Applicant and its Application.

Applicants can contact our Company Secretary and Chief Compliance Officer or the Registrar to the Issue in case of any pre-Issue related problems and/or Post-Issue related problems such as non-receipt of Allotment Advice non-credit of NCDs in depository’s beneficiary account/ etc. Please note that Applicants who have applied for the NCDs through Designated Intermediaries should contact the Stock Exchanges in case of any Post-Issue related problems, such as non-receipt of Allotment Advice / non-credit of NCDs in depository’s beneficiary account/ etc.

Grievances relating to Direct Online Applications may be addressed to the Registrar to the Issue, with a copy to the relevant Stock Exchanges.

Interest in case of Delay

For information on certain procedures to be carried out by the Registrar to the Offer for finalization of the basis of allotment, please see below “*Issue Procedure-Information for Applicants*”.

Information for Applicants

In case of ASBA Applications submitted to the SCSBs, in terms of the SEBI circular CIR/CFD/DIL/3/2010 dated April 22, 2010, the Registrar to the Issue will reconcile the compiled data received from the Stock Exchanges and all SCSBs and match the same with the Depository database for correctness of DP ID, Client ID and PAN. The Registrar to the Issue will undertake technical rejections based on the electronic details and the Depository database. In case of any discrepancy between the electronic data and the Depository records, our Company, in consultation with the Designated Stock Exchanges, the Lead Manager and the Registrar to the Issue, reserves the right to proceed as per the Depository records for such ASBA Applications or treat such ASBA Applications as rejected.

In case of Applicants submitted to the Lead Manager, Consortium Member and Trading Members of the Stock Exchanges at the Specified Cities, the basis of allotment will be based on the Registrar’s validation of the electronic details with the Depository records, and the complete reconciliation of the final certificates received from the SCSBs with the electronic details in terms of the SEBI circular CIR/CFD/DIL/1/2011 dated April 29, 2011. The Registrar to the Issue will undertake technical rejections based on the electronic details and the Depository database. In case of any discrepancy between the electronic data and the Depository records, our Company, in consultation with the Designated Stock Exchanges, the Lead Manager and the Registrar to the Issue, reserves the right to proceed as per the Depository records or treat such ASBA Application as rejected.

Based on the information provided by the Depositories, our Company shall have the right to accept Applications belonging to an account for the benefit of a minor (under guardianship).

16.1.2 A register of Debenture holders; and

16.1.3 A register of any other security holders.

16.2 The Company shall also be entitled to keep in any country outside India, a part of the registers referred above, called “foreign register” containing names and particulars of the Shareholders, Debenture holders or holders of other Securities or beneficial owners residing outside India.

16.3 The registers mentioned in this Article shall be kept and maintained in the manner prescribed under the Companies (Management and Administration) Rules, 2014.

17. SHARES AND SHARE CERTIFICATES

17.1 The Company shall issue, re-issue and issue duplicate share certificates in accordance with the provisions of the Act and in the form and manner prescribed under the Companies (Share Capital and Debentures) Rules, 2014.

17.2 A duplicate certificate of shares may be issued, if such certificate:

17.2.1 is proved to have been lost or destroyed; or

17.2.2 has been defaced, mutilated or torn and is surrendered to the Company.

17.3 The Company shall be entitled to dematerialize its existing shares, rematerialize its shares held in the depository and/or to offer its fresh shares in a dematerialized form pursuant to the Depositories Act, and the rules framed thereunder, if any.

17.4 A certificate, issued under the common seal of the Company, specifying the shares held by any Person shall be *prima facie* evidence of the title of the Person to such shares. Where the shares are held in depository form, the

record of depository shall be the *prima facie* evidence of the interest of the beneficial owner.

- 17.5 If any certificate be worn out, defaced, mutilated or torn or if there be no further space on the back thereof for endorsement of transfer, then upon production and surrender thereof to the Company, a new certificate may be issued in lieu thereof, and if any certificate is lost or destroyed then upon proof thereof to the satisfaction of the Company and on execution of such indemnity as the Company deems adequate, being given, a new Certificate in lieu thereof shall be given to the party entitled to such lost or destroyed Certificate, within a period of 30 days from the receipt of such lodgement. Every Certificate under the Articles shall be issued without payment of fees if the Directors so decide, or on payment of such fees (not exceeding Rupees two for each certificate) as the Directors shall prescribe. Provided that, no fee shall be charged for issue of a new certificate in replacement of those which are old, defaced or worn out or where there is no further space on the back thereof for endorsement of transfer.

Provided that notwithstanding what is stated above, the Directors shall comply with the applicable provisions of the Act and Law.

- 17.6 The provisions of this Article shall *mutatis mutandis* apply to Debentures and other Securities of the Company.
- 17.7 When a new share certificate has been issued in pursuance of sub-article (e) of this Article, it shall be in the form and manner stated under the Companies (Share Capital and Debentures) Rules, 2014.
- 17.8 Where a new share certificate has been issued in pursuance of sub-articles (e) or (f) of this Article, particulars of every such share certificate shall be entered in a Register of Renewed and Duplicate Certificates maintained in the form and manner specified under the Companies (Share Capital and Debentures) Rules, 2014.
- 17.9 All blank forms to be used for issue of share certificates shall be printed and the printing shall be done only on the authority of a Resolution of the Board. The blank forms shall be consecutively machine-numbered and the forms and the blocks, engravings, facsimiles and hues relating to the printing of such forms shall be kept in the custody of the Secretary or of such other person as the Board may authorize for the purpose and the Secretary or the other person aforesaid shall be responsible for rendering an account of these forms to the Board.
- 17.10 The Secretary shall be responsible for the maintenance, preservation and safe custody of all books and documents relating to the issue of share certificates including the blank forms of the share certificate referred to in sub-article (i) of this Article.
- 17.11 All books referred to in sub-article (j) of this Article, shall be preserved in the manner specified in the Companies (Share Capital and Debentures) Rules, 2014.
- 17.12 The details in relation to any renewal or duplicate share certificates shall be entered into the register of renewed and duplicate share certificates, as prescribed under the Companies (Share Capital and Debentures) Rules, 2014.
- 17.13 If any Share stands in the names of 2 (two) or more Persons, the Person first named in the Register of Members shall as regards receipt of Dividends or bonus, or service of notices and all or any other matters connected with the Company except voting at meetings and the transfer of shares, be deemed the sole holder thereof, but the joint holders of a share shall be severally as well as jointly liable for the payment of all installments and calls due in respect of such shares, and for all incidents thereof according to these Articles.
- 17.14 Except as ordered by a court of competent jurisdiction or as may be required by Law, the Company shall be entitled to treat the Shareholder whose name appears on the Register of Members as the holder of any share or whose name appears as the beneficial owner of shares in the records of the Depository, as the absolute owner thereof and accordingly shall not be bound to recognise any benami, trust or equity or equitable, contingent or other claim to or interest in such share on the part of any other Person whether or not he shall have express or implied notice thereof. The Board shall be entitled at their sole discretion to register any shares in the joint names of any 2 (two) or more Persons or the survivor or survivors of them.

18. SHARES AT THE DISPOSAL OF THE DIRECTORS

- 18.1 Subject to the provisions of Section 62 and other applicable provisions of the Act, and these Articles, the shares in the Capital of the Company for the time being (including any shares forming part of any increased Capital of the Company) shall be under the control of the Board who may issue, allot or otherwise dispose of the same or

any of them to Persons in such proportion and on such terms and conditions and either at a premium or at par or at discount (subject to compliance with Section 53 of the Act) at such time as they may, from time to time, think fit to give to any person or persons the option or right to call for any shares either at par or premium or at a discount subject to the provisions of the Act during such time and for such consideration as the Directors think fit, and may issue and allot Shares in the capital of the Company on payment in full or part of any property sold and transferred or for any services rendered to the Company in the conduct of its business and any shares which may be so allotted may be issued as fully paid up shares and if so issued, shall be deemed to be fully paid up shares. Provided that option or right to call shares shall not be given to any Person or Persons without the sanction of the Company in the General Meeting.

18.2 If, by the conditions of allotment of any share, the whole or part of the amount thereof shall be payable by installments, every such installment shall, when due, be paid to the Company by the person who, for the time being, shall be the registered holder of the shares or by his executor or administrator.

18.3 Every Shareholder, or his heirs, Executors, or Administrators shall pay to the Company, the portion of the Capital represented by his share or shares which may for the time being remain unpaid thereon in such amounts at such time or times and in such manner as the Board shall from time to time in accordance with the Articles require or fix for the payment thereof.

18.4 In accordance with Section 56 and other applicable provisions of the Act and the Rules:

18.5 Every Shareholder or allottee of shares shall be entitled without payment, to receive one or more certificates specifying the name of the Person in whose favour it is issued, the shares to which it relates and the amount paid up thereon. Such certificates shall be issued only in pursuance of a resolution passed by the Board and on surrender to the Company of its letter of allotment or its fractional coupon of requisite value, save in cases of issue of share certificates against letters of acceptance or of renunciation, or in cases of issue of bonus shares. Such share certificates shall also be issued in the event of consolidation or sub-division of shares of the Company. Every such certificate shall be issued under the Seal of the Company which shall be affixed in the presence of 2 (two) Directors or persons acting on behalf of the Board under a duly registered power of attorney and the Secretary or some other person appointed by the Board for the purpose and the 2 (two) Directors or their attorneys and the Secretary or other person shall sign the shares certificate(s), provided that if the composition of the Board permits, at least 1 (one) of the aforesaid 2 (two) Directors shall be a person other than a Managing Director(s) or an executive director(s). Particulars of every share certificate issued shall be entered in the Register of Members against the name of the Person, to whom it has been issued, indicating the date of issue. For any further certificate, the Board shall be entitled, but shall not be bound to prescribe a charge not exceeding rupees two.

18.6 Every Shareholder shall be entitled, without payment, to one or more certificates, in marketable lots, for all the shares of each class or denomination registered in his name, or if the Directors so approve (upon paying such fee as the Directors may from time to time determine) to several certificates, each for one or more of such shares and the Company shall complete and have ready for delivery such certificates within 2 (two) months from the date of allotment, or within 15 (fifteen) days of the receipt of instrument of transfer, transmission, sub-division, consolidation or renewal of its shares as the case may be. Every certificate of shares shall be in the form and manner as specified in Article 15 above and in respect of a share or shares held jointly by several Persons, the Company shall not be bound to issue more than one certificate and delivery of a certificate of shares to the first named joint holders shall be sufficient delivery to all such holders.

18.6.1 the Board may, at their absolute discretion, refuse any applications for the sub-division of share certificates or Debenture certificates, into denominations less than marketable lots except where sub-division is required to be made to comply with any statutory provision or an order of a competent court of law or at a request from a Shareholder or to convert holding of odd lot into transferable/marketable lot.

18.6.2 A Director may sign a share certificate by affixing his signature thereon by means of any machine, equipment or other mechanical means, such as engraving in metal or lithography, but not by means of a rubber stamp, provided that the Director shall be responsible for the safe custody of such machine, equipment or other material used for the purpose.

19. UNDERWRITING AND BROKERAGE

19.1 Subject to the applicable provisions of the Act, the Company may at any time pay a commission to any person in consideration of his subscribing or agreeing to subscribe or procuring or agreeing to procure subscription, (whether absolutely or conditionally), for any shares or Debentures in the Company in accordance with the provisions of the Companies (Prospectus and Allotment of Securities) Rules, 2014.

19.2 The Company may also, on any issue of shares or Debentures, pay such brokerage as may be lawful.

20. CALLS

20.1 Subject to the provisions of Section 49 of the Act, the Board may, from time to time, subject to the terms on which any shares may have been issued and subject to the conditions of allotment, by a resolution passed at a meeting of the Board, (and not by circular resolution), make such call as it thinks fit upon the Shareholders in respect of all money unpaid on the shares held by them respectively and each Shareholder shall pay the amount of every call so made on him to the Person or Persons and Shareholders and at the times and places appointed by the Board. A call may be made payable by installments. Provided that the Board shall not give the option or right to call on shares to any person except with the sanction of the Company in the General Meeting.

20.2 30 (thirty) days' notice in writing at the least of every call (otherwise than on allotment) shall be given by the Company specifying the time and place of payment and if payable to any Person other than the Company, the name of the person to whom the call shall be paid, provided that before the time for payment of such call, the Board may by notice in writing to the Shareholders revoke the same.

20.3 The Board may, when making a call by resolution, determine the date on which such call shall be deemed to have been made, not being earlier than the date of resolution making such call and thereupon the call shall be deemed to have been made on the date so determined and if no date is determined, the call shall be deemed to have been made at the time when the resolution of the Board authorising such call was passed and may be made payable by the Shareholders whose names appear on the Register of Members on such date or at the discretion of the Board on such subsequent date as shall be fixed by the Board. A call may be revoked or postponed at the discretion of the Board.

20.4 The joint holder of a share shall be jointly and severally liable to pay all instalments and calls due in respect thereof.

20.5 The Board may, from time to time at its discretion, extend the time fixed for the payment of any call and may extend such time as to all or any of the Shareholders who, from residence at a distance or other cause the Board may deem fairly entitled to such extension; but no Shareholders shall be entitled to such extension save as a matter of grace and favour.

20.6 If any Shareholder or allottee fails to pay the whole or any part of any call or installment, due from him on the day appointed for payment thereof, or any such extension thereof as aforesaid, he shall be liable to pay interest on the same from the day appointed for the payment thereof to the time of actual payment at such rate as shall from time to time be fixed by the Board but nothing in this Article shall render it obligatory for the Board to demand or recover any interest from any such Shareholder.

20.7 Any sum, which by the terms of issue of a share or otherwise, becomes payable on allotment or at any fixed date or by installments at a fixed time whether on account of the nominal value of the share or by way of premium shall for the purposes of these Articles be deemed to be a call duly made and payable on the date on which by the terms of issue or otherwise the same became payable, and in case of non-payment, all the relevant provisions of these Articles as to payment of call, interest, expenses, forfeiture or otherwise shall apply as if such sum became payable by virtue of a call duly made and notified.

20.8 On the trial or hearing of any action or suit brought by the Company against any Shareholder or his legal representatives for the recovery of any money claimed to be due to the Company in respect of his shares, it shall be sufficient to prove that the name of the Shareholder in respect of whose shares the money is sought to be recovered appears entered on the Register of Members as the holder, or one of the holders at or subsequent to the date at which the money sought to be recovered is alleged to have become due on the shares; that the resolution making the call is duly recorded in the minute book, and that notice of such call was duly given to the Shareholder or his representatives so sued in pursuance of these Articles; and it shall not be necessary to prove

the appointment of the Directors who made such call nor that a quorum of Directors was present at the Board at which any call was made, nor that the meeting at which any call was made was duly convened or constituted nor any other matters whatsoever; but the proof of the matters aforesaid shall be conclusive evidence of the debt.

- 20.9 Neither a judgment nor a decree in favour of the Company for calls or other money due in respect of any share nor any part payment or satisfaction thereunder, nor the receipt by the Company of a portion of any money which shall from time to time be due from any Shareholder to the Company in respect of his shares, either by way of principal or interest, nor any indulgence granted by the Company in respect of the payment of any such money shall preclude the Company from thereafter proceeding to enforce a forfeiture of such shares as hereinafter provided.
- 20.10 The Board may, if it thinks fit (subject to the provisions of Section 50 of the Act) agree to and receive from any Shareholder willing to advance the same, the whole or any part of the money due upon the shares held by him beyond the sums actually called up, and upon the amount so paid or satisfied in advance or so much thereof as from time to time and at any time thereafter as exceeds the amount of the calls then made upon and due in respect of the shares in respect of which such advance has been made, the Company may pay interest, as the Shareholder paying such sum in advance and the Board agree upon, provided that the money paid in advance of calls shall not confer a right to participate in profits or dividend. The Directors may at any time repay the amount so advanced.
- 20.11 No Shareholder shall be entitled to voting rights in respect of the money(ies) so paid by him until the same would but for such payment, become presently payable.
- 20.12 The provisions of these Articles shall *mutatis mutandis* apply to the calls on Debentures of the Company.

21. COMPANY'S LIEN:

21.1 On shares:

21.1.1 The Company shall have a first and paramount lien:

- (a) on every share (not being a fully paid share), for all money (whether presently payable or not) called, or payable at a fixed time, in respect of that share;

Provided that the Board may, at any time, declare any shares wholly or in part to be exempt from the provisions of this Article.

- 21.2 Company's lien, if any, on such partly paid shares, shall extend to all Dividends payable and bonuses declared from time to time in respect of such shares.
- 21.3 Unless otherwise agreed, the registration of a transfer of shares shall operate as a waiver of the Company's lien, if any, on such shares. The fully paid up shares shall be free from all lien and that in case of partly paid shares, the Company's lien shall be restricted to money called or payable at a fixed price in respect of such shares.
- 21.4 For the purpose of enforcing such lien, the Board may sell the shares, subject thereto in such manner as they shall think fit, and for that purpose may cause to be issued a duplicate certificate in respect of such shares and may authorise one of their Shareholders to execute and register the transfer thereof on behalf of and in the name of any purchaser. The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.
- 21.5 Provided that no sale shall be made:
- 21.5.1 unless a sum in respect of which the lien exists is presently payable; or

- 21.5.2 until the expiration of 14 days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency.

The net proceeds of any such sale shall be received by the Company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable. The residue, if any, shall (subject to a like lien for sums not presently payable as existed upon the shares before the sale) be paid to the Person entitled to the shares at the date of the sale.

- 21.6 No Shareholder shall exercise any voting right in respect of any shares registered in his name on which any calls or other sums presently payable by him have not been paid, or in regard to which the Company has exercised any right of lien.

21.7 On Debentures:

21.8 The Company shall have a first and paramount lien:

- 21.8.1 on every Debenture (not being a fully paid Debenture), for all money (whether presently payable or not) called, or payable at a fixed time, in respect of that Debenture;

- 21.8.2 on all Debentures (not being fully paid Debentures) standing registered in the name of a single person, for all money presently payable by him or his estate to the Company

- 21.8.3 Provided that the Board may, at any time, declare any Debentures wholly or in part to be exempt from the provisions of this Article.

- 21.9 Company's lien, if any, on the Debentures, shall extend to all interest and premium payable in respect of such Debentures.

- 21.9.1 Unless otherwise agreed, the registration of a transfer of Debentures shall operate as a waiver of the Company's lien, if any, on such Debentures. The fully paid up Debentures shall be free from all lien and that in case of partly paid Debentures, the Company's lien shall be restricted to money called or payable at a fixed price in respect of such Debentures.

- 21.9.2 For the purpose of enforcing such lien, the Board may sell the Debentures, subject thereto in such manner as they shall think fit, and for that purpose may cause to be issued a duplicate certificate in respect of such Debentures and may authorize the debenture trustee acting as trustee for the holders of Debentures or one of the holder of Debentures to execute and register the transfer thereof on behalf of and in the name of any purchaser. The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the Debentures be affected by any irregularity or invalidity in the proceedings in reference to the sale.

- 21.9.3 Provided that no sale shall be made:

- (a) unless a sum in respect of which the lien exists is presently payable; or
- (b) until the expiration of 14 days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the Debenture or the person entitled thereto by reason of his death or insolvency.
- (c) The net proceeds of any such sale shall be received by the Company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable. The residue, if any, shall (subject to a like lien for sums not presently payable as existed upon the Debentures before the sale) be paid to the Person entitled to the Debentures at the date of the sale.

- 21.10 No holder of Debentures shall exercise any voting right in respect of any Debentures registered in his name on which any calls or other sums presently payable by him have not been paid, or in regard to which the Company has exercised any right of lien.

22. FORFEITURE OF SHARES

- 22.1 If any Shareholder fails to pay any call or installment or any part thereof or any money due in respect of any shares either by way of principal or interest on or before the day appointed for the payment of the same or any such extension thereof as aforesaid, the Board may, at any time thereafter, during such time as the call or installment or any part thereof or other money remain unpaid or a judgment or decree in respect thereof remain unsatisfied, give notice to him or his legal representatives requiring him to pay the same together with any interest that may have accrued and all expenses that may have been incurred by the Company by reason of such non-payment.
- 22.2 The notice shall name a day, (not being less than 14 (fourteen) days from the date of the notice), and a place or places on or before which such call or installment or such part or other money as aforesaid and interest thereon, (at such rate as the Board shall determine and payable from the date on which such call or installment ought to have been paid), and expenses as aforesaid are to be paid. The notice shall also state that in the event of non-payment at or before the time and at the place appointed, the shares in respect of which the call was made or installment is payable, will be liable to be forfeited.
- 22.3 If the requirements of any such notice as aforesaid are not be complied with, any share in respect of which such notice has been given, may at any time, thereafter before payment of all calls, installments, other money due in respect thereof, interest and expenses as required by the notice has been made, be forfeited by a resolution of the Board to that effect. Such forfeiture shall include all Dividends declared or any other money payable in respect of the forfeited share and not actually paid before the forfeiture subject to the applicable provisions of the Act. There shall be no forfeiture of unclaimed Dividends before the claim becomes barred by Law.
- 22.4 When any share shall have been so forfeited, notice of the forfeiture shall be given to the Shareholder on whose name it stood immediately prior to the forfeiture or if any of his legal representatives or to any of the Persons entitled to the shares by transmission, and an entry of the forfeiture with the date thereof, shall forthwith be made in the Register of Members, but no forfeiture shall be in any manner invalidated by any omission or neglect to give such notice or to make any such entry as aforesaid.
- 22.5 Any share so forfeited shall be deemed to be the property of the Company and may be sold; re-allotted, or otherwise disposed of either to the original holder thereof or to any other Person upon such terms and in such manner as the Board shall think fit.
- 22.6 Any Shareholder whose shares have been forfeited shall, notwithstanding the forfeiture, be liable to pay and shall forthwith pay to the Company on demand all calls, installments, interest and expenses and other money owing upon or in respect of such shares at the time of the forfeiture together with interest thereon from the time of the forfeiture until payment at such rate as the Board may determine and the Board may enforce, (if it thinks fit), payment thereof as if it were a new call made at the date of forfeiture.
- 22.7 The forfeiture of a share shall involve extinction at the time of the forfeiture of all interest in all claims and demands against the Company, in respect of the share and all other rights incidental to the share, except only such of these rights as by these Articles are expressly saved.
- 22.8 A duly verified declaration in writing that the declarant is a Director or Secretary of the Company and that a share in the Company has been duly forfeited in accordance with these Articles on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all Persons claiming to be entitled to the shares.
- 22.9 Upon any sale after forfeiture or for enforcing a lien in purported exercise of the powers hereinbefore given, the Board may appoint some Person to execute an instrument of transfer of the shares sold and cause the purchaser's name to be entered in the Register of Members in respect of the shares sold and the purchaser shall not be bound to see to the regularity of the proceedings, or to the application of the purchase money, and after his name has been entered in the Register of Members in respect of such shares, the validity of the sale shall not be impeached by any person and the remedy of any person aggrieved by the sale shall be in damages only and against the Company exclusively.
- 22.10 Upon any sale, re-allotment or other disposal under the provisions of the preceding Articles, the certificate or certificates originally issued in respect of the relevant shares shall, (unless the same shall on demand by the Company have been previously surrendered to it by the defaulting Shareholder), stand cancelled and become null and void and of no effect and the Board shall be entitled to issue a new certificate or certificates in respect of the said shares to the person or persons entitled thereto.

- 22.11 The Board may, at any time, before any share so forfeited shall have been sold, re-allotted or otherwise disposed of, annul the forfeiture thereof upon such conditions as it thinks fit.

23. FURTHER ISSUE OF SHARE CAPITAL

- 23.1 Where at any time, the Company proposes to increase its subscribed capital by the issue of further shares, such shares shall be offered—
- 23.1.1 to persons who, at the date of the offer, are holders of Equity Shares of the Company in proportion, as nearly as circumstances admit, to the Paid up Share Capital on those shares by sending a letter of offer subject to the following conditions, namely:-
- (a) the offer shall be made by notice specifying the number of shares offered and limiting a time not being less than 15 (fifteen) days and not exceeding 30 (thirty) days from the date of the offer within which the offer, if not accepted, shall be deemed to have been declined;
 - (b) the offer aforesaid shall be deemed to include a right exercisable by the Person concerned to renounce the shares offered to him or any of them in favour of any other Person; and the notice referred to in clause a. above shall contain a statement of this right;
 - (c) after the expiry of the time specified in the notice aforesaid, or on receipt of earlier intimation from the Person to whom such notice is given that he declines to accept the shares offered, the Board may dispose of them in such manner which is not disadvantageous to the Shareholders and the Company;
- 23.1.2 to employees under a scheme of employees' stock option, subject to Special Resolution passed by the Company and subject to the Rules and such other conditions, as may be prescribed under Law; or
- 23.1.3 to any persons, if it is authorised by a Special Resolution, whether or not those Persons include the Persons referred to in clause (i) or clause (ii) above, either for cash or for a consideration other than cash, if the price of such shares is determined by the valuation report of a registered valuer subject to the Rules.
- 23.2 The notice referred to in sub-clause a. of clause (i) of sub-article (a) shall be dispatched through registered post or speed post or through electronic mode to all the existing Shareholders at least 3 (three) days before the opening of the issue.
- 23.3 Nothing in this Article shall apply to the increase of the subscribed capital of a Company caused by the exercise of an option as a term attached to the Debentures issued or loan raised by the Company to convert such Debentures or loans into shares in the Company.
- 23.4 Provided that the terms of issue of such Debentures or loan containing such an option have been approved before the issue of such Debentures or the raising of loan by a Special Resolution passed by the Company in a General Meeting.
- 23.5 The provisions contained in this Article shall be subject to the provisions of Section 42 and Section 62 of the Act, the Rules and the applicable provisions of the Act.

24. TRANSFER AND TRANSMISSION OF SHARES

- 24.1 The Company shall maintain a "Register of Transfers" and shall have recorded therein fairly and distinctly particulars of every transfer or transmission of any Share, Debenture or other Security held in a material form.
- 24.2 In accordance with Section 56 of the Act, the Rules and such other conditions as may be prescribed under Law, every instrument of transfer of shares held in physical form shall be in writing. In case of transfer of shares where the Company has not issued any certificates and where the shares are held in dematerialized form, the provisions of the Depositories Act shall apply.
- 24.2.1

- (i) An application for the registration of a transfer of the shares in the Company may be made either by the transferor or the transferee within the time frame prescribed under the Act.
 - (ii) Where the application is made by the transferor and relates to partly paid shares, the transfer shall not be registered unless the Company gives notice of the application to the transferee in a prescribed manner and the transferee communicates no objection to the transfer within 2 (two) weeks from the receipt of the notice.
- 24.3 Every such instrument of transfer shall be executed by both, the transferor and the transferee and attested and the transferor shall be deemed to remain the holder of such share until the name of the transferee shall have been entered in the Register of Members in respect thereof.
- 24.4 The Company shall register transfers of its securities in the name of the transferee(s) and issue certificates or receipts or advices, as applicable, of transfers; or issue any valid objection or intimation to the transferee or transferor, as the case may be, within a period of fifteen days from the date of such receipt of request for transfer. Further, transmissions requests for securities held in dematerialized mode and physical mode shall be processed within seven days and twenty one days respectively, after receipt of the specified documents
- 24.5 The Board shall have power on giving not less than 7 (seven) days previous notice by advertisement in a vernacular newspaper and in an English newspaper having wide circulation in the city, town or village in which the Office of the Company is situated, and publishing the notice on the website as may be notified by the Central Government and on the website of the Company, to close the transfer books, the Register of Members and/or Register of Debenture- holders at such time or times and for such period or periods, not exceeding 30 (thirty) days at a time and not exceeding in the aggregate 45 (forty-five) days in each year, as it may deem expedient.
- 24.6 Subject to the provisions of Sections 58 and 59 of the Act, these Articles and other applicable provisions of the Act or any other Law for the time being in force, the Board may, refuse to register the transfer of, or the transmission by operation of law of the right to, any securities or interest of a Shareholder in the Company. The Company shall, within 30 (thirty) days from the date on which the instrument of transfer, or the intimation of such transmission, as the case may be, was delivered to the Company, send a notice of refusal to the transferee and transferor or to the person giving notice of such transmission, as the case may be, giving reasons for such refusal.
- Provided that, registration of a transfer shall not be refused on the ground of the transferor being either alone or jointly with any other Person or Persons indebted to the Company on any account whatsoever except where the Company has a lien on shares.
- 24.7 Subject to the applicable provisions of the Act and these Articles, the Directors shall have the absolute and uncontrolled discretion to refuse to register a Person entitled by transmission to any shares or his nominee as if he were the transferee named in any ordinary transfer presented for registration, and shall not be bound to give any reason for such refusal and in particular may also decline in respect of shares upon which the Company has a lien.
- 24.8 Subject to the provisions of these Articles, any transfer of shares in whatever lot should not be refused, though there would be no objection to the Company refusing to split a share certificate into several scripts of any small denominations or, to consider a proposal for transfer of shares comprised in a share certificate to several Shareholders, involving such splitting, if on the face of it such splitting/transfer appears to be unreasonable or without a genuine need. The Company should not, therefore, refuse transfer of shares in violation of the stock exchange listing requirements on the ground that the number of shares to be transferred is less than any specified number.
- 24.9 In case of the death of any one or more Shareholders named in the Register of Members as the joint-holders of any shares, the survivors shall be the only Shareholder or Shareholders recognized by the Company as having any title to or interest in such shares, but nothing therein contained shall be taken to release the estate of a deceased joint-holder from any liability on shares held by him jointly with any other Person.
- 24.10 The Executors or Administrators or holder of the succession certificate or the legal representatives of a deceased Shareholder, (not being one of two or more joint-holders), shall be the only Shareholders recognized by the Company as having any title to the shares registered in the name of such Shareholder, and the Company shall not be bound to recognize such Executors or Administrators or holders of succession certificate or the legal

representatives unless such Executors or Administrators or legal representatives shall have first obtained probate or letters of administration or succession certificate, as the case may be, from a duly constituted court in India, provided that the Board may in its absolute discretion dispense with production of probate or letters of administration or succession certificate, upon such terms as to indemnity or otherwise as the Board may in its absolute discretion deem fit and may under Article 22(a) of these Articles register the name of any Person who claims to be absolutely entitled to the shares standing in the name of a deceased Shareholder, as a Shareholder.

- 24.11 The Board shall not knowingly issue or register a transfer of any share to a minor or insolvent or Person of unsound mind, except fully paid shares through a legal guardian.
- 24.12 Subject to the provisions of Articles, any Person becoming entitled to shares in consequence of the death, lunacy, bankruptcy of any Shareholder or Shareholders, or by any lawful means other than by a transfer in accordance with these Articles, may with the consent of the Board, (which it shall not be under any obligation to give), upon producing such evidence that he sustains the character in respect of which he proposes to act under this Article, or of his title, as the Board thinks sufficient, either be registered himself as the holder of the shares or elect to have some Person nominated by him and approved by the Board, registered as such holder; provided nevertheless, that if such Person shall elect to have his nominee registered, he shall testify the election by executing in favour of his nominee an instrument of transfer in accordance with the provisions herein contained and until he does so, he shall not be freed from any liability in respect of the shares.
- 24.13 A Person becoming entitled to a share by reason of the death or insolvency of a Shareholder shall be entitled to the same Dividends and other advantages to which he would be entitled if he were the registered holder of the shares, except that he shall not, before being registered as a Shareholder in respect of the shares, be entitled to exercise any right conferred by membership in relation to meetings of the Company.

Provided that the Directors shall, at any time, give notice requiring any such Person to elect either to be registered himself or to transfer the shares, and if such notice is not complied with within 90 (ninety) days, the Directors may thereafter withhold payment of all Dividends, bonuses or other monies payable in respect of the shares until the requirements of the notice have been complied with.

- 24.14 Every instrument of transfer shall be presented to the Company duly stamped for registration accompanied by such evidence as the Board may require to prove the title of the transferor, his right to transfer the shares. Every registered instrument of transfer shall remain in the custody of the Company until destroyed by order of the Board.

Where any instrument of transfer of shares has been received by the Company for registration and the transfer of such shares has not been registered by the Company for any reason whatsoever, the Company shall transfer the Dividends in relation to such shares to a special account unless the Company is authorized by the registered holder of such shares, in writing, to pay such Dividends to the transferee and will keep in abeyance any offer of right shares and/or bonus shares in relation to such shares.

In case of transfer and transmission of shares or other marketable securities where the Company has not issued any certificates and where such shares or Securities are being held in any electronic and fungible form in a Depository, the provisions of the Depositories Act shall apply.

- 24.15 Before the registration of a transfer, the certificate or certificates of the share or shares to be transferred must be delivered to the Company along with a properly stamped and executed instrument of transfer in accordance with the provisions of Section 56 of the Act.
- 24.16 No fee shall be payable to the Company, in respect of the registration of transfer or transmission of shares, or for registration of any power of attorney, probate, letters of administration and succession certificate, certificate of death or marriage or other similar documents, sub division and/or consolidation of shares and debentures and sub-divisions of letters of allotment, renounceable letters of right and split, consolidation, renewal and genuine transfer receipts into denomination corresponding to the market unit of trading.
- 24.17 The Company shall incur no liability or responsibility whatsoever in consequence of its registering or giving effect to any transfer of shares made or purporting to be made by any apparent legal owner thereof, (as shown or appearing in the Register of Members), to the prejudice of a Person or Persons having or claiming any equitable right, title or interest to or in the said shares, notwithstanding that the Company may have had any notice of such equitable right, title or interest or notice prohibiting registration of such transfer, and may have entered

such notice or referred thereto, in any book of the Company and the Company shall not be bound or required to regard or attend or give effect to any notice which may be given to it of any equitable right, title or interest or be under any liability whatsoever for refusing or neglecting so to do, though it may have been entered or referred to in some book of the Company but the Company shall nevertheless be at liberty to regard and attend to any such notice, and give effect thereto if the Board shall so think fit.

- 24.18 The Company shall not register the transfer of its securities in the name of the transferee(s) when the transferor(s) objects to the transfer.

Provided that the transferor serves on the Company, within sixty working days of raising the objection, a prohibitory order of a Court of competent jurisdiction.

- 24.19 The Board may delegate the power of transfer of securities to a committee or to compliance officer or to the registrar to an issue and/or share transfer agent(s).

Provided that the delegated authority shall report on transfer of securities to the Board in each meeting.

- 24.20 There shall be a common form of transfer in accordance with the Act and Rules.

- 24.21 The provision of these Articles shall be subject to the applicable provisions of the Act, the Rules and any requirements of Law. Such provisions shall mutatis mutandis apply to the transfer or transmission by operation of Law to other Securities of the Company.

25. DEMATERIALIZATION OF SECURITIES

25.1 Dematerialization:

Notwithstanding anything contained in these Articles, and subject to the applicable provisions of the Act, the Company shall be entitled to dematerialize its existing Securities, rematerialize its Securities held in the Depositories and/or to offer its fresh Securities in a dematerialized form pursuant to the Depositories Act, and the rules framed thereunder, if any.

- 25.2 Subject to the applicable provisions of the Act, instead of issuing or receiving certificates for the Securities, as the case maybe, either the Company or the investor may exercise an option to issue, dematerialize, hold the securities (including shares) with a Depository in electronic form and the certificates in respect thereof shall be dematerialized, in which event the rights and obligations of the parties concerned and matters connected therewith or incidental thereto shall be governed by the provisions of the Depositories Act as amended from time to time or any statutory modification thereto or re-enactment thereof.

- 25.3 Notwithstanding anything contained in these Articles to the contrary, in the event the Securities of the Company are dematerialized, the Company shall issue appropriate instructions to the Depository not to Transfer the Securities of any Shareholder except in accordance with these Articles. The Company shall cause the Promoters to direct their respective Depository participants not to accept any instruction slip or delivery slip or other authorisation for Transfer in contravention of these Articles.

- 25.4 If a Person opts to hold his Securities with a Depository, then notwithstanding anything to the contrary contained in these Articles the Company shall intimate such Depository the details of allotment of the Securities and on receipt of the information, the Depository shall enter in its record the name of the allottee as the Beneficial Owner of the Securities.

25.5 Securities in Depositories to be in fungible form:

All Securities held by a Depository shall be dematerialized and be held in fungible form. Nothing contained in Sections 88, 89 and 186 of the Act shall apply to a Depository in respect of the Securities held by it on behalf of the Beneficial Owners.

25.6 Rights of Depositories & Beneficial Owners:

- 25.6.1 Notwithstanding anything to the contrary contained in the Act or these Articles, a Depository shall be

deemed to be the Registered Owner for the purposes of effecting transfer of ownership of Securities on behalf of the Beneficial Owner.

25.6.2 Save as otherwise provided in (i) above, the Depository as the Registered Owner of the Securities shall not have any voting rights or any other rights in respect of the Securities held by it.

25.6.3 Every person holding shares of the Company and whose name is entered as the Beneficial Owner in the records of the Depository shall be deemed to be a Shareholder of the Company.

25.6.4 The Beneficial Owner of Securities shall, in accordance with the provisions of these Articles and the Act, be entitled to all the rights and subject to all the liabilities in respect of his Securities, which are held by a Depository.

25.7 Except as ordered by a court of competent jurisdiction or as may be required by Law required and subject to the applicable provisions of the Act, the Company shall be entitled to treat the person whose name appears on the Register as the holder of any share or whose name appears as the Beneficial Owner of any share in the records of the Depository as the absolute owner thereof and accordingly shall not be bound to recognize any benami trust or equity, equitable contingent, future, partial interest, other claim to or interest in respect of such shares or (except only as by these Articles otherwise expressly provided) any right in respect of a share other than an absolute right thereto in accordance with these Articles, on the part of any other person whether or not it has expressed or implied notice thereof but the Board shall at their sole discretion register any share in the joint names of any two or more persons or the survivor or survivors of them.

25.8 Register and Index of Beneficial Owners:

The Company shall cause to be kept a register and index of members with details of shares and debentures held in materialized and dematerialized forms in any media as may be permitted by Law including any form of electronic media.

The register and index of Beneficial Owners maintained by a Depository under the Depositories Act shall be deemed to be a register and index of members for the purposes of this Act. The Company shall have the power to keep in any state or country outside India a register resident in that state or country.

25.9 Cancellation of Certificates upon surrender by Person:

Upon receipt of certificate of securities on surrender by a person who has entered into an agreement with the Depository through a participant, the Company shall cancel such certificates and shall substitute in its record, the name of the Depository as the registered owner in respect of the said Securities and shall also inform the Depository accordingly.

25.10 Service of Documents:

Notwithstanding anything contained in the Act or these Articles to the contrary, where Securities are held in a Depository, the records of the beneficial ownership may be served by such Depository on the Company by means of electronic mode or by delivery of floppies or discs.

25.11 Transfer of Securities:

25.11.1 Nothing contained in Section 56 of the Act or these Articles shall apply to a transfer of Securities effected by transferor and transferee both of whom are entered as Beneficial Owners in the records of a Depository.

25.11.2 In the case of transfer or transmission of shares or other marketable Securities where the Company has not issued any certificates and where such shares or Securities are being held in any electronic or fungible form in a Depository, the provisions of the Depositories Act shall apply.

25.12 Allotment of Securities dealt with in a Depository:

Notwithstanding anything in the Act or these Articles, where Securities are dealt with by a Depository, the

Company shall intimate the details of allotment of relevant Securities thereof to the Depository immediately on allotment of such Securities.

25.13 Certificate Number and other details of Securities in Depository:

Nothing contained in the Act or these Articles regarding the necessity of having certificate number/distinctive numbers for Securities issued by the Company shall apply to Securities held with a Depository.

25.14 Register and Index of Beneficial Owners:

The Register and Index of Beneficial Owners maintained by a Depository under the Depositories Act, shall be deemed to be the Register and Index (if applicable) of Shareholders and Security- holders for the purposes of these Articles.

25.15 Provisions of Articles to apply to Shares held in Depository:

Except as specifically provided in these Articles, the provisions relating to joint holders of shares, calls, lien on shares, forfeiture of shares and transfer and transmission of shares shall be applicable to shares held in Depository so far as they apply to shares held in physical form subject to the provisions of the Depositories Act.

25.16 Depository to furnish information:

Every Depository shall furnish to the Company information about the transfer of securities in the name of the Beneficial Owner at such intervals and in such manner as may be specified by Law and the Company in that behalf.

25.17 Option to opt out in respect of any such Security:

If a Beneficial Owner seeks to opt out of a Depository in respect of any Security, he shall inform the Depository accordingly. The Depository shall on receipt of such information make appropriate entries in its records and shall inform the Company. The Company shall within 30 (thirty) days of the receipt of intimation from a Depository and on fulfillment of such conditions and on payment of such fees as may be specified by the regulations, issue the certificate of securities to the Beneficial Owner or the transferee as the case may be.

25.18 Overriding effect of this Article:

Provisions of this Article will have full effect and force notwithstanding anything to the contrary or inconsistent contained in any other Articles.

26. NOMINATION BY SECURITIES HOLDERS

26.1 Every holder of Securities of the Company may, at any time, nominate, in the manner prescribed under the Companies (Share Capital and Debentures) Rules, 2014, a Person as his nominee in whom the Securities of the Company held by him shall vest in the event of his death.

26.2 Where the Securities of the Company are held by more than one Person jointly, the joint holders may together nominate, in the manner prescribed under the Companies (Share Capital and Debentures) Rules, 2014, a Person as their nominee in whom all the rights in the Securities Company shall vest in the event of death of all the joint holders.

26.3 Notwithstanding anything contained in any other Law for the time being in force or in any disposition, whether testamentary or otherwise, in respect of the Securities of the Company, where a nomination made in the manner prescribed under the Companies (Share Capital and Debentures) Rules, 2014, purports to confer on any Person the right to vest the Securities of the Company, the nominee shall, on the death of the holder of Securities of the Company or, as the case may be, on the death of the joint holders become entitled to all the rights in Securities of the holder or, as the case may be, of all the joint holders, in relation to such Securities of the Company to the exclusion of all other Persons, unless the nomination is varied or cancelled in the prescribed manner under the Companies (Share Capital and Debentures) Rules, 2014.

- 26.4 Where the nominee is a minor, the holder of the Securities concerned, can make the nomination to appoint in prescribed manner under the Companies (Share Capital and Debentures) Rules, 2014, any Person to become entitled to the Securities of the Company in the event of his death, during the minority.
- 26.5 The transmission of Securities of the Company by the holders of such Securities and transfer in case of nomination shall be subject to and in accordance with the provisions of the Companies (Share Capital and Debentures) Rules, 2014.

27. NOMINATION FOR FIXED DEPOSITS

A depositor (who shall be the member of the Company) may, at any time, make a nomination and the provisions of Section 72 of the Act shall, as far as may be, apply to the nominations made in relation to the deposits made subject to the provisions of the Rules as may be prescribed in this regard.

28. NOMINATION IN CERTAIN OTHER CASES

Subject to the applicable provisions of the Act and these Articles, any person becoming entitled to Securities in consequence of the death, lunacy, bankruptcy or insolvency of any holder of Securities, or by any lawful means other than by a transfer in accordance with these Articles, may, with the consent of the Board (which it shall not be under any obligation to give), upon producing such evidence that he sustains the character in respect of which he proposes to act under this Article or of such title as the Board thinks sufficient, either be registered himself as the holder of the Securities or elect to have some Person nominated by him and approved by the Board registered as such holder; provided nevertheless that, if such Person shall elect to have his nominee registered, he shall testify the election by executing in favour of his nominee an instrument of transfer in accordance with the provisions herein contained and until he does so, he shall not be freed from any liability in respect of the Securities.

29. COPIES OF MEMORANDUM AND ARTICLES TO BE SENT TO SHAREHOLDERS

Copies of the Memorandum and Articles of Association of the Company and other documents referred to in Section 17 of the Act shall be sent by the Company to every Shareholder at his request within 7 (seven) days of the request on payment of such sum as prescribed under the Companies (Incorporation) Rules, 2014.

30. BORROWING POWERS

30.1 Subject to the provisions of Sections 73, 179 and 180, and other applicable provisions of the

30.1.1 Act and these Articles, the Board may, from time to time, at its discretion by resolution passed at the meeting of a Board:

- (a) accept or renew deposits from Shareholders;
- (b) borrow money by way of issuance of Debentures;
- (c) borrow money otherwise than on Debentures;
- (d) accept deposits from Shareholders either in advance of calls or otherwise; and
- (e) generally raise or borrow or secure the payment of any sum or sums of money for the purposes of the Company.

Provided, however, that where the money to be borrowed together with the money already borrowed (apart from temporary loans obtained from the Company's bankers in the ordinary course of business) exceed the aggregate of the Paid-up capital of the Company and its free reserves (not being reserves set apart for any specific purpose), the Board shall not borrow such money without the consent of the Company by way of a Special Resolution in a General Meeting.

30.2 Subject to the provisions of these Articles, the payment or repayment of money borrowed as aforesaid may be secured in such manner and upon such terms and conditions in all respects as the resolution of the Board shall prescribe including by the issue of bonds, perpetual or redeemable Debentures or debenture-stock, or any

mortgage, charge, hypothecation, pledge, lien or other security on the undertaking of the whole or any part of the property of the Company, both present and future. Provided however that the Board shall not, except with the consent of the Company by way of a Special Resolution in General Meeting mortgage, charge or otherwise encumber, the Company's uncalled Capital for the time being or any part thereof and Debentures and other Securities may be assignable free from any equities between the Company and the Person to whom the same may be issued.

- 30.3 Any bonds, Debentures, debenture-stock or other Securities may if permissible in Law be issued at a discount, premium or otherwise by the Company and shall with the consent of the Board be issued upon such terms and conditions and in such manner and for such consideration as the Board shall consider to be for the benefit of the Company, and on the condition that they or any part of them may be convertible into Equity Shares of any denomination, and with any privileges and conditions as to the redemption, surrender, allotment of shares, appointment of Directors or otherwise. Provided that Debentures with rights to allotment of or conversion into Equity Shares shall not be issued except with the sanction of the Company in General Meeting accorded by a Special Resolution.
- 30.4 Subject to the applicable provisions of the Act and these Articles, if any uncalled Capital of the Company is included in or charged by any mortgage or other security, the Board shall make calls on the Shareholders in respect of such uncalled Capital in trust for the Person in whose favour such mortgage or security is executed, or if permitted by the Act, may by instrument under seal authorize the Person in whose favour such mortgage or security is executed or any other Person in trust for him to make calls on the Shareholders in respect of such uncalled Capital and the provisions hereinafter contained in regard to calls shall *mutatis mutandis* apply to calls made under such authority and such authority may be made exercisable either conditionally or unconditionally or either presently or contingently and either to the exclusion of the Board's power or otherwise and shall be assignable if expressed so to be.
- 30.5 The Board shall cause a proper Register to be kept in accordance with the provisions of Section 85 of the Act of all mortgages, Debentures and charges specifically affecting the property of the Company; and shall cause the requirements of the relevant provisions of the Act in that behalf to be duly complied with within the time prescribed under the Act or such extensions thereof as may be permitted under the Act, as the case may be, so far as they are required to be complied with by the Board.
- 30.6 Any capital required by the Company for its working capital and other capital funding requirements may be obtained in such form as decided by the Board from time to time.
- 30.7 The Company shall also comply with the provisions of the Companies (Registration of Charges) Rules, 2014 in relation to the creation and registration of aforesaid charges by the Company.

31. SHARE WARRANTS

- 31.1 The Company may issue share warrants subject to, and in accordance with, the provisions of Sections 114 and 115 of the Companies Act, 1956; and accordingly the Board may in its discretion, with respect to any Share which is fully Paid-up, on application in writing signed by the Persons registered as holder of the Share, and authenticated by such evidence (if any) as the Board may, from time to time, require as to the identity of the Person signing the application, and on receiving the certificate (if any) of the Share, and the amount of the stamp duty on the warrant and such fee as the Board may from time to time require, issue a share warrant.

31.1.1

- (i) The bearer of a share warrant may at any time deposit the warrant at the Office of the Company, and so long as the warrant remains so deposited, the depositor shall have the same right of signing a requisition for calling a meeting of the Company, and of attending, and voting and exercising the other privileges of a Shareholder at any meeting held after the expiry of 2 (two) clear days from the time of deposit, as if his name were inserted in the Register of Members as the holder of the Share included in the deposited warrant.
- (ii) Not more than one person shall be recognised as depositor of the share warrant.
- (iii) The Company shall, on 2 (two) days' written notice, return the deposited share warrant to the depositor.

31.2 (i) Subject as herein otherwise expressly provided, no person shall, as bearer of a share warrant, sign a requisition for calling a meeting of the Company, or attend, or vote or exercise any other privileges of a Shareholder at a meeting of the Company, or be entitled to receive any notices from the Company.

31.3 (i) The bearer of a share warrant shall be entitled in all other respects to the same privileges and advantages as if he were named in the Register of Members as the Shareholder included in the warrant, and he shall be a Shareholder of the Company.

31.4 The Board may, from time to time, make rules as to the terms on which (if it shall think fit) a new share warrant or coupon may be issued by way of renewal in case of defacement, loss or destruction.

31.5 The provisions contained under this Article shall cease to have effect post the notification of section 465 of the Act which shall repeal the provisions of Companies Act, 1956.

32. CONVERSION OF SHARES INTO STOCK AND RECONVERSION

The Company in General Meeting may, by Ordinary Resolution, convert any Paid-up shares into stock and when any shares shall have been converted into stock, the several holders of such stock may henceforth transfer their respective interest therein, or any part of such interests, in the same manner and subject to the same regulations as those subject to which shares from which the stock arose might have been transferred, if no such conversion had taken place or as near thereto as circumstances will admit. The Company may, by an Ordinary Resolution, at any time reconvert any stock into Paid-up shares of any denomination. Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so however such minimum shall not exceed the nominal account from which the stock arose.

The holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards Dividends, voting at meetings of the Company, and other matters, as if they held the shares from which the stock arose, but no such privileges or advantages, (except participation in the Dividends and profits of the Company and in the assets on winding-up), shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.

33. ANNUAL GENERAL MEETING

In accordance with the provisions of the Act, the Company shall in each year hold a General Meeting specified as its Annual General Meeting and shall specify the meeting as such in the notices convening such meetings. Further, not more than 15 (fifteen) months gap shall exist between the date of one Annual General Meeting and the date of the next. All General Meetings other than Annual General Meetings shall be Extraordinary General Meetings.

34. WHEN ANNUAL GENERAL MEETING TO BE HELD

Nothing contained in the foregoing provisions shall be taken as affecting the right conferred upon the Registrar under the provisions of Section 96(1) of the Act to extend the time within which any Annual General Meeting may be held.

35. VENUE, DAY AND TIME FOR HOLDING ANNUAL GENERAL MEETING

35.1 Every Annual General Meeting shall be called during business hours, that is, between 9 A.M. and 6 P.M. on a day that is not a national holiday, and shall be held at the Office of the Company or at some other place within the city, town or village in which the Office of the Company is situated, as the Board may determine and the notices calling the Meeting shall specify it as the Annual General Meeting.

35.2 Every Shareholder of the Company shall be entitled to attend the Annual General Meeting either in person or by proxy and the Auditor of the Company shall have the right to attend and to be heard at any General Meeting which he attends on any part of the business which concerns him as Auditor. At every Annual General Meeting of the Company there shall be laid on the table, the Directors' Report and Audited Statement of Accounts, Auditors' Report, (if not already incorporated in the Audited Statement of Accounts), the proxy Register with proxies and the Register of Directors' shareholdings which latter Register shall remain open and accessible during the continuance of the Meeting. The Board shall cause to be prepared the Annual Return and forward the same to the concerned Registrar of Companies, in accordance with Sections 92 and 137 of the Act. The Directors are also entitled to attend the Annual General Meeting.

36. NOTICE OF GENERAL MEETINGS

- 36.1 Number of days' notice of General Meeting to be given: A General Meeting of the Company may be called by giving not less than 21 (twenty one) days clear notice in writing or in electronic mode, excluding the day on which notice is served or deemed to be served (i.e., on expiry of 48 (forty eight) hours after the letter containing the same is posted). However, a General Meeting may be called after giving shorter notice if consent is given in writing or by electronic mode by not less than 95 (ninety five) percent of the Shareholders entitled to vote at that meeting.
- 36.2 The notice of every meeting shall be given to:
- 36.2.1 every Shareholder, legal representative of any deceased Shareholder or the assignee of an insolvent member of the Company,
 - 36.2.2 Auditor or Auditors of the Company, and
 - 36.2.3 all Directors.
- 36.3 Notice of meeting to specify place, etc., and to contain statement of business: Notice of every meeting of the Company shall specify the place, date, day and hour of the meeting, and shall contain a statement of the business to be transacted thereat shall be given in the manner prescribed under Section 102 of the Act.
- 36.4 Contents and manner of service of notice and Persons on whom it is to be served: Every notice may be served by the Company on any Shareholder thereof either personally or by sending it by post to their/its registered address in India and if there be no registered address in India, to the address supplied by the Shareholder to the Company for giving the notice to the Shareholder.
- 36.5 Special Business: Subject to the applicable provisions of the Act, where any items of business to be transacted at the meeting are deemed to be special, there shall be annexed to the notice of the meeting a statement setting out all material facts concerning each item of business including any particular nature of the concern or interest if any therein of every Director or manager (as defined under the provisions of the Act), if any or key managerial personnel (as defined under the provisions of the Act) or the relatives of any of the aforesaid and where any item of special business relates to or affects any other company, the extent of shareholding interest in that other company of every Director or manager (as defined under the provisions of the Act), if any or key managerial personnel (as defined under the provisions of the Act) or the relatives of any of the aforesaid of the first mentioned company shall also be set out in the statement if the extent of such interest is not less than 2 per cent of the paid up share capital of that other company. All business transacted at any meeting of the Company shall be deemed to be special and all business transacted at the Annual General Meeting of the Company with the exception of the business specified in Section 102 of the Act shall be deemed to be special.
- 36.6 Resolution requiring Special Notice: With regard to resolutions in respect of which special notice is required to be given by the Act, a special notice shall be given as required by Section 115 of the Act.
- 36.7 Notice of Adjourned Meeting when necessary: When a meeting is adjourned for 30 (thirty) days or more, notice of the adjourned meeting shall be given as in the case of an original meeting in accordance with the applicable provisions of the Act.
- 36.8 Notice when not necessary: Save as aforesaid, and as provided in Section 103 of the Act, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.
- 36.9 The notice of the General Meeting shall comply with the provisions of Companies (Management and Administration) Rules, 2014.

37. REQUISITION OF EXTRAORDINARY GENERAL MEETING

- 37.1 The Board may, whenever it thinks fit, call an Extraordinary General Meeting and it shall do so upon a requisition received from such number of Shareholders who hold, on the date of receipt of the requisition, not less than one-tenth of such of the Paid up Share Capital of the Company as on that date carries the right of voting and such meeting shall be held at the Office or at such place and at such time as the Board thinks fit.

37.2 Any valid requisition so made by Shareholders must state the object or objects of the meeting proposed to be called, and must be signed by the requisitionists and be deposited at the Office; provided that such requisition may consist of several documents in like form each signed by one or more requisitionists.

37.3 Upon the receipt of any such valid requisition, the Board shall forthwith call an Extraordinary General Meeting and if they do not proceed within 21 (twenty-one) days from the date of the requisition being deposited at the Office to cause a meeting to be called on a day not later than 45 (forty-five) days from the date of deposit of the requisition, the requisitionists or such of their number as represent either a majority in value of the Paid up Share Capital held by all of them or not less than one-tenth of such of the Paid-up Share Capital of the Company as is referred to in Section 100 of the Act, whichever is less, may themselves call the meeting, but in either case any meeting so called shall be held within three months from the date of the delivery of the requisition as aforesaid.

37.4 Any meeting called under the foregoing sub-articles by the requisitionists, shall be called in the same manner, as nearly as possible, as that in which a meeting is to be called by the Board.

37.5 The accidental omission to give any such notice as aforesaid to any of the Shareholders, or the non-receipt thereof, shall not invalidate any resolution passed at any such meeting.

37.6 No General Meeting, Annual or Extraordinary, shall be competent to enter into, discuss or transact any business which has not been mentioned in the notice or notices by which it was convened.

37.7 The Extraordinary General Meeting called under this article shall be subject to and in accordance with the provisions contained under the Companies (Management and Administration) Rules, 2014.

38. NO BUSINESS TO BE TRANSACTED IN GENERAL MEETING IF QUORUM IS NOT PRESENT

The quorum for the Shareholders' Meeting shall be in accordance with Section 103 of the Act. Subject to the provisions of Section 103(2) of the Act, if such a quorum is not present within half an hour from the time set for the Shareholders' Meeting, the Shareholders' Meeting shall be adjourned to the same time and place or to such other date and such other time and place as the Board may determine and the agenda for the adjourned Shareholders' Meeting shall remain the same. If at such adjourned meeting also, a quorum is not present, at the expiration of half an hour from the time appointed for holding the meeting, the members present shall be a quorum, and may transact the business for which the meeting was called.

39. CHAIRMAN OF THE GENERAL MEETING

The Chairman of the Board shall be entitled to take the Chair at every General Meeting, whether Annual or Extraordinary. If there is no such Chairman of the Board or if at any meeting he shall not be present within fifteen minutes of the time appointed for holding such meeting or if he is unable or unwilling to take the Chair, then the Directors present shall elect one of them as Chairman. If no Director is present or if all the Directors present decline to take the Chair, then the Shareholders present shall elect, on a show of hands or on a poll if properly demanded, one of their member to be the Chairman of the meeting. No business shall be discussed at any General Meeting except the election of a Chairman while the Chair is vacant.

40. CHAIRMAN CAN ADJOURN THE GENERAL MEETING

The Chairman may, with the consent given in the meeting at which a quorum is present (and if so directed by the meeting) adjourn the General Meeting from time to time and from place to place within the city, town or village in which the Office of the Company is situate but no business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

41. QUESTIONS AT GENERAL MEETING HOW DECIDED

41.1 At any General Meeting, a resolution put to the vote of the General Meeting shall, unless a poll is demanded, be decided by a show of hands. Before or on the declaration of the result of the voting on any resolution by a show of hands, a poll may be carried out in accordance with the applicable provisions of the Act or the voting is carried out electronically. Unless a poll is demanded, a declaration by the Chairman that a resolution has, on a show of hands, been carried or carried unanimously, or by a particular majority, or lost and an entry to that effect in the Minute Book of the Company shall be conclusive evidence of the fact, of passing of such resolution or otherwise.

- 41.2 In the case of equal votes, the Chairman shall both on a show of hands and at a poll, (if any), have a casting vote in addition to the vote or votes to which he may be entitled as a Shareholder.
- 41.3 If a poll is demanded as aforesaid, the same shall subject to anything stated in these Articles be taken at such time, (not later than forty-eight hours from the time when the demand was made), and place within the City, Town or Village in which the Office of the Company is situate and either by a show of hands or by ballot or by postal ballot, as the Chairman shall direct and either at once or after an interval or adjournment, or otherwise and the result of the poll shall be deemed to be the decision of the meeting at which the poll was demanded. Any business other than that upon which a poll has been demanded may be proceeded with, pending the taking of the poll. The demand for a poll may be withdrawn at any time by the Person or Persons who made the demand.
- 41.4 Where a poll is to be taken, the Chairman of the meeting shall appoint two scrutinizers to scrutinise the votes given on the poll and to report thereon to him. One of the scrutinizers so appointed shall always be a Shareholder, (not being an officer or employee of the Company), present at the meeting provided such a Shareholder is available and willing to be appointed. The Chairman shall have power at any time before the result of the poll is declared, to remove a scrutinizer from office and fill vacancies in the office of scrutinizer arising from such removal or from any other cause.
- 41.5 Any poll duly demanded on the election of a Chairman of a meeting or any question of adjournment, shall be taken at the meeting forthwith. A poll demanded on any other question shall be taken at such time not later than 48 hours from the time of demand, as the Chairman of the meeting directs.
- 41.6 The demand for a poll except on the question of the election of the Chairman and of an adjournment shall not prevent the continuance of a meeting for the transaction of any business other than the question on which the poll has been demanded.
- 41.7 No report of the proceedings of any General Meeting of the Company shall be circulated or advertised at the expense of the Company unless it includes the matters required by these Articles or Section 118 of the Act to be contained in the Minutes of the proceedings of such meeting.
- 41.8 The Shareholders will do nothing to prevent the taking of any action by the Company or act contrary to or with the intent to evade or defeat the terms as contained in these Articles.

42. PASSING RESOLUTIONS BY POSTAL BALLOT

- 42.1 Notwithstanding any of the provisions of these Articles, the Company may, and in the case of resolutions relating to such business as notified under the Companies (Management and Administration) Rules, 2014, as amended, or other Law required to be passed by postal ballot, shall get any resolution passed by means of a postal ballot, instead of transacting the business in the General Meeting of the Company. Also, the Company may, in respect of any item of business other than ordinary business and any business in respect of which Directors or Auditors have a right to be heard at any meeting, transact the same by way of postal ballot.
- 42.2 Where the Company decides to pass any resolution by resorting to postal ballot, it shall follow the procedures as prescribed under Section 110 of the Act and the Companies (Management and Administration) Rules, 2014, as amended from time and applicable Law.

43. VOTES OF SHAREHOLDERS

- 43.1 No Shareholder shall be entitled to vote either personally or by proxy at any General Meeting or meeting of a class of Shareholders either upon a show of hands or upon a poll in respect of any shares registered in his name on which calls or other sums presently payable by him have not been paid or in regard to which the Company has exercised any right of lien.
- 43.2 No shareholder shall be entitled to vote at a General Meeting unless all calls or other sums presently payable by him have been paid, or in regard to which the Company has lien and has exercised any right of lien.
- 43.3 Subject to the provisions of these Articles, without prejudice to any special privilege or restrictions as to voting for the time being attached to any class of shares for the time being forming a part of the Capital of the Company, every Shareholder not disqualified by the last preceding Article, shall be entitled to be present, and to speak and vote at such meeting, and on a show of hands, every Shareholder present in person shall have one vote and upon

a poll, the voting right of such Shareholder present, either in person or by proxy, shall be in proportion to his share of the Paid Up Share Capital of the Company held alone or jointly with any other Person or Persons.

Provided however, if any Shareholder holding Preference shares be present at any meeting of the Company, save as provided in Section 47(2) of the Act, he shall have a right to vote only on resolutions placed before the Meeting, which directly affect the rights attached to his preference shares.

- 43.4 On a poll taken at a meeting of the Company, a Shareholder entitled to more than one vote, or his proxy, or any other Person entitled to vote for him (as the case may be), need not, if he votes, use or cast all his votes in the same way.
- 43.5 A Shareholder of unsound mind or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, through a committee or through his legal guardian; and any such committee or guardian may, on a poll vote by proxy. If any Shareholder be a minor his vote in respect of his Share(s) shall be exercised by his guardian(s), who may be selected (in case of dispute) by the Chairman of the meeting.
- 43.6 If there be joint registered holders of any shares, any one of such Persons may vote at any meeting or may appoint another Person, (whether a Shareholder or not) as his proxy in respect of such shares, as if he were solely entitled thereto; but the proxy so appointed shall not have any right to speak at the meeting and if more than one of such joint-holders be present at any meeting, then one of the said Persons so present whose name stands higher in the Register of Members shall alone be entitled to speak and to vote in respect of such shares, but the other joint-holders shall be entitled to be present at the meeting. Several Executors or Administrators of a deceased Shareholder in whose name shares stand shall for the purpose of these Articles be deemed joint-holders thereof.
- 43.7 Subject to the provision of these Articles, votes may be given personally or by an attorney or by proxy. A body corporate, whether or not a Company within the meaning of the Act, being a Shareholder may vote either by a proxy or by a representative duly authorised in accordance with Section 113 of the Act and such representative shall be entitled to exercise the same rights and powers, (including the right to vote by proxy), on behalf of the body corporate which he represents as that body could have exercised if it were an individual Shareholder.
- 43.8 Any Person entitled to transfer any shares of the Company may vote at any General Meeting in respect thereof in the same manner as if he were the registered holder of such shares, provided that forty-eight hours at least before the time of holding the meeting or adjourned meeting, as the case may be, at which he proposes to vote, he shall satisfy the Board of his right to such shares and give such indemnity (if any) as the Board may require unless the Board shall have previously admitted his right to vote at such meeting in respect thereof.
- 43.9 Every proxy, (whether a Shareholder or not), shall be appointed in writing under the hand of the appointer or his attorney, or if such appointer is a corporation under the Common Seal of such corporation or be signed by an officer or an attorney duly authorised by it, and any committee or guardian may appoint proxy. The proxy so appointed shall not have any right to speak at a meeting.
- 43.10 An instrument of proxy may appoint a proxy either for (i) the purposes of a particular meeting (as specified in the instrument) or (ii) for any adjournment thereof or (iii) it may appoint a proxy for the purposes of every meeting of the Company, or (iv) of every meeting to be held before a date specified in the instrument for every adjournment of any such meeting.
- 43.11 A Shareholder present by proxy shall be entitled to vote only on a poll.
- 43.12 An instrument appointing a proxy and a power of attorney or other authority (including by way of a Board Resolution, (if any),) under which it is signed or a notarially certified copy of that power or authority or resolution as the case may be, shall be deposited at the Office not later than forty-eight hours before the time for holding the meeting at which the Person named in the instrument proposes to vote and in default the instrument of proxy shall not be treated as valid. No instrument appointing a proxy shall be valid after the expiration of 12 months from the date of its execution. An attorney shall not be entitled to vote unless the power of attorney or other instrument or resolution as the case may be appointing him or a notarially certified copy thereof has either been registered in the records of the Company at any time not less than forty-eight hours before the time for holding the meeting at which the attorney proposes to vote, or is deposited at the Office of the Company not less than forty-eight hours before the time fixed for such meeting as aforesaid. Notwithstanding that a power of attorney or other authority has been registered in the records of the Company, the Company may, by notice in

writing addressed to the Shareholder or the attorney, given at least 48 (forty eight) hours before the meeting, require him to produce the original power of attorney or authority or resolution as the case may be and unless the same is deposited with the Company not less than forty-eight hours before the time fixed for the meeting, the attorney shall not be entitled to vote at such meeting unless the Board in their absolute discretion excuse such non-production and deposit.

- 43.13 Every instrument of proxy whether for a specified meeting or otherwise should, as far as circumstances admit, be in any of the forms set out in the Companies (Management and Administration) Rules, 2014.
- 43.14 If any such instrument of appointment be confined to the object of appointing an attorney or proxy for voting at meetings of the Company it shall remain permanently or for such time as the Directors may determine in the custody of the Company; if embracing other objects a copy thereof, examined with the original, shall be delivered to the Company to remain in the custody of the Company.
- 43.15 A vote given in accordance with the terms of an instrument of proxy shall be valid notwithstanding the previous death of the principal, or revocation of the proxy or of any power of attorney under which such proxy was signed, or the transfer of the Share in respect of which the vote is given, provided that no intimation in writing of the death, revocation or transfer shall have been received at the Office before the meeting.
- 43.16 No objection shall be made to the validity of any vote, except at the Meeting or poll at which such vote shall be tendered, and every vote whether given personally or by proxy, not disallowed at such meeting or poll shall be deemed valid for all purposes of such meeting or poll whatsoever.
- 43.17 The Chairman of any meeting shall be the sole judge of the validity of every vote tendered at such meeting. The Chairman present at the taking of a poll shall be in the sole judge of the validity of every vote tendered at such poll.
- 43.17.1 The Company shall cause minutes of all proceedings of every General Meeting to be kept by making within 30 (thirty) days of the conclusion of every such meeting concerned, entries thereof in books kept for that purpose with their pages consecutively numbered.
- 43.17.2 Each page of every such book shall be initialed or signed and the last page of the record of proceedings of each meeting in such book shall be dated and signed by the Chairman of the same meeting within the aforesaid period of 30 (thirty) days or in the event of the death or inability of that Chairman within that period, by a Director duly authorised by the Board for that purpose.
- 43.17.3 In no case the minutes of proceedings of a meeting shall be attached to any such book as aforesaid by pasting or otherwise.
- 43.17.4 The Minutes of each meeting shall contain a fair and correct summary of the proceedings thereat.
- 43.17.5 All appointments of Directors of the Company made at any meeting aforesaid shall be included in the minutes of the meeting.
- 43.17.6 Nothing herein contained shall require or be deemed to require the inclusion in any such Minutes of any matter which in the opinion of the Chairman of the Meeting (i) is or could reasonably be regarded as, defamatory of any person, or (ii) is irrelevant or immaterial to the proceedings, or (iii) is detrimental to the interests of the Company. The Chairman of the meeting shall exercise an absolute discretion in regard to the inclusion or non- inclusion of any matter in the Minutes on the aforesaid grounds.
- 43.17.7 Any such Minutes shall be evidence of the proceedings recorded therein.
- 43.17.8 The book containing the Minutes of proceedings of General Meetings shall be kept at the Office of the Company and shall be open, during business hours, for such periods not being less in the aggregate than two hours in each day as the Board determines, for the inspection of any Shareholder without charge.
- 43.17.9 The Company shall cause minutes to be duly entered in books provided for the purpose of:
- (a) the names of the Directors and Alternate Directors present at each General Meeting;

(b) all Resolutions and proceedings of General Meeting.

- 43.18 The Shareholders shall vote (whether in person or by proxy) all of the shares owned or held on record by them at any Annual or Extraordinary General Meeting of the Company called for the purpose of filling positions to the Board, appointed as a Director of the Company under Sections 152 and 164(1) of the Act in accordance with these Articles.
- 43.19 The Shareholders will do nothing to prevent the taking of any action by the Company or act contrary to or with the intent to evade or defeat the terms as contained in these Articles.
- 43.20 All matters arising at a General Meeting of the Company, other than as specified in the Act or these Articles if any, shall be decided by a majority vote.
- 43.21 The Shareholders shall exercise their voting rights as shareholders of the Company to ensure that the Act or these Articles are implemented and acted upon by the Shareholders, and by the Company and to prevent the taking of any action by the Company or by any Shareholder, which is contrary to or with a view or intention to evade or defeat the terms as contained in these Articles.
- 43.22 Any corporation which is a Shareholder of the Company may, by resolution of the Board or other governing body, authorise such person as it thinks fit to act as its representative at any meeting of the Company and the said person so authorised shall be entitled to exercise the same powers on behalf of the corporation which he represents as that corporation could have exercised if it were an individual Shareholder in the Company (including the right to vote by proxy).
- 43.23 The Company shall also provide e-voting facility to the Shareholders of the Company in terms of the provisions of the Companies (Management and Administration) Rules, 2014, the SEBI Listing Regulations or any other Law, if applicable to the Company.

44. DIRECTORS

Subject to the applicable provisions of the Act, the number of Directors of the Company shall not be less than 3 (three) and not more than 15 (fifteen). The Company shall also comply with the provisions of the Companies (Appointment and Qualification of Directors) Rules, 2014 and the provisions of the SEBI Listing Regulations. The Board shall have an optimum combination of executive and Independent Directors with at least 1 (one) woman Director, as may be prescribed by Law from time to time.

45. CHAIRMAN OF THE BOARD OF DIRECTORS

The members of the Board shall elect any one of them as the Chairman of the Board. The Chairman shall preside at all meetings of the Board and the General Meeting of the Company. The Chairman shall have a casting vote in the event of a tie.

If for any reason the Chairman is not present at the meeting or is unwilling to act as Chairman, the members of the Board shall appoint any one of the remaining Directors as the Chairman.

46. APPOINTMENT OF ALTERNATE DIRECTORS

Subject to Section 161 of the Act, any Director shall be entitled to nominate an alternate director to act for him during his absence for a period of not less than 3 (three) months. The Board may appoint such a person as an Alternate Director to act for a Director (hereinafter called “**the Original Director**”) (subject to such person being acceptable to the Chairman) during the Original Director’s absence for a period of not less than three months from the State in which the meetings of the Board are ordinarily held. An Alternate Director appointed under this Article shall not hold office for a period longer than that permissible to the Original Director in whose place he has been appointed and shall vacate office if and when the Original Director returns to the State. If the term of the office of the Original Director is determined before he so returns to the State, any provisions in the Act or in these Articles for automatic re-appointment shall apply to the Original Director and not to the Alternate Director.

47. CASUAL VACANCY AND ADDITIONAL DIRECTORS

Subject to the applicable provisions of the Act and these Articles, the Board shall have the power at any time and

from time to time to appoint any qualified Person to be a Director either as an addition to the Board or to fill a casual vacancy but so that the total number of Directors shall not at any time exceed the maximum number fixed under Article 42. Any Person so appointed as an addition shall hold office only up to the earlier of the date of the next Annual General Meeting or at the last date on which the Annual General Meeting should have been held but shall be eligible for appointment by the Company as a Director at that meeting subject to the applicable provisions of the Act.

48. DEBENTURE DIRECTORS

If it is provided by a trust deed, securing or otherwise, in connection with any issue of Debentures of the Company, that any Person/lender or Persons/lenders shall have power to nominate a Director of the Company, then in the case of any and every such issue of Debentures, the Person/lender or Persons/lenders having such power may exercise such power from time to time and appoint a Director accordingly. Any Director so appointed is herein referred to a Debenture Director. A Debenture Director may be removed from office at any time by the Person/lender or Persons/lenders in whom for the time being is vested the power under which he was appointed and another Director may be appointed in his place. A Debenture Director shall not be bound to hold any qualification shares and shall not be liable to retire by rotation or be removed by the Company. The trust deed may contain ancillary provisions as may be arranged between the Company and the trustees and all such provisions shall have effect notwithstanding any other provisions contained herein.

49. INDEPENDENT DIRECTORS

The Company shall have such number of Independent Directors on the Board of the Company, as may be required in terms of the provisions of Section 149 of the Act and the Companies (Appointment and Qualification of Directors) Rules, 2014 or any other Law, as may be applicable. Further, the appointment of such Independent Directors shall be in terms of the aforesaid provisions of Law and subject to the requirements prescribed under the SEBI Listing Regulations.

50. EQUAL POWER TO DIRECTOR

Except as otherwise provided in these Articles, all the Directors of the Company shall have in all matters, equal rights and privileges and shall be subject to equal obligations and duties in respect of the affairs of the Company.

51. NOMINEE DIRECTORS

Whenever the Board enters into a contract with any lenders for borrowing any money or for providing any guarantee or security or for technical collaboration or assistance or enter into any other arrangement, the Board shall have, subject to the provisions of Section 152 of the Act the power to agree that such lenders shall have the right to appoint or nominate by a notice in writing addressed to the Company one or more Directors on the Board for such period and upon such conditions as may be mentioned in the common loan agreement/ facility agreement. The nominee director representing lenders shall not be required to hold qualification shares and not be liable to retire by rotation. The Directors may also agree that any such Director, or Directors may be removed from time to time by the lenders entitled to appoint or nominate them and such lenders may appoint another or other or others in his or their place and also fill in any vacancy which may occur as a result of any such Director, or Directors ceasing to hold that office for any reason whatsoever. The nominee director shall hold office only so long as any monies remain owed by the Company to such lenders.

The nominee director shall be entitled to all the rights and privileges of other Directors including the sitting fees and expenses as payable to other Directors but, if any other fees, commission, monies or remuneration in any form are payable to the Directors, the fees, commission, monies and remuneration in relation to such nominee director shall accrue to the lenders and the same shall accordingly be paid by the Company directly to the lenders.

Provided that if any such nominee director is an officer of any of the lenders, the sittings fees in relation to such nominee director shall also accrue to the lenders concerned and the same shall accordingly be paid by the Company directly to that lenders.

Any expenditure that may be incurred by the lenders or the nominee director in connection with the appointment or directorship shall be borne by the Company.

The nominee director so appointed shall be a member of the project management sub-committee, audit sub-committee and other sub-committees of the Board, if so desired by the lenders.

The nominee director shall be entitled to receive all notices, agenda, etc. and to attend all general meetings and Board meetings and meetings of any committee(s) of the Board of which he is a member and to receive all notices, agenda and minutes, etc. of the said meeting.

If at any time, the nominee director is not able to attend a meeting of Board or any of its committees, of which he is a member, the lenders may depute an observer to attend the meeting. The expenses incurred by the lenders in this connection shall be borne by the Company.

52. NO QUALIFICATION SHARES FOR DIRECTORS

A Director shall not be required to hold any qualification shares of the Company.

53. REMUNERATION OF DIRECTORS

53.1 Subject to the applicable provisions of the Act, the Rules, Law including the provisions of the SEBI Listing Regulations, a Managing Director or Managing Directors, and any other Director/s who is/are in the whole time employment of the Company may be paid remuneration either by a way of monthly payment or at a specified percentage of the net profits of the Company or partly by one way and partly by the other, subject to the limits prescribed under the Act.

53.2 Subject to the applicable provisions of the Act, a Director (other than a Managing Director or an executive Director) may receive a sitting fee not exceeding such sum as may be prescribed by the Act or the central government from time to time for each meeting of the Board or any Committee thereof attended by him.

53.3 The remuneration payable to each Director for every meeting of the Board or Committee of the Board attended by them shall be such sum as may be determined by the Board from time to time within the maximum limits prescribed from time to time by the Central Government pursuant to the first proviso to Section 197 of the Act.

53.4 All fees/compensation to be paid to non-executive Directors including Independent Directors shall be as fixed by the Board and shall require the prior approval of the Shareholders in a General meeting. Such approval shall also specify the limits for the maximum number of stock options that can be granted to a non-executive Director, in any financial year, and in aggregate. However, such prior approval of the Shareholders shall not be required in relation to the payment of sitting fees to non-executive Directors if the same is made within the prescribed limits under the Act for payment of sitting fees with approval of Central Government. Notwithstanding anything contained in this article, the Independent Directors shall not be eligible to receive any stock options.

54. SPECIAL REMUNERATION FOR EXTRA SERVICES RENDERED BY A DIRECTOR

If any Director be called upon to perform extra services or special exertions or efforts (which expression shall include work done by a Director as a member of any Committee formed by the Directors), the Board may arrange with such Director for such special remuneration for such extra services or special exertions or efforts either by a fixed sum or otherwise as may be determined by the Board. Such remuneration may either be in addition, to or in substitution for his remuneration otherwise provided, subject to the applicable provisions of the Act.

55. TRAVEL EXPENSES OF DIRECTORS

The Board may allow and pay to any Director, who is not a bona fide resident of the place where the meetings of the Board/Committee meetings are ordinarily held; and who shall come to such place for

the purpose of attending any meeting, such sum as the Board may consider fair compensation for travelling, lodging and/ or other expenses, in addition to his fee for attending such Board / Committee meetings as above specified; and if any Director be called upon to go or reside out of his ordinary place of his residence on the Company's business, he shall be entitled to be repaid and reimbursed travelling and other expenses incurred in connection with the business of the Company in accordance with the provisions of the Act.

56. CONTINUING DIRECTORS

The continuing Directors may act notwithstanding any vacancy in their body, but if, and so long as their number is reduced below the minimum number fixed by Article 42 hereof, the continuing Directors not being less than two may act for the purpose of increasing the number of Directors to that number, or for summoning a General Meeting, but

for no other purpose.

57. VACATION OF OFFICE BY DIRECTOR

57.1 Subject to relevant provisions of Sections 167 and 188 of the Act, the office of a Director, shall ipso facto be vacated if:

- 57.1.1 he is found to be of unsound mind by a court of competent jurisdiction; or
- 57.1.2 he applies to be adjudicated an insolvent; or
- 57.1.3 he is adjudged an insolvent; or
- 57.1.4 he is convicted by a court of any offence involving moral turpitude and is sentenced in respect thereof to imprisonment for not less than 6 (six) months; or
- 57.1.5 he fails to pay any calls made on him in respect of shares of the Company held by him whether alone or jointly with others, within 6 (six) months from the date fixed for the payment of such call, unless the Central Government has by notification in the Official Gazette removed the disqualification incurred by such failure; or
- 57.1.6 he absents himself from 3 (three) consecutive meetings of the Board or from all Meetings of the Board for a continuous period of 3 (three) months, whichever is longer, without obtaining leave of absence from the Board; or
- 57.1.7 he, (whether by himself or by any Person for his benefit or on his account), or any firm in which he is a partner, or any private company of which he is a director, accepts a loan, or any guarantee or security for a loan, from the Company, in contravention of Section 185 of the Act; or
- 57.1.8 having been appointed a Director by virtue of his holding any office or other employment in the Company, he ceases to hold such office or other employment in the Company; or
- 57.1.9 he acts in contravention of Section 184 of the Act; or
- 57.1.10 he becomes disqualified by an order of the court under Section 203 of the Companies Act, 1956; or
- 57.1.11 he is removed in pursuance of Section 169 of the Act; or
- 57.1.12 he is disqualified under Section 164(2) of the Act.
- 57.1.13 Subject to the applicable provisions of the Act, a Director may resign his office at any time by notice in writing addressed to the Board and such resignation shall become effective upon its acceptance by the Board.

58. RELATED PARTY TRANSACTIONS

58.1 Except with the consent of the Board or the Shareholders, as may be required in terms of the provisions of section 188 of the Act and the Companies (Meetings of Board and its Powers) Rules, 2014, no company shall enter into any contract or arrangement with a 'related party' with respect to: :

- 58.1.1 sale, purchase or supply of any goods or materials;
- 58.1.2 selling or otherwise disposing of, or buying, property of any kind;
- 58.1.3 leasing of property of any kind;
- 58.1.4 availing or rendering of any services;
- 58.1.5 appointment of any agent for purchase or sale of goods, materials, services or property;

- 58.1.6 such Director's or its relative's appointment to any office or place of profit in the company, its subsidiary company or associate company; and
- 58.1.7 underwriting the subscription of any securities or derivatives thereof, of the company:
 - (a) without the consent of the Shareholders by way of a Special Resolution in accordance with Section 188 of the Act.
- 58.2 no Shareholder of the Company shall vote on such Special Resolution, to approve any contract or arrangement which may be entered into by the Company, if such Shareholder is a related party.
- 58.3 nothing in this Article shall apply to any transactions entered into by the Company in its ordinary course of business other than transactions which are not on an arm's length basis
- 58.4 The Director, so contracting or being so interested shall not be liable to the Company for any profit realised by any such contract or the fiduciary relation thereby established.
- 58.5 The terms "office of profit" and "arm's length basis" shall have the meaning ascribed to them under Section 188 of the Act.
- 58.6 The term 'related party' shall have the same meaning as ascribed to it under the Act.
- 58.7 The compliance of the Companies (Meetings of Board and its Powers) Rules, 2014 shall be made for the aforesaid contracts and arrangements.

59. DISCLOSURE OF INTEREST

- 59.1 A Director of the Company who is in any way, whether directly or indirectly concerned or interested in a contract or arrangement, or proposed contract or arrangement entered into or to be entered into by or on behalf of the Company, shall disclose the nature of his concern or interest at a meeting of the Board in the manner provided in Section 184 of the Act; Provided that it shall not be necessary for a Director to disclose his concern or interest in any such contract or arrangement entered into or to be entered into with any other company where any of the Directors of the company or two or more of them together holds or hold not more than 2% (two per cent) of the Paid-up Share Capital in the other company or the Company as the case may be. A general notice given to the Board by the Director, to the effect that he is a director or member of a specified body corporate or is a member of a specified firm and is to be regarded as concerned or interested in any contract or arrangement which may, after the date of the notice, be entered into with that body corporate or firm, shall be deemed to be a sufficient disclosure of concern or interest in relation to any contract or arrangement so made. Any such general notice shall expire at the end of the Financial Year in which it is given but may be renewed for a further period of one Financial Year at a time by a fresh notice given in the last month of the Financial Year in which it would have otherwise expired. No such general notice, and no renewal thereof shall be of effect unless, either it is given at a meeting of the Board or the Director concerned takes reasonable steps to secure that it is brought up and read at the first meeting of the Board after it is given.
- 59.2 No Director shall as a Director, take any part in the discussion of, vote on any contract or arrangement entered into or to be entered into by or on behalf of the Company, if he is in any way, whether directly or indirectly, concerned or interested in such contract or arrangements; nor shall his presence count for the purpose of forming a quorum at the time of any such discussion or vote; and if he does vote, his vote shall be void; provided however that nothing herein contained shall apply to:-
 - 59.2.1 any contract or indemnity against any loss which the Directors, or any one or more of them, may suffer by reason of becoming or being sureties or a surety for the Company;
 - 59.2.2 any contract or arrangement entered into or to be entered into with a public company or a private company which is subsidiary of a public company in which the interest of the Director consists solely,
 - (a) in his being –
 - (i) a director of such company, and

- (ii) the holder of not more than shares of such number or value therein as is requisite to qualify him for appointment as a Director thereof, he having been nominated as such Director by this Company, or
- (iii) in his being a shareholder holding not more than 2 (two) per cent of its Paid-up Share Capital.

Subject to the provisions of Section 188 of the Act and other applicable provisions, if any, of the Act, any Director of the Company, any partner or relative of such Director, any firm in which such Director or a relative of such Director is a partner, any private company of which such Director is a director or member, and any director or manager of such private company, may hold any office or place of profit in the Company.

59.3 The Company shall keep a Register in accordance with Section 189 of the Act and shall within the time specified therein enter therein such of the particulars as may be. The Register aforesaid shall also specify, in relation to each Director of the Company, the names of the bodies corporate and firms of which notice has been given by him under Article 57(a). The Register shall be kept at the Office of the Company and shall be open to inspection at such Office, and extracts may be taken therefrom and copies thereof may be required by any Shareholder of the Company to the same extent, in the same manner, and on payment of the same fee as in the case of the Register of Members of the Company and the provisions of Section 94 of the Act shall apply accordingly.

59.4 A Director may be or become a Director of any Company promoted by the Company, or on which it may be interested as a vendor, shareholder, or otherwise, and no such Director shall be accountable for any benefits received as director or shareholder of such Company except in so far as Section 188 or Section 197 of the Act as may be applicable.

60. ONE-THIRD OF DIRECTORS TO RETIRE EVERY YEAR

At the Annual General Meeting of the Company to be held in every year, one third of such of the Directors as are liable to retire by rotation for time being, or, if their number is not three or a multiple of three then the number nearest to one third shall retire from office, and they will be eligible for re-election. Provided nevertheless that the managing Director or whole-time Director(s), appointed or the Directors appointed as a Debenture Director, or the Directors appointed as Independent Director(s) under Articles hereto shall not retire by rotation under this Article nor shall they be included in calculating the total number of Directors of whom one third shall retire from office under this Article.

61. PROCEDURE, IF PLACE OF RETIRING DIRECTORS IS NOT FILLED UP

61.1 If the place of the retiring Director is not so filled up and the meeting has not expressly resolved not to fill the vacancy, the meeting shall stand adjourned till the same day in the next week, at the same time and place, or if that day is a national holiday, till the next succeeding day which is not a national holiday, at the same time and place.

61.2 If at the adjourned meeting also, the place of the retiring Director is not filled up and that meeting also has not expressly resolved not to fill the vacancy, the retiring Director shall be deemed to have been reappointed at the adjourned meeting, unless:-

- 61.2.1 at that meeting or at the previous meeting a resolution for the reappointment of such Director has been put to the meeting and lost;
- 61.2.2 retiring Director has, by a notice in writing addressed to the Company or its Board, expressed his unwillingness to be so reappointed;
- 61.2.3 he is not qualified or is disqualified for appointment; or
- 61.2.4 a resolution whether special or ordinary is required for the appointment or reappointment by virtue of any applicable provisions of the Act.

62. COMPANY MAY INCREASE OR REDUCE THE NUMBER OF DIRECTORS

Subject to Article 42 and Sections 149, 152 and 164 of the Act, the Company may, by Ordinary Resolution, from time to time, increase or reduce the number of Directors, and may alter their qualifications and the Company may,

(subject to the provisions of Section 169 of the Act), remove any Director before the expiration of his period of office and appoint another qualified in his stead. The person so appointed shall hold office during such time as the Director in whose place he is appointed would have held the same if he had not been removed.

63. REGISTER OF DIRECTORS ETC.

63.1 The Company shall keep at its Office, a Register containing the particulars of its Directors, Managing Directors, Manager, Secretaries and other Persons mentioned in Section 170 of the Act and shall otherwise comply with the provisions of the said Section in all respects.

63.2 The Company shall in respect of each of its Directors also keep at its Office a Register, as required by Section 170 of the Act, and shall otherwise duly comply with the provisions of the said Section in all respects.

64. DISCLOSURE BY DIRECTOR OF APPOINTMENT TO ANY OTHER BODY CORPORATE.

Every Director shall in accordance with the provisions of Companies (Meeting of Board and its Powers) Rules, 2014 shall disclose his concern or interest in any company or companies or bodies corporate (including shareholding interest), firms or other association of individuals by giving a notice in accordance with such rules.

65. MANAGING DIRECTOR(S)/ WHOLE TIME DIRECTOR(S) / EXECUTIVE DIRECTOR(S)/ MANAGER

Subject to the provisions of Section 203 of the Act and of these Articles, the Board shall have the power to appoint from time to time any full time employee of the Company as Managing Director/ whole time director or executive director or manager of the Company. The Managing Director(s) or the whole time director(s) manager or executive director(s), as the case may be, so appointed, shall be responsible for and in charge of the day to day management and affairs of the Company and subject to the applicable provisions of the Act and these Articles, the Board shall vest in such Managing Director/s or the whole time director(s) or manager or executive director(s), as the case may be, all the powers vested in the Board generally. The remuneration of a Managing Director/ whole time director or executive director or manager may be by way of monthly payment, fee for each meeting or participation in profits, or by any or all those modes or any other mode not expressly prohibited by the Act. Board, subject to the consent of the shareholders of the Company shall have the power to appoint Chairman of the Board as the Managing Director / whole time director or executive director of the Company.

66. PROVISIONS TO WHICH MANAGING DIRECTOR(S)/ WHOLE TIME DIRECTOR(S) / EXECUTIVE DIRECTOR(S)/ MANAGER ARE SUBJECT

Notwithstanding anything contained herein, a Managing Director(s) / whole time director(s) / executive director(s) / manager shall subject to the provisions of any contract between him and the Company be subject to the same provisions as to resignation and removal as the other Directors of the Company, and if he ceases to hold the office of a Director he shall ipso facto and immediately cease to be a Managing Director(s) / whole time director(s) / executive director(s) / manager, and if he ceases to hold the office of a Managing Director(s) / whole time director(s) / executive director(s)/ manager he shall ipso facto and immediately cease to be a Director.

67. REMUNERATION OF MANAGING DIRECTOR(S)/ WHOLE TIME DIRECTOR(S) / EXECUTIVE DIRECTOR(S)/ MANAGER

The remuneration of the Managing Director(s) / whole time director(s) / executive director(s) / manager shall (subject to Sections 196, 197 and 203 and other applicable provisions of the Act and of these Articles and of any contract between him and the Company) be fixed by the Directors, from time to time and may be by way of fixed salary and/or perquisites or commission or profits of the Company or by participation in such profits, or by any or all these modes or any other mode not expressly prohibited by the Act.

68. POWER AND DUTIES OF MANAGING DIRECTOR(S)/ WHOLE TIME DIRECTOR(S) / EXECUTIVE DIRECTOR(S)/ MANAGER

Subject to the superintendence, control and direction of the Board, the day-to-day management of the Company shall be in the hands of the Managing Director(s)/ whole time director(s) / executive director(s)/ manager s in the manner as deemed fit by the Board and subject to the applicable provisions of the Act, and these Articles, the Board may by resolution vest any such Managing Director(s)/ whole time director(s) / executive director(s)/ manager with such of

the powers hereby vested in the Board generally as it thinks fit and such powers may be made exercisable for such period or periods and upon such conditions and subject to the applicable provisions of the Act, and these Articles confer such power either collaterally with or to the exclusion of or in substitution for all or any of the Directors in that behalf and may from time to time revoke, withdraw, alter or vary all or any of such powers.

69. POWER TO BE EXERCISED BY THE BOARD ONLY BY MEETING

69.1 The Board shall exercise the following powers on behalf of the Company and the said powers shall be exercised only by resolutions passed at the meeting of the Board: -

- 69.1.1 to make calls on Shareholders in respect of money unpaid on their shares;

- 69.1.12 any other matter which may be prescribed under the Companies (Meetings of Board and its Powers) Rules, 2014 and the SEBI Listing Regulations.
- 69.1.13 The Board may, by a resolution passed at a meeting, delegate to any Committee of Directors, the Managing Director, or to any person permitted by Law the powers specified in sub clauses (d) to (f) above.
- 69.1.14 The aforesaid powers shall be exercised in accordance with the provisions of the Companies (Meetings of Board and its Powers) Rules, 2014 and shall be subject to the provisions of section 180 of the Act.
- 69.1.15 In terms of Section 180 of the Act, the Board may exercise the following powers subject to receipt of consent by the Company by way of a Special Resolution:

69.2 to sell, lease or otherwise dispose of the whole or substantial part of the undertaking of the Company;

69.3 to borrow money; and

69.4 any such other matter as may be prescribed under the Act, the SEBI Listing Regulations and other applicable provisions of Law.

70. MAKING LIABILITY OF DIRECTORS UNLIMITED

The Company may, by Special Resolution in a General Meeting, alter its Memorandum of Association so as to render unlimited the liability of its Directors or of any Director or manager, in accordance with Section 323 of the Companies Act, 1956.

71. PROCEEDINGS OF THE BOARD OF DIRECTORS

- 71.1 Board Meetings shall be held at least once in every 3 (three) month period and there shall be at least 4 (four) Board Meetings in any calendar year and there should not be a gap of more than 120 (one hundred twenty) days between two consecutive Board Meetings. Meetings shall be held at the Registered Office, or such a place as may be decided by the Board.
- 71.2 The participation of Directors in a meeting of the Board may be either in person or through video conferencing or other audio-visual means, as may be prescribed, which are capable of recording and recognising the participation of the Directors and of recording and storing the proceedings of such meetings along with date and time. However, such matters as provided under the Companies (Meetings of Board and its Powers) Rules, 2014 shall not be dealt with in a meeting through video conferencing or other audio visual means. Any meeting of the Board held through video conferencing or other audio visual means shall only be held in accordance with the Companies (Meetings of Board and its Powers) Rules, 2014.
- 71.3 The Company Secretary or any other Director shall, as and when directed by the Chairman or a Director convene a meeting of the Board by giving a notice in writing to every Director in accordance with the provisions of the Act and the Companies (Meetings of Board and its Powers) Rules, 2014.
- 71.4 The Board may meet either at the Office of the Company, or at any other location in India or outside India as the Chairman or Director may determine.
- 71.5 At least 7 (seven) days' notice of every meeting of the Board shall be given in writing to every Director for the time being at his address registered with the Company and such notice shall be sent by hand delivery or by post or by electronic means. A meeting of the Board may be convened in accordance with these Articles by a shorter notice in case of any emergency as directed by the Chairman or the Managing Director or the Executive Director, as the case may be, subject to the presence of 1 (one) Independent Director in the said meeting. If an Independent Director is not present in the said meeting, then decisions taken at the said meeting shall be circulated to all the Directors and shall be final only upon ratification by one independent Director. Such notice or shorter notice may be sent by post or by fax or e-mail depending upon the circumstances.
- 71.6 At any Board Meeting, each Director may exercise 1 (one) vote. The adoption of any resolution of the Board shall require the affirmative vote of a majority of the Directors present at a duly constituted Board Meeting.

72. QUORUM FOR BOARD MEETING

72.1 Quorum for Board Meetings

Subject to the provisions of Section 174 of the Act, the quorum for each Board Meeting shall be one-third of its total strength or two directors, whichever is higher, and the presence of Directors by video conferencing or by other audio visual means shall also be counted for the purposes of calculating quorum.

If any duly convened Board Meeting cannot be held for want of a quorum, then such a meeting shall automatically stand adjourned for 7 (seven) days after the original meeting at the same time and place, or if that day is a national holiday, on the succeeding day which is not a public holiday to the same time and place. Provided however, the adjourned meeting may be held on such other date and such other place as may be unanimously agreed to by all the Directors in accordance with the provisions of the Act.

72.2 If in the event of a quorum once again not being available at such an adjourned meeting, the Directors present shall constitute the quorum and may transact business for which the meeting has been called.

73. QUESTIONS AT THE BOARD MEETINGS HOW DECIDED

73.1 Questions arising at any meeting of the Board, other than as specified in these Articles and the Act, if any, shall be decided by a majority vote. In the case of an equality of votes, the Chairman shall have a second or casting vote.

73.2 No regulation made by the Company in General Meeting, shall invalidate any prior act of the Board, which would have been valid if that regulation had not been made.

74. ELECTION OF CHAIRMAN OF BOARD

74.1 The Board may elect a chairman of its meeting and determine the period for which he is to hold office.

74.2 If no such chairman is elected, or at any meeting the chairman is not present within five minutes after the time appointed for holding the meeting the Directors present may choose one among themselves to be the chairman of the meeting.

75. POWERS OF THE BOARD

75.1 Subject to the applicable provisions of the Act, these Articles and other applicable provisions of Law:

75.1.1 The Board shall be entitled to exercise all such power and to do all such acts and things as the Company is authorised to exercise and do under the applicable provisions of the Act or by the memorandum and articles of association of the Company.

75.1.2 The Board is vested with the entire management and control of the Company, including as regards any and all decisions and resolutions to be passed, for and on behalf of the Company.

75.1.3 Provided that the Board shall not, except with the consent of the Company by a Special Resolution:-

- (a) Sell, lease or otherwise dispose of the whole, or substantially the whole, of the undertaking of the Company, or where the Company owns more than one undertaking, of the whole, or substantially the whole, of any such undertaking. The term 'undertaking' and the expression 'substantially the whole of the undertaking' shall have the meaning ascribed to them under the provisions of Section 180 of the Act;
- (b) Remit, or give time for repayment of, any debt due by a Director;
- (c) Invest otherwise than in trust securities the amount of compensation received by the Company as a result of any merger or amalgamation; and
- (d) Borrow money(ies) where the money(ies) to be borrowed together with the money(ies) already

borrowed by the Company (apart from temporary loans obtained from the Company's bankers in the ordinary course of businesses), will exceed the aggregate of the paid-up capital of the Company and its free reserves.

76. COMMITTEES AND DELEGATION BY THE BOARD

The Company shall constitute such Committees as may be required under the Act, applicable provisions of Law and the SEBI Listing Regulations. Without prejudice to the powers conferred by the other Articles and so as not to in any way to limit or restrict those powers, the Board may, subject to the provisions of Section 179 of the Act, delegate any of its powers to the Managing Director(s), the executive director(s) or manager or the chief executive officer of the Company. The Managing Director(s), the executive director(s) or the manager or the chief executive officer(s) as aforesaid shall, in the exercise of the powers so delegated, conform to any regulations that may from time to time be imposed on them by the Board and all acts done by them in exercise of the powers so delegated and in conformity with such regulations shall have the like force and effect as if done by the Board.

Subject to the applicable provisions of the Act, the requirements of Law and these Articles, the Board may delegate any of its powers to Committees of the Board consisting of such member or members of the Board as it thinks fit, and it may from time to time revoke and discharge any such committee of the Board either wholly or in part and either as to persons or purposes. Every Committee of the Board so formed shall, in the exercise of the powers so delegated, conform to any regulations that may from time to time be imposed on it by the Board. All acts done by any such Committee of the Board in conformity with such regulations and in fulfillment of the purposes of their appointment but not otherwise, shall have the like force and effect as if done by the Board.

The meetings and proceedings of any such Committee of the Board consisting of two or more members shall be governed by the provisions herein contained for regulating the meetings and proceedings of the Directors, so far as the same are applicable thereto and are not superseded by any regulation made by the Directors under the last preceding Article.

The Board of the Company shall in accordance with the provisions of the Companies (Meetings of the Board and its Powers) Rules, 2014 or any other Law and the provisions of the SEBI Listing Regulations, form such committees as may be required under such rules in the manner specified therein, if the same are applicable to the Company.

77. ACTS OF BOARD OR COMMITTEE VALID NOTWITHSTANDING INFORMAL APPOINTMENT

All acts undertaken at any meeting of the Board or of a Committee of the Board, or by any person acting as a Director shall, notwithstanding that it may afterwards be discovered that there was some defect in the appointment of such Director or persons acting as aforesaid, or that they or any of them were disqualified or had vacated office or that the appointment of any of them had been terminated by virtue of any provisions contained in the Act or in these Articles, be as valid as if every such person had been duly appointed, and was qualified to be a Director. Provided that nothing in this Article shall be deemed to give validity to the acts undertaken by a Director after his appointment has been shown to the Company to be invalid or to have been terminated.

78. PASSING OF RESOLUTION BY CIRCULATION

No resolution shall be deemed to have been duly passed by the Board or by a Committee thereof by circulation, unless the resolution has been circulated in draft form, together with the necessary papers, if any, to all the Directors, or members of the Committee, as the case may be, at their addresses registered with the Company in India by hand delivery or by post or by courier, or through such electronic means as may be provided under the Companies (Meetings of Board and its Powers) Rules, 2014 and has been approved by majority of Directors or members of the Committee, who are entitled to vote on the resolution. However, in case one-third of the total number of Directors for the time being require that any resolution under circulation must be decided at a meeting, the chairperson shall put the resolution to be decided at a meeting of the Board.

A resolution mentioned above shall be noted at a subsequent meeting of the Board or the Committee thereof, as the case may be, and made part of the minutes of such meeting.

79. MINUTES OF THE PROCEEDINGS OF THE MEETING OF THE BOARD

79.1 The Company shall prepare minutes of each Board Meeting and the entries thereof in books kept for that purpose with their pages consecutively numbered. Such minutes shall contain a fair and correct summary of the proceedings conducted at the Board Meeting.

79.2 The Company shall circulate the minutes of the meeting to each Director within 7 (seven) Business Days after the Board Meeting.

79.3 Each page of every such book shall be initialed or signed and the last page of the record of proceedings of each meeting in such book shall be dated and signed by the Chairman of the said meeting or the Chairman of the next succeeding meeting.

79.4 In no case the minutes of proceedings of a meeting shall be attached to any such book as aforesaid by pasting or otherwise.

79.5 The minutes of each meeting shall contain a fair and correct summary of the proceedings thereat and shall also contain: -

79.5.1 all appointments of Officers;

79.5.2 the names of the Directors present at each meeting of the Board;

79.5.3 all resolutions and proceedings of the meetings of the Board;

79.5.4 the names of the Directors, if any, dissenting from, or not concurring in, any resolution passed by the Board.

79.5.5 Nothing contained in sub Articles (a) to (e) above shall be deemed to require the inclusion in any such minutes of any matter which in the opinion of the Chairman of the meeting: -

79.5.6 is or could reasonably be regarded as defamatory of any person;

79.5.7 is irrelevant or immaterial to the proceedings; or

79.5.8 is detrimental to the interests of the Company.

79.6 The Chairman shall exercise absolute discretion in regard to the inclusion or non-inclusion of any matter in the minutes on the ground specified in sub Article (f) above.

79.7 Minutes of meetings kept in accordance with the aforesaid provisions shall be evidence of the proceedings recorded therein.

79.8 The minutes kept and recorded under this Article shall also comply with the provisions of Secretarial Standard 3 issued by the Institute of Company Secretaries of India constituted under the Company Secretaries Act, 1980 and approved as such by the Central Government and applicable provisions of the Act and Law.

80. REGISTER OF CHARGES

The Directors shall cause a proper register to be kept, in accordance with the applicable provisions of the Act, of all mortgages and charges specifically affecting the property of the Company and shall duly comply with the requirements of the applicable provisions of the Act in regard to the registration of mortgages and charges therein specified.

81. CHARGE OF UNCALLED CAPITAL

Where any uncalled capital of the Company is charged as security or other security is created on such uncalled capital, the Directors may authorize, subject to the applicable provisions of the Act and these Articles, making calls on the Shareholders in respect of such uncalled capital in trust for the person in whose favour such charge is executed.

82. SUBSEQUENT ASSIGNS OF UNCALLED CAPITAL

Where any uncalled capital of the Company is charged, all persons taking any subsequent charge thereon shall take the same subject to such prior charges and shall not be entitled to obtain priority over such prior charge.

83. CHARGE IN FAVOUR OF DIRECTOR FOR INDEMNITY

If the Director or any person, shall become personally liable for the payment of any sum primarily due from the Company, the Board may execute or cause to be executed, any mortgage, charge or security over or affecting the whole or part of the assets of the Company by way of indemnity to secure the Directors or other persons so becoming liable as aforesaid from any loss in respect of such liability.

84. OFFICERS

84.1 The Company shall have its own professional management and such officers shall be appointed from time to time as designated by its Board. The officers of the Company shall serve at the discretion of the Board.

84.2 The officers of the Company shall be responsible for the implementation of the decisions of the Board, subject to the authority and directions of the Board and shall conduct the day to day business of the Company.

84.3 The officers of the Company shall be the Persons in charge of and responsible to the Company for the conduct of the business of the Company and shall be concerned and responsible to ensure full and due compliance with all statutory laws, rules and regulations as are required to be complied with by the Company and/or by the Board of the Company.

84.4 Qualified experienced managerial and marketing executives and other officers shall be appointed for the operation and conduct of the business of the Company.

84.5 The Board shall appoint with the approval of the Chairman, the President and/or Chief Executive Officer and/or Chief Operating Officer of the Company, as well as persons who will be appointed to the posts of senior executive management.

85. THE SECRETARY

85.1 Subject to the provisions of Section 203 of the Act, the Board may, from time to time, appoint any individual as Secretary of the Company to perform such functions, which by the Act or these Articles for the time being of the Company are to be performed by the Secretary and to execute any other duties which may from time to time be assigned to him by the Board. The Board may confer upon the Secretary so appointed any powers and duties as are not by the Act or by these Articles required to be exercised by the Board and may from time to time revoke, withdraw, alter or vary all or any of them. The Board may also at any time appoint some individual (who need not be the Secretary), to maintain the Registers required to be kept by the Company.

85.2 The Secretary shall be an individual responsible to ensure that there shall be no default, non-compliance, failure, refusal or contravention of any of the applicable provisions of the Act, or any rules, regulations or directions which the Company is required to conform to or which the Board of the Company are required to conform to and shall be designated as such and be the officer in default.

86. DIRECTORS' & OFFICERS' LIABILITY INSURANCE

86.1 Subject to the provisions of the Act and Law, the Company shall procure, at its own cost, comprehensive directors and officers liability insurance for each Director which shall not form a part of the remuneration payable to the Directors in the circumstances described under Section 197 of the Act: -

97. PERSONS ENTITLED TO NOTICE OF GENERAL MEETINGS

97.1 Subject to the applicable provisions of the Act and these Articles, notice of General Meeting shall be given:

97.1.1 To the Shareholders of the Company as provided by these Articles.

97.1.2 To the persons entitled to a share in consequence of the death or insolvency of a Shareholder.

97.1.3 To the Auditors for the time being of the Company; in the manner authorized by as in the case of any Shareholder of the Company.

98. NOTICE BY ADVERTISEMENT

Subject to the applicable provisions of the Act, any document required to be served or sent by the Company on or to the Shareholders, or any of them and not expressly provided for by these Articles, shall be deemed to be duly served or sent if advertised in a newspaper circulating in the District in which the Office is situated.

99. DIVIDEND POLICY

99.1 The profits of the Company, subject to any special rights relating thereto being created or authorised to be created by the Memorandum or these Articles and subject to the provisions of these Articles shall be divisible among the Shareholders in proportion to the amount of Capital Paid-up or credited as Paid-up and to the period during the year for which the Capital is Paid- up on the shares held by them respectively. Provided always that, (subject as aforesaid), any Capital Paid-up on a Share during the period in respect of which a Dividend is declared, shall

unless the Directors otherwise determine, only entitle the holder of such Share to an apportioned amount of such Dividend as from the date of payment.

- 99.2 Subject to the provisions of Section 123 of the Act the Company in General Meeting may declare Dividends, to be paid to Shareholders according to their respective rights and interests in the profits. No Dividends shall exceed the amount recommended by the Board, but the Company in General Meeting may, declare a smaller Dividend, and may fix the time for payments not exceeding 30 (thirty) days from the declaration thereof.
- 99.3 (i) No Dividend shall be declared or paid otherwise than out of profits of the Financial Year arrived at after providing for depreciation in accordance with the provisions of Section 123 of the Act out of the profits of the Company for any previous Financial Year or years arrived at after providing for depreciation in accordance with those provisions and remaining undistributed or out of both provided that: -
- 99.3.1 if the Company has not provided for depreciation for any previous Financial Year or years it shall, before declaring or paying a Dividend for any Financial Year provide for such depreciation out of the profits of that Financial Year or out of the profits of any other previous Financial Year or years, and
- 99.3.2 if the Company has incurred any loss in any previous Financial Year or years the amount of the loss or an amount which is equal to the amount provided for depreciation for that year or those years whichever is less, shall be set off against the profits of the Company for the year for which the Dividend is proposed to be declared or paid or against the profits of the Company for any previous Financial Year or years arrived at in both cases after providing for depreciation in accordance with the provisions of Section 123 of the Act against both.
- (ii) The declaration of the Board as to the amount of the net profits shall be conclusive.
- 99.4 The Board may, from time to time, pay to the Shareholders such interim Dividend as in their judgment the position of the Company justifies.
- 99.5 Where Capital is paid in advance of calls upon the footing that the same shall carry interest, such Capital shall not whilst carrying interest, confer a right to participate in profits or Dividend.
- 99.6
- (i) Subject to the rights of Persons, if any, entitled to shares with special rights as to Dividend, all Dividends shall be declared and paid according to the amounts paid or credited as paid on the shares in respect whereof Dividend is paid but if and so long as nothing is Paid upon any shares in the Company, Dividends may be declared and paid according to the amount of the shares.
- (ii) No amount paid or credited as paid on shares in advance of calls shall be treated for the purpose of this regulation as paid on shares.
- (iii) All Dividends shall be apportioned and paid proportionately to the amounts paid or credited as paid on the shares during any portion or portions of the period in respect of which the Dividend is paid, but if any shares are issued on terms providing that it shall rank for Dividend as from a particular date such shares shall rank for Dividend accordingly.
- 99.7 Subject to the applicable provisions of the Act and these Articles, the Board may retain the Dividends payable upon shares in respect of any Person, until such Person shall have become a Shareholder, in respect of such shares or until such shares shall have been duly transferred to him.
- 99.8 Any one of several Persons who are registered as the joint-holders of any Share may give effectual receipts for all Dividends or bonus and payments on account of Dividends or bonus or sale proceeds of fractional certificates or other money(ies) payable in respect of such shares.
- 99.9 Subject to the applicable provisions of the Act, no Shareholder shall be entitled to receive payment of any interest or Dividends in respect of his Share(s), whilst any money may be due or owing from him to the Company in respect of such Share(s); either alone or jointly with any other Person or Persons; and the Board may deduct from the interest or Dividend payable to any such Shareholder all sums of money so due from him to the Company.

- 99.10 Subject to Section 126 of the Act, a transfer of shares shall not pass the right to any Dividend declared thereon before the registration of the transfer.
- 99.11 Unless otherwise directed any Dividend shall be paid through electronic mode of payment facility approved by the Reserve Bank of India. Where it is not possible to use electronic mode of payment, dividend may be paid by 'payable at par' cheques or warrants sent by post or courier or by any other legally permissible means to the registered address of the Shareholder or Person entitled or in case of joint-holders to that one of them first named in the Register of Members in respect of the joint-holding. Every such cheque or warrant shall be made payable to the order of the Person to whom it is sent and in case of joint-holders to that one of them first named in the Register of Members in respect of the joint-holding. The Company shall not be liable or responsible for any cheque or warrant or pay slip or receipt lost in transmission, or for any Dividend lost to a Shareholder or Person entitled thereto, by a forged endorsement of any cheque or warrant or a forged signature on any pay slip or receipt of a fraudulent recovery of Dividend. If 2 (two) or more Persons are registered as joint-holders of any Share(s) any one of them can give effectual receipts for any money(ies) payable in respect thereof. Several Executors or Administrators of a deceased Shareholder in whose sole name any Share stands shall for the purposes of this Article be deemed to be joint-holders thereof.
- 99.12 No unpaid Dividend shall bear interest as against the Company.
- 99.13 Any General Meeting declaring a Dividend may on the recommendation of the Board, make a call on the Shareholders of such amount as the Meeting fixes, but so that the call on each Shareholder shall not exceed the Dividend payable to him, and so that the call will be made payable at the same time as the Dividend; and the Dividend may, if so arranged as between the Company and the Shareholders, be set-off against such calls.
- 99.14 Notwithstanding anything contained in this Article, the dividend policy of the Company shall be governed by the applicable provisions of the Act and Law.
- 99.15 The Company may pay dividends on shares in proportion to the amount paid-up on each Share in accordance with Section 51 of the Act.

100. UNPAID OR UNCLAIMED DIVIDEND

- 100.1 If the Company has declared a Dividend but which has not been paid or the Dividend warrant in respect thereof has not been posted or sent within 30 (thirty) days from the date of declaration, transfer the total amount of dividend, which remained unpaid or unclaimed within 7 (seven) days from the date of expiry of the said period of 30 (thirty) days to a special account to be opened by the Company in that behalf in any scheduled bank or private sector bank.
- 100.2 Any money so transferred to the unpaid Dividend account of the Company which remains unpaid or unclaimed for a period of 7 (seven) years from the date of such transfer, shall be transferred by the Company to the Fund established under sub-section (1) of Section 125 of the Act, viz. "Investors Education and Protection Fund".
- 100.3 No unpaid or unclaimed Dividend shall be forfeited by the Board before the claim becomes barred by Law and such forfeiture, if effected, shall be annulled in appropriate cases.

101. CAPITALIZATION OF PROFITS

- 101.1 The Company in General Meeting may, upon the recommendation of the Board, resolve:
- 101.1.1 that it is desirable to capitalize any part of the amount for the time being standing to the credit of any of the Company's reserve accounts or to the credit of the Company's profit and loss account or otherwise, as available for distribution, and
- 101.1.2 that such sum be accordingly set free from distribution in the manner specified herein below in sub-article (c) as amongst the Shareholders who would have been entitled thereto, if distributed by way of Dividends and in the same proportions.
- 101.1.3 The sum aforesaid shall not be paid in cash but shall be applied either in or towards:
- (a) paying up any amounts for the time being unpaid on any shares held by such Shareholders

respectively;

- (b) paying up in full, un-issued shares of the Company to be allotted, distributed and credited as fully Paid up, to and amongst such Shareholders in the proportions aforesaid; or
- (c) partly in the way specified in sub-article (i) and partly in the way specified in sub-article (ii).

101.2 A share premium account may be applied as per Section 52 of the Act, and a capital redemption reserve account may, duly be applied in paying up of unissued shares to be issued to Shareholders of the Company as fully paid bonus shares.

102. RESOLUTION FOR CAPITALISATION OF RESERVES AND ISSUE OF FRACTIONAL CERTIFICATE

102.1 The Board shall give effect to a Resolution passed by the Company in pursuance of this regulation.

102.2 Whenever such a Resolution as aforesaid shall have been passed, the Board shall:

102.2.1 make all appropriation and applications of undivided profits (resolved to be capitalized thereby), and all allotments and issues of fully paid shares or Securities, if any; and

102.2.2 generally do all acts and things required to give effect thereto.

102.3 The Board shall have full power:

102.3.1 to make such provisions, by the issue of fractional certificates or by payments in cash or otherwise as it thinks fit, in the case of shares or debentures becoming distributable in fraction; and

102.3.2 to authorize any person, on behalf of all the Shareholders entitled thereto, to enter into an agreement with the Company providing for the allotment to such Shareholders, credited as fully paid up, of any further shares or debentures to which they may be entitled upon such capitalization or (as the case may require) for the payment of by the Company on their behalf, by the application thereto of their respective proportions of the profits resolved to be capitalised of the amounts or any parts of the amounts remaining unpaid on the shares.

In issuing and maintaining its ratings, India Ratings relies on factual information it receives from issuers and underwriters and from other sources India Ratings believes to be credible. India Ratings conducts a reasonable investigation of the factual information relied upon by it in accordance with its ratings methodology, and obtains reasonable verification of that information from independent sources, to the extent such sources are available for a given security.

The manner of India Ratings factual investigation and the scope of the third-party verification it obtains will vary depending on the nature of the rated security and its issuer, the requirements and practices in India where the rated security is offered and sold, the availability and nature of relevant public information, access to the management of the issuer and its advisers, the availability of pre-existing third-party verifications such as audit reports, agreed-upon procedures letters, appraisals, actuarial reports, engineering reports, legal opinions and other reports provided by third parties, the availability of independent and competent third-party verification sources with respect to the particular security or in the particular jurisdiction of the issuer, and a variety of other factors.

Users of India Ratings ratings should understand that neither an enhanced factual investigation nor any third-party verification can ensure that all of the information India Ratings relies on in connection with a rating will be accurate and complete. Ultimately, the issuer and its advisers are responsible for the accuracy of the information they provide to India Ratings and to the market in offering documents and other reports. In issuing

its ratings India Ratings must rely on the work of experts, including independent auditors with respect to financial statements and attorneys with respect to legal and tax matters. Further, ratings are inherently forward-looking and embody assumptions and predictions about future events that by their nature cannot be verified as facts. As a result, despite any verification of current facts, ratings can be affected by future events or conditions that were not anticipated at the time a rating was issued or affirmed.

India Ratings seeks to continuously improve its ratings criteria and methodologies, and periodically updates the descriptions on its website of its criteria and methodologies for securities of a given type. The criteria and methodology used to determine a rating action are those in effect at the time the rating action is taken, which for public ratings is the date of the related rating action commentary. Each rating action commentary provides information about the criteria and methodology used to arrive at the stated rating, which may differ from the general criteria and methodology for the applicable security type posted on the website at a given time. For this reason, you should always consult the applicable rating action commentary for the most accurate information on the basis of any given public rating.

Ratings are based on established criteria and methodologies that India Ratings is continuously evaluating and updating. Therefore, ratings are the collective work product of India Ratings and no individual, or group of individuals, is solely responsible for a rating. All India Ratings reports have shared authorship. India Ratings Assigns CreditAccess Grameen Additional Debt Instruments 'IND AA-'/ Stable; Affirms Existing Ratings

Aug 04, 2022 | Financial Services

India Ratings and Research (Ind-Ra) has taken the following rating actions on CreditAccess Grameen Limited's (CA Grameen) debt instruments:

Instrument Type	Date of Issuance	Coupon Rate	Maturity Date	Size of Issue (million)	Rating/Outlook	Rating Action
Long-term bank loans	-	-	-	INR20,000	IND AA-/ Stable	Affirmed
Non-convertible debentures (NCDs)*	-	-	-	INR1,000	IND AA-/Stable	Affirmed
Non-convertible debentures (NCDs)*	-	-	-	INR15,000	IND AA-/Stable	Assigned

*Details given in annexure

CA Grameen's (consolidated) operating performance in 1QFY23 remained healthy, with its pre-provisioning operating profit (PPOP) to credit cost buffer improving to 2.9x (FY22: 1.8x; FY21: 1.2x). The annualised return over assets stood at 3.3% in 1QFY23 (FY22: 2.2%; FY21: 1.0%) as the credit cost (annualised) declined to 2.8% (4.5%; 6.8%). Ind-Ra expects the company's credit cost for FY23 to show a declining trend as its restructured loans are minimal. CA Grameen's assets under management declined qoq as its disbursements remained muted in April-May, due to the implementation of new lending method stipulated by the Reserve Bank of India's revised MFI regulations, but its assets under management grew

23.3% yoy to INR156.2 billion.

The company continued to expand its reach to newer states by opening 46 branches in 1QFY23, taking the total network to 1,681. CA Grameen's asset quality remained stable with gross non-performing asset ratio (consolidated) remaining at 3.1% in 1QFY23 (FY22: 3.6%; FY21: 4.4%) and its net non-performing asset ratio of 1.1% (1.3%; 1.4%). The capital adequacy continued to be adequate with Tier-I ratio of 24% in 1QFY23 (FY22: 25.9%; FY21: 30.5%).

Ind-Ra believes that these buffers are adequate to withstand the credit costs of 5%-10%, which is the overall industry experience through credit events. According to the asset liability management statement at end-June 2022, its liquidity remained adequate, with a cumulative surplus (excess of short-term assets over short-term liabilities) of up to one year (19% of total assets). This also reflects the unencumbered cash and liquid investments of over INR11.6 billion at end-June 2022 and unutilised bank lines of about INR36 billion (end-March 2022: INR25 billion).

Key Rating Drivers

For the detailed rationale, [click here](#).

Rating Sensitivities

Positive: Material product diversification with demonstrated performance, appreciable reduction in the geographic concentration while maintaining strong capital buffers, a stable asset quality, and the liquidity buffers in line with the company's plans, on a sustained basis, could lead to a positive rating action.

Negative: A material deterioration in the asset quality and/or the liquidity position, funding challenges and pressure on the profitability due to the increased credit cost leading to a loss on annual basis could lead to a negative rating action. The leverage exceeding 4x, on a sustained basis, could also result in a negative rating action. If, in the agency opinion, the franchise of CA Grameen weakens, it could also lead to a negative rating action.

ESG Issues

ESG Factors Minimally Relevant to Rating: Unless otherwise disclosed in this section, the ESG issues are credit neutral or have only a minimal credit impact on CA Grameen, either due to their nature or the way in which they are being managed by the entity. Company Profile

CA Grameen commenced operations in May 1999 as a project under the T. Muniswamappa Trust, a registered non-governmental organisation in Bengaluru. Subsequently, in 2007, the microfinance operations were transferred into an NBFC. CA Grameen offers collateral-free micro-loans to women from low-income households under the joint liability group model. It also offers retail finance products to support the evolving needs of its existing customers. The average ticket size for microfinance loans is about INR30,300, while that for retail finance is INR48,800. The promoter group, CreditAccess India N.V. held a 73.8% stake in the company at end-June 2022.

India Ratings Upgrades CreditAccess Grameen's Debt Instruments to 'IND AA-'/ Stable

Jun 28, 2022 | Financial Services

India Ratings and Research (Ind-Ra) has taken the following rating actions on CreditAccess Grameen Limited's (CA Grameen) debt instruments:

Instrument Type	Date of Issuance	Coupon Rate	Maturity Date	Size of Issue (million)	Rating/Outlook	Rating Action
Long-term bank loans	-	-	-	INR20,000	IND AA-/ Stable	Upgraded
Non-convertible debentures (NCDs)*	-	-	-	INR1,000	IND AA-/Stable	Upgraded

*Details given in annexure

The upgrade factors in CA Grameen's improved geographical diversification, the ability to manage asset quality as demonstrated during the pandemic and other systemic events in the past few years, and the tailwinds of a supportive regulatory environment. The rating also factors in the company's industry-leading franchise in the non-banking financial companies-micro finance institutions (NBFC-MFI) segment, the experienced management, healthy operating performance, and above average capital buffers. Ind-Ra notes that the company has adopted certain operating practices, which could provide a strong operational control and oversight and aid faster response on emerging issues.

The agency considers the vulnerability of the sector to unexpected sporadic socio-political/idiosyncratic risks, getting accentuated due to higher geographic concentration, leading to sharp volatility in its performance, and as a result, NBFC-

MFIs require above average capital and liquidity buffers to provide the cushion during these events. Ind-Ra also notes that the company is working on strengthening its technological infrastructure.

Key Rating Drivers

Large Rural-Focused Franchise, with Well Established Track Record: CA Grameen has a well-established large franchise, with an operational history of over two decades. The company is the largest NBFC-MFI in India, with assets under management (AUM) of INR166 billion and a borrower base of 3.8 million, on a consolidated basis (including its subsidiary, Madura Micro Finance Limited (MMFL)), at FYE22.

The company benefits from its business model (providing credit line) where customers can borrow, on the basis of their needs (with policy being fresh credit check); its deep penetration in rural areas (it has more average number of branches per district (5.0 vs 2.5-3.5 for most large MFIs); and higher borrower retention rates (about 84% vs 50-75%) than its peers. Moreover, the agency learns that over 80% of its borrowers operate in the essential goods and services segments which generally are able to ride through cycles.

Organic and Inorganic Efforts to Reduce Concentration: The acquisition of MMFL in March 2020 has deepened CA Grameen's rural presence, as about 96% of MMFL's borrowers are based in rural areas. Furthermore, the acquisition helped CA Grameen reduce the geographic concentration in Karnataka (including MMFL) to 36% in FYE22 (FYE19: 53%). Although the average AUM per borrower in the top three states of about INR49,700 was higher than INR34,300 of other states; top three states have longer vintage customers relative to other states, leading to higher ticket size, lower operating costs and higher familiarity in operational dynamics between the company and its borrowers.

Demonstrated Ability to Ride through Cycles: Due to the pandemic-led disruptions, CA Grameen reported elevated credit costs of 6.8% in FY21 and 4.5% in FY22 (FY20: 2.7%; FY19: 1.3%). Given that most MFIs have restructured their assets at end-March 2022 in the range of 5-10% as against 0.9% for CA Grameen, the credit cost for CA Grameen over two years was 10-15% lower than that of the industry (some of these costs may be borne by others in 1H FY23 as assets came out of restructuring). Even after the demonetisation, most MFIs with a focus on Maharashtra/Uttar Pradesh and Madhya Pradesh had their credit costs in the range of 5-10% while CA Grameen witnessed credit costs of about 4%.

Healthy Operating Buffers to Absorb Credit Cost Volatility: CA Grameen's (consolidated) gross stage 3 ratio (60-day non-performing asset recognition policy for group loans and 90-day recognition policy for retail finance) decreased to 3.6% at FYE22 (FYE21: 4.4%), while the net stage 3 ratio stood at 1.3% (1.4%) with a provision coverage ratio of 64.4%. At end-March 2022, the restructured loans remained low at 0.9%, with a provision of 30% for the same. The proportion of non-paying customers declined to 2% in March 2022 from 12.3% in June 2021.

CA Grameen (consolidated) had one of the lowest operating cost to average assets ratio (FY22: 5.2%; FY21: 5.1%; FY20: 4.8%) in the industry. CA Grameen's pre-provision operating profit margins (FY22: 8.1%; FY21: 8.3%; FY20: 7.9%), which are among the highest in the industry on the back of vintage, scale, higher-than-peer's share of three-year loans, provide more than adequate cushion to absorb incremental credit costs. Ind-Ra also believes that these buffers are adequate to withstand the credit costs of 5-10% which is the overall industry experience through credit events.

Liquidity Indicator – Adequate: CA Grameen aims to have inflows exceeding outflows by 50% in the one-year cumulative bucket as well as in each time bucket. Over the next two years, CA Grameen aims to increase the share of long-term funding (through policy institutions and development of finance institutions) further – the share of liabilities with maturity three-year or more was 54%, higher than that of most NBFC-MFIs and even some secured asset NBFCs in the same rating category. CA Grameen (standalone) had unencumbered cash and liquid investments of INR13 billion at end-April 2022. Furthermore, the company had sanctioned but undrawn bank and securitisation lines of about INR23.4 billion at end-April 2022. At end-March 2022, CA Grameen had adequate on-balance sheet resources to cover its debt repayments (principal + interest) for two months, assuming nil inflows while cumulative inflows exceeded cumulative outflows by at least 50% in the up-to-one-year maturity buckets.

CA Grameen (standalone) was able to mobilise funds totalling INR68.7 billion during FY22 from various sources at a competitive pricing. The marginal cost of borrowings (standalone) stood at 8.3% in 4QFY22 compared with on-book cost of borrowings of 8.8%. Ind-Ra does not see any major challenge for the company to raise funds incrementally. The company's parent, CreditAccess India N.V. (CAINV) that holds a 73.9% stake in the company, holds INR4.5 billion liquidity, which can be additional source of liquidity if required.

Improving Funding Profile: Banks accounted for the majority of the funding for CA Grameen (FY22: 62.9; FY21: 60.4%) with well-diversified lender base (37 commercial banks, three financial institutions, eight foreign institutional investors, four NBFCs). After the pandemic, being the largest NBFC-MFI, CA Grameen got lenders' preference due to the increased risk-aversion among lenders. Moreover, the proportion of bank loans with more than three-year tenor increased to 39% in FY22 (December 2019: 15%), indicating increasing lender comfort. At end-March 2022, borrowings from policy institutions and foreign entities accounted for 41.6% of the borrowings. The management aims to reduce its monthly obligation against the collection ratio to 50% from the current 65% by increasing the proportion of long-tenor borrowings (in the form of external commercial borrowing / NCDs from global FIIs/FPIs, impact investors, multilateral/ bilateral institutions, development finance institutions, banks) to over 20% in the medium term. Ind-Ra also notes the parentage of CAINV and its enhanced ability would provide the access to global fundraising opportunities with long tenor of more than five years by leveraging its network and relationships. CA Grameen also has a policy of having a maximum of 15% of its AUM in 'off-balance sheet' mode from the 10% currently. The direct assignment transactions have mostly been done at 8.5%-9.5%, lower than that of peers.

Adequate Capitalisation: CA Grameen's (standalone) tier I capital adequacy ratio stood at 25.9% at FYE22 (FYE21: 30.5%; FYE20: 22.3%), with a leverage of 2.8x (2.5x; 3.0x). The company's consolidated leverage ratio (debt to tangible equity) increased to 3.5x in FY22 (FY21: 3.2x; FY20: 3.8x). Ind-Ra expects the company to have a reasonable ability to raise capital from the equity markets. The agency expects the company to operate at a moderate leverage over the medium term to provide a cushion against the idiosyncratic and systemic risks that are an inherent part of the unsecured microfinance segment. The management plans to cap the leverage at 4x on an ongoing basis.

Capability Building Started in Non-MFI loans: New RBI norms (effective 1 April 2022) have reduced the qualifying assets limit to 75% of the total assets from 85% of net assets, likely providing diversification in the assets. During the past two years, CAGL embarked on a number of secured products and unsecured products. The company also plans to offer four new products (to be finalised based on the outcome of the pilot study) such as two-wheeler loans, loan against property, affordable homes and also gold loans. The scale up of these new products will be visible in FY24-FY25. The company aims to build non-MFI book to 15-20% of the AUM by FY25. However, the execution risks remain as the expertise required for secured products is much different than that of the MFI loans, despite having the branch network in place. In addition, the strength of the entire loan cycle would be tested till the time the company builds an adequate scale and seasoning.

Concentration Poses Key Risk to Credit Costs: While the concentration in Karnataka (36%) has reduced, it still is high (even considering MMFL) as a top state compared to other large MFIs. This is of significance, given the idiosyncratic and systemic risks that the sector faces, and the importance of concentration in Ind-Ra's stress tests. Notably, at a district-level, the concentration has reduced with the share of the top 10 districts in terms of AUM declined to 21% at end-March 2022 (FYE19: 32%), with no single district accounting for more than 4% of the portfolio. Moreover, with implementation of risk-based pricing strategy, Ind-Ra expects geographical and product diversification is to gain pace.

Positive Regulatory Developments to Strengthen Business Model Further: After the introduction new RBI regulations, starting 1 April 2022, CA Grameen has implemented the risk-based pricing, based on the customer profile and given its low-cost borrowings relative to its MFI peers, the company remains in a better position to compete even in a relatively newer geographies as the higher operating cost in the initial phase of the entry can be absorbed effectively. Moreover, with new RBI regulations allowing maximum fixed obligations to income ratio of 50% (i.e. monthly EMI including principal and interest < 50% of the monthly household income), MFIs will extend longer tenor loans to its customers; for many use cases, the EMI burden would decline, making the serviceability relatively easy. CA Grameen had introduced a

three-year income generation loan in FY21 with a ticket size in the range of INR51,000–INR100,000 for customers with higher credit needs and healthy cash flows. While the ticket size is higher, longer loan tenure reduces the repayment burden on the customer, leading to better loan serviceability. The company offers three-year loan product only to customers which have clean credit history for at least three years with the company. Overall, the new set of regulations, in the agency's opinion, could significantly increase the potential pool of the borrowers and the capabilities of the institutions themselves.

Professional Management; Healthy Governance Practices: CA Grameen has a professional senior management team, comprising members who have been with the organisation for a long time, which is critical for the strategic continuity given that the sector is subject to frequent disruptions. Of the total seven directors on the company's board, more than half are independent and have vast experience. While the company has created a strong second-line of the management (five CXO positions and deputy CEO), it has identified two levels of succession for each of these positions.

Furthermore, CA Grameen has an established execution track record of weathering through crises such as demonetisation and COVID-19 with lower credit costs than most large MFIs. The company has always focussed on high-touch with weekly collection model, which is closer to borrower cashflows than other periodicities, according to Ind-Ra. About 42% of the customers are unique (i.e. who have no other loans from any other institutions) to CA Grameen, and around 53% customers have vintage of over three years with the company. The accounting policies are conservative compared to its peers in terms of recognition of stress and provisions. The company has been proactive in terms of disclosures in the COVID-19 period and also stress and performance of the portfolio throughout.

Rating Sensitivities

Positive: Material product diversification with demonstrated performance, appreciable reduction in the geographic concentration while maintaining strong capital buffers, a stable asset quality, and the liquidity buffers in line with the company's plans, on sustained basis, could lead to a positive rating action.

Negative: A material deterioration in the asset quality and/or the liquidity position, funding challenges and pressure on the profitability due to the increased credit cost leading to a loss on annual basis could lead to a negative rating action. The leverage exceeding 4x, on a sustained basis, could also result in a negative rating action. If in the agency opinion, the franchise of CA Grameen weakens, could also lead to a negative rating action.

ESG Issues

ESG Factors Minimally Relevant to Rating: Unless otherwise disclosed in this section, the ESG issues are credit neutral or have only a minimal credit impact on CA Grameen, either due to their nature or the way in which they are being managed by the entity.
